INITIAL PUBLIC OFFER OF PROPSHARE CELESTIA IN RELIANCE UPON REGULATION 26R OF THE SECURITIES AND EXCHANGE BOARD OF INDIA (REAL ESTATE INVESTMENT TRUSTS) REGULATIONS, 2014, AS AMENDED (THE "REIT REGULATIONS")

This Issue is being made through the Book Building Process and in compliance with the REIT Regulations and the master circular for real estate investment trusts dated July 11, 2025, issued by SEBI, as amended (the "**REIT Master Circular**"), wherein not more than 75% of the Net Issue shall be available for allocation on a proportionate basis to Institutional Investors. Further, not less than 25% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Investors, in accordance with the REIT Regulations and the REIT Master Circular, subject to valid Bids being received at or above the Issue Price. For details, please see "*Issue Information*" on page 167. All Bidders are required to utilize the Application Supported by Blocked Amount ("**ASBA**") process by providing details of their respective ASBA accounts, in which case the corresponding Bid Amounts will be blocked by the SCSBs to participate in the Issue. For details, please see "*Issue Information*" on page 167.

GENERAL RISKS

Investments in Celestia Units involve a degree of risk and investors should not invest any funds in the Issue unless they can afford to take the risk of losing their entire investment. For taking an investment decision, investors must rely on their own examination of the Trust and the Issue. Prospective Investors were advised to read "*Risk Factors*" on page 49 before making an investment decision relating to the Issue. Each prospective investor is advised to consult its own advisors in respect of the consequences of an investment in the Celestia Units being issued pursuant to the Key Information of the Scheme and this Final Key Information of the Scheme. This Final Key Information of the Scheme has been prepared by the Investment Manager solely for providing information in connection with the Issue. The Securities and Exchange Board of India ("**SEBI**") and the Stock Exchange assume no responsibility for or guarantee the correctness or accuracy of any statements made, opinions expressed, or reports contained herein. Admission of the Celestia Units to be issued pursuant to the Issue for trading on the Stock Exchange should not be taken as an indication of the merits of the Trust or of the Celestia Units. A copy of this Final Key Information of the Scheme has been delivered to SEBI and the Stock Exchange.

RISKS IN RELATION TO THE FIRST ISSUE

This being the first issue of Celestia Units by the Trust by way of PropShare Celestia, there has been no formal market for the Celestia Units of the Trust. No assurance can be given regarding the active or sustained trading in Celestia Units or regarding the price at which the Celestia Units will be traded after listing.

INVESTMENT MANAGER'S ABSOLUTE RESPONSIBILITY

The Investment Manager having made all reasonable inquiries, accepts responsibility for and confirms that this Final Key Information of the Scheme contains all information with regard to the Trust and the Issue, which is material in the context of the Issue, that the information contained in this Final Key Information of the Scheme is adequate, true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Final Key Information of the Scheme as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. All such disclosures which are deemed necessary to adequately enable an investor to make an informed investment decision were made in the Key Information of the Scheme.

		Although the Investment Manager believes that the industry and market data used by the Valuer for the valuation as part of the Key Information of the Scheme was reliable, such data was not independently verified by the Investment Manager, the Trustee or the Lead Manager, or any of their associates, affiliates or advisors. Such data involved risks, uncertainties and numerous assumptions and was subject to change based on various factors, including those disclosed in "*Risk Factors- The Valuation Report obtained for our Project Celestia is only indicative in nature as it is based on various assumptions and may not be indicative of the true value of Project Celestia"* on page 53. Accordingly, investment decisions were required not to be based solely on such information. The extent to which the valuation assumptions used by the Valuer in their Valuation Report as highlighted in this Final Key Information of the Scheme is meaningful depends on the reader's familiarity with and understanding of the methodologies used in undertaking valuations. ***B. Frequency of valuation*** In accordance with Regulation 26ZJ of the REIT Regulations, the Investment Manager shall ensure that Valuer shall carry out the full comprehensive valuation of Project Celestia on an annual basis, and submit the report to the Investment Manager within two months from the end of the Financial Year. Provided that in case of any material development that may have an impact on the valuation of Project Celestia, the investment manager shall require the Valuer to undertake full comprehensive valuation of the property under consideration within two months from the date of such event. *C.* ***Declaration of NAV*** The NAV of PropShare Celestia shall be declared and disclosed to the Stock Exchange based on the latest valuation report as on March 31 of respective financial years and upon occurrence of any material development.
24.	Brief description of ROFR, if any	Not applicable.
25.	Brief details of the distribution policy	The Investment Manager shall ensure that not less than 95% of the net distributable cash flows ("**NDCF**") of the Celestia SPVs are distributed to the scheme of the Trust, subject to applicable provisions of the Companies Act, 2013. Further, the Investment Manager shall declare and distribute 100% of the NDCF of the scheme of the Trust as distributions ("**REIT Distributions**") to the Celestia Unitholders. Such REIT Distributions are to be declared and made at least once in every quarter of the financial year, and not later than 15 (fifteen) working days from the end of the respective quarter. Further, the REIT Regulations require that the distribution has to be made within 5 (five) working days from the record date, wherein record date shall be the date which is two working days from the date of declaration of distribution. If the Investment Manager fails to comply with this requirement, it will be liable to pay interest to the Celestia Unitholders at the rate of 15% per annum for the delayed period. The distributions are required to be made in Indian Rupees. Such interest shall not be recovered in any form and manner by the Investment Manager from the Trust. For further details on calculation of NDCFs at Scheme level, please refer to the section titled *"Distributions"* on page 124.
26.	Brief details of fee and expenses charged or chargeable to the SM REIT under this scheme	**Fee and expenses** ***Annual Expenses*** The expenses to be charged to the PropShare Celestia (through the Trust) would include: (i) fees payable to the Trustee (for rendering its services to PropShare Celestia); (ii) fees payable to the Auditor; (iii) fees payable to other intermediaries and consultants; and (iv) other miscellaneous expenses. Further, the PropShare Celestia will incur or reimburse expenses in relation to this Issue. Recurring fees shall be incurred through PropShare Celestia or Celestia SPVs under the management framework for the Project Celestia, as described above.

27.	Details with respect to top 5 risk factors	The top five risks to our business, results of operations, cash flows and financial condition as of the date of this Final Key Information of the Scheme are as follows: 1. We have not executed certain agreements for the proposed acquisition of the Project Celestia and our ability to consummate these transactions will impact the ability of the Investment Manager to complete this Issue. 2. PropShare Celestia has no operating history and may not be able to operate our business successfully, achieve our business objectives or generate sufficient cash flows to make or sustain distributions. 3. A substantial portion (approximately 97.32% of total Super Built-Up Area) of the Project Celestia have been leased to managed office providers and co-working space operators who have further entered into contracts with end users, and any adverse impact on the business of such end users may adversely affect our lessees' ability to meet their obligations and, consequently, our revenues and financial condition. 4. Our business, revenues and profitability are dependent on the performance of the commercial real estate market in India. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India, specifically in Nehru Nagar, Ahmedabad, and in turn, our ability to lease the Project Celestia to tenants on favourable terms. 5. Our actual results may be materially different from the Projections included in the Key Information of the Scheme. Accordingly, investors were required not to place undue reliance on, or base their investment decision solely on, this information. For further details, please refer to the section titled *"Risk Factors"* on page 49.

GENERAL

NOTICE TO INVESTORS

The statements contained in this Final Key Information of the Scheme relating to the Trust, PropShare Celestia and the Celestia Units are, in all material respects, true, correct and adequate, not misleading, not containing any untrue statements or mis-statements in order to enable the investors to make an informed decision as required by Regulation 26S(2) and 26S(3) of the REIT Regulations. The opinions and intentions expressed in this Final Key Information of the Scheme with regard to the Trust, PropShare Celestia and the Celestia Units are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions and information presently available to the Trustee and the Investment Manager. There are no other facts in relation to the Trust, PropShare Celestia, and the Celestia Units, the omission of which would, in the context of any issue being made by the Trust, make any statement in this Final Key Information of the Scheme misleading in any material respect. Further, the Investment Manager have made all reasonable enquiries to ascertain such facts and to verify the accuracy of all such information and statements. As per Regulation 26S (1) of the REIT Regulations, this Final Key Information of the Scheme contains all disclosures as are required to be disclosed in Schedule IIIA of the REIT Regulations and any other disclosure as specified by the SEBI from time to time. This Final Key Information of the Scheme is required to be read in conjuncture with the Key Information of the Trust.

Prospective investors acknowledge that they have not relied on the Lead Manager or any of their respective shareholders, employees, counsel, officers, directors, representatives, agents or affiliates in connection with such person's investigation of the accuracy of such information or such person's investment decision, and each such person must rely on his/her own examination of the Trust, the PropShare Celestia and the merits and risks involved in investing in the Celestia Units. Prospective investors were required not to construe the contents of the Key Information of the Scheme and the Key Information of the Trust as legal, business, tax, accounting, or investment advice and accordingly, each investor was advised to consult its own advisors in respect of the consequences of an investment in Celestia Units being issued. Bidders were also advised to read "*Risk Factors*" on page 49 of the Key Information of the Scheme, before taking an investment decision with respect to any issue being made by the Trust.

No person is authorized to give any information or to make any representation not contained in this Final Key Information of the Scheme and the Key Information of the Trust and any information or representation not so contained must not be relied upon as having been authorized by or on behalf of the Trust or by or on behalf of the Lead Manager.

Unless otherwise stated, references in the section to "we", "our" and "us" (including in the context of any financial or operational information) are to the Trust, together with PropShare Celestia and the Celestia SPVs.

The Issue is being made in accordance with the REIT Regulations and the SEBI Guidelines. However, Bidders from jurisdictions outside India were required to take note of the below:

Notice to Prospective Investors in the United States

The Celestia Units have not been recommended by any U.S. federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this Final Key Information of the Scheme and the Key Information of the Trust or approved or disapproved the Celestia Units. Any representation to the contrary is a criminal offence in the United States. In making an investment decision, investors must rely on their own examination of the Trust, PropShare Celestia and the terms of the Issue, including the merits and risks involved. The Celestia Units have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("**Securities Act**") or any other applicable law of the United States or with any securities regulatory authority of any state or other jurisdiction of the United States and, unless so registered, may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Celestia Units are being offered and sold in "offshore transactions" as defined in, and in reliance on, Regulation S under the Securities Act and the applicable laws of the jurisdictions where those offers and sales occur.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area (each an "**EEA Member State**"), no Celestia Units have been offered or will be offered pursuant to the Issue to the public in that EEA Member State prior to the publication of a prospectus in relation to the Celestia Units which has been approved by the competent authority in that EEA Member State or, where appropriate, approved in another EEA Member State and notified to the competent authority in that EEA Member State, all in accordance with the EU Prospectus Regulation, except that it may make an offer to the public in that EEA Member State of any Celestia Units at any time under the following exemptions under the EU Prospectus Regulation:

(a) to any legal entity which is a qualified investor as defined under the EU Prospectus Regulation;

(b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the EU Prospectus Regulation), subject to obtaining the prior consent of the Lead Manager for any such offer; or

(c) in any other circumstances falling within Article 1(4) of the EU Prospectus Regulation,

provided that no such offer of the Celestia Units shall require the Trust or the Lead Manager to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression "offer to the public" in relation to the Celestia Units in any EEA Member State means the communication in any form and by any means of sufficient information on the terms of the offer and any Celestia Units to be offered so as to enable an investor to decide to purchase or subscribe for any Celestia Units, and the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129.

THE TRUST WILL CONSTITUTE AN ALTERNATIVE INVESTMENT FUND FOR THE PURPOSE OF THE EUROPEAN UNION DIRECTIVE ON ALTERNATIVE INVESTMENT FUND INVESTMENT MANAGERS (DIRECTIVE 2011/61/EU) ("AIFMD"). THE ALTERNATIVE INVESTMENT FUND INVESTMENT MANAGER ("AIFM") OF THE TRUST WILL BE THE INVESTMENT MANAGER.

CELESTIA UNITS MAY ONLY BE MARKETED TO PROSPECTIVE INVESTORS WHICH ARE DOMICILED OR HAVE A REGISTERED OFFICE IN A EUROPEAN ECONOMIC AREA ("EEA") MEMBER STATE ("EEA MEMBER STATE") IN WHICH THE MARKETING OF CELESTIA UNITS HAS BEEN REGISTERED OR AUTHORIZED (AS APPLICABLE) UNDER THE RELEVANT NATIONAL IMPLEMENTATION OF ARTICLE 42 OF AIFMD, AND IN SUCH CASES, ONLY TO EEA PERSONS WHICH ARE "PROFESSIONAL INVESTORS" OR ANY OTHER CATEGORY OF PERSON TO WHICH SUCH MARKETING IS PERMITTED UNDER THE NATIONAL LAWS OF SUCH EEA MEMBER STATE (EACH AN "EEA PERSON"). THIS FINAL KEY INFORMATION OF THE SCHEME IS NOT INTENDED FOR, SHOULD NOT BE RELIED ON BY AND SHOULD NOT BE CONSTRUED AS, AN OFFER (OR ANY OTHER FORM OF MARKETING) TO ANY OTHER EEA PERSON.

A "PROFESSIONAL INVESTOR" FOR THE PURPOSES OF AIFMD IS AN INVESTOR WHO IS CONSIDERED TO BE A PROFESSIONAL CLIENT OR WHICH MAY, ON REQUEST, BE TREATED AS A PROFESSIONAL CLIENT WITHIN THE RELEVANT NATIONAL IMPLEMENTATION OF ANNEX II OF DIRECTIVE 2004/39/EC (MARKETS IN FINANCIAL INSTRUMENTS DIRECTIVE).

A LIST OF JURISDICTIONS IN WHICH THE INVESTMENT MANAGER AND/OR THE TRUST HAVE BEEN REGISTERED OR AUTHORIZED (AS APPLICABLE) UNDER ARTICLE 42 OF AIFMD IS AVAILABLE FROM THE INVESTMENT MANAGER ON REQUEST. IF THE INVESTMENT MANAGER HAS NOT BEEN REGISTERED OR APPROVED IN A PARTICULAR EEA MEMBER STATE TO MARKET CELESTIA UNITS, THEN THE TRUST IS NOT BEING MARKETED TO ANY EEA PERSON AT SUCH DATE IN THAT EEA MEMBER STATE. TO THE EXTENT THAT AN AFFILIATE OF THE INVESTMENT MANAGER PROMOTES THE TRUST IN AN EEA MEMBER STATE, THEN SUCH PROMOTION IS BEING UNDERTAKEN FOR AND ON BEHALF OF THE INVESTMENT MANAGER IN SUCH CAPACITY.

Notice to Prospective Investors in the United Kingdom

THE CONTENT OF THIS PROMOTION HAS NOT BEEN APPROVED BY AN AUTHORISED PERSON WITHIN THE MEANING OF THE FINANCIAL SERVICES AND MARKETS ACT, 2000 ("**FSMA**"). RELIANCE ON THIS PROMOTION FOR THE PURPOSE OF ENGAGING IN ANY INVESTMENT ACTIVITY MAY EXPOSE AN INDIVIDUAL TO A SIGNIFICANT RISK OF LOSING ALL OF THE PROPERTY OR OTHER ASSETS INVESTED.

In relation to the United Kingdom ("**UK**"), no Celestia Units have been offered or will be offered pursuant to the Issue to the public in the UK prior to the publication of a prospectus in relation to the Celestia Units which has been approved by the Financial Conduct Authority in accordance with the UK Prospectus Regulation, except that it may make an offer to the public in the UK of any Celestia Units at any time under the following exemptions under the UK Prospectus Regulation:

(a) to any legal entity which is a qualified investor as defined under the UK Prospectus Regulation;
(b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the UK Prospectus Regulation), subject to obtaining the prior consent of the Lead Manager for any such offer; or
(c) in any other circumstances falling within Article 1(4) of the UK Prospectus Regulation,

provided that no such offer of the Celestia Units shall require the Trust or any Lead Manager to publish a prospectus pursuant to Article 3 of the UK Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

In the UK, the Issue is only addressed to, and is directed only at, "qualified investors" within the meaning of Article 2(e) of the UK Prospectus Regulation, who are also (i) persons having professional experience in matters relating to investments who fall within the definition of "investment professionals" in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "**Order**"); (ii) high net worth bodies corporate, unincorporated associations and partnerships and trustees of high value trusts as described in Article 49(2) of the Order; or (iii) persons to whom it may otherwise lawfully be communicated (all such persons being referred to as "**relevant persons**"). This document must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this document relates is available only to relevant persons and will be engaged in only with relevant persons.

For the purposes of this provision, the expression "offer to the public" in relation to the Celestia Units in the UK means the communication in any form and by any means of sufficient information on the terms of the Issue and any Celestia Units to be offered so as to enable an investor to decide to purchase or subscribe for any Celestia Units, and the expression "**UK Prospectus Regulation**" means the UK version of Regulation (EU) No 2017/1129 as amended by The Prospectus (Amendment etc.) (EU Exit) Regulations 2019, which is part of UK law by virtue of the European Union (Withdrawal) Act 2018.

Notice to Investors in certain other jurisdictions

PRESENTATION OF FINANCIAL DATA AND OTHER INFORMATION

Certain Conventions

All references in this Final Key Information of the Scheme to "India" are to the Republic of India and its territories and possessions and all references herein to the "Government", "Indian Government", "GoI", "Central Government" or the "State Government" are to the Government of India or the relevant state government, as applicable.

Unless stated otherwise, all references to page numbers in this Final Key Information of the Scheme are to the page numbers of this Final Key Information of the Scheme.

Financial Data

Celestia SPVs are recently incorporated entities. Therefore, no financial information has been included in this Final Key Information of the Scheme, in relation to the Trust. Further, the Project Celestia is currently owned by a third-party seller, being Venus Infrastructure and Developers Private Limited (the "**Seller**"). As Project Celestia is an identified portion of certain floors of a larger commercial building *i.e.*, Stratum @ Venus Grounds, which is owned and operated by the Seller, the financial statement for PropShare Celestia based on the paragraph 3.20.3 - "*Preparation of Combined Financial Statements*" set forth under Section (G) of Chapter 3 of REIT Master Circular cannot be prepared and hence are not available. Therefore, there is no specific discrete historical financial information/ statements available or applicable with respect to Project Celestia for the past periods, either with the Seller or the Investment Manager.

Further, the Investment Manager was incorporated on April 2, 2024. The summary of financial information of the Investment Manager for FY 2025 has been included in this Final Key Information of the Scheme. For further details, please see "*Summary Financial Information of the Investment Manager*" on page 128.

Further, this Final Key Information of the Scheme includes Projections for the Projections Period, prepared in accordance with the REIT Regulations and the REIT Master Circular. For information, please see "*Projections*" at *Annexure 1.* Please also refer to "*Risk Factors - Our actual results may be materially different from the Projections included in the Key Information of the Scheme. Accordingly, investors were required not to place undue reliance on, or base their investment decision solely on, this information.*" on page 51.

The degree to which the financial information included in this Final Key Information of the Scheme will provide meaningful information is entirely dependent on the reader's level of familiarity with Indian accounting policies and practices, the Companies Act, the Indian GAAP, Ind AS, IFRS, the REIT Regulations and the REIT Master Circular. Any reliance by persons not familiar with the accounting policies and practices on the financial disclosures presented in this Final Key Information of the Scheme should accordingly be limited.

In this Final Key Information of the Scheme, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off.

Certain Non-GAAP Financial Metrics

The body of generally accepted accounting principles is commonly referred to as GAAP. Our management believes that the presentation of certain non-GAAP measures are supplementary measures of our performance which provides additional useful information to investors regarding our performance and trends related to our results of operations and liquidity that is not required by, or presented in accordance with, Ind AS, Indian GAAP, IFRS or U.S. GAAP. Accordingly, we believe that when non-GAAP financial information is viewed with GAAP or Ind AS financial information, investors are provided with a more meaningful understanding of our ongoing operating performance and financial results. For this reason, we are including in this Final Key Information of the Scheme information regarding our EBITDA, EBITDA Margin, NOI, NOI Margin, Net Distributable Cash Flow and certain other metrics based on or derived from these metrics.

However, these financial measures are not measures of our financial performance or liquidity based on GAAP, Ind AS or any other internationally accepted accounting principles, and you should not consider such items and should not be considered in isolation or as an alternative to the historical financial results or other indicators of our cash flow based on Ind AS or IFRS. In addition, these non-GAAP measures are not standardized terms and these non-GAAP financial measures, as defined by us and included herein, may not be comparable to similarly titled measures as presented by other entities due to differences in the way non-GAAP financial measures are calculated and hence have limited usefulness as comparative measures. The non-GAAP financial information contained in this Final Key Information of the Scheme is not intended to comply with the reporting requirements of the United States Securities and Exchange Commission (the "**SEC**") and will not be subject to review by the SEC. Even though the non-GAAP financial measures are used by management to assess our financial position, financial results and liquidity and these types of measures are commonly used by investors, they have important limitations as analytical tools, and you should not consider them in isolation or as substitutes for analysis of our financial position or results of operations as reported under Ind AS or IFRS.

Earnings before finance costs, depreciation, amortization, exceptional items and tax ("EBITDA") and EBITDA Margin

We present EBITDA and EBITDA Margin for Projections Period in this Final Key Information of the Scheme.

EBITDA and EBITDA Margin do not have a standardized definition under Ind AS or IFRS, and our method of calculating EBITDA and EBITDA Margin may be different from the method used by most other companies/REITs to calculate EBITDA and EBITDA Margin, respectively. We cannot assure you that our EBITDA and EBITDA Margin calculation will always be comparable with similarly named measures presented by other companies/REITs. For information, please see "*Definitions and Abbreviations*" on page 11.

EBITDA and EBITDA Margin for the Projections Period are subject to the inherent limitations generally involved in presenting Projections figures, as well as the assumptions set forth therein. EBITDA and EBITDA Margin are not recognized measures under Ind AS or IFRS. EBITDA and EBITDA Margin should not be considered by themselves or as substitutes for net income, operating income or cash flow from operations or related margins or other measures of operating performance, liquidity or ability to pay dividends. For the Projections Period, we do not present a reconciliation of EBITDA to profit/(loss) after tax for the year (EBITDA's most comparable GAAP measure), as we have not included the projections of additional expense items required to arrive at the projected profit after tax. Further, we do not present profit/(loss) after tax in equal or greater prominence as EBITDA as would have been required under an offering registered with the SEC. For more information, please see "*Projections*" at *Annexure 1*.

Net operating income ("NOI") and NOI Margin

We present NOI and NOI Margin in this Final Key Information of the Scheme. We calculate NOI as the revenue from operations, less direct operating expenses and NOI Margin as a ratio of NOI to revenue from operations.

NOI as calculated by us is a primary driver of our managerial assessments and decision-making process. We therefore consider NOI to be a meaningful supplemental financial measure of our performance when considered with the Special Purpose Condensed Combined Financial Statements determined in accordance with Ind AS. We believe NOI is helpful to investors in understanding the performance of our business segments because it provides a direct measure of our operating results.

NOI and NOI Margin do not have a standardized meaning, nor are they recognized measures under Ind AS or IFRS and may not be comparable with measures with similar names presented by other companies/REITs. NOI and NOI Margin should not be considered by themselves or as substitutes for comparable measures under Ind AS or IFRS or other measures of operating performance, liquidity, or ability to pay dividends. Our NOI and NOI Margin may not be comparable to the NOI and NOI Margin of other companies/REITs due to the fact that not all companies/REITs use the same definition of NOI and NOI Margin. Accordingly, there can be no assurance that our basis for computing this non-GAAP measure is comparable with that of other companies/REITs.

Further, for the Projections Period, we do not present a reconciliation of NOI to profit/(loss) after tax for the year (NOI's most directly comparable Ind AS measure), as we have not included the projections of additional expense items required to arrive at the projected profit after tax. Further, we do not present profit/(loss) after tax in equal or greater prominence as NOI as would have been required under an offering registered with the SEC. For more information, please see "*Projections*" at *Annexure 1*.

Net Distributable Cash Flow ("NDCF")

We present NDCF in this Final Key Information of the Scheme. We calculate NDCF in the manner specified in the section titled "*Distributions*" on page 124. NDCF is a significant performance metric, the framework for which is adopted by the Investment Manager in line with the REIT Regulations, REIT Master Circular and SEBI Guidelines issued thereunder. The Investment Manager believes this metric serves as a useful indicator of the PropShare Celestia's expected ability to provide a cash return on investment. NDCF is not a recognized measure under Ind AS or IFRS and may not be comparable with measures with similar names presented by other companies/REITs. NDCF should not be considered by itself or as a substitute for net income, operating income or cash flow from operating activities or related margins or other measures of operating performance, liquidity or ability to pay dividends. For more information, please see "*Projections*" at *Annexure 1.*

Industry and Market Data

Unless stated otherwise, industry and market data used in this Final Key Information of the Scheme issued by the Trust has been obtained or derived from the report titled "*Industry Report for PropShare Celestia*" dated January 5, 2026, issued by JLL, which have been paid for and commissioned by our Investment Manager for an agreed fee. Further, the industry related data, market intelligence and other data pertaining to the Project Celestia and the Scheme has been provided by JLL to the Valuer, for the purpose of undertaking the valuation exercise in relation to the Issue and accordingly has been included as part of the Valuation Report and elsewhere in this Final Key Information of the Scheme. Our Investment Manager has appointed JLL pursuant to an engagement letter dated December 17, 2025.

The data used in these sources may have been re-classified by us for the purposes of presentation. Data from these sources may also not be comparable. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in "*Risk Factor - This Final Key Information of the Scheme contains information from the JLL Report, the Technical Report and the Valuation Report which the Investment Manager has commissioned on our behalf*" on page 55. Accordingly, investment decisions were required not to be based solely on such information.

The extent to which the market and industry data used in this Final Key Information of the Scheme issued by the Trust is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which business of the Trust is conducted, and methodologies and assumptions may vary widely among different industry sources.

In this regard, JLL has issued the following disclaimer:

"*Jones Lang LaSalle® takes due care and caution in preparing the Report and certain information contained in the Report shall be obtained by Jones Lang LaSalle from sources, which it considers reliable. Valuation data

Unless stated otherwise, the valuation included in this Final Key Information of the Scheme is from the Valuation Report dated January 6, 2026, issued by KZEN Valtech Private Limited, represented by its director, Sachin Gulaty, independent valuer ("**Valuer**"), with industry assessment services provided by JLL. For details, see "*Valuation Report*" at *Annexure 2.*

The valuation has been undertaken to ascertain the market value of the property to be acquired by PropShare Celestia through Celestia SPVs given the prevalent market conditions. In consideration of the same, a detailed assessment of the site and surroundings has been undertaken with respect to the prevalent activities, change in dynamics impacting the values and the optimal use of the property *vis-à-vis* its surrounding sub-market, etc. The valuations are based on asset specific information provided by the Investment Manager. The same has been assumed to be correct and has been used for valuation exercise. Where it is stated in the Valuation Report that another party has supplied information to the Valuer, this information is believed to be reliable, but the Valuer can accept no responsibility if this should prove not to be so.

The valuation of Project Celestia has been carried out in accordance with provisions of the REIT Regulations. The valuation exercise is based on prevailing market dynamics as on the date of valuation and does not take into account any unforeseeable developments which could impact the same in the future. Assumptions are a necessary part of undertaking valuations. The Valuer has adopted assumptions for the purpose of providing valuation advice because some matters are not capable of accurate calculation or fall outside the scope of the Valuer's expertise, or the Valuer's instructions. The reader accepts that the valuation contains certain specific assumptions and acknowledges and accepts the risk that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation.

Valuation Methodology

For details of the valuation methodology adopted by the Valuer for the Project Celestia, please see "*Valuation Report*" at *Annexure 2.*

Although the Investment Manager believes that the industry and market data used by the Valuer for the valuation as part of this Final Key Information of the Scheme is reliable, such data has not been independently verified by the Investment Manager, the Trustee or the Lead Manager, or any of their associates, affiliates or advisors. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those disclosed in "*Risk Factors - The Valuation Report obtained for our Project Celestia is only indicative in nature as it is based on various assumptions and may not be indicative of the true value of Project Celestia"* on page 53. Accordingly, investment decisions were required not to be based solely on such information.

The extent to which the valuation assumptions used by the Valuer in their Valuation Report as highlighted in this Final Key Information of the Scheme is meaningful depends on the reader's familiarity with and understanding of the methodologies used in undertaking valuations.

Websites

The information contained on our website, the websites of our Investment Manager, the Trustee, the Lead Manager or the other websites referenced in this Final Key Information of the Scheme or that can be accessed through our websites or such other websites, neither constitutes part of this Final Key Information of the Scheme, nor is it incorporated by reference therein (unless otherwise specified) and should not form the basis of any investment decision. For details of the websites of the Investment Manager and the Trustee, please see "*General Information*" on page 45.

FORWARD-LOOKING STATEMENTS

Certain statements contained in this Final Key Information of the Scheme and the Key Information of the Trust that are not statements of historical fact constitute "forward-looking statements". Bidders can generally identify forward-looking statements by terminology such as "aim", "anticipate", "believe", "continue", "can", "could", "estimate", "expect", "intend", "likely to", "may", "objective", "plan", "potential", "project", "pursue", "propose", "seek to", "shall", "should", "will", "would", or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of the Trust and scheme of the Trust and the projections are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All statements regarding the expected financial conditions, results of operations, business plans and prospects of the Trust and the PropShare Celestia including the Projections (projections related to the PropShare Celestia and Celestia SPVs thereunder) are forward-looking statements. These forward-looking statements include statements as to the business strategy, statement on projected revenue, projected EBITDA, projected cash flow from operating activities, projected net distributable cash flows and projected net operating income (including, without limitation, any financial or operating data, projections or forecasts), new business and other matters in relation to the PropShare Celestia discussed in this Final Key Information of the Scheme, that are not historical facts.

The Valuation Report in relation to the Project Celestia is also based on certain projections and estimates and should be read together with assumptions and notes thereto.

Actual results may differ materially from those suggested by the forward-looking statements or financial projections due to certain known or unknown risks or uncertainties associated with the Investment Manager's expectations with respect to, but not limited to, the actual growth in the real estate sector, consumer spending, transaction and other restructuring strategy, growth and expansion plans, technological changes, cash flow projections, the outcome of any legal or regulatory proceedings and the future impact of new accounting standards, regulatory changes pertaining to the real estate sector in India and our Investment Manager's ability to respond to them, and general economic and political conditions in India which have an impact on our business activities or investments, changes in competition and the Investment Manager's ability to operate and maintain the portfolio. By their nature, certain of the market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains, losses or impact our business operations and financial conditions could materially differ from those that have been estimated.

Factors that could cause actual results, performance or achievements of the PropShare Celestia to differ materially include, but are not limited to, those discussed under "*Risk Factors*" and "*Industry Overview*", on pages 49 and 74, respectively of this Final Key Information of the Scheme and the relevant sections of the Key Information of the Trust. Some of the factors that could cause the actual results, performance, or achievements of the PropShare Celestia, and the Trust to differ materially from those in the forward-looking statements and financial information include, but are not limited to, the following:

1. We have not executed certain agreements for the proposed acquisition of the Project Celestia and our ability to consummate these transactions will impact the ability of the Investment Manager to complete this Issue.

2. PropShare Celestia has no operating history and may not be able to operate our business successfully, achieve our business objectives or generate sufficient cash flows to make or sustain distributions.

3. A substantial portion (approximately 97.32% of total Super Built-Up Area) of the Project Celestia have been leased to managed office providers and co-working space operators who have further entered into contracts with end users, and any adverse impact on the business of such end users may adversely affect our lessees' ability to meet their obligations and, consequently, our revenues and financial condition.

4. Our business, revenues and profitability are dependent on the performance of the commercial real estate market in India. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India, specifically in Nehru Nagar, Ahmedabad, and in turn, our ability to lease the Project Celestia to tenants on favourable terms.

5. Our actual results may be materially different from the Projections included in the Key Information of the Scheme. Accordingly, investors were required not to place undue reliance on, or base their investment decision solely on, this information.

Forward-looking statements and financial projections reflect current views as of the date of this Final Key Information of the Scheme and the Key Information of the Trust and are not a guarantee of future performance or returns to investors. There can be no assurance that the expectations reflected in the forward-looking statements and financial information will prove to be correct. These statements and projections are based on certain beliefs and assumptions, which in turn are based on currently available information. In accordance with the REIT Regulations, the calculations and assumptions underlying the projections

prepared by the Investment Manager and examined by the Auditor in accordance with Standard on Assurance Engagement (SAE) 3400, "The Examination of Prospective Financial Information", issued by the Institute of Chartered Accountants of India. The Projections have been prepared for inclusion in this Final Key Information of the Scheme for the purposes of this Issue, using a set of assumptions that include hypothetical assumptions about future events and management's actions that are not necessarily expected to occur, and have been approved by the board of directors of the Investment Manager. Consequently, Bidders are cautioned that the Projections may not be appropriate for purposes other than that described above. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and projections. In any event, these statements speak only as of the date of this Final Key Information of the Scheme or the respective dates indicated in this Final Key Information of the Scheme, and the Trust, the PropShare Celestia, the Investment Manager and the Lead Manager undertake no obligation to update or revise any of them, whether as a result of new information, future events or otherwise after the date of this Final Key Information of the Scheme. If any of these risks and uncertainties materialize, or if any of the Investment Manager's underlying assumptions prove to be incorrect, the actual results of operations or financial condition of the PropShare Celestia could differ materially from that described herein as anticipated, believed, estimated or expected. All subsequent forward-looking statements attributable to the Trust and the PropShare Celestia are expressly qualified in their entirety by reference to these cautionary statements.

OUR BUSINESS AND PROPERTY

Overview

PropShare Celestia is the third scheme launched by Property Share Investment Trust, India's first small and medium real estate investment trust registered with the Securities and Exchange Board of India. Our third scheme i.e., PropShare Celestia represents the Scheme's offering across seven floors of Stratum @ Venus Grounds, a Grade A+ mixed-use commercial building with a unique atrium located in prime Nehru Nagar, Ahmedabad (*Source: JLL Report*). Project Celestia has a Super Built-Up Area of 2,07,838 sq. ft and is 100% occupied by four tenants, including three managed-office operators – Smartworks Coworking Spaces Limited, EFC Limited (both publicly listed) and Paragraph Khajanchi Business Centre LLP (one of the top five co-working operators in Ahmedabad in terms of no. of operational seats) and a Swedish based listed telecommunications MNC. Lessees as managed office providers and co-working space operators have established managed office facilities at the Project Celestia for a diversified base of 10 occupiers, comprising three Fortune Global 500 companies, which include a Global Consulting company, a Global Technology company and a Global Chemical company, and one Fortune 500 company which is a US-based multinational FMCG company. Other notable end users include Tech Mahindra, US-based leading professional services firm, an Indian private sector bank, an Indian B2B e-commerce platform, Risk management and financial analytics solutions provider and Data analytics and business intelligence firm. This high-quality and diverse tenant mix ensures a stable and reliable income stream.

According to the JLL Report, within SBD, Nehru Nagar's combination of strategic location, connectivity, proximity to key urban infrastructure, and strong social amenities creates an attractive investment proposition for investors.

PropShare Celestia offers a projected distribution yield* of 8.1% for the FY 2026**, 8.4% for the FY 2027, 8.7% for the FY 2028 and 8.9% for the FY 2029. For further details on the projected distribution yield, please see "*Projections*" at *Annexure 1*. Further, the projected distribution yield is based on the assumptions and estimates as deemed appropriate and reasonable by the Investment Manager at the date of the Projections and has been adopted by the board of directors of the Investment Manager on January 8, 2026 and certified by the Auditors. For details on the risks relating to distribution, please see the section titled *"Risk Factors"* on page 49.

* *PropShare Celestia does not portray any guaranteed returns to the investors*

***Projections for the year ending March 31, 2026 (i.e., the current financial year) includes projections beginning from January 1, 2026 to March 31, 2026.*

(4) *WALE (Weighted Average Lease Expiry) is calculated as on December 31, 2025.*

Our Competitive Strengths

We believe PropShare Celestia has the following competitive strengths:

1. Project Celestia is a part of Stratum @ Venus Grounds, a landmark IGBC Platinum-certified, Grade A+ mixed-use commercial building, featuring a unique atrium (*Source: JLL Report)*.
2. Sound business model with embedded rental growth and stable cash flows backed by a long WALE of 6.72 years.
3. 100% occupancy by a diversified underlying tenant and end user portfolio comprising of 3 Fortune Global 500 companies, one Fortune 500 company and other notable tenants.
4. Ahmedabad – A rapidly strengthening infrastructure & growth corridor (*Source: JLL Report).*
5. Located within prime Nehru Nagar, between CBD & SBD and in proximity to major infrastructure developments like the BRTS, metro and upcoming bullet train, with low vacancy and no upcoming Grade A+ supply.
6. Experienced investment and asset management team with oversight and strong corporate governance through an experienced Board and marquee investors.

Stratum @ Venus Grounds is a landmark IGBC Platinum-certified, Grade A+ mixed-use commercial building with a unique atrium located in prime Nehru Nagar, well connected to western and eastern parts of the city, along a 61-meter-wide arterial road with a BRTS corridor of which Project Celestia is spread across seven floors and has a Super Built-Up Area of 2,07,838 square feet (*Source: JLL Report)*.

As on December 31, 2025, Project Celestia is 100% occupied by 4 tenants including three managed-office operators – (i) Smartworks Coworking Spaces Limited, (ii) EFC Limited (both publicly listed) and (iii) Paragraph Khajanchi Business Centre LLP (one of the top five co-working operators in Ahmedabad in terms of operational seats); and a Swedish based listed telecommunications MNC. 2. Sound business model with embedded rental growth, stable cash flows backed by a long WALE of 6.72 years.

SBD Ahmedabad has demonstrated one of the most robust rental growth trends in the city's office market during the period CY 2022 to Q3 2025. Overall SBD rentals have grown at a robust 8.8% CAGR from CY 2022 to nine months of CY 2025, outpacing other major submarkets. Grade A+ assets in the SBD have recorded a 7.5% CAGR over the same period - the highest among Ahmedabad's Grade A+ corridors. This rental growth reflects sustained demand for institutional-quality office spaces, tight vacancy levels, and occupiers' growing preference for modern, amenity-rich developments within the SBD corridor. (*Source: JLL Report)*

Owing to its superior building quality and design (Grade A+), Project Celestia commands some of the highest rentals in Ahmedabad's office real estate market, making it an attractive investment opportunity. With limited upcoming supply in the submarket, demand momentum is expected to remain strong. (*Source: JLL Report)*

Case Study: Expansion by the largest occupier in Stratum @ Venus Grounds

The asset has demonstrated excellent tenant growth. The building's largest occupier established its first and only global capability centre (GCC) in India within the asset in 2023. Since then, this tenant has expanded its footprint twice, increasing its occupied area from 3.7% to ~11.5% of the building's total leasable area as of September 2025. This consistent expansion underscores the building's quality and its ability to support the long-term growth of global corporations. (*Source: JLL Report)*

4. Ahmedabad – A rapidly strengthening infrastructure & growth corridor

Ahmedabad, the largest city in Gujarat with a population of ~8.85 million, stands as a dynamic economic powerhouse in Western India. Renowned for its entrepreneurial spirit and rich cultural heritage, Ahmedabad is rapidly gaining recognition as a key business, education, and real estate destination. Within Gujarat, Ahmedabad has emerged as one of India's fastest-growing urban and commercial centres, supported by a strong and well-planned infrastructure ecosystem. As a prominent city developing into a major metropolitan hub, Ahmedabad offers a blend of urban amenities and growth potential that appeals to both businesses and residents seeking opportunities beyond India's top seven office markets. *(Source: JLL Report)*

This growth trajectory has been significantly enabled by 25 years of stable governance in Gujarat, which has powered a 2.9x rise in government investment and cumulative FDI equity inflows of USD 44.9 billion from October 2019 to March 2025 – establishing Gujarat as one of India's most business-ready state. *(Source: JLL Report)*

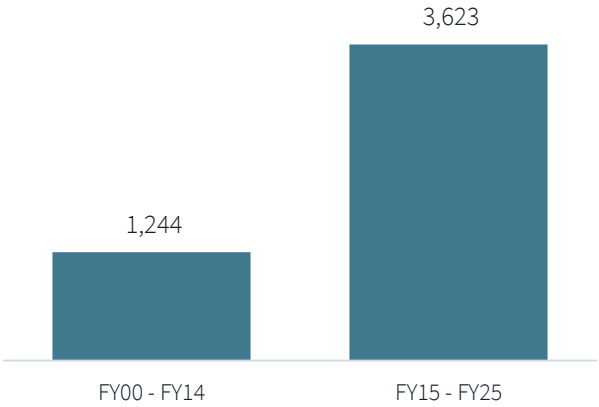

Figure 13: Capex Inflows in Gujarat (INR billion); Source: JLL Report

The city's transformation has been anchored by strategic infrastructure development that has created multiple growth corridors. The major commercial arteries include SG Highway (Sarkhej-Gandhinagar Highway), which emerged as the primary IT and commercial spine, CG Road serving as the retail and commercial heart, and Ashram Road connecting key business districts. SG Highway's evolution as Ahmedabad's premier office destination began in the early 2000s, driven by the availability of large land parcels suitable for campus-style developments and continuously improving connectivity infrastructure. *(Source: JLL Report)*

Ahmedabad is home to GIFT City (Gujarat International Finance Tec-City), India's first operational smart city, spread across approximately 886 acres and serving as the headquarters for International Financial Services Centres Authority (IFSCA). *(Source: JLL Report)*

Gujarat's IT Policy initiatives have transformed Ahmedabad from a textile-centric economy to a diversified commercial hub. The current IT/ITeS Policy Gujarat (2022-27), effective until March 31, 2027, offers monthly incentives for IT/ITeS establishments in Gujarat, creating competitive advantages for companies setting up offices in the city. The sustained policy support has positioned Ahmedabad as an increasingly attractive destination for technology companies, driving robust occupier interest in the city's office market. *(Source: JLL Report)*

Infrastructure development has been a key catalyst, with projects like the Ahmedabad Metro (operational since 2019), BRTS (Bus Rapid Transit System), ring road development, and airport expansion significantly improving connectivity. The upcoming bullet train project connecting Ahmedabad to Mumbai is expected to further enhance the city's commercial attractiveness. Additionally, Ahmedabad is one of India's most affordable major cities, which combined with quality institutions like IIM Ahmedabad and growing job opportunities, is driving strong talent migration and fuelling demand in the office real estate market. *(Source: JLL Report)*

In parallel, the 2030 Commonwealth Games have triggered a massive build-out of world-class sports and civic infrastructure. The proposed Sardar Vallabhbhai Patel Sports Enclave (SVPSE), along with associated venues (aquatics, indoor arenas, athlete village, training facilities), hotel & hospitality expansion, improved airport terminal capacity, and city-wide urban upgrades, are expected to accelerate economic activity, job creation and urban liveability, further enhancing the city's appeal for both businesses and residents. (*Source: JLL Report)*

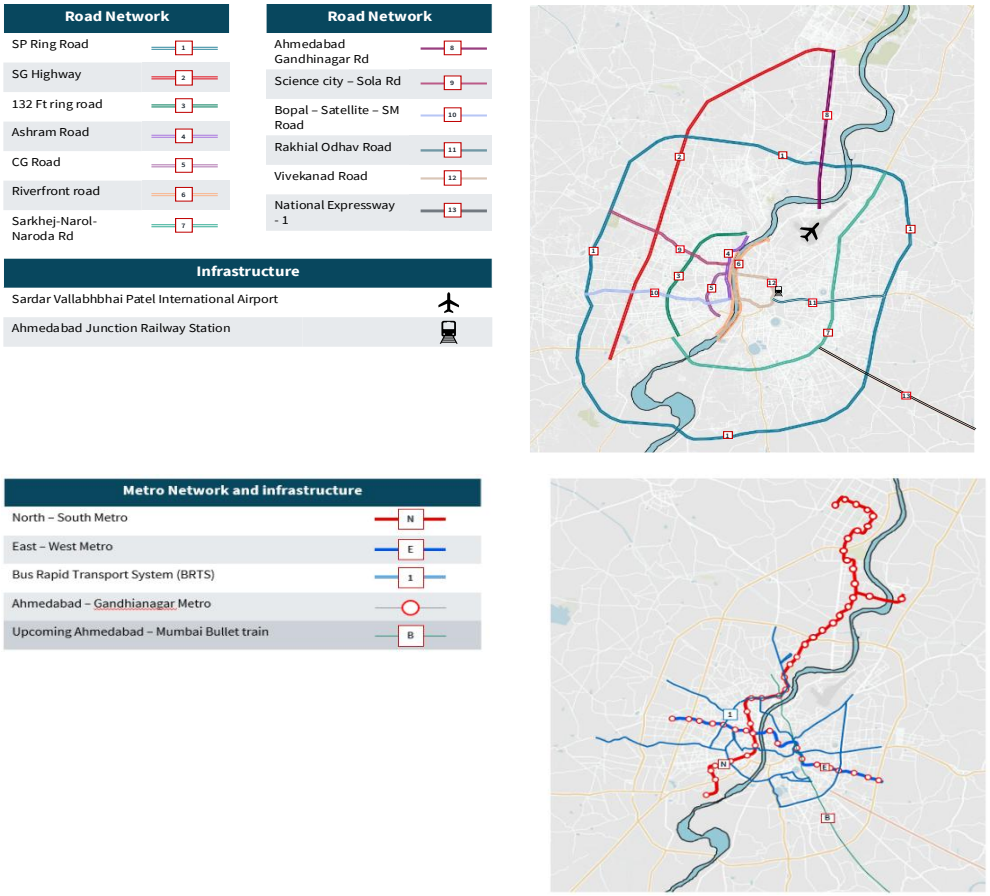

Figure 14: Infrastructure of Ahmedabad; Source: JLL Report

5. Located within prime Nehru Nagar, between CBD & SBD and in proximity to major infrastructure developments like the BRTS, metro and upcoming bullet train with low vacancy and no upcoming Grade A+ supply

The SBD now commands substantial office inventory in Ahmedabad and consistently leads in new supply, absorption, and rental appreciation, reinforcing its position as a key office market. Its diverse occupier profile, spanning domestic corporations to international enterprises, reflects the area's compelling appeal anchored by accessibility and proximity to growth corridors in western Ahmedabad. As SBD continues evolving with ongoing developments, it stands as both Ahmedabad's commercial hub and a comprehensive destination supporting business growth and urban living. (*Source: JLL Report)*

SBD Ahmedabad – The City's Prime Commercial Corridor

With robust infrastructure already in place, SBD Ahmedabad stands out for its superior connectivity and accessibility against other office submarkets in Ahmedabad. The district benefits from east-to-west metro connectivity and an extensive, efficient BRTS network, seamlessly linking key commercial and residential zones. SG Highway and SP Ring Road form the backbone of transportation in the SBD, ensuring direct routes to major business corridors and overall ease of movement. (*Source: JLL Report)*

Within the SBD, Nehru Nagar represents a prime example of this superior connectivity infrastructure. As a strategic location within the submarket, Nehru Nagar boasts good access through key arterial roads including Satellite Road, the 132 ft ring road, and the 120 ft ring road, linking it to all major city sectors. Most importantly, Nehru Nagar's position as a gateway between the CBD and the SBD provides direct access to the city's core commercial hubs, making it an ideal location for premium office developments. (*Source: JLL Report)*

The area's accessibility is further enhanced by its proximity to Vastrapur Road and Ambali Road, ensuring seamless travel from various parts of the city. Integrated public transportation includes multiple BRTS stations and the largest State Transport control point west of Sabarmati, supporting robust commuter movement and logistics. Nehru Nagar is also connected to Ahmedabad's expanding Metro network, with stations along the north-south corridor offering direct connectivity to Gandhinagar and GIFT City, the region's fastest-growing financial and technology cluster. (*Source: JLL Report)*

Surrounded by high-value commercial and residential neighbourhoods like Satellite, Vastrapur, Bodakdev, and Ramdevnagar, Nehru Nagar provides a vibrant ecosystem for both living and business, while maintaining convenient access to Ahmedabad International Airport (~16 km) and Railway Junction (~11 km). This well-planned infrastructure strengthens the SBD's ties not only within the core market but also to extended SBD areas and the PBD, with Nehru Nagar serving as a critical connectivity hub that cements the SBD's status as Ahmedabad's premier destination for business growth and corporate investments. (*Source: JLL Report)*

Ahmedabad's flexible workspace sector has emerged as a significant component of the city's commercial real estate landscape. The market has demonstrated robust growth momentum, with total flex stock reaching ~1.83 mn sq ft across 23,648 seats. SBD commands 86% of Ahmedabad's flex stock due to its strategic position at the intersection of talent availability and corporate demand. SBD's superior metro and BRTS connectivity makes it easily accessible for employees living across key residential areas, while its concentration of Grade A office buildings provides the large, quality spaces that flex operators need to serve enterprise clients effectively. The submarket's established corporate ecosystem creates consistent demand for flexible workspace, enabling operators to achieve both scale and premium pricing. This combination of talent accessibility, quality infrastructure, and corporate presence makes SBD the natural choice for flex operators seeking to build sustainable, profitable operations. (*Source: JLL Report)*

Within SBD, Nehru Nagar's combination of strategic location, connectivity, proximity to key urban infrastructure, and strong social amenities creates an attractive investment proposition. As Ahmedabad continues to grow as a commercial, educational, and technology hub, Nehru Nagar is positioned to benefit from increased demand, robust capital appreciation, and consistent rental yields, particularly given the constrained supply environment in the immediate area. (*Source: JLL Report)*

Vacancy & Supply

SBD maintains one of the lowest vacancy rates in Ahmedabad, with particularly tight conditions in the Grade A+ segment. Limited availability and sustained occupier demand have driven Grade A+ vacancy sharply lower, from 9.8% in 2022 to just 1.7% by nine months of CY 2025. With no new Grade A+ supply projected over the next three years, vacancy is expected to fall further, potentially below 1% by 2028. (*Source: JLL Report)*

Over the next few years, Grade A+ office space in SBD is expected to command a sustained rental premium of around 12–15% over the broader market, driven by limited supply and strong occupier demand for quality, future-ready office assets. (*Source: JLL Report)*

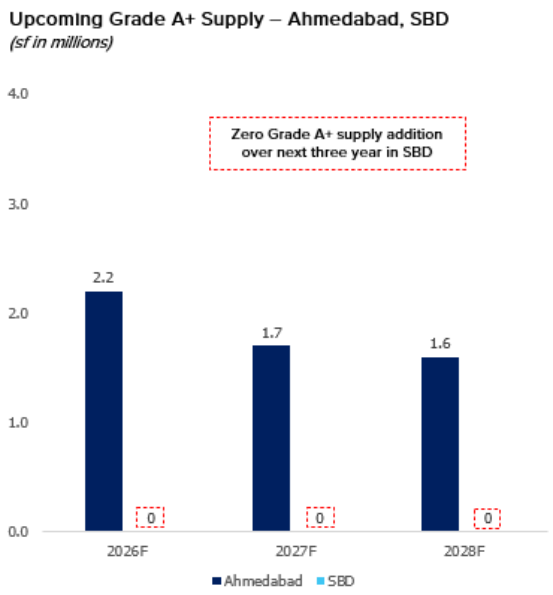

Figure 16: Upcoming Grade A+ Supply; Source: JLL Report

With its strategic location, advanced connectivity, and vibrant urban lifestyle, Ahmedabad's SBD has established itself as a key office destination, consistently attracting diverse occupiers. The submarket's appeal for IT/ITeS, consulting, co-working, BFSI, and e-commerce operations continues to grow, fostering robust demand for quality office space and driving steady rental appreciation. SBD is set to undergo expansion, with ~3.8 mn sq ft of new supply projected across 2026 to 2028. Of the 3.8 mn sq ft of upcoming Grade A supply, only Keshavbaug Capital is located in the vicinity of Stratum @ Venus Grounds, ensuring limited direct competition in the immediate micromarket. *(Source: JLL Report)*

Business and Growth Strategies

We will endeavour to provide regular and stable income to Celestia Unitholders through regular distributions through active asset management of the underlying property. We intend to achieve this through the following strategies:

1. Proactive tenant management

Our asset management team comes with strong experience in tenant engagement with a proactive approach to long term tenant management. These include maintaining a regular dialogue with the tenant, engaging in tenant centric activities, providing proactive property management through well-maintained tenant amenities.

2. Leasing strategy

PropShare Celestia is 100% occupied as of December 31, 2025 with a WALE of 6.72 years. With no lease expiries until FY31, the asset offers strong income visibility and a high degree of comfort on tenant retention. Our strategy will primarily be focused on tenant retention and footprint expansion in the existing portfolio.

As per JLL Report, Stratum @ Venus Grounds is the only Grade A+ building in the micro market and due to lack of comparable supply in the upcoming years, Project Celestia is positioned to benefit from sustained tenant stickiness. One of the end user has established its first and only GCC in the building in 2023 and has since expanded its footprint twice, within our asset. Further, in the scenario that we are unable to retain existing tenants, we will aim to look for prospective tenants by proactively reaching out to international property consultants, local brokers and the IM's existing pool of tenant relationships.

3. Exit strategy

The Investment Manager aims to provide capital appreciation to investors through an exit to Celestia Unitholders, either through the sale of Project Celestia or through the sale of Celestia SPVs or through any such other opportunity which may arise, subject to Unitholder approval and in accordance with the listing agreement, the REIT Regulations and applicable law.

RISK FACTORS

An investment in the Celestia Units involves a high degree of risk. Investors were required to carefully consider all the information in the Key Information of the Scheme, including the risks and uncertainties described below, before making an investment in the Celestia Units. The risks described below are those that we consider to be most significant to our business, results of operations, cash flows and financial condition as of the date of this Final Key Information of the Scheme. However, they are not the only ones relevant to us or our Celestia Units, the industry or geographies in which we operate. Additional risks and uncertainties, not currently known to us or that we currently do not deem material may also adversely affect our business, results of operations, cash flows and financial condition and consequently, the trading price of our Celestia Units could decline, and investors may lose all or part of their investment. In order to obtain a complete understanding of our business, prospective investors were required to read this section in conjunction with "Our Business and Property" and "Industry Overview" on pages 25 and 74, respectively, of the Key Information of the Scheme. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Issue including the merits and risks involved.

This Final Key Information of the Scheme also contains forward-looking statements that involve risks and uncertainties and assumptions. The actual results could differ significantly from those anticipated in these forward-looking statements as a result of certain factors, including considerations described below and in "Forward-Looking Statements" on page 23.

Industry, macro-economic and market data and all industry-related statements in this section have been extracted from JLL Report (which the Investment Manager commissioned and paid on our behalf), or the Valuation Report. The JLL Report has been prepared and issued by JLL for the purpose of understanding the industry in which we operate exclusively in connection with the Issue. For further details, see "Industry Overview" on page 74 and "Presentation of Financial Data and Other Information—Valuation Data" on page 22. For further details and risks in relation to commissioned reports, see "Risk Factors— This Final Key Information of the scheme contains information from the JLL Report, the Technical Report and the Valuation Report which the Investment Manager has commissioned on our behalf." on page 55.

Any potential investor in the Celestia Units was required to pay particular attention to the fact that the Scheme is registered and incorporated under the laws of India and is subject to an extensive regulatory environment that may differ significantly from that of other countries. In making an investment decision, prospective investors must rely on their own examinations of us and the terms of the Issue, including the merits and the risks involved. Prospective investors were required to consult their tax, financial and legal advisors about the particular consequences of investing in the Celestia Units. For the definitions of technical terms, please see "Definitions and Abbreviations" on page 11.

1. We have not executed certain agreements for the proposed acquisition of the Project Celestia and our ability to consummate these transactions will impact the ability of the Investment Manager to complete this Issue.

Certain agreements for the proposed acquisition of the Project Celestia will only be executed post completion of the Issue. The underlying transaction will only be given effect to after the Bid/Issue Closing Date. Whilst the Investment Manager has entered into arrangements with the Seller by executing a Letter of Intent, we cannot assure you that we will be able to execute and register the sale deed in relation to the acquisition of the Project Celestia by the Celestia SPVs. Further, the Letter of Intent contains an exclusivity provision requiring completion of the Issue and the proposed transaction within a specified timeline, and failure to complete the Issue and the acquisition of the Project Celestia within the agreed period may have a material adverse effect on us. Additionally, the Lease Deed executed with one of the tenants contains a restrictive clause requiring written consent for the proposed acquisition of the Project Celestia. Whilst we have received in-principle no-objection confirmation from the said tenant, final written consent is still pending. If we fail to obtain unconditional written consent, our ability to complete the Issue and the proposed acquisition may be materially and adversely affected, which could have a material adverse effect on us.

Under the REIT Regulations, we are prohibited from making an initial public offer of Celestia Units unless the aggregate value of the assets held by PropShare Celestia prior to the Allotment of Celestia Units in the Issue equals or exceeds ₹500 million and does not exceed ₹5,000 million. Further, to acquire the Project Celestia, the Issue and listing of the Celestia Units must be completed within the timelines prescribed under the LOI and the definitive documents. Therefore, if these timelines are exceeded, the Seller, at their discretion, may terminate the transaction, which will materially and adversely impact PropShare Celestia.

2. PropShare Celestia has no operating history and may not be able to operate our business successfully, achieve our business objectives or generate sufficient cash flows to make or sustain distributions.

PropShare Celestia have been settled by way of an amendment to the Trust Deed on December 12, 2025, as a contributory, determinate and irrevocable scheme under the Indian Trust Act, 1882. PropShare Celestia has acquired the Celestia SPVs without the assets/ Project Celestia at nominal/ face value, pursuant to the SPAs and initial portfolio

acquisition transactions prior to filing of the Key Information of the Scheme. Further, these Celestia SPVs are newly incorporated entities. We do not have an operating history by which our performance may be judged. We are subject to business risks and uncertainties associated with any new business enterprise formed through a combination of existing business enterprises. Accordingly, there is no assurance that we will be able to operate our business successfully or profitably, or that we will be able to achieve our investment objectives at all. There can be no assurance that our future performance will be consistent with the past financial performance of the Project Celestia. Further, we cannot guarantee that projected income mentioned in this Final Key Information of the Scheme will be achieved. For more details, please refer "*Risk Factors - Our business, revenues and profitability are dependent on the performance of the commercial real estate market in India. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India, specifically in Nehru Nagar, Ahmedabad, and in turn, our ability to lease the Project Celestia to tenants on favourable terms."* on page 50.

3. A substantial portion (approximately 97.32% of total Super Built-Up Area) of the Project Celestia have been leased to managed office providers and co-working space operators who have further entered into contracts with end users, and any adverse impact on the business of such end users may adversely affect our lessees' ability to meet their obligations and, consequently, our revenues and financial condition.

Project Celestia is occupied by four tenants, including three managed-office operators with base of 10 occupiers as end users. Accordingly, approximately 97.32% of the total leasable area of the Project Celestia have been leased to managed office providers and co-working space operators, who have further entered into contracts with multiple end users in relation to their respective premises. Our rental income and the financial performance are significantly dependent on the ability of our lessees to collect rent from the end users and fulfil their rental obligations to us.

The business operations, financial condition and sustainability of the underlying end users directly impact our lessees' ability to maintain occupancy levels, generate rental income and meet their payment obligations under the lease agreements with us. Any adverse developments affecting the end users, including economic downturns, changes in business conditions, sectoral challenges, regulatory changes, evolving workplace trends (such as increased remote working arrangements), or operational difficulties, could lead to reduced occupancy, delayed rental payments, defaults or premature termination of these further contracts by such end users. This, in turn, may result in our lessees experiencing financial stress, leading to delayed rental payments, defaults in payment obligations, requests for rental concessions, or early termination of lease agreements with the Celestia SPVs. Further, the layered leasing structure limits our ability to directly assess, monitor or influence the credit quality, business operations and financial health of the end users. We have no direct contractual relationship with the end users and therefore have limited recourse or control over their occupancy, payment behaviour or business continuity. Further, the business model of managed office providers and co-working space operators is dependent on maintaining high occupancy rates and diversified tenant bases, and any material disruption to their business model or market conditions could adversely impact their viability and, consequently, our rental income streams.

Additionally, while our lease agreements with the lessees contain protective provisions such as security deposits, lock-in periods and rental escalation clauses, the enforcement of these provisions may be challenged or delayed in the event of disputes, insolvency proceedings or other legal complications affecting our lessees. In the event of insolvency or bankruptcy of our lessees, we may face difficulties in recovering outstanding dues, and the moratorium provisions under the Insolvency and Bankruptcy Code, 2016 may prevent us from taking immediate enforcement action.

Any material reduction in rental income, increased vacancy levels, or inability to renew leases on comparable terms due to challenges faced by our lessees or the end users could materially and adversely affect the revenues, cash flows, net distributable cash flows, distributions to Celestia Unitholders and our overall financial conditions.

4. Our business, revenues and profitability are dependent on the performance of the commercial real estate market in India. Fluctuations in the general economic, market and other conditions may affect the commercial real estate market in India, specifically in Nehru Nagar, Ahmedabad, and in turn, our ability to lease the Project Celestia to tenants on favourable terms.

We propose to derive our revenue from rentals from leasing of the Project Celestia. The table below presents a breakdown of the revenue from lease rentals for the nine months ended December 31, 2025, and for the Financial Years ended March 31, 2025, 2024, and 2023:

(in ₹ million)

Year	FY 2023	FY 2024	FY 2025	FY 2026*
Project Celestia	12.95	122.81	164.29	137.85

**FY 2026 till December 31, 2025*

Accordingly, the success of the Project Celestia is highly dependent on the performance of the commercial real estate market in Nehru Nagar, Ahmedabad as well as broader macroeconomic factors, including inflation, interest rates, foreign investment inflows, demographic and political conditions. The commercial real estate market and rental rates may be affected by several factors outside our control, such as prevailing global and local economic conditions, cyclical downturns as well as downturns in specific sectors where tenants occupying the Project Celestia are concentrated. Further, rising interest rates, fluctuations in currency exchange rates, uncertainty in global trade policies, increases in property taxes, changes in development regulations, zoning laws and other applicable regulations, environmental or sustainability-related mandates, political instability, acts of terrorism, natural or man-made disasters, pandemics such as COVID-19, tightening of liquidity conditions impacting availability of financing, increases in operating costs, disruptions in public infrastructure, among others, may adversely impact the operations of our tenants. The occurrence of any such events could lead to a decline in demand for office space or a slowdown in rental escalations, which may adversely impact rental income from such assets or result in a decline in the capital value of our Project Celestia. Additionally, sustained negative market conditions may impact our ability to attract and retain high-quality tenants, thereby affecting occupancy rates and cash flows.

5. ***Our actual results may be materially different from the Projections included in the Key Information of the Scheme. Accordingly, investors were required not to place undue reliance on, or base their investment decision solely on, this information.***

The Key Information of the Scheme contained forward-looking statements regarding, amongst other things, the projections of revenue from operations, cash flow from operating activities and NDCF for the Projections Period set out in the section titled "*Projections*" at *Annexure 1* as per the REIT Regulations. The revenue from operations, cash flow from operating activities and NDCF projections were only estimates, based on certain assumptions of possible future operating results and are not guarantees of future performance. There is no assurance that these projections will be realized, as actual results may be impacted by economic downturns, tenant defaults, interest rate fluctuations and changes in tax or regulatory policies.

Further, the revenue from operations, cash flow from operating activities and NDCF for the Projections Period may be impacted by various factors beyond our control, such as inflationary pressures, changes in tenant demand, and fluctuations in borrowing costs. Further, it was also assumed that there will be no material adverse change in key taxation, regulatory or other applicable legislations during the Projections Period. Any amendments in REIT tax treatment, stamp duty, corporate tax rates or any future disallowance of tax-deductible expenditure may significantly impact projected distributions. If these assumptions prove incorrect, projected financial outcomes, including cash flows and distributions, may be affected. Further, the Projections also assumed that 100% of the cash generated during the year after accounting for all outflows will be distributed for the Projections Period.

The Projections and forward-looking statements were inherently uncertain and were based on a number of external and internal assumptions which are subject to uncertainties and contingencies that are outside of our control and may not materialize. For further details, see "*Projections*" at *Annexure 1*. This may adversely affect our ability to achieve the forecasted and projected distributions as events and circumstances assumed may not occur as expected, or events and circumstances may arise which are not anticipated. No assurance is given that the assumptions underlying these projections will be realized, and that the actual distributions may differ materially from forecasted figures.

6. ***The title and development rights or other interests over land where our Project Celestia is located may be subject to legal uncertainties, which may interfere with our ownership rights and result in us incurring costs to remedy and cure such defects.***

We have relied on independent third parties to conduct due diligence in relation to title verification and valuation of our Project Celestia. To the extent that such third parties miscalculate or fail to identify risks and liabilities associated with the asset in question, the relevant Project Celestia may be affected by defects in title, or the valuation may not be accurate in nature. Further, there may be certain legal defects and irregularities in the title to the lands or other interests relating to our Project Celestia including certain inaccuracies in and unavailability of historical data in respect of the devolution of title to land. Third parties may claim or seek to claim an interest in such land. In certain instances, while the Project Celestia is developed based on the plans sanctioned by relevant authorities, there may be discrepancies between the approval and the actual land area. Further, there may be discrepancies in the description and extent of the land (including the Project Celestia) as described in various title documents. These defects, irregularities or claims may not be fully identified or assessed. For further details, see "*Legal and Other Information*" on page 141.

The rights or title in respect of the land and building where our Project Celestia has been constructed may be adversely affected by incomplete, improperly executed, unregistered or insufficiently stamped or missing instruments in the property's chain of title, irregularities in the process followed by third parties who acquired the land or conveyed the

land in favour of the Celestia SPVs, irregularities or mismatches or lacuna in record-keeping or title documents, non-payment of property taxes or other defects that we may not be aware of. Presently, there are no instances which may lead to the rights or title of our Celestia SPVs to be adversely affected. For further details, see "*Legal and Other Information*" on page 141.

The Project Celestia is located on land acquired from third parties. While we may have validly acquired right, title and interest in such land from the relevant third parties, we cannot assure you that the prior acquisition of land by the relevant entities will not be questioned. For further details, refer to "*Legal and Other Information*" on page 141. Legal disputes in respect of land title in India can take several years and can entail considerable expense to resolve if they become the subject of court proceedings and their outcome can be uncertain. If such disputes are not resolved, the Celestia SPVs may either lose their interest in the disputed land or may be restricted from further development thereon. The failure to obtain good title to a particular plot of land may impact the operations of the relevant asset, lead to write-off expenditures in respect of development and other adverse consequences. The method of documentation of land records in India has not been fully computerized. Land records may be hand-written, in local languages, illegible or may not match with the approvals granted to us by regulatory authorities. Land records may also be untraceable or not always updated. The land updating process can take a significant amount of time and can result in inaccuracies or errors and increase the difficulty of obtaining property records and/or materially impact the ability to rely on them. Limited availability of title insurance, coupled with difficulties in verifying title to land, may increase the vulnerability of our title over the land that is part of our Project Celestia. This could result in a loss of title to the property, affect valuations of the property, or otherwise materially prejudice the development of the property, which could in turn have a material and adverse effect on our business, financial condition, results of operations or cash flows.

7. Ahmedabad is an emerging office market undergoing transition to maturity, and its limited track record and lower occupier penetration compared to established markets may adversely affect our ability to attract quality tenants and achieve optimal lease terms.

Unlike established office markets such as Mumbai, Bangalore, Delhi-NCR, Pune and Hyderabad, Ahmedabad is an emerging commercial real estate market with a relatively nascent institutional-grade office ecosystem. The city's commercial office market is still in the process of gaining wider acceptance amongst institutional occupiers, multinational corporations and large domestic enterprises as a preferred location for significant office operations.

The relatively limited depth of occupier demand in Ahmedabad, compared to mature markets, may restrict our ability to attract a diverse and creditworthy tenant base, achieve competitive rental rates, negotiate favourable lease terms or secure long-term lease commitments. Occupiers may exhibit greater caution in committing to office space in emerging markets, resulting in longer leasing cycles, higher tenant bargaining power and increased susceptibility to tenant attrition.

Further, Ahmedabad's position as a transitioning market means that occupier preferences, absorption rates and rental growth trajectories remain less predictable than in established markets. Any perception amongst occupiers regarding inadequacies in the city's business ecosystem, talent availability, infrastructure development or competitive positioning relative to other cities could result in subdued demand for office space. Additionally, competing supply from other emerging markets or shifts in occupier preferences towards more established locations could further impact the attractiveness of Ahmedabad as an office destination.

If Ahmedabad fails to achieve anticipated growth or broader occupier acceptance, or if the transition to a mature market is delayed or disrupted, our ability to maintain occupancy levels, achieve rental growth and secure replacement tenants may be adversely affected, which could have a material adverse impact on our revenues, distributions to Celestia Unitholders and financial performance.

8. The Investment Manager may not be able to execute our growth strategy successfully resulting in inability to offer projected yields.

Our growth depends on the ability of the Investment Manager to manage the Celestia SPVs under the scheme in a timely and cost-effective manner. If the Investment Manager determines that the expenses required for the operation of the Celestia SPVs is higher than projected, the Investment Manager's ability to make projected distributions may be adversely affected. In addition, the projected yields which the Investment Manager anticipates may not materialize, disabling it to offer the projected distribution yield to the investors, which may impact investors' expectations and valuation of the Celestia Units.

Further, our ability to make distributions to Celestia Unitholders could be adversely affected if direct expenses and other operating expenses increase due to various factors including, without limitation, , changes in tax policies and other regulatory requirements and increase in repair and maintenance costs, betterment charges and energy and utility cost escalations. As Project Celestia ages, the costs of maintenance will increase and, without significant expenditure on refurbishment, the asset's marketability and gross asset value may decline. The business and operations of Celestia SPVs may also suffer some disruption, and it may not be possible to collect full or any rental income on space affected by such renovation or redevelopment works, especially if such works are extensive. While there has been no precedent of such events, till the date of this Final Key Information of the Scheme, any physical damage to the Project Celestia from an earthquake, fire or other causes may also lead to a significant disruption to the business and operation of the affected Celestia SPVs and, together with the foregoing, may impose unanticipated costs on us and have an adverse impact on our financial condition, results of operations and cash flows and our ability to make distributions to the Celestia Unitholders.

9. The Valuation Report obtained for our Project Celestia is only indicative in nature as it is based on various assumptions and may not be indicative of the true value of Project Celestia.

KZEN Valtech Private Limited, represented by its director, Mr. Sachin Gulaty, as the independent Valuer, assisted by JLL by way of providing the industry assessment service, has issued a valuation report based on certain key assumptions regarding market conditions, property demand and projected income streams, setting out their opinion as to the value of the Project Celestia as of September 30, 2025. For details on the assumptions, disclaimers and methodology used in the Valuation Report, see "*Valuation Report*" at *Annexure 2* of this Final Key Information of the Scheme. Further, the Valuer has followed a particular methodology to arrive at the valuation. There is no assurance that other methodologies, including discounted cash flow analysis or market-based comparables, would not have led to a different valuation. The Valuation Report provides only an indicative valuation at a particular point in time and is based on prevailing market conditions, which are subject to change and does not guarantee an accurate representation of future asset values and may not reflect all the information that may be necessary or desirable to fully evaluate us or the Project Celestia or an investment in the Celestia Units. The Valuation Report contains forecasts, projections and other forward-looking statements that relate to future events that involve risks and uncertainties. These assumptions and forecasts may cause the actual results or performance to be significantly different from any future results or performance expressed or implied by the forward-looking statements. The Valuation Report is not intended to serve as a guarantee of future performance and does not confer rights or remedies upon investors or any other person, and does not constitute and should not be construed as any form of assurance as to our financial condition or future performance or as to any other forward-looking statements included therein, including those relating to macroeconomic factors, by or on behalf of the Investment Manager, the Lead Manager or us. Further, we cannot assure you that the valuation prepared by the Valuer reflects the true value of the net future revenues of the Project Celestia. Further, in the event that the Valuer does not continue to value the Project Celestia subsequent to the listing of PropShare Celestia, and a new valuer is appointed for the purpose of the ongoing valuation, we cannot assure you that the methodology, assumptions, and valuation will not be different from the valuation arrived at by the Valuer in the Valuation Report. The Valuer has used certain assumptions regarding rental escalations, vacancy risks, and projected market growth, which are subject to uncertainties and contingencies and may not materialize as anticipated.

The Valuation Report has not been updated since the date of its issue and does not consider any subsequent developments that have occurred since its issuance. Further, the Valuation Report should not be considered as a recommendation by us, the Investment Manager, Trustee, the Lead Manager or any other party, and that any person should not take any action based on such valuation. Accordingly, investors were required not to rely solely on the Valuation Report in making an investment decision to subscribe to or purchase Celestia Units.

10. Any termination of Lease Deeds or vacancy in the Project Celestia may result in non-compliance with the requirement to invest at least 95% of the scheme's assets in completed and revenue generating properties, which could adversely affect us and our ability to operate in accordance with the REIT Regulations.

In accordance with Regulation 26T (2) of the REIT Regulations, scheme of the SM REIT is required to invest at least 95% of the value of its assets in completed and revenue generating properties and is prohibited from investing in under-construction or non-revenue generating real estate assets. Continuous compliance with this requirement is critical for the scheme to maintain its status and operate as SM REIT's scheme.

In the event any of our existing lessees terminate their lease agreements, whether due to expiry of the lease term, exercise of early termination rights, defaults, insolvency, or for any other reason, the vacant portion of the Project Celestia would cease to generate rental revenue. Depending on the extent of such vacancy and the time required to secure replacement tenants, we may temporarily or persistently hold a portion of our assets in non-revenue generating

properties, potentially resulting in non-compliance with the 95% investment threshold prescribed under the REIT Regulations.

Our ability to quickly replace outgoing lessees and restore the Project Celestia to revenue generating status as per the REIT Regulations depend on various factors beyond our control, including prevailing market conditions, demand for commercial office space in Ahmedabad, Gujarat, competitive supply, rental expectations, and the time required for tenant identification, negotiation and lease execution. Any prolonged vacancy period could result in the PropShare Celestia being in breach of the regulatory requirements, which may attract regulatory action, penalties, or other enforcement measures prescribed under the REIT Regulations, and could also adversely affect investor confidence, PropShare Celestia's reputation, rental income, distributions to Celestia Unitholders and overall financial performance.

11. Tenant leases across our Project Celestia are subject to the risk of non-renewal, non-replacement, default, early termination, regulatory or legal proceedings or changes in applicable laws or regulations, thereby impacting leasing and other income. Further, vacant properties could be difficult to lease, which could adversely affect our revenues.

We derive our revenue from lease income in connection with the leasing of Project Celestia. Lease Deeds with tenants across the Project Celestia may expire and may not be renewed for various reasons. Tenants may be late in rental payments or delay the commencement of the lease. The renewal process of the Lease Deeds with existing tenants may also involve delays in the execution and registration of such agreements, resulting in the tenants being in possession of units without enforceable legal documents for a limited period, which may limit our ability or the ability of our Investment Manager to enforce the terms of such agreements in a court of law during such period. We may be subject to dispute or litigation on account of non-compliance by any party of the terms of such agreements which may have a negative impact on our reputation and operations. Further, there may be delay in renewal or non-renewal or renewal at lower rentals, as some of our tenants obtain regulatory benefits for the Lease Deeds from the Gujarat Government. For more details, please see "*Regulations and Policies*" on page 144.

If we are unable to secure new tenants on favourable terms or within a reasonable timeframe, our rental revenues may decline. Our tenants' decision to terminate or not renew their lease agreements could be based on a number of factors, including global macroeconomic trends or trends affecting specific industries or sectors. Unforeseen regulatory or legal changes affecting tenant leasing structures, rental pricing, or property taxation may further impact our revenue streams. If our tenants are required to reduce operating costs or employee headcount, they may terminate or fail to renew their lease agreements. Further, certain tenants may seek renegotiations, rental concessions, or rent deferrals, particularly during economic downturns or unforeseen disruptions.

12. The operations and management of the Stratum @ Venus Grounds in which the Project Celestia is located are undertaken by a society, and we only have influence proportionate to our ownership in the building. Decisions taken by the society may not align with our interests and could adversely affect our operations and financial performance.

The Project Celestia forms part of a larger commercial building (Stratum @ Venus Grounds), the operations and maintenance of which are managed by a society comprising multiple owners within the Stratum @ Venus Grounds. As we only hold a proportionate ownership interest in the building corresponding to the Project Celestia, our ability to influence or control decisions taken by the society is limited to our pro-rata voting rights. Key operational and strategic decisions affecting the building, including decisions relating to common area maintenance, capital expenditure for repairs and upgrades, appointment of facility management service providers, implementation of sustainability measures, allocation of operating costs, enforcement of building regulations, security arrangements, and policies governing tenant operations, are taken collectively by the society based on majority or special resolutions. We cannot ensure that such decisions will always align with our interests or the interests of the Celestia Unitholders.

The society may approve expenditures, policy changes, or operational modifications that we consider unfavourable, commercially disadvantageous, or inconsistent with our asset management strategy. For instance, the society may approve significant capital expenditure for building upgrades that increase our proportionate financial obligations, impose restrictions on tenant operations that affect our ability to attract or retain lessees, or delay necessary maintenance activities that could impact the marketability or value of the Project Celestia. Additionally, disagreements or disputes amongst society members could result in operational inefficiencies, delays in decision-making, or litigation, any of which could adversely impact the functioning of the Stratum @ Venus Grounds.

Our limited ability to control or influence decisions taken by the society may restrict our flexibility in managing the Project Celestia in accordance with our investment strategy and may result in increased costs, operational constraints,

or adverse changes to the building's management that could materially and adversely affect our business, rental income, asset value, distributions to Celestia Unitholders and overall financial performance.

13. The Celestia Units have never been publicly traded and the listing of the Celestia Units on the Stock Exchanges may not result in an active or liquid market for the Celestia Units. The Celestia Units may also experience price and volume fluctuations.

There is no public market for the Celestia Units prior to the Issue and an active public market for the Celestia Units may not develop or be sustained after the Issue. Listing and quotation do not guarantee that a trading market for the Celestia Units will develop or, if a market does develop, that there will be liquidity of that market for the Celestia Units. If an active trading market does not develop, you may have difficulty selling your Celestia Units, and the value of your Celestia Units may be impacted by limited price discovery, lack of sufficient market depth, or low trading volumes. Accordingly, prospective Celestia Unitholders were required to view the Celestia Units as illiquid and must be prepared to hold their Celestia Units for an indefinite period.

The Issue Price may not be indicative of the market price of the Celestia Units upon listing. The price of the Celestia Units may fluctuate after the Issue as a result of several factors, including volatility in the Indian and global securities markets, our financial and operational performance, performance of our competitors (including the first and second scheme of the Property Share Investment Trust, namely PropShare Platina and PropShare Titania, respectively), developments in the Indian SM REIT sector, investor perception and sentiment towards investments in the Indian SM REIT sector and alternative asset classes, any adverse media reports concerning our assets or the Indian SM REIT sector, significant developments in India's economic liberalization and deregulation policies, macroeconomic factors, including inflation and interest rate movements and significant developments in India's fiscal regulations.

The trading price of the Celestia Units might also experience decline in reaction to broader market downturns and black swan events that affect the entire market and/or the performance of other companies in the Indian real estate industry even if these events do not directly affect or are unrelated to our business, financial condition, cash flows or operating results. If the market price of the Celestia Units declines significantly, investors may face difficulties and/or be unable to exit their investment in Celestia Units at or above their purchase price, if at all. There can be no assurance that the market price of the Celestia Units will not be volatile, nor that it will not decline significantly in the future.

14. We may not be able to maintain adequate insurance to cover all losses we may incur in operations of Project Celestia.

Despite the insurance coverage that Project Celestia carries, it may not be fully insured against some business risks and the occurrence of accidents that cause losses in excess of limits specified under the policies insuring it, or losses arising from events not covered by the insurance policies covering it, which could materially and adversely affect our financial condition, results of operations and cash flows. For instance, the existing insurance policies of the Project Celestia do not include coverage for damages due to terrorism, communicable diseases, and presence of flammable substances. Furthermore, the policy coverage excludes certain types of assets from their scope of coverage.

Although we believe the Seller has industry standard insurance for the Project Celestia, if a fire or natural disaster substantially damages or destroys a portion or all of the Project Celestia, the proceeds of any insurance claim may be insufficient to cover rebuilding costs.

While we shall ensure that we have adequate insurance policies covering Project Celestia, at all times post acquisition, to make our claims in case of above-mentioned damages, there can be no assurance that any future claim under the insurance policies will be honoured fully, on time, or at all, or that we would have taken out sufficient insurance to cover all of our losses. In addition, the insurance policies expire from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at an acceptable cost or at all. For some of our insurances, we may not have designated a third-party as beneficiary/co-insured to our insurance or secured the approval of such third parties for availing such insurance as required by regulations or contractual obligations, which may have an impact on the amount of insurance claim to be paid out. To the extent that we suffer loss or damage, or successful assertion of one or more large claims against us for events for which we are not insured, or for which we did not obtain or maintain insurance, or which is not covered by insurance, exceeds our insurance coverage or where our insurance claims are rejected or where our insurance policies are not renewed in a timely manner, the loss would have to be borne by us and our results of operations, financial performance and cash flows could be adversely affected.

15. This Final Key Information of the Scheme contains information from the JLL Report, the Technical Report and the Valuation Report which the Investment Manager has commissioned on our behalf.

The information in the section titled "*Industry Overview*" on page 74 and in other sections in this Final Key Information of the Scheme is based on the JLL Report dated January 5, 2026, the Technical Report dated January 5, 2026, and the Valuation Report dated January 6, 2026. Industry-related data, market intelligence and other data pertaining to the Project Celestia and the Scheme has been provided by JLL to the Valuer, for the purpose of undertaking the valuation exercise in relation to the Issue and accordingly has been included as part of the Valuation Report and elsewhere in this Final Key Information of the Scheme. Neither we, nor the Trustee, the Investment Manager and the Lead Manager nor any other person connected with the Issue has independently verified or validated all of the information in the JLL Report. There may be assumptions, forward-looking statements or market estimations in these reports that differ from actual future conditions. The Investment Manager has exclusively commissioned and paid for these reports for the purposes of inclusion of industry information in this Final Key Information of the Scheme. There are no parts, data or information (which may be relevant for the proposed Issue), that has been left out or changed in any manner. However, these reports are subject to limitations, and investors were required to be aware that past trends and market assessments may not accurately predict future performance. The reports have been prepared based on information as of specific dates and may no longer be current or reflect current trends. Further, opinions in the reports are based on estimates, projections, forecasts and assumptions may prove to be incorrect.

16. The Project Celestia currently holds an IGBC Platinum rating. However, there can be no assurance that we will be able to maintain this rating in the future, and any downgrade or loss of such rating could adversely affect the marketability and value of the Project Celestia.

The Project Celestia has been awarded a Platinum rating by the Indian Green Building Council ("**IGBC**"), which is the highest certification level for green buildings in India. This rating enhances the marketability of the Project Celestia and is a key factor in attracting and retaining high-quality tenants who prioritise sustainability and environmental, social and governance standards. However, maintaining the IGBC Platinum rating requires ongoing compliance with stringent sustainability criteria, including energy efficiency standards, water conservation measures, waste management protocols, indoor environmental quality benchmarks and sustainable operational practices. The IGBC may periodically revise or enhance the criteria and requirements for Platinum certification, which could necessitate additional capital expenditure, operational modifications or implementation of enhanced sustainability measures to maintain the current rating.

There can be no assurance that we will be able to continue to meet the evolving requirements for IGBC Platinum certification or that we will allocate sufficient resources to maintain compliance with such standards. If we fail to maintain the requisite sustainability measures or if the certification criteria are revised in a manner that renders compliance commercially unviable or operationally impractical, the Project Celestia may be downgraded to a lower certification level or may lose its IGBC certification altogether.

Any downgrade or loss of the IGBC Platinum rating could adversely affect the attractiveness of the Project Celestia to prospective and existing tenants, result in lower rental rates, reduce tenant retention, diminish the asset value and materially and adversely affect our rental income, financial performance and distributions to Celestia Unitholders.

17. Compliance with, and changes in applicable laws, including but not limited to environmental, health and safety laws and regulations, may restrict the use of Project Celestia and require obtaining additional approvals. Any inability to obtain, maintain or renew all regulatory approvals that are required may have an adverse impact on our business, financial condition, results of operations, cash flows and prospects.

Our business is subject to various statutory and local state laws and regulatory requirements, including permitting, licensing and zoning requirements, building codes, fire, health, life-safety, emission norms, green cover requirements and similar regulations, which are subject to amendments, modifications and evolving interpretations. Local regulations, including municipal or local ordinances, may impose additional restrictions and restrictive covenants which may restrict our use of our assets and may require us to obtain approval from local officials or community standards organisations at any time with respect to our assets. Such local regulations may cause us to incur additional costs to develop, renovate, maintain or operate our properties in accordance with the particular rules and regulations.

For instance, if Project Celestia is required to comply with revised environmental regulations mandating an increased percentage of green cover or stricter emission standards, or enhanced sustainability disclosures, we may be required to undertake modifications to the asset, including but not limited to additional landscaping measures, installation of emission control systems, modifying asset operations, undertake additional compliance measures or obtaining new environmental clearances. Failure to comply with such regulatory requirements in a timely manner may result in monetary penalties, fines or litigation, regulatory scrutiny, operational restrictions, any of which could have a material adverse effect on our business, financial condition, results of operations, and cash flows. Presently, the Project Celestia does not have the requisite permission to extract and utilise ground water for building operations.

Whilst an application for such permission has been submitted to the relevant authorities, there can be no assurance that the application will be approved within the anticipated timeframe or without conditions. Failure to obtain the requisite permission may result in reliance on alternative water sources at higher costs, regulatory penalties, enforcement action or increased operating expenses, which could materially and adversely affect our operations and financial performance.

Whilst there have been no instances of non-compliance in the past except as mentioned above, we cannot assure you that all compliances or periodic filings required to be made in relation to the Project Celestia will be made in a timely manner or at all. Failure to comply with applicable laws and regulations could result in fines and/or damages, suspension of personnel, civil liability or other sanctions, which could result in a material and adverse effect on our business, financial condition, results of operations and cash flows. REIT Regulations impose restrictions on the investments made by us and require us to adhere to certain investment conditions, which may limit our ability to acquire and/or dispose of assets or explore new opportunities. Changes in SEBI regulations, taxation laws, or compliance frameworks may materially impact our business model, cash flow distributions and investor returns.

18. We propose to operate in a competitive environment and increasing competitive pressure could adversely affect our business and the ability of our Investment Manager to execute our growth strategy.

We propose to operate our businesses in an increasingly competitive and highly fragmented environment. We could face significant competition in our business from a large number of private players operating within the commercial real estate sector, with comparable projects, who hold commercial office real estate assets located within the vicinity of the Project Celestia. The extent of the competition we could face depends on a number of factors, such as the rental pricing strategies, asset location and accessibility, services, amenities and infrastructure quality, leasing terms and the nature and condition of the premises to be leased. Competition from other developers in India could result in pricing pressure, reduced occupancy rates and higher tenant turnover which may adversely affect the ability of our Investment Manager to lease the Project Celestia. Continued development by other market participants could lead to a supply-demand imbalance, resulting in oversaturation of commercial office spaces. This could limit our ability to secure new tenants, renew existing leases at favourable rates and maintain projected rental yields, adversely affect our business financial condition, results of operations and cash flows.

19. Our funding requirements and the proposed deployment of Net Proceeds have not been appraised by any bank or financial institution or any other independent agency and our management will have broad discretion over the use of the Net Proceeds.

We intend to utilize the Net Proceeds of the Issue as set forth in the section titled "*Use of Proceeds*" on page 135. The funding requirements mentioned as a part of the use of proceeds of the Issue are based on internal management estimates and commercial considerations and have not been appraised by any bank or financial institution. This assessment is based on current conditions and is subject to change in light of changes in external economic factors, regulatory developments, costs, business initiatives, other financial conditions or modifications to our business strategies.

Based on the competitive nature of our industry, we may have to revise our business plan and/or management estimates from time to time and consequently our funding requirements may also change. Accordingly, prospective investors in the Issue will need to rely upon our management's judgment and discretion with respect to the use of Net Proceeds.

Accordingly, use of the Net Proceeds for other purposes identified by our management may not result in actual growth of our business, increased profitability or an increase in the value of our business and your investment.

20. We have limited financial performance of Project Celestia and may not be able to operate our business successfully, achieve our business objectives or generate sufficient cash flows to make or sustain distributions.

While the Project Celestia has financial performance of 3.9 years, the Property Share Investment Trust was established on June 27, 2024, in Bangalore, Karnataka, India as a contributory, determinate and irrevocable trust under the provisions of the Indian Trusts Act, 1882, pursuant to a trust deed dated June 27, 2024, as amended on July 19, 2024, February 21, 2025 and December 12, 2025. PropShare Celestia is the third scheme of the Trust after the (i) first scheme PropShare Platina which was listed with the Stock Exchange on December 10, 2024, and (ii) second scheme PropShare Titania which was listed with the Stock Exchange on August 4, 2025, and have limited operating history by which our performance may be judged. We are subject to inherent business risks and uncertainties associated with any new business enterprise formed through a combination of existing business enterprises including, without limitation, integration of assets into a single investment structure, execution of our investment and growth strategies, fluctuations in market conditions affecting demand for commercial real estate and regulatory and taxation

changes impacting REIT operations. Accordingly, there is no assurance that we will be able to operate our business successfully or maintain stable occupancy rates or generate targeted returns for the Celestia Unitholders, or that we will be able to achieve our investment objectives. Additionally, our ability to sustain long-term distributions is dependent on multiple factors, including rental growth, lease renewals, asset appreciation, and effective capital management.

21. The Investment Manager's fee structure and ability to provide services to competing real estate assets may give rise to potential conflicts of interest.

The Investment Manager charges the Celestia SPVs fees at the time of acquisition and exit of assets, as well as ongoing administration and asset management fees. This fee structure may create conflicts of interest, as the Investment Manager may be incentivised to pursue transactions that generate higher fees rather than maximise long-term value for Celestia Unitholders.

Furthermore, the Investment Manager is not restricted from providing services to competitors in Ahmedabad or elsewhere, including other real estate investment trusts, assets housed under separate schemes of the Trust, or additional assets under the same scheme. Certain principals and employees of the Investment Manager may be involved in other real estate investments, projects and businesses with overlapping investment objectives, which may result in:

- allocation of investment opportunities away from PropShare Celestia;
- dilution of management focus and resources; and
- competition for tenants with other assets managed by the Investment Manager.

Whilst the Investment Manager is subject to fiduciary duties under the SEBI REIT Regulations, we cannot assure you that potential conflicts of interest will not arise or will be resolved favourably to Celestia Unitholders. Any such conflicts could materially and adversely affect our financial performance and distributions to Celestia Unitholders.

Risks Related to the Ownership of the Celestia Units

22. PropShare Celestia may be dissolved, and the proceeds from the dissolution thereof may be less than the amount invested by the Celestia Unitholders.

PropShare Celestia has been settled by the Investment Manager as the third scheme of the Property Share Investment Trust, which in turn has been set up as an irrevocable trust, registered under the Registration Act, 1908. The PropShare Celestia can only be extinguished: (i) upon the liquidation of the assets of the PropShare Celestia; (ii) if there are no projects or assets remaining under the PropShare Celestia and it does not invest in any project for six months thereafter; (iii) if the PropShare Celestia fails to maintain the minimum public holding for the Celestia Units and the breach is not cured within six months from the date of breach; (iv) in the event SEBI cancels, revokes or suspends the certificate of registration that has been granted to the Trust; or (v) in the event the Trust becomes illegal. In the event of dissolution, the net assets remaining after settlement of all liabilities, and the retention of any reserves which the Trustee deems to be necessary to discharge contingent or unforeseen liabilities, shall be distributed to the Celestia Unitholders. Should we be dissolved, depending on the circumstances and the terms upon which our assets are disposed of, there is no assurance that a Celestia Unitholder will recover all or any part of his investment, as asset disposal values may be lower than expected. There may also be uncertainty around the interpretation and implementation of certain provisions in relation to insolvency of a trust and its Schemes under the Insolvency and Bankruptcy Code, 2016.

23. The reporting requirements and other obligations of small and medium real estate investment trusts post-listing are still evolving. Accordingly, the level of ongoing disclosures made to and the protections granted to Celestia Unitholders may be more limited than those made to or available to the shareholders of a company that has listed its equity shares upon a recognized stock exchange in India.

The REIT Regulations, REIT Master Circular and the SEBI Guidelines govern the affairs of SM REITs in India. However, unlike the statutory and regulatory framework governing companies that have listed their equity shares on a recognised stock exchange in India, the regulatory framework applicable to real estate investment trusts is relatively nascent and thus, still evolving. While the REIT Regulations were notified with effect from September 26, 2014, the guidelines and procedures and a public issue of units by a real estate investment trust were notified by SEBI on December 19, 2016, and the requirements for disclosure of financial information in the offer documents were issued by SEBI on December 26, 2016. Further, pursuant to a circular dated December 29, 2016, SEBI has prescribed

certain continuous disclosure requirements that will be applicable to us after listing. However, provisions in relation to small and medium real estate investment trust have been notified in the March 2024.

Accordingly, the ongoing disclosures made to Celestia Unitholders under the REIT Regulations may differ from those made to the shareholders of a company that has listed its equity shares on a recognized stock exchange in India in accordance with the SEBI Listing Regulations. Further, the applicability of other regulations such as the Securities and Exchange Board of India (Intermediaries) Regulations, 2008 and the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, to the Property Share Investment Trust and the Celestia Units is unclear.

The Trust Deed and various provisions of Indian law govern our operations. Legal principles relating to these matters and the validity of corporate procedures, fiduciary duties and liabilities, and the rights of the Celestia Unitholders may not be as extensive as the rights of the shareholders of a company that has listed its equity shares upon a recognized stock exchange in India or a trust in another jurisdiction, and accordingly, the protection available to the Celestia Unitholders may be narrower than those available to such shareholders. For instance, shareholders of listed companies are entitled to an exit in case of any variation in the objects of a public issue. Celestia Unitholders of PropShare Celestia do not have similar rights. Further, given the nascent stage of the regulatory regime for SM REITs in India, safeguards available to shareholders of listed companies in respect of insider trading, takeovers and fraudulent and unfair trade practices may not be fully applicable to Celestia Unitholders. Celestia Unitholders' rights and disclosure standards under Indian law may also differ from the laws of other countries or jurisdictions. See "*Rights of Celestia Unitholders*" on page 188.

24. Fluctuations in the exchange rate of the Indian Rupee with respect to other currencies will affect the foreign currency equivalent of the value of the Celestia Units and any distributions.

Fluctuations in the exchange rates between the Indian Rupee and other currencies will affect the foreign currency equivalent of the Indian Rupee price of the Celestia Units. Such fluctuations will also affect the amount that holders of the Celestia Units will receive in foreign currency upon conversion of any cash distributions or other distributions paid in Indian Rupees by us on the Celestia Units, and any proceeds paid in Indian Rupees from any sale of the Celestia Units in the secondary trading market. Changes in monetary policies, inflation rates and global economic conditions may further exacerbate foreign exchange volatility.

25. Any future issuance of Celestia Units by us or sale of Celestia Units by any of the significant Celestia Unitholders may materially and adversely affect the trading price of the Celestia Units.

Any future issuance of Celestia Units by us could dilute existing investors' holdings of Celestia Units. Any such future issuance of Celestia Units may also materially and adversely affect the trading price of the Celestia Units and could impact our ability to raise further capital through an offering of our Celestia Units. There can be no assurance that we will not issue further Celestia Units. In addition, any perception by investors that such issuances by us or sales by any significant Celestia Unitholders might occur could also adversely affect the trading price of the Celestia Units. Similarly, if significant Celestia Unitholders dispose of large volumes of Celestia Units in the market, the increased supply may negatively impact trading prices.

Upon completion of the Issue, 5.02% of the total number of Celestia Units will be held by the Investment Manager. Please see "*Information Concerning the Celestia Units – Investment Manager lock-in*" on page 166. The Celestia Units will be tradable on the Stock Exchanges. The Investment Manager (following the lapse of the statutory lock-in period) may sell a portion of the Celestia Units held by them, which portion may be substantial, and which sale could increase the aggregate number of Celestia Units available for active trading on the Stock Exchanges. Any sale of the Celestia Units by the Investment Manager may also impact trading prices. A secondary offering of the Celestia Units by us, if undertaken, may also increase the aggregate number of Celestia Units being traded, which could have an adverse impact on the market price for the Celestia Units. These sales may also make it more difficult for us to raise capital through the issue of new Celestia Units at a time and at a price we deem appropriate.

26. The price of the Celestia Units may decline after the Issue.

The Issue Price was determined by the Investment Manager in consultation with the Lead Manager. The Issue Price is based on a combination of valuation assessments, investor demand, and prevailing market conditions, but may not be indicative of the actual market price of the Celestia Units upon completion of the Issue. The market price of the Celestia Units may be subject to fluctuations due to various external and internal factors, including, among others:

- the perceived growth potential of our business and investments and the Indian real estate market;

- differences between our actual financial and operational results and those expected by investors and analysts;
- changes in research analysts' recommendations or earnings projections;
- changes in broader economic or market conditions;
- the market value of Project Celestia;
- the perceived attractiveness of the Celestia Units against those of other business trusts, equity or debt securities;
- the balance of buyers and sellers of the Celestia Units;
- Investor sentiment towards SM REIT investments and alternative asset classes;
- the size and liquidity of the Indian SM REIT market;
- any changes to the regulatory system, including the tax system, both generally and specifically in relation to India business trusts;
- speculation in the press or investment community;
- the ability of the Investment Manager to implement successfully its investment and growth strategies;
- fluctuations in foreign exchange rates; and
- broad market fluctuations, including changes in interest rates and weakness of the equity and debt markets.

To the extent that we retain cash flow for operational flexibility, capital expenditures, or working capital reserves or other purposes, these retained funds, while increasing the value of our underlying assets, may not translate into an immediate appreciation in the market price of the Celestia Units. Our failure to meet market expectations with regard to future earnings, rental income growth and cash distributions may negatively impact investors' confidence and materially and adversely affect the market price of the Celestia Units.

In addition, the Celestia Units are subject to market risks and are not capital-safe or fixed income products and there is no guarantee that Celestia Unitholders can regain the amount invested, in full or in part. If we are extinguished or dissolved, or otherwise unable to generate sufficient returns, it is possible that investors may experience partial or complete loss of their investment in the Celestia Units.

27. No investors are permitted to withdraw or lower their Bids (in terms of quantity of Celestia Units or the Bid Amount) at any stage after submitting a Bid.

Pursuant to the REIT Regulations, REIT Master Circular and the SEBI Guidelines, investors are required to pay the Bid Amount on submission of the Bid, and are not permitted to withdraw or reduce their Bids (in terms of quantity of Celestia Units or the Bid Amount) at any stage after submitting a Bid, despite adverse developments in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows, adverse developments or otherwise, at any stage after the submission of their Bids.

28. Our rights and the rights of the Celestia Unitholders to recover claims against the Investment Manager or the Trustee are limited.

Under the Investment Management Agreement, the Investment Manager is not liable for, among other things, any action or omission, if it has carried out its duties and exercised its powers with reasonable skill and care expected of an Investment Manager (except in the case of fraud, negligence or willful misconduct). Pursuant to the Trust Deed, the Trustee is not liable for anything done or omitted to be done or suffered by the Trustee in good faith. Further, the Trustee is not liable for any action or omission that results in any depletion in the value of the trust fund and consequent losses of the Celestia Unitholder, except in situations where such depletion is a result of the gross negligence, willful misconduct or fraud on the part of the Trustee as conclusively determined by a court of contempt jurisdiction. Also, under the Trust Deed, the liability of the Trustee is limited to the extent of the fees received by it except in case of any gross negligence, willful misconduct or fraud on the part of the Trustee as conclusively determined by a court of contempt jurisdiction. The Investment Management Agreement provides that the Investment Manager is entitled to be indemnified out of the trust fund against claims, costs, losses, damages, liabilities, suits, proceedings and expenses (including legal fees) ("**Losses**") suffered or incurred by it by reasons of their activities on behalf of us, unless resulting from fraud, gross negligence, dishonest acts or commissions or omissions, willful misconduct, reckless disregard of duty or breach of duties under the Investment Management Agreement and applicable law. As a result, the rights of the Unitholders and our right to recover claims against the Investment Manager are limited. Furthermore, recourse to the Trustee may be limited under the Trust Deed. The Investment Management Agreement provides for the indemnification of the Trustee by the Investment Manager for all Losses. The aggregate maximum liability of the Investment Manager to indemnify the Trustee in each financial year is limited to the SM REIT management fees payable to the Investment Manager for the immediately preceding two financial years. However, such cap on liability shall not be applicable in the case of Losses incurred due to any gross negligence, willful default, or misconduct or fraud of the Investment Manager. Accordingly, the liability of the

Investment Manager and the Trustee are limited under the terms of these agreements, and the Celestia Unitholders may not be able to recover claims against the Trustee or the Investment Manager, including claims with respect to any scheme offer document relating to the Issue.

Further, pursuant to the Trust Deed, the Trustee is not under any obligation to institute, acknowledge the service of, appear in, prosecute or defend any action, suit, proceeding or claim, which in its opinion might involve it in expense or liability that exceeds the value of the portfolio of the Trust. The value of the Project Celestia may not be sufficient to recover claims, including claims with respect to any scheme offer document in relation to the Issue.

29. Net asset value per Celestia Unit may be diluted if further issues are priced below the current Net asset value per Celestia Unit.

We may make fresh issuances of Celestia Units in the future, the offering price for which may be above, at or below the then current NAV per Celestia Unit. The distribution per Celestia Unit may be diluted if new Celestia Units are issued and the use of proceeds from such issue of Celestia Units generates insufficient cash flow to cover the dilution. Where new Celestia Units are issued at less than the NAV per Celestia Unit, the then current NAV of each existing Celestia Unit may be diluted.

30. Investors may be subject to Indian taxes arising out of capital gains on the sale of Celestia Units.

Any gain exceeding ₹0.125 million realized on the sale of Celestia Units held for more than 12 months will be subject to capital gains tax in India at 12.5% (plus applicable surcharge and cess) if STT has been paid on the transaction. Further, gains realized on the sale of Celestia Units held for 12 months or less will be subject to capital gains tax in India at 20% (plus applicable surcharge and cess) if STT is paid on the transaction. Such gains shall be computed on sale of units after reducing from their cost of acquisition any amount distributed to the Unitholders by the Scheme of REIT which is not in the nature of dividends, interest or any other income. STT will be levied on and collected by a domestic stock exchange on which the Celestia Units are sold. Any gain realized on the sale of the Celestia Units held for more than 12 months to an Indian resident, on which no STT has been paid, will be subject to long-term capital gains tax in India at 12.5% (plus applicable surcharge and cess). Further, any gain realized on the sale of Celestia Units held for a period of 12 months or less and on which STT is not paid will be subject to short-term capital gains tax in India at normal rates at which the unitholder would be subject to tax on his other incomes. Capital gains arising from the sale of the Celestia Units will be taxable in India in accordance with applicable laws, subject to a treaty between India and the country of which the seller is resident. The above statements are based on the current tax laws and subject to change as a result of the introduction of new laws or amendments to existing laws.

31. Under Indian law, non-resident investors or foreign investors are subject to investment restrictions that limit our ability to attract foreign investors, which may adversely affect the trading price of the Celestia Units.

Under foreign exchange regulations currently in force in India, transfer of units between non-residents and residents are freely permitted (subject to certain exceptions), if they comply with the valuation and reporting requirements specified by the RBI. If the transfer of units is not in compliance with such pricing guidelines or reporting requirements or falls under any of the exceptions referred to above, then a prior regulatory approval will be required. Further, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries and/or departments are responsible for granting approval for foreign investment. Additionally, Celestia Unitholders seeking to convert Rupee proceeds from the sale of Celestia Units in India into foreign currency and repatriate that foreign currency from India require a no-objection or a tax clearance certificate from the Indian income tax authorities. Furthermore, this conversion is subject to the Celestia Units having been held on a repatriation basis and, either the security having been sold in compliance with the pricing guidelines or, the relevant regulatory approval having been obtained for the sale of units and corresponding remittance of the sale proceeds.

32. Parties to the Trust are required to maintain the eligibility conditions specified under Regulation 26J of the REIT Regulations on an ongoing basis. We may not be able to ensure such ongoing compliance by the Investment Manager and the Trustee, which could result in the cancellation of the registration of the Trust.

We are required to adhere to the eligibility conditions specified under Regulation 26J of the REIT Regulations on an ongoing basis. These eligibility conditions include, inter-alia, that (a) the investment manager is the applicant on behalf of the Trust, where the trust is duly registered under the Registration Act, 1908, (b) the trust deed has its main objective as undertaking activity of SM REIT, (c) the investment manager and the trustee are two separate persons, (d) the investment manager has a net worth of not less than ₹200 million (including a liquid net worth of ₹100 million), (c) the investment manager has employed at least two key managerial personnel, each of whom have not

less than five years' experience in the real estate industry or real estate fund management, (d) investment manager has entered into an agreement with the trustee, (e) the Trustee is registered with the SEBI under Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993 and is not an associate of the investment manager, and (f) the SM REIT and the parties to the SM REIT are "fit and proper persons" as defined under Schedule II of the Securities and Exchange Board of India (Intermediaries) Regulations 2008 on an ongoing basis. Further, the investment manager is required to ensure compliance with certain minimum unitholding requirements under the REIT Regulations for the life of the REIT. We may not be able to ensure such ongoing compliance by the Investment Manager and the Trustee, which could result in the cancelation of our registration.

33. PropShare Celestia has a limited number of listed peers/ schemes undertaking similar lines of business for comparison of performance and therefore investors must rely on their own examination of the Trust for the purposes of investment in the Investment.

PropShare Celestia operates in a niche segment of the real estate market, and is further operating in the nascently developed SM REIT market, which results in a limited number of listed peers or similar schemes of analysis our past and future operations. Hence, Unitholders of PropShare Celestia may find it challenging to find suitable benchmarks for the Trust's performance across the industry. Therefore, it is required that potential investors in the PropShare Celestia take an independent analysis of the Trust, and its schemes financial health, management strategies and market position before making their investment decisions in respect to the PropShare Celestia.

34. Celestia Unitholders may not be able to enforce a judgment of a foreign court against the Trust or the Investment Manager.

The Trust is settled and registered in India. The Trustee and the Investment Manager are incorporated in India. All of our assets are located in India. Where investors wish to enforce foreign judgments in India, where our assets are or will be located, they may face difficulties in enforcing such judgments. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India exercises reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions. In order to be enforceable, a judgment obtained in a jurisdiction which India recognizes as a reciprocating territory must meet certain requirements of the Code of Civil Procedure, 1908 ("**Civil Code**"). Furthermore, the Civil Code only permits enforcement of monetary decrees not being in the nature of any amounts payable in respect of taxes, or other charges of a like nature or in respect of a fine or other penalty and does not provide for the enforcement of arbitration awards even if such awards are enforceable as a decree or judgment. Judgments or decrees from jurisdictions not recognized as a reciprocating territory by India cannot be enforced or executed in India except through a fresh suit upon judgment. Even if we or a Unitholder were to obtain a judgment in such a jurisdiction, we or it would be required to institute a fresh suit upon the judgment and would not be able to enforce such judgment by proceedings in execution. In addition, the party which has obtained such judgment must institute the new proceedings within three years of obtaining the judgment. It is unlikely that an Indian court would award damages on the same basis or to the same extent as was awarded in a judgment rendered by a foreign court if the Indian court believed that the amount of damages awarded was excessive or inconsistent with public policy in India. In addition, any person seeking to enforce a foreign judgment in India is required to obtain prior approval of the RBI to repatriate outside India any amount recovered pursuant to the execution of the judgment.

35. If we are unable to maintain an effective system of internal controls and compliances our business and reputation could be adversely affected

The operation of our Trust, Investment Manager, and PropShare Celestia is subject to a complex regulatory environment, including various laws on securities taxation, and other environmental, and local laws in relation to our real estate assets. Any failure from our end to establish, maintain and scale our internal controls and governance mechanisms, may lead to inaccuracies in financial reporting, non-compliances with applicable laws, and inadequate risk management practices. Any such deficiencies in our internal systems can lead to regulatory penalties from various regulators/ governmental bodies, financial losses to unitholders due to inaccurate reporting, and reputational damage leading to loss of confidence in our ability and business from our unitholders, tenants, and other partners, thereby impacting our future prospects. Going forward, there can be no assurance that our measures will prove sufficient against all potential issues.

2. The Auditor, so appointed, shall be one who has subjected itself to the peer review process of the Institute of Chartered Accountants of India (ICAI) and who holds a valid certificate issued by the Peer Review Board of the ICAI.

3. The Investment Manager shall ensure that the appointment of the Auditor and the fees payable to the Auditor is approved by the Celestia Unitholders, in accordance with the REIT Regulations.

4. The Investment Manager shall appoint an individual or a firm as the Auditor, who shall hold office from the date of conclusion of the annual meeting in which the Auditor has been appointed till the date of conclusion of the sixth annual meeting of the Celestia Unitholders in accordance with the procedure for selection of Auditor, in accordance with the REIT Regulations.

5. The Investment Manager shall not appoint or re-appoint:

    a. an individual as the Auditor for more than one term of five consecutive years; and provided that such individual, upon completion of the term shall not be eligible for re-appointment as the Auditor in the Schemes of the Trust for a period of five years from the date of completion of the term; and

    b. an audit firm as the Auditor for more than two terms of five consecutive years, provided that such firm, upon completion of the term shall not be eligible for re-appointment as the Auditor in the Trust or its Schemes for a period of five years from the date of completion of the term.

6. The Investment Manager, as per recommendation of the Audit Committee and approval of the Board in consultation with the Trustee, may remove the Auditor in accordance with REIT Regulations if the Auditor fails to comply with the provisions of the REIT Regulations. If the removal of the Auditor and appointment of another Auditor to PropShare Celestia is taken up at a meeting of the Celestia Unitholders at the request of the Celestia Unitholders, such removal of the Auditor shall be approved by the Celestia Unitholders in accordance with the REIT Regulations.

Functions, Duties and Responsibilities of the Auditor

The functions, duties and responsibilities of the Auditor will be in accordance with the REIT Regulations. Presently, in terms of the REIT Regulations, the Auditor is required to comply with the following conditions at all times:

1. The Auditor shall conduct audit of the accounts of PropShare Celestia and prepare the audit report based on the accounts examined by it and after taking into account the relevant accounting and auditing standards, as may be specified under the Companies Act, 2013 or any other relevant act/ regulation or by the SEBI;

2. The Auditor shall, to the best of its information and knowledge, ensure that the accounts and financial statements, including profit or loss and cash flow for the period and such other matters as may be specified, give a true and fair view of the state of the affairs of the PropShare Celestia;

3. The Auditor shall have a right of access at all times to the books of accounts and vouchers pertaining to activities of the PropShare Celestia;

4. The Auditor shall audit the accounts not less than once in a year and such report shall be submitted to the designated stock exchange within the timelines prescribed under the REIT Regulations;

5. The Auditor shall have a right to require such information and explanation pertaining to activities of PropShare Celestia as it may consider necessary for the performance of his duties as auditor from the employees of the PropShare Celestia, the Trust or parties to the Trust or the SPVs, if any, or any other person in possession of such information; and

6. The Auditor shall undertake a limited review of the audit of all the entities or companies whose accounts are required to be consolidated with the accounts of PropShare Celestia as per the applicable Indian Accounting Standards and any addendum thereto as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015, in such manner as specified by SEBI.

The Valuer

The Investment Manager, in consultation with the Trustee, has appointed KZEN Valtech Private Limited (Valuer Registration Number: IBBI/RV-E/05/2022/164), represented by its director Sachin Gulaty (Registration Number: IBBI/RV/02/2021/14284) as the valuer to the PropShare Celestia. In accordance with the REIT Regulations, the Valuer has undertaken a valuation of the Project Celestia which is proposed to be acquired by the PropShare Celestia and has prepared its Valuation Report dated January 6, 2026 in relation to such valuation as on September 30, 2025, which has been included in this Final Key Information of the Scheme at *Annexure 2.*

Background of the Valuer

The Valuer is not an associate of the Investment Manager or the Trustee and the signatory to the Valuation Report has not less than five years of experience in the valuation of real estate. The Valuer is an independent valuer under the REIT Regulations. The Valuer has carried out valuation of Project Celestia in accordance with Regulation 26ZJ and Schedule V of the REIT Regulations. Appointment of the Valuer of the PropShare Celestia

The key terms of the appointment of the Valuer are set out below:

1. The Investment Manager, as per recommendation of the Audit Committee and approval of the Board, in consultation with Trustee, shall appoint the valuer of PropShare Celestia ("**Valuer**"), in a timely manner and shall determine the remuneration of such Valuer, in accordance with the REIT Regulations which includes the requirement of being registered as a 'registered valuer' as per Section 247 of the Companies Act, 2013, as amended from time to time and the Companies (Registered Valuers and Valuation) Rules, 2017, as amended from time to time or as specified by SEBI from time to time.

2. The Investment Manager shall ensure the appointment of the Valuer is approved by the Celestia Unitholders in accordance with REIT Regulations.

3. The Investment Manager, as per recommendation of the Audit Committee and approval of the Board, in consultation with the Trustee, may remove the Valuer in accordance with REIT Regulations if the Valuer fails to comply with the provisions of the REIT Regulations. The Celestia Unitholders may request for removal of the Valuer and appointment of another valuer to PropShare Celestia in accordance with the REIT Regulations.

4. The remuneration of the Valuer shall not be linked to or based on the value of the assets being valued.

5. The Valuer shall not be an associate of any of the Investment Manager or Trustee. The Valuer shall have the minimum number of years of experience in valuation of real estate assets as may be required under the REIT Regulations.

6. The Valuer shall be eligible to act as a valuer in accordance with the REIT Regulations or any clarifications, guidelines, notifications or exemptions issued by SEBI.

7. A Valuer shall not undertake valuation of the same property for more than four consecutive years, provided that the Valuer may be reappointed after a period of not less than two years from the date it ceases to be the Valuer of PropShare Celestia.

8. The Valuer shall not undertake valuation of any assets in which it has either been involved with the acquisition or disposal within the last twelve months other than such cases where the Valuer was engaged by PropShare Celestia for such acquisition or disposal.

Functions of the Valuer

The functions, duties and responsibilities of the Valuer will be in accordance with the REIT Regulations. Presently, in terms of the REIT Regulations, the Valuer is required to comply with the following conditions at all times:

1. The Valuer shall ensure that the valuation of the PropShare Celestia's assets is impartial, true and fair and is in accordance with REIT Regulations;

2. The Valuer shall ensure adequate and robust internal controls to ensure the integrity of its valuation reports;

3. The Valuer shall ensure that it has sufficient key personnel with adequate experience and qualification to perform valuations at all times;

4. The Valuer shall ensure that it has sufficient financial resources to enable it to conduct its business effectively and meet its liabilities;

5. The Valuer and any of its employees involved in valuing of the assets of PropShare Celestia, shall not, (i) invest in Celestia Units or in the assets being valued; and (ii) sell the assets or Celestia Units held prior to being appointed as the Valuer, till the time such person is designated as Valuer of PropShare Celestia and not less than six months after ceasing to be valuer of PropShare Celestia;

6. The Valuer shall conduct valuation of the Scheme's assets with transparency and fairness and shall render, at all times, high standards of service, exercise due diligence, ensure proper care and exercise independent professional judgment;

7. The Valuer shall act with independence, objectivity and impartiality in performing the valuation;

8. The Valuer shall discharge its duties towards PropShare Celestia in an efficient and competent manner, utilising its knowledge, skills and experience in best possible way to complete given assignment;

9. The Valuer shall not accept remuneration, in any form, for performing a valuation of PropShare Celestia from any person other the Trust or its authorised representative;

10. The Valuer shall before accepting any assignment, from any related party of the Trust, or PropShare Celestia, disclose to PropShare Celestia any direct or indirect consideration which the Valuer may have in respect of such assignment;

11. The Valuer shall disclose to the Trustee any pending business transactions, contracts under negotiation and other arrangements with the Investment Manager or any other party whom the Trust or PropShare Celestia is contracting with and any other factors that may interfere with the Valuer's ability to give an independent and professional valuation of the assets;

12. The Valuer shall not make false, misleading or exaggerated claims in order to secure assignments;

13. The Valuer shall not provide misleading valuation, either by providing incorrect information or by withholding relevant information;

14. The Valuer shall not accept an assignment which interferes with its ability to do fair valuation; and

15. The Valuer shall, prior to performing a valuation, acquaint itself with all laws or regulations relevant to such valuation.

Frequency of valuation

In accordance with Regulation 26ZJ of the REIT Regulations, the Investment Manager shall ensure that Valuer shall carry out the full comprehensive valuation of the Project Celestia on an annual basis and submit the report to the Investment Manager within two months from the end of the Financial Year. Provided that in case of any material development that may have an impact on the valuation of the Project Celestia, the investment manager shall require the Valuer to undertake full comprehensive valuation of the property under consideration within two months from the date of such event.

Declaration of NAV

The NAV of PropShare Celestia shall be declared and disclosed to the Stock Exchange based on the latest valuation report as on March 31 of respective financial years and upon occurrence of any material development.

CHAPTER 1: OVERVIEW OF THE INDIAN ECONOMY

Introduction

India stands as the most populous country in the world with an estimated population of 1.45 billion people[1]. Over its extensive history spanning thousands of years, India has undergone significant transformation to emerge as a highly dynamic and diverse economic force. India's economy exhibits remarkable growth, positioning it among the fastest-growing economies worldwide. This success can be attributed to a range of factors, including its diverse population, robust domestic consumption, strategic geographical location, skilled workforce, and thriving entrepreneurial ecosystem. As of CY 2024, India ranked as the world's fifth-largest economy in terms of nominal gross domestic product (GDP). Looking to the future, it is projected that India will surpass Germany by 2029 to become the world's third largest economy. This underscores the significant growth potential and momentum of India's economy.

India in a Global Context

The global economy stands at a critical juncture, grappling with significant policy shifts and heightened uncertainty that are testing its resilience. After a period of gradual stabilization following multiple shocks, major economies are now navigating a complex landscape of evolving trade policies. Recent waves of tariffs and countermeasures have driven uncertainty to extraordinary levels, and the pace of disinflation has largely slowed, with inflation even ticking upward in some cases. Given these challenges, the IMF projects global GDP growth to moderate from an estimated 3.3% in CY 2024 to 3.2% in CY 2025 and further to 3.1% in CY 2026. This outlook is subject to multiple downside risks, including potential escalation of trade measures, prolonged policy uncertainty, financial market volatility, and rising long-term interest rates. The impact of tariffs on growth is expected to vary by country, influenced by trade relationships, industry structures, policy responses, and opportunities for trade diversification.

Importantly, India's GDP growth trajectory is projected to outperform global GDP growth at 6.6% in FY 2025-26 and 6.2% in FY 2026-27. This impressive performance, despite global headwinds and trade tensions, is a testament to the underlying strength and resilience of the Indian economy. This resilience can be attributed to the strength in domestic demand and the increasing working-age population.

Trends in Key Economic Indicators

GDP Growth

India has managed to navigate challenges such as trade tensions and global uncertainty better than many of its peers. Looking ahead, India is expected to maintain its position as one of the fastest-growing major economies in the world. India's growth outlook remains relatively stable, with GDP growth projected at 6.6% in FY 2025-26 and 6.2% in FY 2026-27. India's robust domestic demand, strong services exports, and extensive talent pool, position it as a key engine for global economic stability and expansion.

Figure 1.3: Real annual GDP growth

Contribution of Services Sector to GDP Growth

The services sector, also known as the tertiary sector, is a pivotal driver of India's GDP, consistently contributing over 50% to the country's Gross Value Added (GVA). It not only holds dominance in India's GDP but also attracts significant foreign investments, makes substantial contributions to exports, and generates widespread employment.

India's services exports have significantly expanded their global presence, with the country's share in global services exports more than doubling to 4.3% in 2023 from 1.9% in 2005. India ranks as the world's second-largest exporter in 'Telecommunications, Computer, & Information Services', commanding 10.2% of the global market. This reflects India's strong position in IT outsourcing, software development, and digital services. In the 'Other Business Services' sector, India holds 7.2% of the world share, ranking third globally, driven by its expertise in professional and consulting services. The substantial growth in exports of telecommunication, computer, and information services, along with other business services, underscores India's status as a preferred destination for Global Capability Centres (GCCs). These GCCs have evolved from basic business process outsourcing units to managing high-value, mission-critical operations.

Figure 1.4: Contribution of different sectors to GVA, constant prices

Inflation

India's retail inflation, as measured by the Consumer Price Index (CPI), has exhibited a decline from an average of 5.4% in FY 2023-24 to 4.6% in FY 2024-25. The outlook is positive, bolstered by a satisfactory monsoon, healthy crop sowing, sufficient food grain stocks, and GST rate reductions, which are expected to ensure price stability. For FY 2025-26, average CPI inflation is projected at 2.6%.

Figure 1.5: CPI inflation

Repo Rate

The Monetary Policy Committee (MPC) implemented a cumulative rate hike of 250 basis points between May 2022 and February 2023, then kept the policy repo rate unchanged throughout 2024. In 2025, the Reserve Bank of India cut the repo rate by a cumulative 125 basis points in response to global economic headwinds. This monetary easing amid trade uncertainties reflects the central bank's approach to supporting economic growth. The rate cuts aim to encourage consumption and investment while addressing consumer sentiment in the current global environment.

Figure 1.6: Repo Rate

Foreign Direct Investment

India has successfully maintained its appeal as a prime destination for long-term foreign capital investments, benefitting from a robust inflow of Foreign Direct Investment (FDI) in recent years. FY 2024-25 saw a growth of 15% compared to FY 2023-24, underscoring continued investor confidence in India's economic landscape despite external geopolitical challenges.

Figure 1.7: FDI equity inflows, INR crore

Consumer Confidence

RBI's Consumer Confidence Survey (CCS) collects current perceptions (vis-à-vis a year ago) and one year ahead expectations of households on general economic situation, employment scenario, overall price situation, own income and spending across nineteen major cities. Consumer confidence as reflected in the CSI (Current Situation Index) was at its lowest in July 2021. Since then, CSI has been on a path of recovery and stands at 98.4 in November 2025. For the year ahead, households expect further improvement across parameters like general economic situation, employment prospects and income conditions as reflected in the FEI (Future Expectations Index), which stood at 125.6 in November 2025.

Figure 1.8: Consumer Confidence Indices

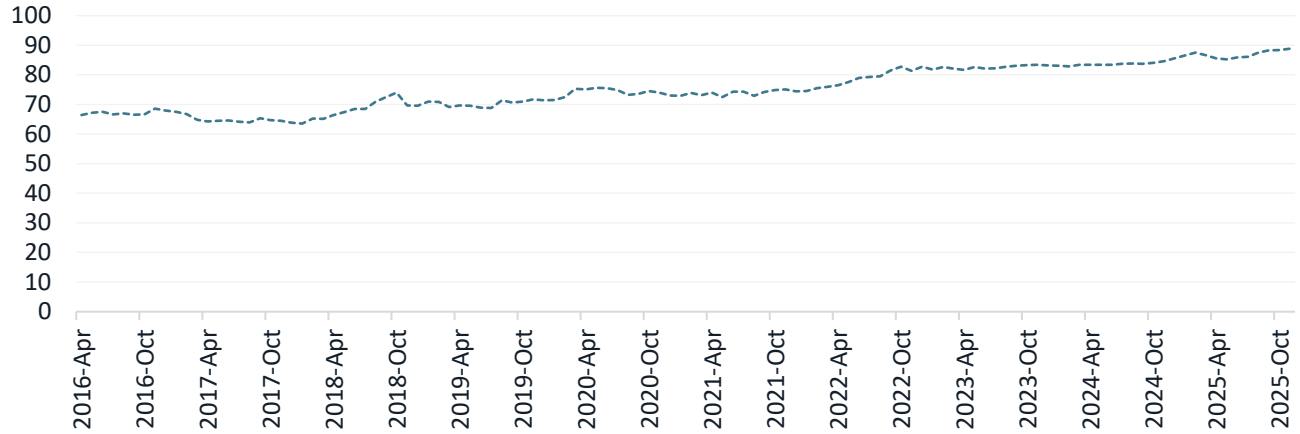

Source: RBI
Note: CSI and FEI are compiled based on net responses on the economic situation, income, spending, employment, and the price level for the current period (as compared with one year ago) and a year ahead, respectively. CSI and FEI = 100 + Average of Net Responses of the above parameters

Exchange Rate

The Indian Rupee has experienced notable depreciation against the USD in recent years. While this depreciation presents certain challenges such as increased import costs and inflationary pressures on imported goods, it has simultaneously created favourable conditions for India's export competitiveness. For real estate, the depreciation has made Indian commercial properties more attractive to foreign investors, as dollar-denominated investments can acquire / lease assets at relatively favourable exchange rates. This currency movement has also reinforced India's appeal as a cost-effective destination for global capability centres and manufacturing operations, supporting the country's position in global value chains.

Conclusion

India's economic fundamentals remain resilient despite global trade uncertainties. The economy has demonstrated its maturity through domestic growth drivers that sustained momentum in FY 2024-25, while structural reforms like GST have delivered measurable benefits. With real GDP growth projected at 6.6% for FY 2025-26, India continues to outperform most major economies.

The inflation trajectory shows significant improvement. Retail inflation's decline from 5.4% in FY 2023-24 to a projected 2.6% in FY 2025-26 has enabled the RBI to cut the repo rate by 125 basis points – a substantial monetary easing that reflects confidence in the economic recovery. Consumer sentiment has steadily improved from its July 2021 lows, indicating growing optimism across the economy.

India's long-term growth story remains intact, supported by key demographic and structural advantages: an expanding middle class, a growing working-age population, competitive labour costs, ongoing infrastructure development, healthy savings rates, and deeper global economic integration.

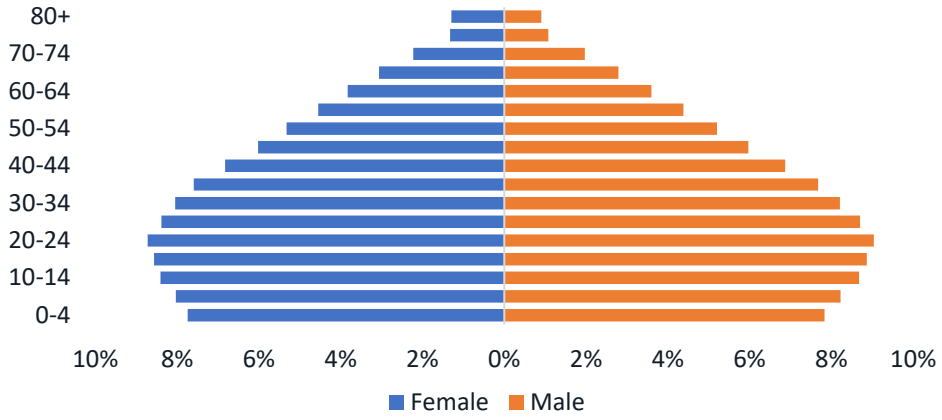

These converging factors create a favourable environment for real estate sector expansion. With monetary conditions easing, consumer confidence rising, and structural growth drivers accelerating, India's property markets are well-positioned to benefit from the country's continued economic growth trajectory.

CHAPTER 2: DRIVERS OF INDIA'S OFFICE REAL ESTATE MARKET

Demographic Advantage

According to recent estimates from the United Nations, India has surpassed China to become the world's most populous country. Notably, India continues to maintain its status as one of the youngest nations globally, with a median age of 28.4 years and ~42% of the population below the age of 25. The working-age population is expected to continue growing both in quantity and proportion to the total population until the middle of the century, ensuring a continuing positive contribution of demographic change to per capita economic growth.

Figure 2.1 Population distribution by age

Increasing Urbanization

India has witnessed remarkable urban progress and is projected to have one of the largest urban populations in the world in 2024, at ~532 mn. According to the 2011 Census, the urban share of India's population stood at around 31%. UNDP (United Nations Development Programme) projections suggest that by CY 2050, more than 880 mn people will reside in urban areas. This rapid urbanization will consequently fuel the demand for real estate across all asset classes.

Enabling Government Reforms

The last couple of decades have witnessed a measured march towards transparency, governance, and financial discipline in India’s real estate market. The transformation of the sector has been driven by a confluence of factors, with technological advancements, a maturing investment landscape and regulatory reforms like RERA, GST and REITs playing a pivotal role.

Figure 2.3: Key reforms within the real estate sector

Listed below are a few noteworthy measures and government initiatives that have had or are expected to have a substantial impact on the real estate sector in India.

Real Estate (Regulation and Development) Act, 2016

For several decades, the real estate sector in India lacked a centralized statute to regulate and govern its operations. Matters related to real estate projects, land, and transfer of ownership were under the purview of state governments. However, increasing instances of project delays and rising consumer complaints necessitated the establishment of an independent regulatory body for the sector. In 2016, the Central Government introduced the Real Estate (Regulation and Development) Act, as the first comprehensive central statute governing the real estate industry.

The primary objective was to foster the growth of the real estate sector by creating a level playing field for all stakeholders and fostering an environment of trust, accountability, transparency, credibility, and efficiency. The introduction of Real Estate Regulatory Authority (RERA) has led to a systemic transformation in the real estate sector. Unorganized players, including fly-by-night developers, have struggled to comply with the strict regulations imposed by RERA. Consequently, there has been an increase in industry consolidation, with smaller developers, lacking sound corporate governance and financial management practices, partnering with larger developers through joint development ventures, development management agreements, or the outright sale of land parcels.

Goods and Services Tax

GST was introduced in India on July 1, 2017, marking one of the most significant tax reforms in India since independence. Its core principle of "one nation, one tax, one market" aims to transform India's tax system. Prior to the implementation of GST, the real estate sector faced the burden of numerous state and central taxes throughout the construction process. These taxes varied across states, leading to ambiguity and confusion among stakeholders regarding applicable rates. However, with the introduction of GST, these multiple taxes were streamlined and consolidated into a uniform regime, providing clarity and simplicity for consumers in the real estate sector.

Insolvency and Bankruptcy Code, 2016

The Insolvency and Bankruptcy Code (IBC) was introduced by the government with the aim of consolidating and amending the outdated regulations regarding insolvency and bankruptcy. Its objective is to enable better access to credit and address the challenges posed by non-performing assets. The Indian real estate sector has faced significant challenges such as non-performing assets and incomplete projects. The implementation of the IBC has brought about a time-bound and unified insolvency process, providing investors with the opportunity to resolve issues related to unpaid assets and outstanding dues.

FDI in real estate

The Government of India has implemented various initiatives to encourage foreign direct investments (FDI) in the real estate sector. In 2005, the construction development sector was initially opened for 100% FDI through the automatic route. Since then, the government has pursued efforts to further liberalize and streamline the FDI policy, aiming to attract more foreign investments and foster growth in the real estate sector. In 2018, the FDI policy was relaxed to allow 100% FDI under the automatic route in Single Brand product retail trading as well. These eased FDI policy norms have also facilitated increased private equity (PE) inflows into the sector, generating significant momentum for its development.

Special Economic Zones (Fifth Amendment) Rules, 2023

The sunset clause withdrew direct tax holidays for units commencing operations on or after April 1, 2020, in SEZs, which was extended till June 2020 due to the pandemic. Post the withdraw of tax holidays, global tech firms did not prefer SEZs, given significant compliance requirements without sufficient financial incentives. This led to a sharp drop in leasing in IT / ITeS SEZs, especially in the past four to five years. As lease contracts expired, occupier exits piled up leading to a substantial increase in SEZ vacancy.

On December 6th, 2023, the Central Government's notification of Rule 11B under the Special Economic Zones Rules, 2006 has paved the way for floor-wise demarcation in the built-up area of an IT/ITeS SEZ as a Non-Processing Area (NPA). This demarcated area may then be used for setting up and operation of IT/ITeS businesses. While some developers have already de-notified under-construction SEZs and SEZ land parcels, this recent amendment is more focused on converting existing vacancies in operational IT/ITeS SEZ office assets into 'relevant space' for IT/ITeS occupiers. The timely intervention is expected to infuse relevant supply in core IT markets and breathe new life into the fading attractiveness of IT/ITeS SEZs.

Real Estate Investment Trusts (REIT) guidelines

In 2014, the Securities and Exchange Board of India (SEBI) issued comprehensive guidelines to provide a regulatory framework for the establishment and functioning of REITs in India. These guidelines aimed to facilitate the growth and development of the Indian REIT market, attract domestic and international investments, and provide opportunities for retail investors to participate in the real estate sector. Since their introduction, SEBI has made periodic amendments to the guidelines to further enhance the efficiency and transparency of the REIT markets. REITs were one of the first forms of fractional ownership of real estate in India.

Small and Medium REITs (SM REITs)

To formalize the nascent fractional ownership space, the Securities and Exchange Board of India (SEBI) notified Small and Medium Real Estate Investment Trusts (SM REITs) through amendments made to the already existing REIT regulations. Under the SM REIT regulations, fractional ownership platforms (FOPs) will now have higher compliance requirements related to issue size, asset exposure, investment portfolio, number of subscribers and minimum investment size. Also, such offerings now need to be listed on stock exchanges and adhere to regular reporting and governance standards. Regulatory oversight is anticipated to usher in a higher level of corporate governance in the sector, resulting in greater market participation from retail investors, increasing liquidity in the real estate market.

Emphasis on Infrastructure Upgradation

The infrastructure sector holds a critical position in propelling India's economic growth and overall development. As the country steadily progresses towards attaining the status of a global economic powerhouse, the significance of having a strong and well-developed infrastructure becomes increasingly evident. The government's dedication to this cause is evident through various initiatives and substantial funds allocated to bolster the infrastructure sector.

National Infrastructure Pipeline

In 2020, India introduced the National Infrastructure Pipeline (NIP) with a vision of investing INR 111 Lakh Crore (USD 1.5 trillion) from 2020 to 2025. Public-Private Partnerships (PPPs) have been identified as a valuable mechanism to accelerate infrastructure development and facilitate investments outlined in the NIP. Engaging the private sector promotes industry competitiveness, allowing access to a broader talent pool and optimized resource utilization. Initially launched with 6,835

projects, the NIP has expanded to encompass over 12,700 projects spanning 64 sub-sectors, with a capital outlay of ~USD 2,300 billion.

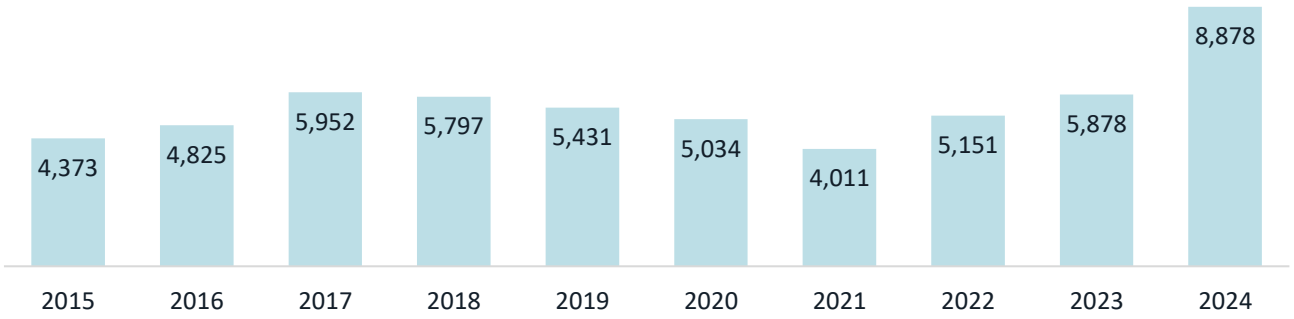

PM Gati Shakti

In 2021, the government introduced the PM Gati Shakti National Master Plan (NMP) to consolidate the various infrastructure schemes such as Bharatmala (a centrally-sponsored and funded road and highways project of the Government of India with a target of constructing 83,677 km of new highways) Sagarmala (an initiative for port-led development to boost coastal and waterway logistics), and UDAN (a regional air connectivity scheme to make flying affordable and connect smaller cities) under a unified digital platform. Integrated with the GIS-enabled PM Gati Shakti platform, it enables streamlined planning, design, and monitoring of next-generation infrastructure projects through a single portal. Consequently, there has been a significant expansion of roads, railways, and waterways, while ports and airports have undergone substantial upgrades.

Surge in Institutional Investments in Real Estate

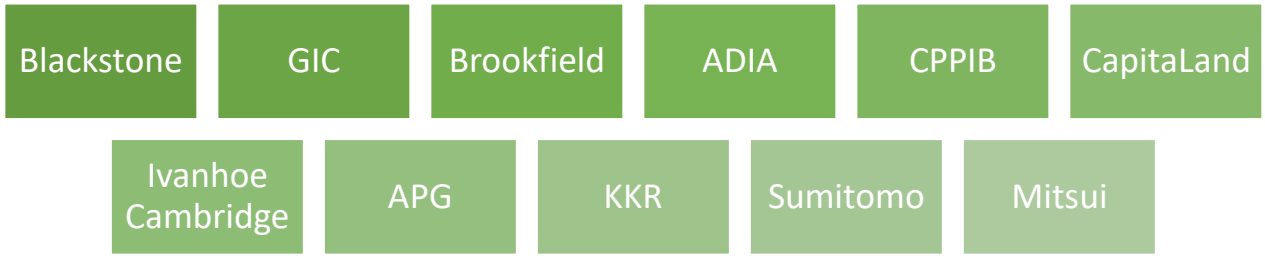

In CY 2024, the real estate sector in India witnessed a significant surge in institutional investments[2], with a total value exceeding USD 8.8 billion spread across 78 deals. This figure stands as the highest on record and represents a significant 51% increase compared to the previous year, showcasing sustained investor confidence in India's growth story amidst global uncertainties. The bolstered confidence can be attributed to progressive government initiatives that aim to augment transparency and accountability within the real estate sector. Notably, these efforts have resulted in a prominent rise in the proportion of investments from foreign institutional investors in recent years, with their contributions accounting for an average share of ~74% over the past five years.

Figure 2.4: Institutional Investments in real estate, USD mn

Figure 2.5: Key foreign investors in the sector

The office sector emerged as the frontrunner commanding ~44% of overall institutional investments from 2015 to 2024, which translates to ~USD 25 billion. It was followed by the residential and warehousing sectors. Given the rapid growth of data consumption, the digitization of the economy, the arrival of 5G technology, and the increasing focus on data localization, there is a foreseen surge in demand for investments in data centers in the coming years. It is pertinent to note the industry has witnessed a rising trend of portfolio-level investments as opposed to individual asset investments in recent years. Moreover, investors are demonstrating a preference for development partnerships with selected developers, which is driving consolidation in the market.

[2] Institutional flow of funds includes investments by family offices, foreign corporate groups, foreign banks, proprietary books, pension funds, private equity, real estate fund-cum-developers, foreign funded NBFCs, REIT anchor investors, sovereign wealth funds and does not include domestic NBFC funding, construction finance, developer investments as stock in trade, developer buy backs and any corporate RE purchase for self-use. The data has been compiled as per available information in the public domain

China + 1 Strategy

Propelled by the economic initiatives of the Indian government, such as 'Make in India' and improvements in the ease of doing business index, global giants are increasingly looking to invest in India. This has been further supported by rapid infrastructure development and the government's efforts to position India as an attractive investment destination on the world stage.

To de-risk supply chain requirements and mitigate production challenges, many multinational companies are adopting strategies like China+1 and Europe+1. This approach could potentially benefit India amongst other Southeast Asian countries across various sectors. Furthermore, manufacturing firms are expected to create more R&D jobs in India as it offers efficiencies in managing both research and production in the same geographical region. We are already witnessing the impact of these initiatives with major companies like Apple setting up manufacturing units in India.

The Production Linked Incentive (PLI) scheme is the primary driver of India's global competitiveness. Launched in 2020, the scheme is a transformative policy designed to position India as a global manufacturing powerhouse. Through incentives on incremental sales, the government effectively offsets local 'disability costs,' enabling Indian-manufactured goods to compete on price internationally. With an initial outlay of INR 1.97 lakh crore (~ USD 26 bn), the program spans 14 key sectors.

Availability of Skilled Labour at Competitive Costs

The rapid adoption of emerging technologies like cloud computing and artificial intelligence/machine learning has led to an exponential increase in the demand for tech talent. India boasts one of the world's largest pools of STEM graduates, positioning it as a major global player in producing highly skilled professionals. Furthermore, as the second-largest English-speaking country globally, India offers an added advantage by providing a large talent pool with minimal language barriers.

Additionally, one of India's key strengths is its highly competitive cost structure. There is a significant disparity between salary costs in India and those in developed countries. This cost advantage attracts global tech companies to outsource work to Indian BPOs and IT/ITeS companies, resulting in considerable cost savings. The heightened workflow and increased demand for quality office space by these companies have a significant impact on driving the growth of the real estate sector in India.

Growing Tech Sector

The tech industry in India has grown exponentially in the last two decades. Amid global geo-political tensions and headwinds, India's technology industry revenue (including hardware) is estimated to generate USD 283 billion in FY 2024-25, a ~5.1% year-on-year growth. Tech export revenues reached ~USD 224 billion while the domestic technology sector is expected to cross USD 58 billion. Despite the tough market conditions, the industry continues to be a net hirer, taking the total employee base to 5.8 mn, a year-on-year growth of ~2.2%.

Expansion of Innovation Driven Businesses and Start-Ups

Over the past decade, the startup ecosystem in India has experienced exponential growth, driven by innovation, substantial venture capital investments, and government support. The number of startups recognized by the Department for Promotion of Industry and Internal Trade (DPIIT) increased from around 700 back in 2016 to over 199,000 as of November 2025. This remarkable growth has positioned India as the third-largest startup ecosystem in the world, which has yielded over 100 unicorn startups. The thriving startup ecosystem also presents opportunities for Global Capability Centres (GCCs) to leverage emerging technologies and evolving tech solutions. This enables them to tap into a digitally advanced ecosystem for serving their global clients effectively. Furthermore, the surge in the number of startups in India has fuelled the demand for flexible office spaces in recent years. Flexible space providers offer startups a convenient and ready-to-use office space solution with low capital expenditure requirements. This allows startups to focus on their core operations without the hassle of day-to-day facility management, vendor coordination, and the flexibility to scale their team as needed.

Increasing Demand from Global Capability Centres

Global Capability Centres (GCCs) remain the biggest industry segment in terms of potential growth, accounting for a lion's share of current active space requirements. The opportunity for entry of new GCCs remains significant with ~65% of the Global 500 companies (excluding India-headquartered firms) yet to leverage the India opportunity. The next few years are likely to witness an accelerated increase in the number of GCC units in India as more companies attempt to leverage India's growth favouring ecosystem and the existing ones execute their expansion plans within the country. India's proven credentials and trained workforce will ensure that it remains among the top innovation geographies. As firms increasingly consider offshoring R&D work and utilizing GCCs as transformation hubs to drive business excellence and organizational growth, India will continue to be a leading destination.

Introduction

India's office market has witnessed significant growth over the past two and half decades, establishing itself as a prominent player in the global commercial real estate industry. The top eight markets* in India have experienced a tremendous surge in Grade A office stock, growing nearly 15.3 times, from ~59.5 mn sq ft in 2004 to around 907.7 mn sq ft as of September 2025.

The rise of the business process outsourcing (BPO) industry in the early 2000s played a pivotal role in attracting major multinational companies to set up operations in the country, subsequently kickstarting the transformation of the office market. What was once a landscape of unorganised standalone buildings has now evolved into Grade A commercial developments owned by reputed developers and institutional investors.

Today, India's office market presents a wide array of opportunities for companies seeking to expand their operations. With its robust economy, abundant cost-effective talent pool, and favourable business environment, India has become an attractive destination for both domestic and international companies looking to establish their presence in the country.

*Note: Top eight markets include Ahmedabad, Bengaluru, Chennai, Delhi NCR, Hyderabad, Kolkata, Mumbai, and Pune

Bengaluru emerges as the dominant force in India's office market with a Grade A office stock reaching around 216.6 mn sq ft, making it the second-largest office market in the Asia-Pacific (APAC) region, only surpassed by Tokyo. Following Bengaluru, Mumbai, Delhi NCR, and Hyderabad take the lead as the top office markets in India. Collectively, these four markets contribute ~78% of the total Grade A stock in India's top seven markets. While representing a smaller portion of the overall Grade A office stock at 1.8%, Ahmedabad is a rapidly emerging commercial hub poised for significant growth. The city's real estate market is experiencing a boom, driven by a thriving economy, extensive infrastructure development, and an investor-friendly environment.

Classification of Office Stock

Based on quality

As of September 2025, approximately 58% of India's commercial office stock belongs to the Grade A+ category. The upward trend in the share of Grade A+ stock is a result of the evolving nature of the sector and changing preferences of occupiers. The demand for Grade A+ assets has led to an increased introduction of such properties in the market.

Grade A	72.5	74.3	75.7	81.2

Note: Grade A+ stock is a subset of the Grade A universe and are office assets of the highest quality. These have been identified based on project quality assessment, project age & upkeep, tenant quality, current rent and rental growth, sustainability certifications and other relevant factors

Trends in Supply, Net Absorption and Vacancy

The office market in India has shown considerable vibrancy over the past few years. 2023 was a historic year for India's office market as net absorption in India's top eight markets breached the 40 mn sq ft mark and stood at ~43.0 mn sq ft. This not only marked a new post-COVID milestone but also the second highest annual absorption, trailing only the levels recorded in 2019. The resilient expansion-driven occupier activity is a testament to the country's quality talent pool and competitive costs.

India office market has built on the gains through the 2022-23 period as it remains the focal point of headcount addition and RE growth for global occupiers. It was reiterated by the net absorption for 2024 hitting historic peak levels of ~51.0 mn sq ft. Over 2025 to 2028, we anticipate that the market activity of 2024 will become the new norm, with net absorption for each year expected to be higher compared to 2024.

Figure 3.4: New Supply, net absorption, and vacancy trends

Rental Trends

Rents have moved up post pandemic across most cities, with core micro-markets seeing healthy growth in rents driven by sustained demand and higher-grade, green-certified buildings being able to command a premium. The rental values during the first 9 months of the 2025 basis (Q3 2025 vs Q4 2024) have increased across all cities, with Hyderabad witnessing the maximum growth of 11.7%, followed by Delhi NCR and Kolkata with a growth of 6.3% and 5.6%, respectively. Bengaluru, Chennai, Ahmedabad, Mumbai and Pune recorded 5.2%, 3.5%, 3.4%, 2.6% and 1.7% rental growth, respectively.

Trends in Gross Leasing Activity

Gross leasing in India's top eight markets exceeded the 60 mn sq ft milestone for the very first time in 2023, reaching an impressive 64.2 mn sq ft, a significant 24.5% y-o-y increase. In a year marked by global headwinds, these achievements were a testament to the market's strong underlying fundamentals and growth prospects. Leasing activity in India continues to see a sustained period of intense activity, underpinned by demand from both global and domestic occupiers. The annual gross leasing of 78.2 mn sq ft across the top eight cities in 2024 is the best-ever for the India office market, outshining the previous peak recorded in 2023 by a significant 22.8% y-o-y. With the momentum in gross leasing activity expected to remain strong through the final quarter of 2025, the full year is expected to reach new highs, surpassing the 80 mn sq ft mark.

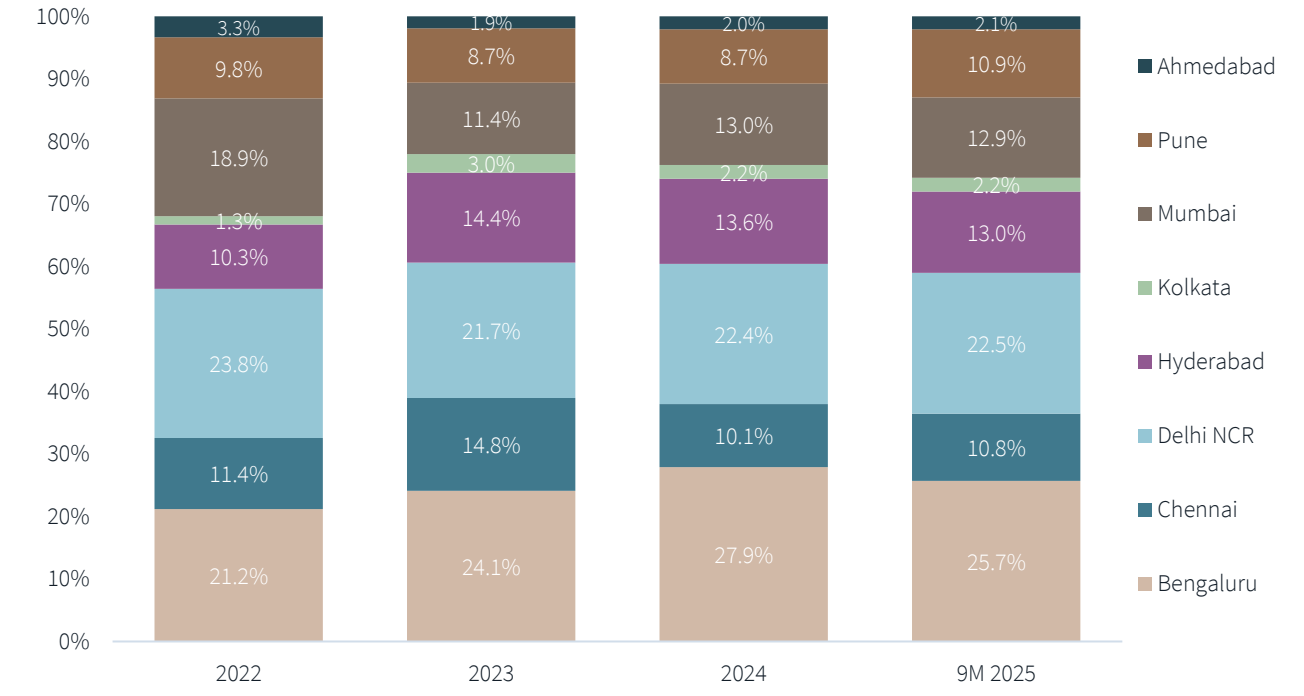

Figure 3.6: Gross leasing trends

Source: JLL Research, Q3 2025

Bengaluru and Delhi NCR followed by Mumbai, Chennai and Hyderabad have dominated the gross leasing activity over the last few years. For the nine months of 2025, Bengaluru and Delhi NCR accounted for 25.7% and 22.5% of the yearly gross leasing, respectively. Hyderabad and Mumbai followed with respective shares of 13.0% and 12.9%. As a key emerging market, Ahmedabad demonstrates consistent leasing activity, accounting for 2.1% of gross leasing during the first nine months of 2025.

Figure 3.7: Distribution of gross leasing by markets

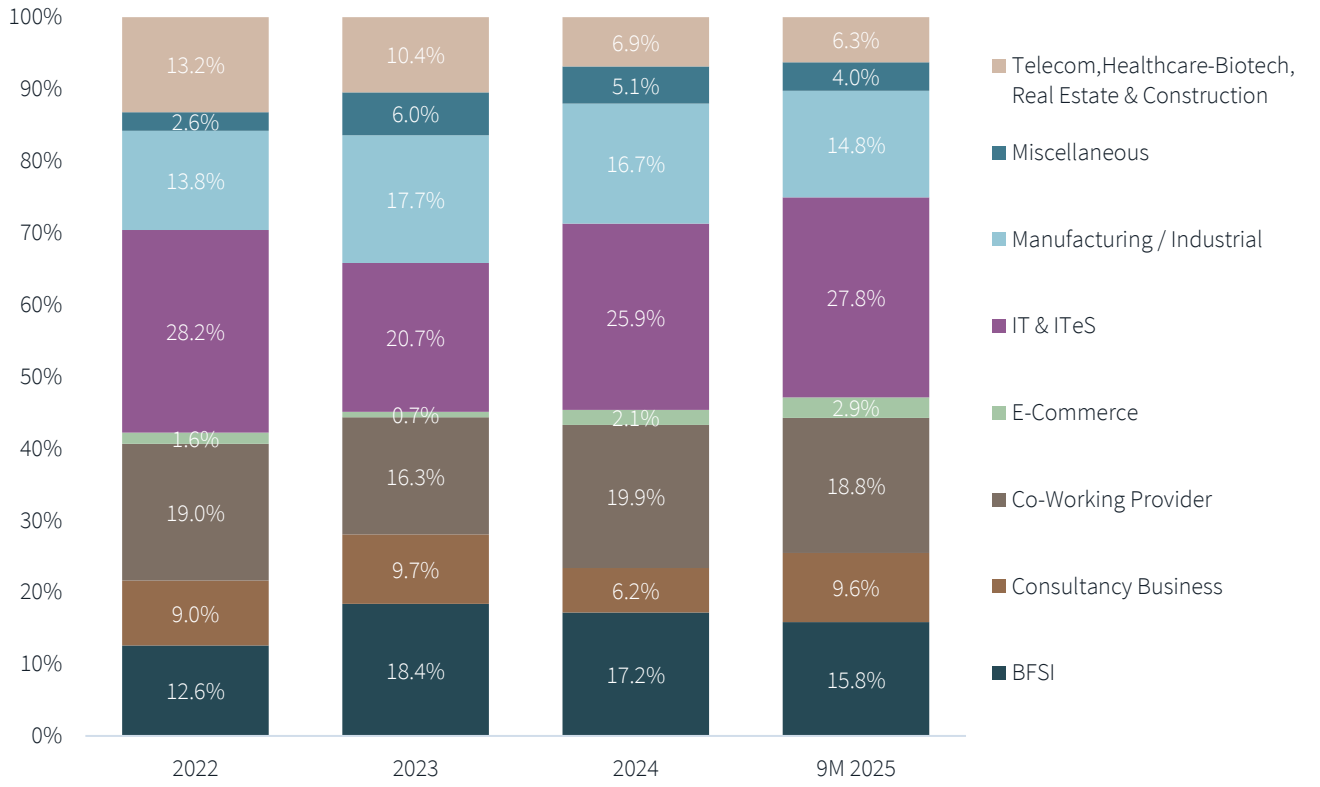

Source: JLL Research, Q3 2025

Sectors driving gross leasing activity

Tech has been the largest occupier category in India's office market. Post the pandemic, while tech continues to remain the major driver of leasing activity in the country, its share in overall leasing activity has reduced. While the tech sector saw a noticeable drop in its share (~21%) in pan India overall leasing activity during 2023 amid reduced space take-up by third-party outsourcing firms, global headwinds and slower revenue growth, it made a partial recovery in 2024 with its share rising to 25.9% in 2024.

Flex hit the as-predicted leasing number of over 15 mn sq ft in 2024, another peak in this sector's performance and showcasing its continued growth and contribution to India's office market amid evolving workplace and portfolio strategies across industries. The flex segment had a substantial 19.9% share in the annual leasing numbers in 2024, its best share underscoring the momentum in this segment. The momentum in the BFSI segment saw its share at 17.4% in 2024 with Engineering/manufacturing following with 16.7%. In absolute terms, all the three segments – Flex, BFSI and manufacturing/engineering recorded their highest ever leasing numbers in 2024.

Figure 3.8: Sector-wise share of gross leasing

The Road Ahead

Focus to shift towards building performance data and active collaboration with landlords.

While green office spaces have been a crucial step towards sustainable real estate portfolios, green certifications in their current form do not guarantee energy efficiency or lower carbon emissions. Moreover, leasing in green-certified buildings is no longer a differentiator and by 2030, it will be a de-facto requirement when prominent occupiers lease office spaces. The focus will shift towards credible building sustainability data, making the green lease contract crucial for ensuring transparency in data and active mission-aligned collaboration between landlords and occupiers throughout the life of the lease.

It is becoming increasingly evident that corporates must adopt a proactive approach to sustainability, integrating it deeply into their business operations and decision-making processes. They must embrace innovation and leverage cutting-edge technologies to drive efficiency, reduce environmental impacts, and enhance the quality of their workplaces. By doing so, occupiers can not only contribute to a greener future but also boost their brand reputation, attract, and retain talent, and ensure

long-term business resilience. Those that take bold and decisive actions will pave the way for societal and environmental progress, setting a benchmark for others to follow.

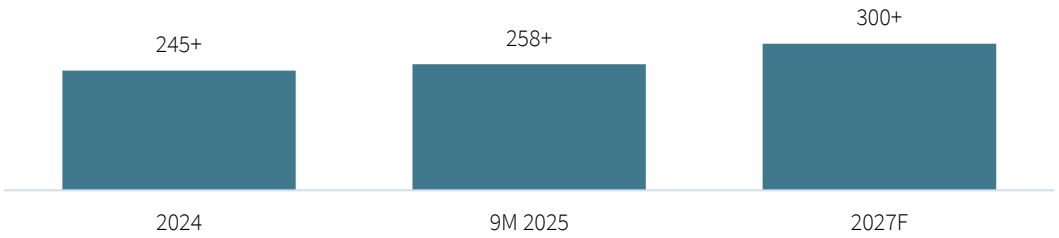

Flight to quality

It is pertinent to note that recently completed projects and lower-quality assets contribute the most to headline vacancy numbers. The flight to quality is evident in terms of office occupancy being polarized towards core markets and superior-grade projects. Institutionally owned and green certified projects continue to find favour from occupiers and hence see much better occupancy levels. Grade A+ quality assets enjoy 500 – 800 bps higher occupancy levels and command rental premiums of 10% - 20% when compared to other Grade A assets. This trend is expected to continue as institutional-quality assets account for a large share of the upcoming supply and will remain the first choice for corporate occupiers.

GCCs key to increasing occupier demand

India is increasingly becoming the preferred choice for large conglomerates to set up Global In-house Centres or Global Capability Centres (GCCs). Office Stock occupied by GCCs account for ~34% of all occupied Grade A stock across the top seven cities, which translates to ~258+ mn sq ft. The holistic ecosystem provided by the bigger metros across a strong physical and office infrastructure, talent pool and support amenities have seen GCCs expand mostly across these cities, although some Tier 2 and 3 cities have also emerged. Over the last couple of years, with talent dispersion and trends around hybrid working, GCCs have been quite active in increasing their footprint in such emerging urban centres.

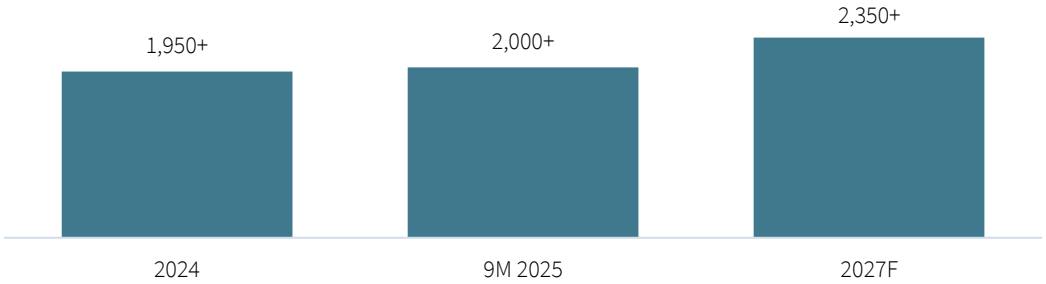

Figure 3.9: Grade A office space occupied by GCCs, mn sq ft

Source: JLL Research, Q3 2025

The next few years will witness a multifold increase in the number of GCC units in India as more companies attempt to leverage India's growth ecosystem and the existing ones execute their expansion plans within the country. The number of GCC units is expected to cross 2,350 over the next 2-3 years with the corresponding office occupancy footprint expected to grow to over 300 mn sq ft. proven credentials and trained workforce will remain the momentum drivers as firms increasingly look at offshoring R&D work and using GCCs as transformation hubs which drive business excellence and organization growth.

Figure 3.10: Number of GCC units in India

Source: JLL Research, Q3 2025

Demand expanding beyond the top seven office markets of India

Commercial office activity is increasingly expanding beyond India's traditional top seven office markets (Bengaluru, Chennai, Delhi NCR, Hyderabad, Mumbai, Pune and Kolkata) cities, propelled by factors like rising real estate costs in major hubs, the availability of a skilled workforce, infrastructure enhancements, and supportive government initiatives. Ahmedabad exemplifies this shift, recording strong gross leasing activity in the past three to four years. This robust corporate demand, coupled with acquisition of spaces in premium buildings by flex operators, has created a shortage of premium grade supply in the market, which is expected to drive up rental rates for these premium assets.

The confluence of strong leasing momentum amidst global uncertainty heralds market opportunity and growth runway for India

India's relative immunity to global uncertainties and headwinds has now positioned it as a market that is tuned towards growth across both headcount and real estate footprint metrics. With robust office occupancies already causing a space crunch in existing portfolios of large occupiers, there are clear signals of portfolio expansion actions moving ahead. The market remains well on track with its strong pipeline of deal activity and current performance to reach unprecedented leasing volumes of 80 mn sq ft or even higher.

Demand from GCCs – both existing ones and new country entrants remains strong, making up ~50% of all active space requirements. At a sector level, the strong rebound in third-party tech activity is providing a strong fillip to India's tech outsourcing sector with the pivot centred around AI and other cutting-edge technology offerings. International banking and financial services players' appetite for offshore operational centres, complemented by the manufacturing sector dynamism fostered through strategic policy initiatives also form a key element for the market's future growth potential.

A strong deal pipeline offers support to surging leasing volumes and tight vacancy rates indicate a geography that features as the focal point of business expansion for global corporates. Domestic corporates continue to ride the wave of a marked resilience in local market fundamentals and global business confidence in India to grow, a hallmark of a country defined not just by its costs but also its emergence as a strategic hub for market-changing innovation ideas driven by its deep talent pool.

CHAPTER 4: INVESTING THE SM REIT WAY

Introduction

The Indian real estate sector has undergone significant transformation in the past decade due to evolving regulations aimed at enhancing transparency and protecting consumer interests. This shift has resulted in a more organized and regulated market, which has demonstrated resilience and consistent growth across all asset classes. Consequently, retail investors have become increasingly attracted to real estate as a stable and lucrative investment option, particularly during times of economic uncertainty.

Traditionally, retail investors faced obstacles such as high entry barriers, limited market knowledge, and a lack of expertise when evaluating investments in the commercial real estate sector, which offered higher rental yields and stability. As a result, the investor pool was limited to institutional investors, ultra-high net-worth individuals, and pension and sovereign funds. However, the landscape has changed with the advent of Real Estate Investment Trusts (REITs) and more recently, Fractional Ownership Platforms (FOPs), which have democratized access to real estate for retail investors and provide portfolio diversification opportunities by enabling access to previously exclusive asset classes. These instruments can enhance liquidity and accessibility in real estate investments. Additionally, they typically offer higher, stable, and assured returns for retail investors. As regulatory oversight improves and investor interests are safeguarded, REITs and FOPs are expected to further drive real estate ownership among retail investors.

Real Estate Investment Trusts (REITs)

While the influx of private equity, sovereign and pension funds support the push for creating more investible grade assets, the public markets and more specifically REITs have enhanced institutional participation. These instruments provide liquid avenues by creating both depth and breadth in real estate markets. The listing of REITs in India has provided a mutual fund-like investment option in real estate. It provides diversification across asset classes and geographies, an opportunity to invest in real estate properties in smaller denominations through formal platforms, lower transaction costs, tax savings, easy liquidity and access to expertise coupled with transparency and accountability. India took a gradual approach in establishing its REIT legislation, in contrast to its global counterparts. Prior to the Nexus Select Trust retail REIT in 2023, the country had only three listed REITs, with a strong focus on the office sector. The introduction of Embassy Business Park in 2019 marked India's first REIT, followed by Mindspace and Brookfield REITs in 2020 and 2021 respectively. Despite being launched amidst the pandemic, both REITs received strong responses from both institutional and retail investors. Notably, the occupancy rates and rent collections for REIT-managed assets remained resilient even during the pandemic. This highlights the effectiveness of professional asset management, supporting the notion that professionally managed assets tend to outperform their counterparts.

Figure 4.1: Key REIT Highlights

The operational office space held under REITs in India experienced significant growth, from ~24.8 mn sq ft as of March 31st, 2019, to ~133.6 mn sq ft as of September 30, 2025

Committed occupancy in the operational office portfolios as of September 30, 2025 stands at: Embassy REIT: ~90%, Mindspace REIT: ~92%, Brookfield REIT: ~90%, Knowledge Realty Trust: ~92%

The approximate Weighted Average Lease Expiry (WALE) of the office portfolios as of September 30, 2025 stands at: Embassy REIT-8.5 years, Mindspace REIT-7.4 years, Brookfield REIT-6.6 years, Knowledge Realty Trust-8.1 years; highlighting the long-term stability of active leases in the portfolios

Over H1 FY 2025-26, the annualized distribution yield ranged from ~5.1% to 6.7%. For Embassy REIT, the yield was ~6.0-6.2%; for Mindspace REIT, it was around 5.1-5.8%, for Brookfield REIT, it ranged from ~6.1-6.7% and for Knowledge Realty Trust, the yield was ~5.4-6.0%.This indicates the annual return on investment generated in the form of distributed income. Additionally, investors also benefit from capital appreciation as the value of the underlying assets increases over time

REITs were one of the first forms of fractional ownership in India. The REIT market in India is still in its early stages, but it has shown promising signs of growth. The growth of the market presents an opportunity to deepen and strengthen the Indian real estate sector. This growth is supported by a robust regulatory framework that places a strong emphasis on transparency and high governance standards, thereby attracting global investor interest. The introduction of the SM REIT regulations to formalise the nascent Fractional Ownership space adds another dimension to the REIT market, further enhancing the depth of the real estate sector. We anticipate continued growth in the market as more listed REIT vehicles are expected to emerge, providing further opportunities for investors.

So, what are Fractional Ownership Platforms (FOPs)?

Fractional ownership, as the name suggests, empowers investors to own a fraction or share of a physically undivided property, effectively lowering the entry barriers and enabling participation by a diverse investor base. Fractional Ownership Platforms (FOPs) act as experienced investment managers playing a critical role to select the asset, based on their real estate experience. The FOP forms the formal channel that enables retail investors to tap into primarily pre-leased commercial real estate, including office spaces, warehouses, or even shopping malls, at a fraction of the total investment outlay. The cost of asset acquisition is split among several investors who invest in a specific asset-backed scheme under a Special Purpose Vehicle (SPV) established by the FOP. The investors earn returns in the form of rentals as well as long-term value appreciation of the property upon exit, with distributions made after the deduction of management fees and other maintenance expenses.

Over the past few years, the FOP market in India has experienced rapid growth, fuelled by technological advancements, and increasing investor interest in alternative investment avenues. Property Share emerged as the first FOP in India in 2016 and is one of the largest players in the fractional ownership space accounting for more than one-fourth of the market in terms of Assets Under Management (AUM). Other players in the fractional ownership space are Strata, HBits, Assetmonk, ALYF, WiseX, YOURS etc.

SM REIT Regulations

The regulatory framework for fractional ownership in India has been undergoing significant changes and development for more than a decade. REITs emerged as one of the initial forms of fractional ownership in the country. Over the last few years, while FOPs proliferated, a critical aspect remained unaddressed – regulatory oversight was mostly ambiguous or absent. As the market grew and retail investor interest rose, investment safeguards came under discussion. There were concerns related to lack of uniformity in disclosure standards, lack of transparency in valuation, management fees, maintenance costs and redressal of investor grievances.

To formalize this growing segment, the Securities and Exchange Board of India (SEBI) notified Small and Medium Real Estate Investment Trusts (SM REITs) through amendments made to the already existing REIT regulations. The notifications require FOPs who wishes to operate such investment schemes to be registered as an SM REIT and be licensed under SEBI. Under the SM REIT regulations, the FOPs will now have higher compliance requirements related to issue size, asset exposure, investment portfolio, number of subscribers and minimum investment size. Also, such offerings now need to be listed on public exchanges and adhere to regular reporting and governance standards.

Key Aspects of the Regulations

Structure

- A single SM REIT can launch multiple schemes for investment in real estate assets (similar to mutual funds). Accordingly, a SM REIT can house different real estate assets under different schemes and each scheme will have its own set of unitholders

Investment Manager

- Investment manager responsible for setting up an SM REIT to have a net worth of at least INR 20 crore and not less than INR 10 crore in the form of positive liquid net worth
- At least two years of experience in the real estate industry or in real estate fund management
- Should be a company incorporated in India
- In an SM REIT scheme that has opted not to undertake leverage, the investment manager shall always hold at least 5% of the total outstanding units during the first three years. The minimum holding increases to 15% in the case of leveraged schemes

Underlying Asset

- SM REIT schemes are not allowed to invest in under-construction or non-revenue generating real estate assets. Scheme of SM REIT shall invest at least 95% of the value of the schemes' assets for each of its schemes in completed and revenue generating properties.
- Security deposit from tenants will not form part of the assets of the scheme for the purpose of compliance with investment conditions
- Regulations do not differentiate between commercial and residential properties. Any asset satisfying the definition of 'real estate' or 'property' can be acquired if it is complete and revenue generating
- Vacant land, assets falling under the purview of 'infrastructure' cannot be brought under the framework of SM REIT

Asset Value

- Collective value of assets proposed to be acquired under a single scheme should be at least INR 50 crores and should not exceed INR 500 crore
- Multiple schemes can exist under a SM REIT and there is no cap on the collective value of assets held across all schemes under a SM REIT

Units Holders & Subscription Size

- Given the relatively nascent nature of the fractional ownership market, the minimum subscription size is kept at INR 10 lac. This is still lower compared to the earlier minimum size of INR 20-25 lac size set by FOPs
- Minimum 200 unit holders other than the sponsor(s), its related parties and its associates
- Maximum subscription from any investor other than sponsor(s), its related parties and its associates should not be more than 25% of the total unit capital

Impact of the Regulations

The SM REIT regulations have created an enabling environment for active asset management and the potential to bring many income-generating small and medium-sized real estate assets under the purview of REITs. This not only offers a fresh avenue of funding for asset owners but also has the potential to improve transparency and market efficiency. As a result, regulatory oversight is anticipated to inject greater market participation from domestic as well as foreign retail investors, ultimately increasing liquidity in the Indian real estate market. Investors holding units of SM REIT schemes will be entitled to similar tax benefits and a similar risk-reward spectrum as those investing in 'big REITs' SM REITs can potentially bring in under-valued 'hidden gem' assets which can create investor value with better asset management Importantly, the listing of SM REITs on public exchanges will lead to more efficient 'price discovery'. It will offer more flexibility to investors, allowing them to easily participate and exit with relative ease, without relying on FOPs for liquidity.

SM REIT Market Opportunity

Around 40.7% of the overall Grade A office stock in the top eight cities of India, currently valued at ~USD 53 billion is SM REIT-worthy. This illuminates the promise and potential of this sector's burgeoning future. Markets like Mumbai and Delhi NCR offer the biggest opportunities for asset acquisition under the SM REIT umbrella, given the proliferation of smaller and mid-sized projects. Even the tech markets of Bengaluru and Hyderabad offer sizeable growth opportunities where well-leased but mid-sized assets are potential investment opportunities under SM REITs.

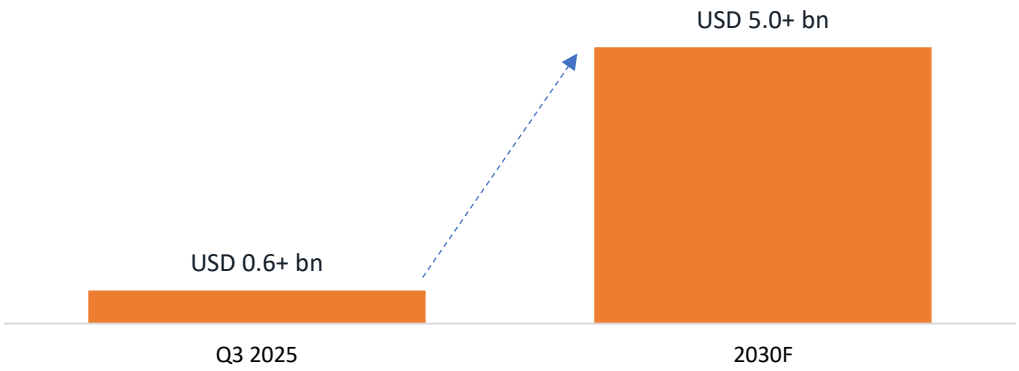

Table 3: SM REIT Opportunity across Markets

SM REITs are expected to pave the way for a thriving REITs market in India. The regulatory aspects will allow investors to approach this segment with greater confidence, given higher levels of disclosures and accountability. Additionally, technological advancements, improved transparency, smaller capital outlay requirements and growing investor interest for participation in a rapidly appreciating real estate market are expected to drive growth. There are likely to be evolving compliances and regulatory oversight challenges that the industry is expected to face as the regulations mature and implementation progresses forward. Despite these teething issues, this market is poised to grow and potentially surpass USD 5.0 billion of AUM by 2030. The REIT market in India grew from around USD 3.6 bn to ~USD 23.8 bn in Gross Asset Value within a span of 5.5 years. As the sector evolves on the regulatory framework backbone, we expect the SM REIT market to experience even faster growth.

Latest SM REIT Market Updates

1. The Board approved the following proposals to facilitate ease of doing business related to activities of SM REITs

    a. Standardizing the disclosures in scheme offer document including bifurcation of the scheme offer document into Key Information of the Trust (KIT) and Key Information of the Scheme (KIS), manner of filing and processing of KIT and KIS, manner of updation of KIT and preparation of scheme offer document in a manner which facilitates automated processing

    b. Guidelines for public issue of units by a scheme of SM REIT including allocation in public issue, subscription period, price band, allotment procedure in case of oversubscription and minimum subscription

amount

c. Alignment of certain provisions pertaining to investment conditions and borrowings for SM REITs vis-à-vis REITs.

2. REIT Regulations have been amended to provide that any asset falling under the definition of 'infrastructure' to be considered as 'real estate' or 'property' (and hence eligible to be held as part of the REIT or SM REIT assets) if the following principle is met: *The objective of holding such asset by the REIT (either directly or through underlying HoldCos / SPVs) shall be to earn fixed rental income from leasing out such asset and without assumption of any risk or reward arising out of or related to the operation of such asset.* **Assets such as warehouses, hotels, and data centres, may be considered infrastructure if they meet specific criteria related to investment size, location, and function.**

3. SEBI has indicated that SM REITs are likely to have their own apex body - SRO (Self-Regulatory Organisation) and not be covered under the Indian REITs Association.

4. Six SM REITs are now registered with SEBI. Till now, Property Share Investment Trust has listed two product offerings/schemes – PropShare Platina in December 2024 and PropShare Titania in July 2025.

Why SM REITs

ILLUSTRATION 1 *– An individual HNI/Corporate Senior management/business owner wants to invest in RENT-YIELDING COMMERCIAL PROPERTY*

WHAT HE WANTS*: well-leased space within budget; Annual returns of 7-8%; long-term tenancy; professional asset management; investment diversification and ease of exit & liquidity*

CONCERNS*: re-leased assets are not available under individual /Retail ownership model; In strata models one has to actively seek a leased space, undertake legal and Title due diligence, lease tenure analysis, negotiate price without adequate market knowledge, pay brokerage and other associated transaction costs (Stamp duty, etc.) and actively manage lease contractual obligations; there are exit costs upon liquidation while one has to look at finding a buyer pool on their own*

WHY SM REIT IS THE SOLUTION*: No brokerage and no hidden costs, publicly listed scheme offering umbrella investor protection under SEBI, professional asset management, leased asset under scheme offering income from day zero, easy exit options, public benchmarks for ease of comparison, access to market information, well-managed and transparent investment dashboards*

Looking ahead

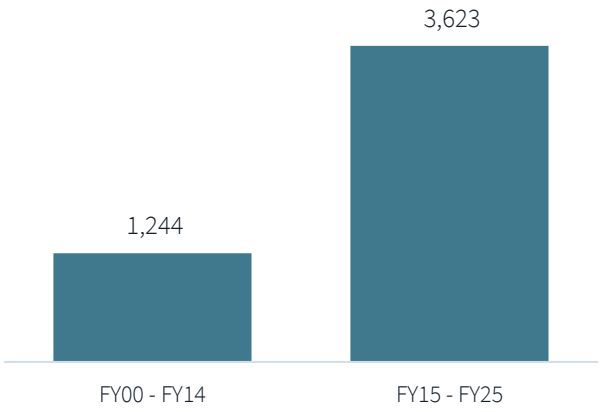

Fractional ownership is still a relatively nascent market in India, driven by PropTech-enabled startup firms that offer retail investors a technology-driven investment solution for private investments in rent-yielding assets. However, a critical aspect remained unaddressed – regulatory oversight. While SEBI has addressed this aspect, challenges related to scalability and fostering investor trust remain, especially for newer SM REITs lacking a proven track record. Despite these challenges, fractional ownership, with its inherent advantages of affordability, diversification, and opportunities for appreciation, is poised to become a mainstream investment option in India. To support its growth, efforts should be focused on educating investors and stakeholders about this investment model, enhancing digital infrastructure, and fostering collaboration between fractional ownership platforms, developers, and regulatory bodies. Moreover, regulatory oversight will ensure a well-defined and secure environment, empowering individuals with varying investment capacities to participate in the institutionalized real estate market. Complementing 'big REITs', SM REITs or 'micro-REITs' are expected to expedite the journey of India's real estate sector towards becoming more organized and institutionalized. This development will fuel the growth and advancement of the real estate sector, creating a win-win situation for investors, asset owners, and the economy as a whole. As the market for SM REIT products evolves, we are likely to see increasing share of other asset segments. There are also platforms offering residential investment options – second homes, luxury villa/resort investment opportunities, given the rent as the potential for rent and capital appreciation. Income-generating assets across varying real estate segments are likely to be part of SM REITs going forward, further adding depth to the market while unlocking asset value accretion.

CHAPTER 5: AHMEDABAD'S OFFICE MARKET OVERVIEW

Ahmedabad – A rapidly strengthening infrastructure & growth corridor

Ahmedabad, the largest city in Gujarat with a population of ~8.85 million, stands as a dynamic economic powerhouse in Western India. Renowned for its entrepreneurial spirit and rich cultural heritage, Ahmedabad is rapidly gaining recognition as a key business, education, and real estate destination. Within Gujarat, Ahmedabad has emerged as one of India's fastest-growing urban and commercial centres, supported by a strong and well-planned infrastructure ecosystem. This growth trajectory has been significantly enabled by 25 years of stable governance in Gujarat, which has powered a 2.9x rise in government investment and cumulative FDI equity inflows of USD 44.9 bn from October 2019 to March 2025 – establishing Gujarat as one of India's most business-ready state.

Figure 5.1: Capex in Gujarat, INR bn

Source: DPIIT, RBI, JLL Research

Over the past decade, the city has benefited from sustained investment in roads, transit systems, industrial corridors, and urban amenities, positioning it as a highly attractive destination for businesses, global capability centres (GCCs), and Grade A+/A real estate development. As a prominent city developing into a major metropolitan hub, Ahmedabad offers a blend of urban amenities and growth potential that appeals to both businesses and residents seeking opportunities beyond India's top seven office markets.

The city's transformation has been anchored by strategic infrastructure development that has created multiple growth corridors. The major commercial arteries include SG Highway (Sarkhej-Gandhinagar Highway), which emerged as the primary IT and commercial spine, CG Road serving as the retail and commercial heart, and Ashram Road connecting key business districts. SG Highway's evolution as Ahmedabad's premier office destination began in the early 2000s, driven by the availability of large land parcels suitable for campus-style developments and continuously improving connectivity infrastructure.

Ahmedabad is home to GIFT City (Gujarat International Finance Tec-City), India's first operational smart city, spread across approximately 886 acres and serving as the headquarters for IFSCA (International Financial Services Centres Authority). Launched in 2015, GIFT City was envisioned as a global financial and IT services hub offering world-class infrastructure, regulatory support, and tax incentives. This development has attracted multinational corporations, banks, and financial institutions, positioning Ahmedabad as an emerging fintech destination.

Gujarat's IT Policy initiatives have transformed Ahmedabad from a textile-centric economy to a diversified commercial hub. The current IT/ITeS Policy Gujarat (2022-27), effective until March 31, 2027, offers monthly incentives for IT/ITeS establishments in Gujarat, creating competitive advantages for companies setting up offices in the city. The sustained policy support has positioned Ahmedabad as an increasingly attractive destination for technology companies, driving robust occupier interest in the city's office market.

Table 4: Key financial incentives under Gujarat IT-ITeS Policy (2022-2027)

Incentive Type	What Companies Get	Benefit Amount	Eligibility & Limits
Flex/co-working space rental support	Financial assistance for office rental costs when using co-working/flex spaces	Years 1-2: Government pays 50% of monthly rent Years 3-5: Government pays 25% of monthly rent	Maximum Support: INR 10,000 per employee seat/month (Years 1-2) INR 5,000 per employee seat/month (Years 3-5)

Incentive Type	What Companies Get	Benefit Amount	Eligibility & Limits
			Company would be eligible for the fiscal support for a period of five years from the date of start of commercial operations any time prior to 31 Mar 2027.
New hire bonus	One-time cash incentive for each new local employee hired and retained for a minimum period of 1 year	50% of the employee's one month CTC	Maximum per employee: INR 50,000 for male employees INR 60,000 for female employees
Employee benefits reimbursement	For eligible units, government reimburses company's mandatory EPF contribution for employees	Female employees: 100% of company EPF contribution reimbursed Male employees: 75% of company EPF contribution reimbursed	Calculation basis: Up to 12% of employee's basic salary + DA + retentions

Infrastructure development has been a key catalyst, with projects like the Ahmedabad Metro (operational since 2019), BRTS (Bus Rapid Transit System), ring road development, and airport expansion significantly improving connectivity. The upcoming bullet train project connecting Ahmedabad to Mumbai is expected to further enhance the city's commercial attractiveness. Additionally, Ahmedabad is one of India's most affordable major cities, which combined with quality institutions like IIM Ahmedabad and growing job opportunities, is driving strong talent migration and fuelling demand in the office real estate market.

In parallel, the 2030 Commonwealth Games has triggered a massive build-out of world-class sports and civic infrastructure. The proposed Sardar Vallabhbhai Patel Sports Enclave (SVPSE), along with associated venues (aquatics, indoor arenas, athlete village, training facilities), hotel & hospitality expansion, improved airport terminal capacity, and city-wide urban upgrades, are expected to accelerate economic activity, job creation and urban liveability, further enhancing the city's appeal for both businesses and residents.

Ahmedabad's Infrastructure Overview

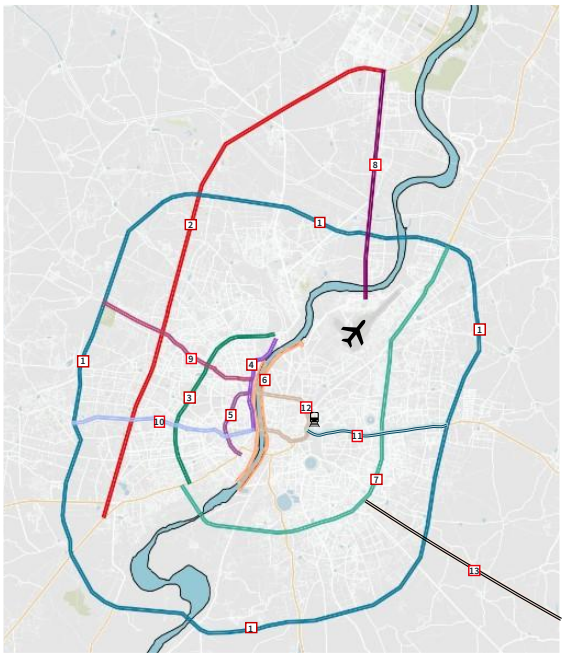

Ahmedabad's infrastructure provides a competitive advantage, centred on an integrated multi-modal transport ecosystem that mitigates the congestion challenges common in India's top seven office markets. The city offers connectivity through an arterial and ring road network, anchored by the SP Ring Road and the Sarkhej–Gandhinagar (SG) Highway. This road network is enhanced by flyovers that ensure smooth traffic flow and predictable travel times, evidenced by the consistent 40-minute commute between Ahmedabad and Gandhinagar. Ahmedabad was the first Indian city to implement a Bus Rapid Transit System (BRTS) at scale, which is now integrated with the Ahmedabad Metro's east-west and north-south lines, enhancing intra-city mobility and decongesting major commercial corridors. The upcoming Mumbai–Ahmedabad High-Speed Rail Corridor (Bullet Train) will establish the Sabarmati terminal as a multi-modal hub integrating high-speed rail, metro, BRTS, and regional networks. This development is expected to improve regional connectivity, unlock new commercial districts, and catalyse long-term economic activity across the city, positioning Ahmedabad as a business hub attractive to both corporations and residents.

Classification of Office Stock

Ahmedabad has established itself as a significant commercial centre in Western India, with Grade A office stock of 16.1 mn sq ft that underscores the city's evolution as a business destination. The market demonstrates healthy fundamentals with a vacancy rate of 10.5%, reflecting consistent occupier demand supported by a diverse property mix of traditional strata developments and an expanding portfolio of non-strata buildings that cater to varied corporate requirements. A significant acceleration in development activity is underway across submarkets with large-scale projects scheduled for delivery from 2026 onwards, representing a marked departure from the modest annual additions witnessed historically.

The emergence of Gujarat International Finance Tec-City (GIFT City) has become a key catalyst, enhancing Ahmedabad's commercial profile and contributing to sustained growth in office infrastructure and occupier interest. The city presents compelling expansion opportunities, driven by its established industrial foundation, access to skilled workforce, and business-friendly environment, positioning Ahmedabad as an attractive destination for domestic and multinational companies seeking to establish or expand their regional operations.

Based on quality

The Grade A+ segment represents 6.41 mn sq ft of Ahmedabad's total office inventory, with a clear geographical concentration pattern. GIFT City accounts for most of this premium category at 4.67 mn sq ft, while the remaining 1.74 mn sq ft of Grade A+ space is positioned within the SBD micro-market. This distribution reflects the market's evolution toward institutional-quality developments that meet the standards of sophisticated occupiers. The Grade A+ segment is poised for continued expansion as occupier preferences increasingly favour premium, technology-enabled office environments. This trend is being reinforced by the ongoing pipeline of high-specification developments in GIFT City and other strategic locations, underscoring Ahmedabad's growing attractiveness to corporations seeking modern, high-quality office facilities.

Ahmedabad's Secondary Business District (SBD) encompassing Nehru Nagar, SG Road, Prahladnagar, Sindhubhavan Road, Bodakdev, Vastrapur, and Satellite commands higher rentals than the city's CBD and East SBD, with average rents at INR 57.3 per sq ft/month basis overall stock. The SBD's strong occupier demand and concentration of high-quality developments support this premium. However, SBD rents remain below PBD (INR 63.8 per sq ft/month), primarily due to the presence of GIFT City within the PBD, which has a larger concentration of top-tier, internationally benchmarked supply to the market. When comparing the subset of Grade A+ developments, average rentals in SBD are marginally higher than PBD.

Grade A+ vacancy in SBD Ahmedabad stands at a notably low 1.7%, which is ~1,250 basis points lower than the PBD's vacancy rate of 14.2%. This pronounced gap highlights the strong occupier demand and limited availability of premium office space within the SBD compared to other competing submarkets.

Market Dynamics - Demand, Supply, Vacancy & Rental Trends

Ahmedabad's office market has exhibited consistent momentum and resilience. Net absorption reached 2.0 mn sq ft in 2022, outpacing new supply additions and driving vacancy rates down from 12.6% in 2022 to 8.8% in 2024. This performance reflects strong underlying demand fundamentals, supported by sustained leasing activity across key sectors including IT/ITeS, BFSI, consultancy, and co-working operators.

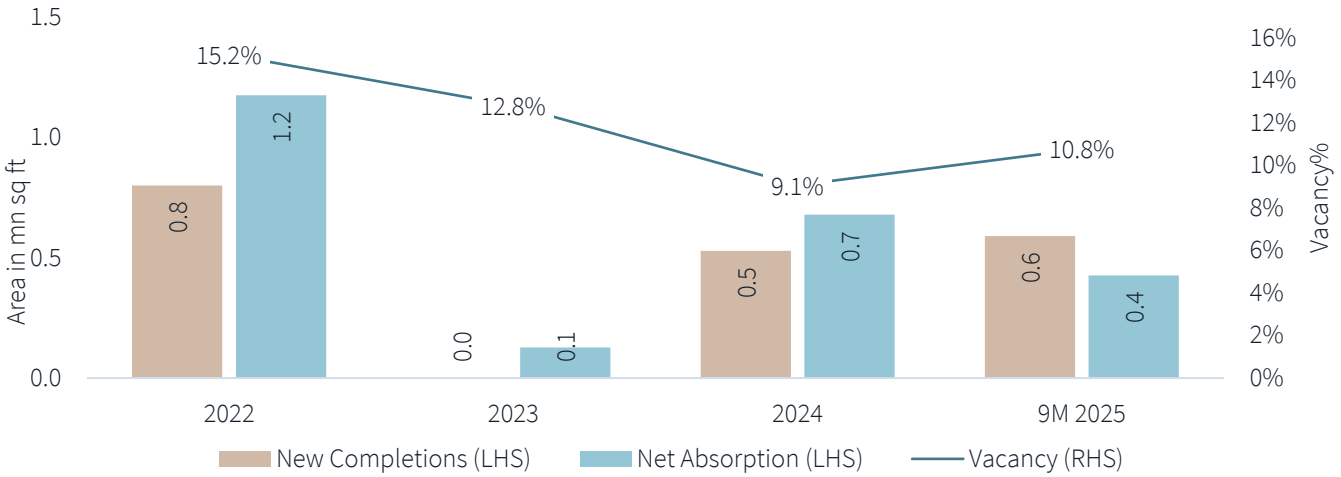

Despite moderated supply additions in 2023 and 2024, occupier demand remained robust, maintaining market equilibrium and preventing significant vacancy fluctuations. Through the first nine months of 2025, the market successfully absorbed 1.1 mn sq ft against 1.5 mn sq ft of new completions, resulting in a stable vacancy rate of 10.5%. This balanced supply-demand dynamic, particularly during a period of continued development activity, demonstrates Ahmedabad's sustained appeal across diverse industry segments and reinforces its position as an emerging commercial destination.

Rental growth in Ahmedabad's office market during 2024 and into 2025 has been primarily driven by the delivery of high-quality new supply in strategic locations. The SBD and CBD submarkets recorded the most significant rent increases from 2022 to 9M 2025, as compared to Grade A and Grade A+ assets in other submarkets, reflecting strong occupier demand for premium grade assets amid constrained availability in these established business districts. From 2022 to 9M 2025, SBD rentals advanced from INR 45.4 to INR 57.3 per sq ft per month, while CBD rents increased from INR 38.0 to INR 49.4 per sq ft per month. Extended SBD and PBD submarkets also experienced steady rent appreciation, supported by persistent tenant demand for modern office spaces with enhanced amenities. Average PBD rents remained elevated, underpinned by GIFT City's presence and consistent absorption of high-specification supply, though growth has moderated in recent quarters.

Source: JLL Research, Q3 2025

SBD Ahmedabad has demonstrated one of the most robust rental growth trends in the city's office markets during the period CY 2022 to Q3 2025. Overall SBD rentals have grown at a robust 8.8% CAGR from 2022 to 9M 2025, outpacing other major submarkets. Grade A+ assets in the SBD have recorded a 7.5% CAGR over the same period - the highest among Ahmedabad's Grade A+ corridors. This rental growth reflects sustained demand for institutional-quality office spaces, tight vacancy levels, and occupiers' growing preference for modern, amenity-rich developments within the SBD corridor.

Trends in Gross Leasing Activity

Ahmedabad's office market demonstrated strong leasing momentum in 2024, achieving gross leasing volumes of ~1.6 mn sq ft. This positive trajectory has been sustained through the first nine months of 2025, with gross leasing activity reaching 1.2 mn sq ft, indicating continued occupier confidence and market vitality.

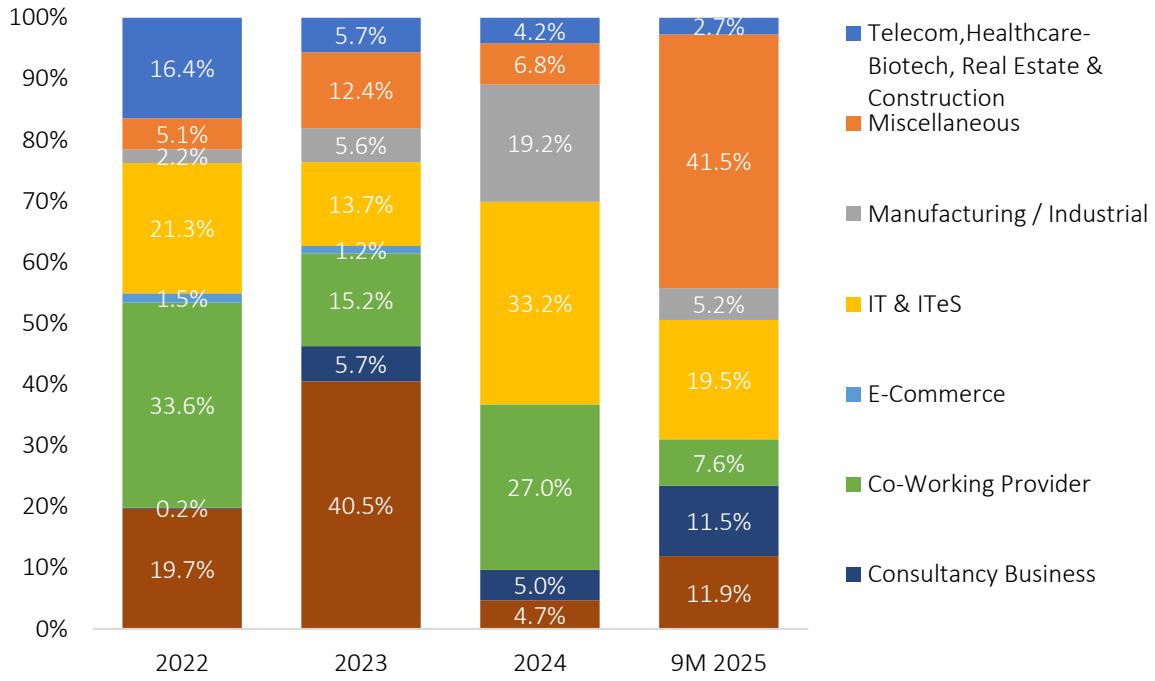

Figure 5.12: Gross leasing trends – Ahmedabad Grade A

Source: JLL Research, Q3 2025

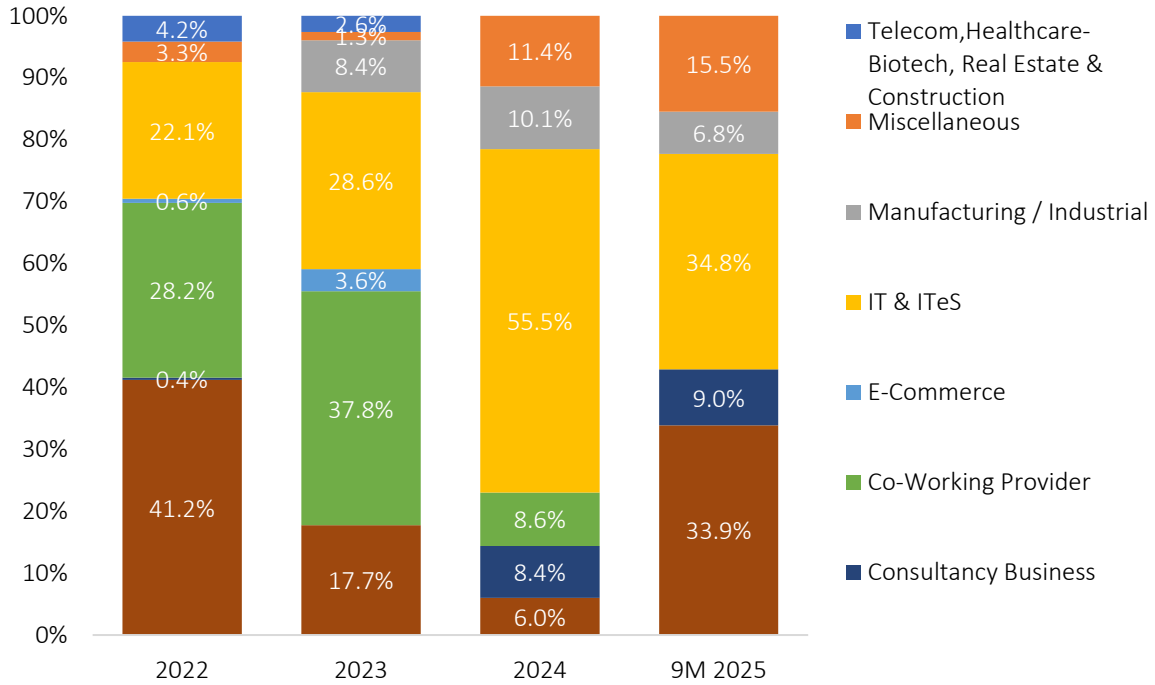

Ahmedabad's leasing activity has demonstrated significant sectoral diversification, reflecting the market's evolving appeal across industries. In 2022, co-working providers led at 33.6%, followed by tech (21.3%) and BFSI (19.7%). The market shifted notably in 2023 with BFSI dominating at 40.5%, while 2024 saw tech reclaim leadership at 33.2% alongside co-working's resurgence to 27.0%. Manufacturing/industrial sectors also gained traction at 19.2% in 2024. Through 9M 2025, tech has maintained a solid 19.5% presence. This dynamic composition highlights Ahmedabad's capacity to attract diverse occupier categories, from traditional sectors like BFSI to emerging segments such as co-working, positioning the city as an adaptable commercial market.

Overview of the flex market in Ahmedabad

Ahmedabad's flexible workspace sector has emerged as a significant component of the city's commercial real estate landscape. The market has demonstrated robust growth momentum, with total flex stock reaching ~1.83 mn sq ft across 23,648 seats. This expansion represents a substantial evolution from the nascent flex offerings available just a few years ago, positioning Ahmedabad as an increasingly important flex destination within India's top eight office markets.

The growth trajectory has been particularly pronounced in recent years, with flex operators expanding their footprint to capture enterprise demand for agile workspace solutions. Corporate preferences for flex workspace solutions over traditional direct leasing arrangements stem from multiple operational and financial advantages.

- **Cost Savings:** Leasing with a flex space operator often translates to lower costs with reduced administrative costs and other overhead expenses. Pre-built, move-in ready space can reduce initial out-of-pocket expenses, enable greater efficiency, and potentially drive down total occupancy costs.

- **Zero capital expenditure:** The key benefit for occupiers opting for customised spaces over traditionally leased spaces is the savings on the upfront expenditure for fit outs. In simple terms, while the operational costs are mostly higher because occupiers end up paying a composite rent for a bouquet of services, there are significant savings on capital expenditure.

- **Lease tenure flexibility:** Flexible space helps organizations "buy time" as they launch new initiatives, establish growth projections, and develop longer-term space strategies. Tenants with space requirement for a shorter duration face certain challenges in leasing out space with space owners as the minimum lock-in period for organized office spaces is typically three or more years. Flexible workspaces allow the tenants to take up spaces as per their requirement in terms of lease tenures / lock-ins, thus allowing for greater flexibility.

- **Increased portfolio flexibility:** Companies can scale up or down easily based on changing business needs. The flexibility to increase or decrease seat take-up is a key attraction for start-ups and SMEs, many of whom are faced with uncertain growth and cash flow expectations.

- **Innovation and collaboration opportunities:** Flex arrangements foster innovation through increased employee interaction, exposure to new business concepts and cross-pollination of ideas. Employees share the space with professionals from diverse industries which provides them with networking opportunities and can lead to valuable partnerships.

- **Customization and convenience:** For large corporates, the possibility of getting spaces customised to their requirements, a low gestation period and the convenience of managed flex spaces are important factors. Corporates today view their workplace environment as an instrument to drive business performance and enhance engagement, empowerment, and fulfilment among staff. The furtherance of this agenda requires an element of specialisation, and flex space operators are filling this gap, thereby yielding tangible benefits to the occupier.

However, it is pertinent to note that the associated benefits vary, depending on the type of occupiers and their scale of operations. Start-ups and SMEs, many of whom are faced with uncertain growth and cash flow expectations are primarily attracted to the cost and flexibility factor. For large corporates, the savings on upfront expenditure for fit outs as well as the customization and convenience are major pull factors. Large corporates are enticed by the savings on upfront expenditure for fit outs, as well as the enhanced customization options and unparalleled convenience provided by flex space operators. Thus, flex office space is a viable real estate option for all types of office occupiers—from freelancers and start-ups to large corporates. Varied in-house amenities like gym, spa, food court, gaming zones, sleeping pods, crèche services, etc., and perks such as seamless access to the operator's flex spaces across locations only add to the attractiveness of the deal.

SBD is the dominant hub for flex operations

Market dynamics indicate that flexible workspace providers have been actively securing prime locations across key submarkets, with the Secondary Business District (SBD) emerging as the dominant hub for flex operations. The distribution pattern reflects distinct preferences among flex operators and their corporate clients for established business corridors with superior infrastructure and connectivity.

Table 11: Distribution of flex stock across submarkets

	Stock, seats	Vacancy, %	Indicative rental range, INR/seat/month
CBD	2,040	~3	7,000 – 8,500
SBD	20,288	~12	8,000 – 15,000
Extended SBD	680	0	8,000 – 9,000
PBD	640	~48	9,000 – 18,000

SBD commands 86% of Ahmedabad's flex stock due to its strategic position at the intersection of talent availability and corporate demand. SBD's superior metro and BRTS connectivity makes it easily accessible for employees living across key residential areas, while its concentration of Grade A office buildings provides the large, quality spaces that flex operators need to serve enterprise clients effectively. The submarket's established corporate ecosystem creates consistent demand for flexible workspace, enabling operators to achieve both scale and premium pricing. This combination of talent accessibility, quality infrastructure, and corporate presence makes SBD the natural choice for flex operators seeking to build sustainable, profitable operations.

Managed space model has gained traction

Pure-play managed space operators have experienced the fastest growth compared to other flex space operators. The managed office space model has gained traction in Ahmedabad as corporations seek turnkey solutions that address evolving workplace requirements. Flex operators typically enter into medium to long-term lease agreements with landlords, then design and fit-out spaces according to specific tenant requirements, absorbing the capital expenditure while providing fully serviced environments. This model enables rapid deployment of customized workspace solutions, with operators handling everything from interior design and technology infrastructure to facilities management and administrative service. It is worth noting that managed space, as a subset of the larger flex space market, is expected to continue witnessing significant expansion.

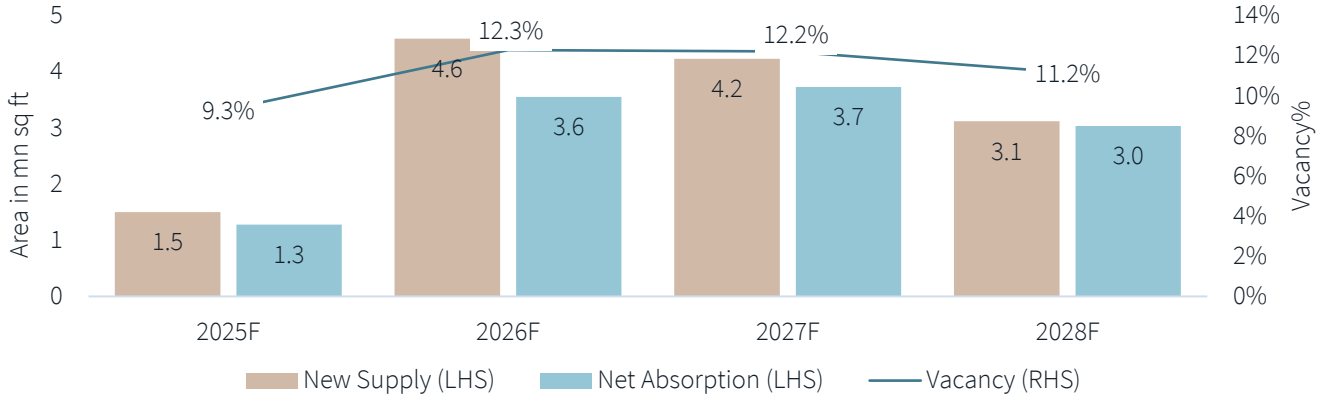

Outlook -Ahmedabad Office Sector

Over 2026 to 2028, Ahmedabad's office market is set to see a substantial addition of nearly 12 mn sq ft of new supply, with the Peripheral Business District (PBD) forecasted to contribute the largest share, followed by the SBD and Extended SBD.

Within this pipeline, SBD alone is expected to deliver ~3.8 mn sq ft by 2028, solidifying its role as a core growth engine for the city's commercial real estate sector.

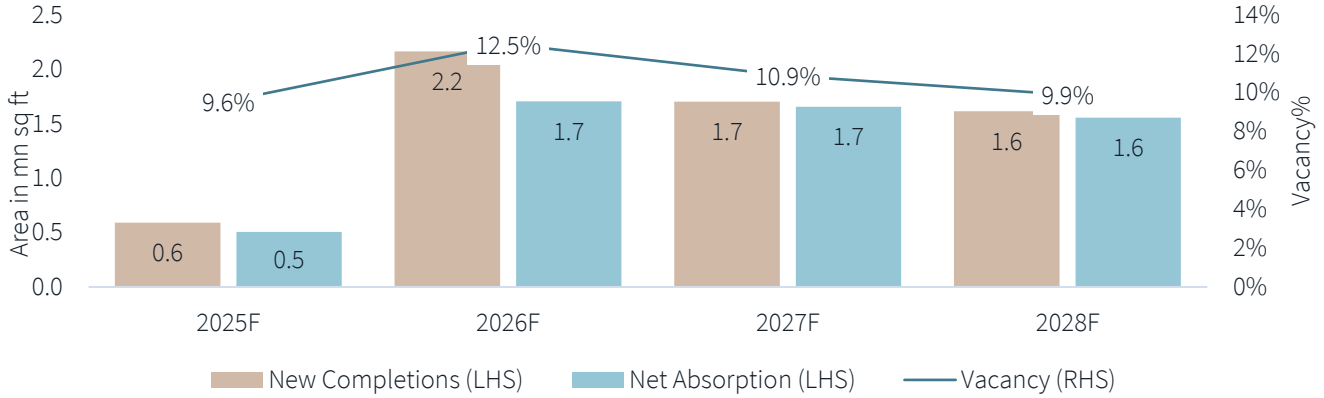

Sustained demand is expected from sectors such as IT/ITeS, BFSI, consulting, co-working, manufacturing, and e-commerce, as companies continue to seek high-quality, well-connected offices for both expansion and consolidation. Growing preference for sustainable and wellness-oriented buildings is shaping new supply, with occupiers prioritizing green certifications, modern amenities, and robust facility management. As new projects in SBD, Extended SBD, and PBD come on-stream, Ahmedabad's office market is poised for an active phase of development, with SBD continuing to attract a diverse mix of occupiers owing to its strategic location, premium quality stock, and comprehensive social infrastructure.

CHAPTER 6: SBD OFFICE MARKET OVERVIEW

Evolution of SBD Office Market

Ahmedabad's SBD, encompassing Nehru Nagar, SG Road, Prahladnagar, Sindhubhavan Road, Bodakdev, Vastrapur, and Satellite, has transformed dramatically from predominantly residential and retail neighbourhoods into a major office destination. Rapid urban expansion and infrastructure development, including enhanced road connectivity and comprehensive public amenities, have established the SBD as a favoured location for modern commercial developments. Large land parcels along SG Road enabled the creation of expansive office campuses and Grade A buildings, attracting major corporations seeking scalable, high-quality workspaces outside the congested CBD core. This evolution was accelerated by policy support for IT/ITeS and commercial real estate, driving demand from technology, consulting, financial services, and co-working operators.

The area's rise as a business corridor is reinforced by its flourishing social infrastructure. SBD hosts prominent malls, global and local retail chains, mid- and high-end residential projects, luxury hotels, and educational institutions, alongside the prestigious 'Billionaire's Street', creating a vibrant, round-the-clock business and lifestyle district. From affordable to premium office rental options, extensive campus-style developments, and green-certified buildings provide corporates and startups with choices tailored to varying operational needs.

The SBD now commands substantial office inventory in Ahmedabad and consistently leads in new supply, absorption, and rental appreciation, reinforcing its position as a key office market. Its diverse occupier profile, spanning domestic corporations to international enterprises, reflects the area's compelling appeal anchored by accessibility and proximity to growth corridors in western Ahmedabad. As SBD continues evolving with ongoing developments, it stands as both Ahmedabad's commercial hub and a comprehensive destination supporting business growth and urban living.

SBD Ahmedabad – The City's Prime Commercial Corridor

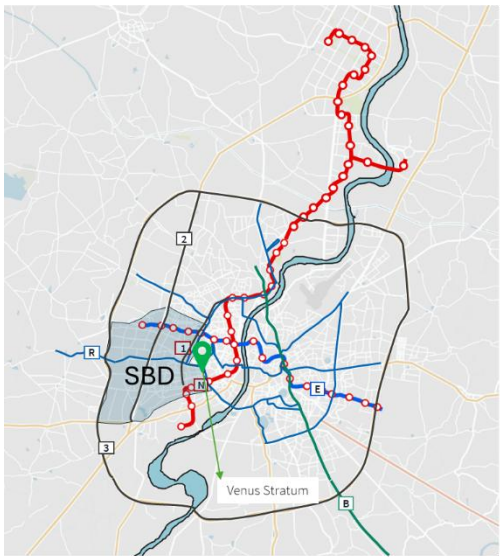

With robust infrastructure already in place, SBD Ahmedabad stands out for its superior connectivity and accessibility against other office submarkets in Ahmedabad. The district benefits from east-to-west metro connectivity and an extensive, efficient BRTS network, seamlessly linking key commercial and residential zones. SG Highway and SP Ring Road form the backbone of transportation in the SBD, ensuring direct routes to major business corridors and overall ease of movement.

Within the SBD, Nehru Nagar represents a prime example of this superior connectivity infrastructure. As a strategic location within the submarket, Nehru Nagar boasts good access through key arterial roads including Satellite Road, the 132 ft ring road, and the 120 ft ring road, linking it to all major city sectors. Most importantly, Nehru Nagar's position as a gateway between the CBD and the SBD provides direct access to the city's core commercial hubs, making it an ideal location for premium office developments.

The area's accessibility is further enhanced by its proximity to Vastrapur Road and Ambali Road, ensuring seamless travel from various parts of the city. Integrated public transportation includes multiple BRTS stations and the largest State Transport control point west of Sabarmati, supporting robust commuter movement and logistics. Nehru Nagar is also connected to Ahmedabad's expanding Metro network, with stations along the north-south corridor offering direct connectivity to Gandhinagar and GIFT City, the region's fastest-growing financial and technology cluster.

Surrounded by high-value commercial and residential neighbourhoods like Satellite, Vastrapur, Bodakdev, and Ramdevnagar, Nehru Nagar provides a vibrant ecosystem for both living and business, while maintaining convenient access to Ahmedabad International Airport (~16 km) and Railway Junction (~11 km). This well-planned infrastructure strengthens the SBD's ties not only within the core market but also to Extended SBD areas and the PBD, with Nehru Nagar serving as a critical connectivity hub that cements the SBD's status as Ahmedabad's premier destination for business growth and corporate investments.

Figure 6.1: Major infrastructure projects impacting the SBD submarket

Projects		Impact
North – South Metro	N	• Facilitates easy commuting between northern and southern parts of Ahmedabad, improving employee accessibility to SBD offices. • Enhances the catchment area for talent, allowing companies in SBD to hire from a broader pool within the city.
East – West Metro	E	• Connects residential hubs in the west to the business centers in SBD, making daily commutes faster and more convenient for office employees. • Supports future office expansion in SBD by improving connectivity to emerging residential zones.
Bus Rapid Transport System (BRTS)	R	• Provides efficient public transport linkages from all parts of Ahmedabad, increasing employee mobility and reducing traffic congestion around SBD. • Encourages sustainable commuting options for professionals, potentially improving occupier attractiveness for companies prioritizing ESG.
Ahmedabad – Gandhinagar Metro		• Integrates SBD with Gandhinagar, expanding business opportunities and connectivity with government and corporate offices.
132 ft ring road	1	• Serves as a vital arterial route, connecting SBD to major residential and commercial neighborhoods across Ahmedabad, enhancing overall accessibility and reducing travel time for employees and visitors.
SG Highway	2	• Acts as a major economic corridor, driving commercial real estate development and supporting SBD's growth as a prime office market. • Streamlines logistics and business operations with direct access for goods, clients, and employees.
SP Ring road	3	• Facilitates smoother intra-city movement, connecting SBD to various residential, industrial, and commercial areas.
Upcoming Ahmedabad Mumbai Bullet train	B	• Dramatically reduced travel time to Mumbai will strengthen economic linkages and attract more MNCs to establish operations in Ahmedabad • Sabarmati terminal will integrate high-speed rail, metro, BRTS, and regional networks, unlocking new commercial districts and catalyzing urban expansion around the terminal area

Classification of Office Stock

SBD Ahmedabad has experienced a consistent increase in office stock over the past few years, with total supply growing from ~7.8 mn sq ft in 2021 to ~8.7 mn sq ft by the first nine months of 2025. Notably, 2022 marked a substantial addition with over 1.7 mn sq ft of new supply, followed by steady new completions in subsequent years.

Based on quality

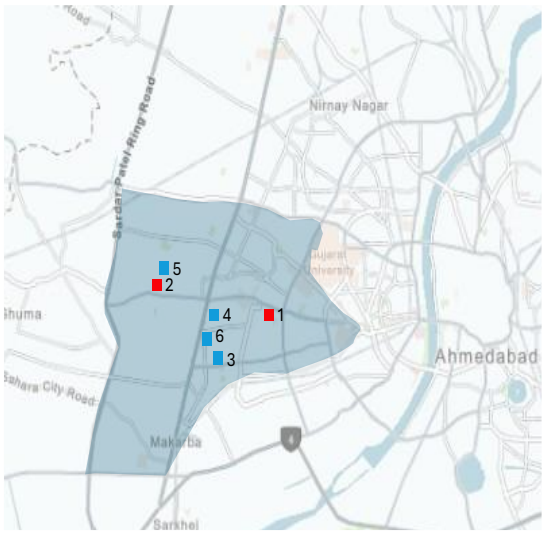

SBD accounts for 53.9% of the total office stock in Ahmedabad, firmly establishing itself as the city's largest and most prominent commercial micro market. Within SBD, ~20% of the stock is classified as Grade A+, concentrated in two marquee projects (Venus Stratum and Navratna Corporate Park) that set the benchmark for quality in the city. The remaining 80% consists of high-quality Grade A assets, reflecting the submarket's focus on offering premium office environments.

SBD Office Market Dynamics - Demand, Supply, Vacancy & Rental Trends

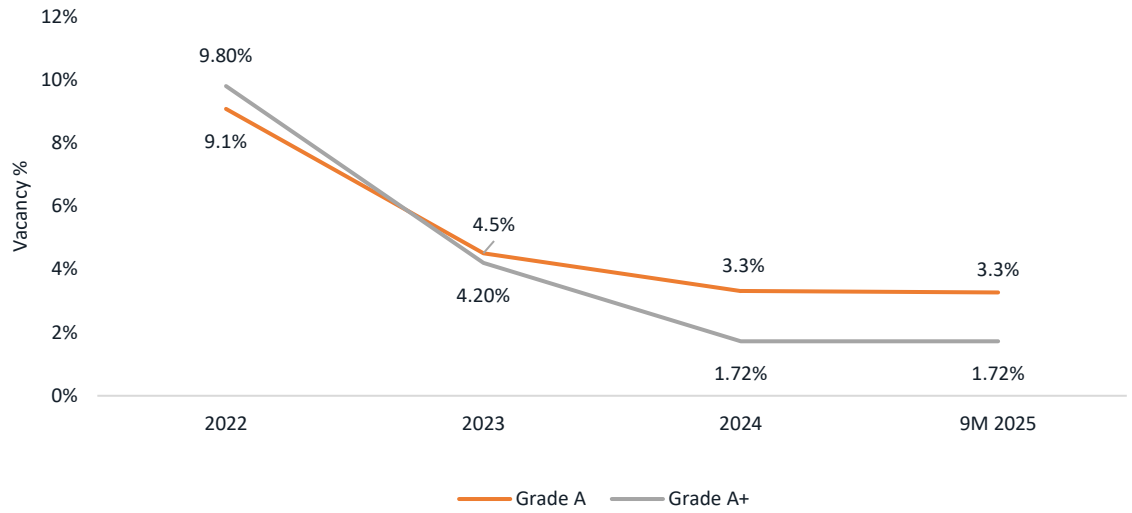

Net absorption in the submarket has consistently been healthy, with SBD recording major take-up in years of strong supply influx. Even as new supply persisted, rents have demonstrated steady growth, rising from 45.4 INR per sq ft per month in 2022 to 57.3 INR per sq ft per month by 9M 2025. With demand keeping pace and at times outstripping supply, SBD has established itself as the city's prime business destination, offering a competitive edge for future commercial expansion. Occupier demand has closely tracked this supply growth, ensuring vacancy levels remain on a sustained downward trajectory. Vacancy in SBD fell from 9.1% in 2022 to just 3.3% in the first nine months of 2025, underlining strong absorption and market resilience.

Trends in Gross Leasing Activity

Earlier years saw distinct sectoral patterns, such as BFSI's dominance in 2023 (nearly 40%) and a significant uptick in manufacturing/industrial leasing in 2024 (33.3%). These dynamics underscore SBD's versatility in meeting the requirements of varied occupiers, from start-ups and flexible workspace operators to consulting, technology, and industrial firms.

Leasing activity in Ahmedabad's SBD micro market has witnessed notable shifts in sectoral demand over the last four years. While co-working providers have consistently maintained a strong presence, with their share ranging from 17% to 39%, the last two years witnessed a marked rise in contributions from consultancy businesses and IT/ITeS firms. In 2025, consultancy businesses led gross leasing activity in SBD, accounting for 34%, followed by IT & ITES at nearly 29% and co-working providers at 27%.

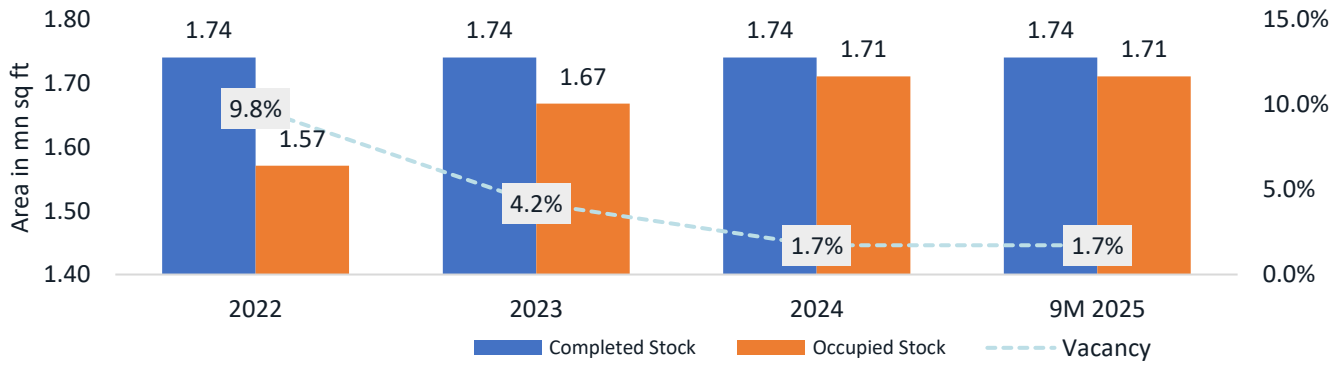

Figure 6.6: Sector-wise share of gross leasing – SBD Grade A

The Grade A+ office segment in SBD Ahmedabad has maintained a fully stable supply of 1.74 mn sq ft from 2022 through 9M 2025. Occupied stock has steadily increased each year, reaching 1.71 mn sq ft in 9M 2025 and pushing vacancy to minimal levels. This consistent occupancy growth, amid zero new supply, underscores sustained demand for premium office spaces in the market.

Outlook - SBD Office Market

With its strategic location, advanced connectivity, and vibrant urban lifestyle, Ahmedabad's SBD has established itself as a key office destination, consistently attracting diverse occupiers. The submarket's appeal for IT/ITeS, consulting, co-working, BFSI, and e-commerce operations continues to grow, fostering robust demand for quality office space and driving steady rental appreciation. SBD is set to undergo expansion, with ~3.8 mn sq ft of new supply projected across 2026 to 2028. Of the 3.8 mn sq ft of upcoming Grade A supply, only Keshavbaug Capital is located in the vicinity of Stratum @ Venus Grounds, ensuring limited direct competition in the immediate micromarket.

SBD maintains one of the lowest vacancy rates in Ahmedabad, with particularly tight conditions in the Grade A+ segment. Limited availability and sustained occupier demand have driven Grade A+ vacancy sharply lower, from 9.8% in 2022 to just 1.7% by 9M 2025. With no new Grade A+ supply projected over the next three years, vacancy is expected to fall further, potentially below 1% by 2028. With limited upcoming supply in the micro-market, demand momentum is expected to remain strong.

Note: Grade A+ stock is a subset of the Grade A universe and are office assets of the highest quality. These have been identified based on project quality assessment, project age & upkeep, tenant quality, current rent and rental growth, sustainability certifications and other relevant factors.

This supply constraint is driving significant rental appreciation in the Grade A+ segment. From 2022 to 9M 2025, Grade A+ rents in SBD increased from INR 53.2 to INR 65.0 per sq ft per month, with projected growth reaching INR 77.5 per sq ft per month by 2028. Over the next few years, Grade A+ office space in SBD is expected to command a sustained rental premium

of around 12–15% over the broader market, driven by limited supply and strong occupier demand for quality, future-ready office assets.

Within SBD, Nehru Nagar's combination of strategic location, connectivity, proximity to key urban infrastructure, and strong social amenities creates an attractive investment proposition. As Ahmedabad continues to grow as a commercial, educational, and technology hub, Nehru Nagar is positioned to benefit from increased demand, robust capital appreciation, and consistent rental yields, particularly given the constrained supply environment in the immediate area.

CHAPTER 7: OVERVIEW OF VENUS STRATUM & PROPSHARE CELESTIA

Stratum @ Venus Grounds is a landmark IGBC Platinum-certified, Grade A+ mixed-use commercial building with a unique atrium located in prime Nehru Nagar in the SBD submarket of Ahmedabad. Nehru Nagar’s blend of strategic location, proximity to key urban infrastructure, and strong social amenities make it a highly attractive office destination. Designed by the renowned Singapore-based firm Aedas Architects, the development serves as a premier business address in the city. PropShare Celestia represents the scheme's offering, comprising 2,07,838 sq. ft. of leasable area across seven floors of this iconic asset.

Strategic Location and Connectivity

Central Location: Located within prime Nehru Nagar, between CBD & SBD and in proximity to major infrastructure developments like the BRTS, metro and upcoming bullet train**.**

Multi-Modal Access: The property benefits from superior connectivity, with direct access to the BRTS network and proximity to the Ahmedabad Metro as well as the upcoming bullet train. Its location near major arterial roads like the 132 Feet Ring Road and SG Highway ensures seamless travel across the city.

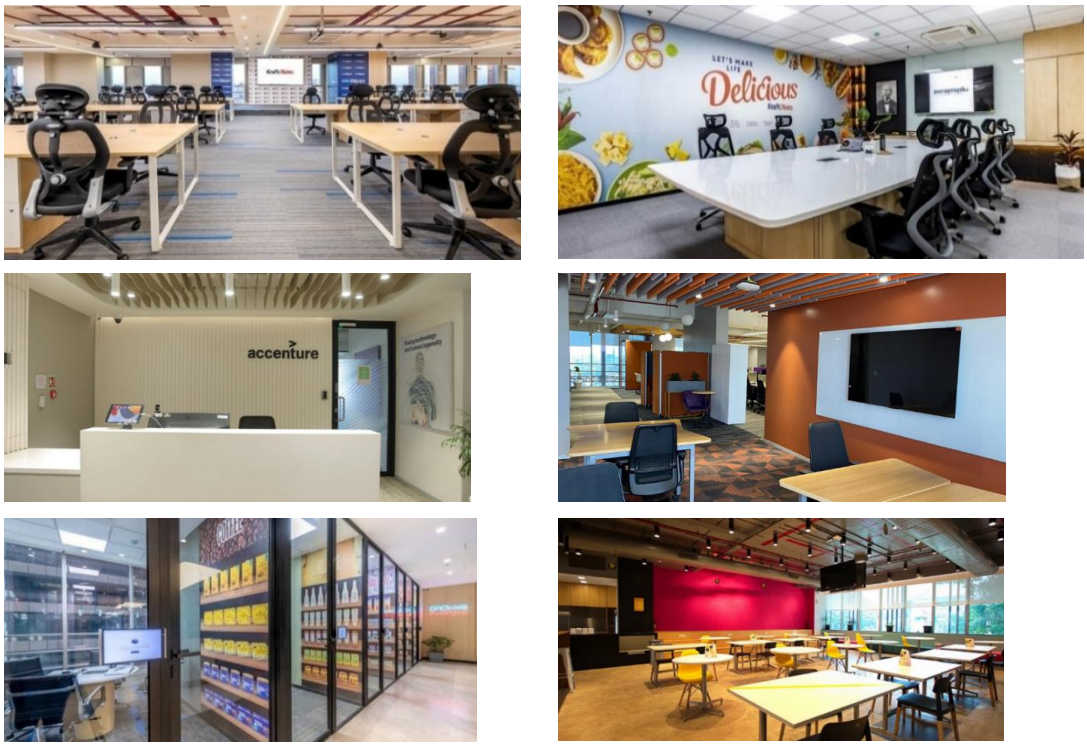

Robust Social Infrastructure: The micro-market is surrounded by high-value residential neighbourhoods, prestigious institutions like IIM Ahmedabad, leading healthcare facilities, and premier retail centres such as Ahmedabad One Mall.

Tenant Portfolio – PropShare Celestia

As of December 31, 2025, PropShare Celestia is 100% occupied by four tenants, including three managed-office operators – Smartworks Coworking Private Limited, EFC Limited (both publicly listed) and Paragraph Khajanchi Business Centre LLP (one of the top five co-working operators in Ahmedabad in terms of operational seats) – and Ericsson, Swedish based listed telecommunications MNC.

Lessees as managed office providers and co-working space operators have established managed office facilities at the Project Celestia for a diversified base of 10 occupiers, comprising three Fortune Global 500 companies – Accenture (Global Consulting company, Siemens (Global Technology company) & BASF (Global Chemical company) and one Fortune 500 company – Kraft Heinz (US based Multinational FMCG). Other notable end users include Tech Mahindra (Indian IT/ITeS Multinational), AON (US based Leading Professional Services Firm), Federal Bank (Indian private sector bank, Moglix (Indian B2B e-commerce platform), AdvaRisk (Risk Management & Financial analytics solutions provider) and Technocraft Analytics (Data Analytics & business intelligence firm). This high-quality and diverse tenant mix ensures a stable and reliable rental income stream.

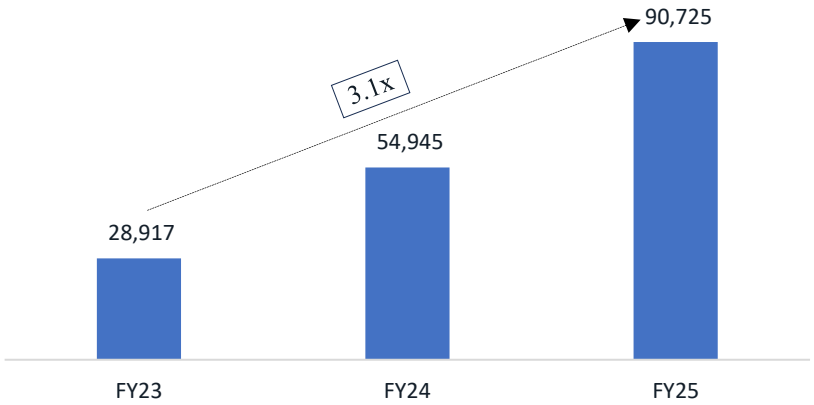

Figure 7.3: Tenant workstations, cabins, boardroom and cafeteria

Tenant Expansion

The asset has demonstrated excellent tenant growth. The building's largest occupier established its first and only Global Capability Centre (GCC) in India within the asset in 2023. Since then, this tenant has expanded its footprint twice, increasing its occupied area from 3.7% to ~11.5% of the building's total leasable area as of September 2025. This consistent expansion underscores the building's quality and its ability to support the long-term growth of global corporations.

Key Building Features and Amenities

- Sustainability: Stratum @ Venus Grounds is an IGBC Platinum-certified development with sustainability-focused features, including a 130kW solar panels, rainwater harvesting systems, and EV charging infrastructure. Sustainability has become a top priority for businesses worldwide and these certifications demonstrate the property's adherence to recognized sustainability standards.

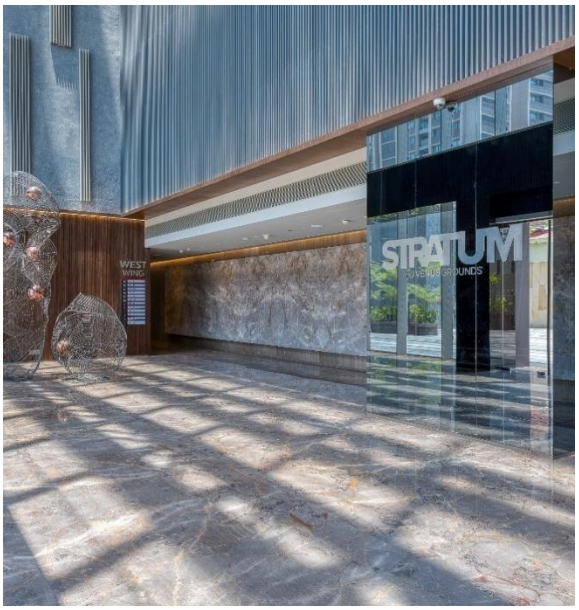

Figure 7.5: Sustainability Initiatives

- Superior specifications and premium design: As one of only two Grade A+ rated developments in the Ahmedabad SBD submarket, the asset features a triple-height lobby, destination-controlled elevators, a dedicated office drop-off area along with 5 levels of basement parking. A unique design element is the atrium on the 4th floor, which houses premium restaurants, cafes, and refreshment kiosks.

Figure 7.6: Entrance and Lobby

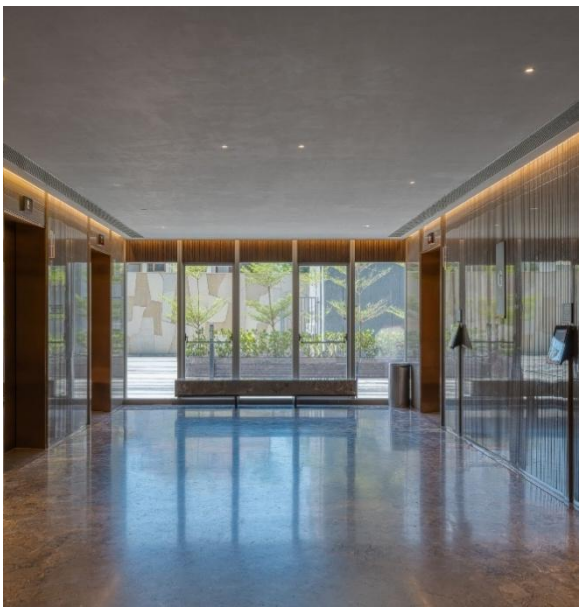

Figure 7.7: Atrium and seating area

- High-quality interiors: The proposed units feature premium fit outs with significant tenant-driven customizations, corporate branding, and dedicated amenities such as cafeterias and breakout spaces.

Owing to its superior building quality and design (Grade A+), Project Celestia commands some of the highest rentals in Ahmedabad's office real estate market, making it an attractive investment opportunity. With limited upcoming supply in the submarket, demand momentum is expected to remain strong.

For details on the risks relating to distribution, please see "*Risk Factors*" on page 49.

Distribution Policy

The Investment Manager shall ensure that not less than 95% of the net distributable cash flows ("**NDCF**") of the Celestia SPVs are distributed to the PropShare Celestia, subject to applicable provisions of the Companies Act, 2013. Further, the Investment Manager shall declare and distribute 100% of the NDCF of the PropShare Celestia as distributions ("**REIT Distributions**") to the Unitholders of the PropShare Celestia. Such REIT Distributions are to be declared and made at least once every quarter in every financial year, and not later than 15 (fifteen) working days from the end of the respective quarter. Further, the REIT Regulations require that the distribution has to be made within 5 (five) working days from the record date, wherein record date shall be the date which is two working days from the date of declaration of distribution. If the Investment Manager fails to comply with this requirement, it will be liable to pay interest to the Unitholders at the rate of 15% per annum for the delayed period. The distributions are required to be made in Indian Rupees. Such interest shall not be recovered in any form and manner by the Investment Manager from the Trust.

The NDCF shall be calculated in accordance with the REIT Regulations, REIT Master Circular and the SEBI Guidelines. Presently, the Trust proposed to calculate the REIT Distributions in the following manner:

I. Calculation of NDCFs at SPV level:

Particulars
Cash flow from operating activities as per Cash Flow Statement of SPV
Add: Treasury income/ income from investing activities (interest income received from FD, tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Less: any capital expenditure on existing assets owned / leased by the SPV, to the extent not funded by debt/ equity or from reserves created in the earlier years (*please refer to note 7 below*)
Net Distributable Cash Flows for SPV's

II. Calculation of NDCF at schemes level:

Particulars
Cash flow from operating activities of the Scheme of the Trust
Add: Cash flows received from SPV's / Investment entities which represent distributions of NDCF computed as per relevant framework (*please refer to note 1 and 6 below*)
Add: Treasury income/ income from investing activities of the schemes of the Trust (interest income received from FD, tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Further clarified that these amounts will be considered on a cash receipt basis).
Add: Proceeds from sale of real estate investments, real estate assets or shares of SPVs adjusted for the following: • Applicable capital gains and other taxes; • Related debts settled or due to be settled from sale proceeds; • Directly attributable transaction costs
Less: Finance cost on Borrowings as per profit and loss account. However, amortization of any transaction costs can be excluded provided such transaction costs have already been deducted while computing NDCF of previous period when such transaction costs were paid
Less: Debt repayment at schemes of the Trust level (to include principal repayments as per scheduled EMI's except if refinanced through new debt including overdraft facilities and to exclude any debt repayments / debt refinanced through new debt in any form or funds raised through issuance of units)
Less: any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any: (i) loan agreement entered with financial institution, or (ii) terms and conditions, covenants or any other stipulations applicable to debt securities issued by the schemes of the Trust or any of its SPVs, or (iii) terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the schemes of the Trust or any of its SPVs, or (iv) agreement pursuant to which the schemes of the Trust operates or owns the real estate asset, or generates revenue or cashflows from such asset (such as, sale deed, lease agreement, and any other agreement of a like nature, by whatever name called), or (v) statutory, judicial, regulatory, or governmental stipulations (*please refer to note 2 below*)
Less: any capital expenditure on existing assets owned/ leased by the Trust, to the extent not funded by debt/ equity or from

contractual reserves created in the earlier years (*please refer to note 7 below*)
Net Distributable Cash Flows at schemes of the Trust level (Distributable Income)

Notes:

1. *The NDCF computed at SPV level for a particular period shall be added under this line item, even if the actual cashflows from the SPV to the schemes of the Trust has taken place post that particular period, but before finalization and adoption of accounts of the schemes of the Trust.*
2. *The scheme of the Trust retains the option to distribute any surplus amounts, unless such surplus is required to create reserves for any subsequent period. However, any reserve created out of debt funds at the time of availing debt as per the terms of the financing documents shall not be reduced.*
3. *Surplus cash available in schemes of the Trust/ SPVs due to:*
   (i). 10% of NDCF withheld in line with the REIT Regulations in any earlier year or half year; or
   (ii). such surplus being available in a new SPV on acquisition of such SPV by the schemes of the Trust; or
   (iii). any other reason, excluding if such surplus cash is available due to any debt raise

   could be considered for distribution by the SPV to the schemes of the Trust, or by the schemes of the Trust to its Unitholders in part or in full. Also, such distribution of surplus funds shall be separately disclosed after the NDCF computation for the respective period.
   Provided that with regard to the point 3(ii) above, if an acquisition of such SPV was funded by external debt, then surplus cash available with such SPV should first be used to repay such external debt. After such debt repayment, remaining surplus, if any, can be used for distribution.
4. *Similarly, any restricted cash (disclosed as such) should not be considered for NDCF computation by the SPV or the schemes of the Trust (e.g. unspent CSR balance for any year deposited in a separate account as per Companies Act, 2013 which will be utilized in subsequent years, DSRA reserve, major maintenance reserve etc.).*
5. *Further, it is expressly provided that no schemes of the Trust or the SPVs can distribute any cashflows by obtaining external debt, except to the extent clarified in note 2 above (this will exclude any working capital / OD facilities obtained by the schemes of the Trust/ SPVs as part of treasury management/ working capital purposes as long as they are squared off within the quarter).*
6. *Cash flows received from SPV's which represent distributions of NDCF computed as per the relevant framework at the schemes of the Trust level for further distribution to Unitholders shall exclude any such cash flows used by the schemes of the Trust for onward lending to any other SPVs to meet operational/ interest expenses or debt servicing of such entities.*
7. *Capital expenditure shall include amounts incurred and paid towards asset enhancement and are capitalized to asset value in the financial statements including lease payments. It is further clarified that existing assets as referred to in this line item includes any new structure/ building/ other infrastructure constructed on an existing infrastructure asset which is already a part of the schemes of the Trust.*
8. *Debt repayment at the schemes of the Trust level will not be reduced from NDCF to the extent such debt is refinanced at the SPV level and such proceeds from refinancing have been transferred by the SPV to the schemes of the Trust for such debt repayment.*
   Similarly, debt repayment at SPV level will not be reduced from NDCF to the extent such debt is refinanced at the schemes of the Trust level and such proceeds from refinancing have been transferred by the schemes of the Trust to the SPV for such debt repayment.
9. *Investment Manager of the Trust is required to ensure the following while making distributions:*
   (a) the period of making distribution should be followed consistently whether on a half-yearly/quarterly/monthly basis and the same should be part of distribution policy of the Trust which should be disclosed in the offer document, annual report and the website of the Trust.
   (b) The distribution policy should prescribe the frequency of the distribution. Further, for each distribution, it should be ensured that cash flows from all assets, whether held by the schemes of the Trust or any of the underlying SPVs, are being distributed together.
   (c) The first distribution (whether monthly/quarterly/half-yearly, etc.) out of the NDCF computed for a financial year (or period thereof) should be minimum 95% / 100% as mandated in the REIT Regulations. Thereafter, minimum distribution requirement should be met on a cumulative basis for the subsequent distributions out of the NDCF for such financial year.
   (d) In case of any change in distribution policy other than regulatory changes, unitholder approval shall be required where votes cast in favour of the resolution are more than fifty percent of the total vote cast.

Unitholders should note that there is no assurance or guarantee that distributions will be made in any amount or at all.

For a discussion on the risks relating to distribution, please see "*Risk Factors - The Investment Manager may not be able to execute our growth strategy successfully resulting in inability to offer projected yields"* on page 52.

USE OF PROCEEDS

The gross proceeds (including the Investment Manager's Contribution *i.e.* 5.02% of the Issue) from the Issue will be ₹ 2,446.50 million ("**Gross Proceeds**"), of which the Net Proceeds will be ₹ 2,423.00 million. The Net Proceeds will be utilised by PropShare Celestia towards the following objects:

(i) Acquisition of the Project Celestia and payment of sinking fund to society by Celestia SPVs (the "**Proposed Acquisition**"), and reimbursement or direct payment, as applicable, of statutory charges under applicable laws (including stamp duty, registration, surcharge and cess etc. for the registration of sale deeds) to the Investment Manager for the Proposed Acquisition by way of lending to the Celestia SPVs and subscribing to the equity and debt instruments of our Celestia SPVs; and

(ii) General purposes

The details of the Issue Proceeds (including the Investment Manager's Contribution, i.e., 5.02% of the Issue) are set forth in the following table:

(In ₹ millions)

Particulars	Estimated Amount
Gross proceeds of the Issue (including the Investment Manager's Contribution i.e. 5.02% of the Issue)	2,446.50
Less: Issue Expenses	23.50
Net Proceeds	2,423.00

Requirements of Funds

The Net Proceeds are proposed to be utilised in accordance with the details provided in the following table:

(In ₹ millions)

Sr. No.	Particulars	Amount
(i)	Acquisition of the Project Celestia and payment of sinking fund to society by Celestia SPVs (the "**Proposed Acquisition**"), and reimbursement or direct payment, as applicable, of statutory charges under applicable laws (including stamp duty, registration, surcharge and cess etc. for the registration of sale deeds) to the Investment Manager for the Proposed Acquisition by way of lending to the Celestia SPVs and subscribing to the equity and debt instruments of our Celestia SPVs	2,379.14
(ii)	General purposes	43.86
	TOTAL	2,423.00

The Trustee and our Investment Manager shall ensure that the subscription amounts are kept in a separate bank account in the name of the PropShare Celestia and are only utilised as Issue Proceeds or for refund of money to the applicants until such Celestia Units are listed.

The Investment Manager proposes to deploy the Issue Proceeds during FY 2026, depending on various factors, including the actual timing of completion of the Issue and the receipt of the Issue Proceeds.

The fund requirements mentioned above, and the proposed deployment are based on the estimates of the Investment Manager and have not been appraised by any bank, financial institution or any other external agency. The fund requirements may vary due to factors beyond the Investment Manager's control such as market conditions, competitive environment, regulatory considerations, interest rate, fee payable and exchange rate fluctuations.

Details of Utilisation of the Net Proceeds

The details of utilisation of the Net Proceeds are set forth herein below:

(i) ***Acquisition of the Project Celestia and payment of sinking fund to society by Celestia SPVs (the "Proposed Acquisition"), and reimbursement or direct payment, as applicable, of statutory charges under applicable laws (including stamp duty, registration, surcharge and cess etc. for the registration of sale deeds) to the Investment Manager for the Proposed Acquisition by way of lending to the Celestia SPVs and subscribing to the equity and debt instruments of our Celestia SPVs***

The PropShare Celestia proposes to give loan to the Celestia SPVs and subscribe to the equity and debt instruments of the Celestia SPVs. This will enable the Celestia SPVs to acquire the Project Celestia. Further, this will enable the PropShare Celestia to raise further resources in order to manage the asset thereby enabling the PropShare Celestia to meet its commitment towards distributions to Celestia Unitholders.

Further, the PropShare Celestia proposes to utilise an estimated aggregate amount of up to ₹ 726.60 million from the Net Proceeds to provide loans to Celestia SPVs and ₹ 1,695.40 million from the Net Proceeds to subscribe the equity shares and optionally convertible debentures to be issued by the Celestia SPVs, for acquisition of the Project Celestia by Celestia SPVs, and reimbursement or direct payment, as applicable, of the statutory charges under applicable laws (including stamp duty, registration, surcharge and cess etc.) proposed to be paid by the Investment Manager for the registration of the sale deed to acquire the Project Celestia. The Net Proceeds towards the aforementioned object will be utilised in the following manner towards each of the Celestia SPVs:

Type of instrument	*Estimated amount*	*Percentage of the Net Proceeds*
Subscription of equity shares issued by the Celestia SPVs	Up to INR 24,22,00,000	10%
Subscription of OCDs issued by the Celestia SPVs	Up to INR 1,45,32,00,000	60%
Shareholder debt to Celestia SPVs*	Up to INR 72,66,00,000	30%

** Amount of the shareholder debt to be utilised for the acquisition of the Project Celestia and for general purposes. For more details on general purposes, please see the section entitled "-Details of Utilisation of the Net Proceeds - General Purposes" on page 138.*

Upon the listing of the Celestia Units, PropShare Celestia shall utilize the Net Proceeds, as set out above, to provide loans to the Celestia SPVs, subscribe the equity shares and optionally convertible debentures to be issued by the Celestia SPVs and reimbursement or direct payment, as applicable, of the statutory charges under applicable laws proposed to be paid by the Investment Manager for the registration of the sale deed to acquire the Project Celestia.

Scheme Loan Agreements

On receipt of listing and trading approval, PropShare Celestia shall utilise the portion of the Net Proceeds, as set out above, to provide the loan to Celestia SPVs for acquiring the portion of the Project Celestia and for general corporate expenses of the Celestia SPVs. The Scheme Loan Agreements have been executed between the Trustee (on behalf of the PropShare Celestia), the Investment Manager, and the Celestia SPVs, respectively (the "**Scheme Loan Agreements**"). (ii) ***General purposes***

The Net Proceeds will be first utilised towards the objects, as set out above. Post such utilisation, the Investment Manager will have flexibility in utilising the balance Net Proceeds towards general purposes of PropShare Celestia

or the Celestia SPVs (with funds infused through a loan provided by the PropShare Celestia to the Celestia SPVs), from time to time, subject to such utilisation for general purpose not exceeding the limits specified under the REIT Regulations.

Subject to the compliance with the REIT Regulations, these general purpose expenses can be, including but not limited, for the creation of fixed deposit to secure the Celestia SPVs against the potential liability to refund the security deposit amount received from the lessees of the Project Celestia, for payment of the property acquisition fees, one time capital arrangement fees and property management fees to the Investment Manager, for meeting expenses in the ordinary course of business, and for meeting any exigencies that the PropShare Celestia or Celestia SPVs may face.

Interim Use of Net Proceeds

The Investment Manager will have flexibility to deploy the Net Proceeds. Pending utilisation of the Net Proceeds for the purposes described above, the Investment Manager may invest the funds in deposits in one or more scheduled commercial banks included in the Second Schedule of the RBI Act.

Details of Issue Expenses

The total expenses of the Issue are estimated to be approximately ₹ 23.50 million. The Issue expenses consist of listing fees, underwriting fees, selling commission, fees payable to the Lead Manager, Auditor, Valuer, advisors, legal counsel, Registrar to the Issue, processing fees to the SCSBs for processing ASBA Forms submitted by ASBA Bidders procured by the Syndicate and submitted to SCSBs, printing and stationery expenses, and all other incidental expenses for listing the Celestia Units on the Stock Exchanges. All expenses in relation to the Issue shall be paid either by PropShare Celestia or the Celestia SPVs. However, for ease of operations, if required, the expenses of the PropShare Celestia may, at the outset, be borne by the Investment Manager on behalf of the PropShare Celestia, and PropShare Celestia or the Celestia SPVs may reimburse those expenses up to a limit of ₹ 20.92 million and applicable taxes.

The break-up for the estimated Issue expenses is as follows:

Activity	Estimated expenses (in ₹ million)	As a % of the total estimated Issue Expenses
Fee and commission to advisors to this Issue	6.86	29.19%
Fee payable to others[(1)]	16.64	70.81%
Total estimated Issue expenses	**23.50**	**100.00%**

[(1)] *Including selling commission.*

In case the actual Issue expenses differ from the estimated Issue expenses, the Investment Manager will have the flexibility to utilize such a difference, subject to applicable law.

REGULATIONS AND POLICIES

The following description is a summary of certain sector specific laws currently in force in India, which are applicable to PropShare Celestia. The information detailed in this section has been obtained from publications available in the public domain. The description of the regulations set out below may not be exhaustive and is only intended to provide general information to investors, and is neither designed as, nor intended to substitute, professional legal advice. Judicial and administrative interpretations are subject to modification or clarification by subsequent legislative, judicial or administrative decisions.

Given below is a brief description of certain relevant legislations that are currently applicable to the business carried on by PropShare Celestia.

REAL ESTATE/ PROPERTY RELATED LAWS AND REGULATIONS

Transfer of Property Act, 1882 ("TP Act")

The TP Act establishes the general principles relating to transfer of property in India. It forms a basis for identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property and mortgage of immovable property. It also provides for the rights and liabilities of the vendor and purchaser in a transaction of sale of immovable property. The TP Act also governs lease agreements, including the rights and liabilities of the lessor and the lessee.

The Real Estate (Regulation and Development) Act, 2016 ("RERA Act")

RERA is the principal legislation governing real estate projects and transactions in India, including in Gujarat, and provides for the establishment of the Real Estate Regulatory Authority to regulate and promote the real estate sector. It aims to protect the interests of allottees and home buyers, ensure transparency and accountability in the real estate sector, and establish an efficient dispute resolution mechanism. Under RERA, every real estate project exceeding a specified threshold must be registered with the Real Estate Regulatory Authority before commencing any marketing, advertising, or sale activities. It mandates extensive disclosures by promoters, including details of the project, approvals obtained, timeline for completion, carpet area of units, and encumbrances on the land.

Indian Easements Act, 1882 ("Easements Act")

The Easement Act codifies the concept of easementary rights in India, including the nature of easements as continuous or discontinuous and apparent or non-apparent. An easement is a right which the owner or occupier of land possesses for the beneficial enjoyment of that land and which permits him to do or to prevent something from being done, in or upon, land not his own. Under the Easements Act, a license is defined as a right to use property, which use in the absence of such right would be unlawful. The period and incident upon which a license may be revoked may be provided in the license agreement entered into between the licensee and the licensor.

Registration Act, 1908 ("Registration Act")

The Registration Act requires for compulsory registration of certain documents, including documents relating to the conveyance of immovable property. A document must be registered within four months from the date of is execution and must be registered with the sub-registrar within whose sub-district the whole or some portion of the property is situated. Further, the Registration Act identifies documents for which registration is compulsory and includes, among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in any immovable property of the value of one hundred rupees or more, and a lease of immovable property for any term exceeding one year or reserving a yearly rent. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered.

The Indian Stamp Act, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state. Instruments chargeable to duty under the Stamp Act, which are not duly stamped, are incapable of being admitted in a court of law as evidence of the transaction contained therein and it also provides for impounding of instruments that are not sufficiently stamped or not stamped at all. However, the instruments which have not

been properly stamped can be admitted in evidence by paying a penalty of the amount of the proper stamp duty or the amount of deficient portion of stamp duty payable.

National Building Code of India, 2016

The National Building Code of India, 2016, is a comprehensive building code that provides guidelines for regulating construction activities throughout the country. It serves as a model code for adaptation by all agencies involved in building works, including public works department, government construction agencies, local bodies, and private developers. The code preliminary covers administrative regulations, development control rules, and general building requirements. It also includes provisions for fire safety, material specifications, structural design and safety, and building services such as plumbing.

STATE-WISE APPLICABLE LAWS:

Gujarat Land Revenue Code, 1879 ("Revenue Code")

The Revenue Code is a comprehensive legislation that governs land revenue administration in the State of Gujarat. It provides for the assessment and collection of land revenue, classification of lands, maintenance of land records, and the rights and liabilities of landholders. The Revenue Code regulates the survey and settlement of land, mutation of land records, and the procedure for recording changes in ownership or possession of land. It also provides for the powers and duties of revenue officers in matters relating to land administration. The Revenue Code further governs the grant of land by the government, conversion of agricultural land to non-agricultural purposes, and the procedure for obtaining permission for such conversion. It also contains provisions relating to the recovery of land revenue and other government dues as arrears of land revenue.

Gujarat Tenancy and Agricultural Lands Act, 1948 ("Tenancy Act")

The Tenancy Act regulates the relationship between landlords and tenants in respect of agricultural lands in Gujarat. It provides for the rights and obligations of tenants cultivating agricultural land, including protection from eviction, fixation of rent, and the right to purchase the land under certain circumstances. The Tenancy Act defines various categories of tenants, including protected tenants and permanent tenants, and prescribes their respective rights. It also provides for the procedure for determining tenancy rights and the jurisdiction of revenue authorities in tenancy disputes. It requires verification of tenancy rights and obtaining necessary clearances to ensure that the land is free from encumbrances and tenancy claims before conversion to non-agricultural use.

Gujarat Prohibition of Transfer of Immovable Property and Provision for Protection of Tenants from Eviction from Premises in Disturbed Areas Act, 1991

It is a special legislation enacted to regulate the transfer of immovable property in areas notified as "disturbed areas" by the State Government and to protect tenants from eviction in such areas. Under this Act, no person can transfer any immovable property situated in a disturbed area by way of sale, gift, exchange, lease or otherwise, except with the prior permission of the Collector. It aims to prevent distress sales and maintain the demographic composition of sensitive areas by regulating property transactions. It also provides protection to tenants from eviction from premises situated in disturbed areas, except in accordance with the provisions of the Act.

Gujarat Town Planning and Urban Development Act, 1979 (the "GTPUD Act")

The GTPUD Act is the principal legislation governing town planning and urban development in Gujarat. It provides for the preparation and implementation of development plans, town planning schemes, and the regulation of development and use of land in urban and urbanisable areas. The GTPUD Act empowers local planning authorities to prepare development plans indicating the manner in which land in their jurisdiction is proposed to be used and the stages by which such development shall be carried out. It also provides for the preparation of town planning schemes for planned development of any area, which may include the reconstitution of plots, construction of roads, provision of open spaces, and reservation of land for public purposes. Under the GTPUD Act, no development can be carried out without obtaining prior permission from the competent authority.

The Gujarat Provincial Municipal Corporations Act, 1949

The Gujarat Provincial Municipal Corporations Act governs the constitution, powers, and functions of municipal corporations in Gujarat. It provides for the administration of municipal areas, including the provision of civic amenities, infrastructure, and services. It empowers municipal corporations to regulate building construction, land use, and development within their jurisdiction and also provides for the levy of property tax, development charges, and other municipal taxes and fees.

Gujarat Stamp Act, 1958

The Gujarat Stamp Act provides for the levy and collection of stamp duty on instruments executed in Gujarat or relating to immovable property situated in Gujarat. Stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. The Gujarat Stamp Act prescribes the rates of stamp duty applicable to various instruments, including conveyances, leases, mortgages, agreements to sell, development agreements, and other documents relating to immovable property.

Gujarat IT/ ITeS Policy (2022-27) (the "IT Policy")

The IT Policy is a policy framework introduced by the Government of Gujarat to promote the growth and development of the Information Technology ("**IT**") and Information Technology Enabled Services ("**ITeS**") sectors in the State of Gujarat for the period 2022 to 2027. It aims to position Gujarat as a leading destination for IT and ITeS investments, foster innovation and entrepreneurship, create employment opportunities, and develop world-class IT infrastructure and ecosystems. It provides for various incentives and benefits to IT and ITeS companies establishing operations in Gujarat, including capital subsidies, interest subsidies, stamp duty exemptions or reductions, electricity duty exemptions, and reimbursement of certain operational expenses.

OTHER APPLICABLE LAWS

Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 ("REIT Regulations")

PropShare Celestia is required to comply with the provisions of the REIT Regulations read with the REIT Master Circular. Chapter VIB of the REIT Regulations provides a legal framework for the small and medium real estate investment trusts ("**SM REITs**") and schemes thereunder. Similar to real estate investment trusts, SM REITs are required to be set up as a trust under the Indian Trust Act, 1882 and it must be registered under the REIT Regulations.

Aircraft Act, 1934 ("Aircraft Act") and the Aircraft Rules, 1937 ("Aircraft Rules")

The Aircraft Act, as amended, and the Aircraft Rules, as amended enacted pursuant to the Aircraft Act, govern aircraft operations in India. These legislations empower various authorities, including the Ministry of Civil Aviation and Directorate General of Civil Aviation to, inter alia, regulate aircraft operations in India and the height of buildings or structures constructed at a specified distance from an aerodrome under Section 9A of the Aircraft Act to ensure safety of operation of aircrafts in accordance with international standards and recommended practices governing the operations of aircrafts. At present, the procedure for grant of no objection certificate in relation to the height of buildings and structures is set out in the Ministry of Civil Aviation (Height Restrictions for Safeguarding of Aircraft Operations) Rules, 2015, notified on September 30, 2015, as amended, and the Air Traffic Management Circular No. 6 of 2017, issued by the Directorate of Air Traffic Management on July 28, 2017.

ENVIRONMENTAL REGULATIONS

We are subject to various environmental regulations as the operation of our establishments might have an impact on the environment. The basic purpose of such statutes is to control, abate and prevent pollution. In order to achieve these objectives, Pollution Control Boards ("**PCBs**"), have been set up in each state and at a central level. Establishments, as prescribed under various regulations may be required to obtain consent orders from the PCBs. These consent orders are required to be renewed periodically.

Environment Protection Act, 1986 ("EPA"), the Environment Protection Rules, 1986 ("EP Rules"), and the Environmental Impact Assessment Notification, 2006 ("EIA Notification")

The EPA has been enacted with the objective of protecting and improving the environment and for matters connected therewith. As per the EPA, the Central Government has been given the power to take all such measures for the purpose of protecting and improving the quality of the environment and to prevent, control and abate environmental pollution. Further, the Central Government has been given the power to give directions in writing to any person or officer or any authority for any of the purposes of the EPA, including the power to direct the closure, prohibition or regulation of any industry, operation or process in exercise of its powers and performance of its functions under the EPA. Further, the Environment (Protection Rules), 1986 provide for, *inter alia*, standards for emissions or discharge of environmental pollutants, prohibitions and restrictions on the location of industries and the carrying on processes and operations in different areas, procedure for submission of samples for analysis and functions of environmental laboratories.

Further, the EP Rules specifies, inter alia, the standards for emission or discharge of environmental pollutants, prohibitions and restrictions on the location of industries as well as on the handling of hazardous substances in different areas. For contravention of any of the provisions of the EP Act or the rules framed thereunder, the punishment includes either imprisonment or fine or both. Additionally, under the EIA Notification and its subsequent amendments, projects are required

to mandatorily obtain environmental clearance from the concerned authorities depending on the potential impact on human health and resources.

Air (Prevention and Control of Pollution) Act, 1981 ("Air Act")

The Air Act requires that any industrial plant emitting any air pollutant into the atmosphere must apply in a prescribed form and obtain consent from the state PCB prior to commencing any activity. The state PCB is required to grant, or refuse, consent within four months of receipt of the application. The consent may contain conditions relating to specifications of pollution control equipment to be installed.

Water (Prevention and Control of Pollution) Act, 1974 ("Water Act")

The Water Act prohibits the use of any stream or well or land for the disposal of any poisonous, noxious or polluting matter, in violation of the standards set out by the concerned PCB. The Water Act also provides that the consent of the concerned PCB must be obtained prior to opening of, *inter alia*, any industry, operation or process, which are likely to discharge sewage or trade effluent.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 ("Hazardous Waste Rules")

An "occupier" has been defined as any person who has control over the affairs of a factory or premises or any person in possession of hazardous or other waste. In terms of the Hazardous Waste Rules, occupiers have been, *inter alia*, made responsible for safe and environmentally sound handling of hazardous and other wastes generated in their establishments and are required to obtain license/ authorization from concerned PCBs, for handling, generating, collecting, processing, treating, packaging, storing, transporting, using, recycling, recovering, pre-processing, co-processing, offering for sale, or the like of the hazardous and other wastes.

TAX RELATED LEGISLATION

The Income-tax Act, 1961 ("IT Act") and the Income-tax Rules, 1962 ("IT Rules")

The IT Act is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the IT Act or IT rules made thereunder depending upon its "Residential Status" and "Type of Income" involved. The IT Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued or arising in India. Every company assessable to income tax under the IT Act is required to comply with the provisions thereof, including those relating to Tax Deduction at Source, Advance Tax, and Minimum Alternative Tax and like. Every such company is also required to file its returns by September 30 of each assessment year.

Further, the Income-tax Bill, 2025 has been approved by the Union Cabinet of the Government of India, and has been introduced before the Indian Parliament, and is being deliberated upon before the relevant committees. The Income-tax Bill, 2025 seeks to replace the IT Act, if and when promulgated.

Central Goods and Service Tax Act, 2017 ("GST Act") Integrated Goods and Services Act, 2017, and various state GST legislations

The GST regime was introduced vide the Constitution (One Hundred and First Amendment) Act, 2016 and provides for imposition of tax on the supply of goods or services and is levied at two levels, central GST through the Central Goods and Service Tax Act, 2017, and state GST through the State Goods and Services Tax Act, 2017, along with the Integrated Goods and Services Tax Act, 2017, for inter-state supply of goods or services. GST replaces a majority of indirect taxes and duties that are in place currently at the central and state levels and is applicable on all goods with the exclusion of alcohol for human consumption, electricity, sale of land, sale of buildings (subject to certain conditions) among others.

COMPANIES RELATED LEGISLATION

Celestia SPVs or any SPVs proposed to be acquired as part of the PropShare Celestia are companies and are therefore, subject to the provisions of the Companies Act, 2013 ("**Companies Act**"). The Companies Act, *inter alia*, regulates the incorporation of companies, prescribes the roles and responsibilities of directors, shareholders and key managerial personnel and the procedure for undertaking various corporate actions by the company. Declaration of dividends by companies is regulated, among other sections, under Section 123 of the Companies Act. One of the conditions stated therein is that dividend can be declared by a company out of profits for the year or out of profits for the previous financial year, subject to compliance with the specified conditions, or out of money provided by the state or central government for the payment of dividend by the company. Also, dividend can be declared and paid only from the free reserves of the company. Similarly, a number of restrictions and conditions are set out in Section 68 of the Companies Act for undertaking a buy back by companies. For

instance, a buy-back can be conducted by a company only from its free reserves, securities premium account or from proceeds of the issue of any shares or other specified securities subject to compliance with specified conditions. Further, a company is not permitted to undertake a buy-back of more than twenty five per cent of the aggregate of paid-up capital and free reserves of the company in a particular financial year and no offer or buy-back can be made within a period of one year from the date of closure of the preceding offer or buy-back, if any.

We are also required to comply with the Competition Act, 2002, as amended ("**Competition Act**"), which regulates practices having an appreciable adverse effect on competition in the relevant market in India and combinations (including mergers, amalgamations and acquisitions) in excess of certain thresholds.

LAWS RELATING TO EMPLOYMENT

The Government has consolidated 29 separate labour laws into four comprehensive labour codes: the Code on Wages, 2019, the Industrial Relations Code, 2020, the Code on Social Security, 2020, and the Occupational Safety, Health and Working Conditions Code, 2020 to modernize and streamline India's labour law framework. Its objectives include improving the ease of doing business, fostering job creation, and ensuring every worker's safety, health, and social and wage security. This key reform is the move toward single registration, single license, and single return, designed to reduce compliance burdens and support employment growth.

The four Codes took effect on November 21, 2025. During the transition, relevant provisions of existing labour acts and their associated rules, regulations, notifications, standards, and schemes will continue to apply. Below are the details of the above-mentioned four labour codes:

(i) *The Code on Wages, 2019* (enacted by the parliament of India and assented to by the President of India on August 8, 2019) seeks to simplify, consolidate, and rationalize the provisions of four existing laws-the Payment of Wages Act, 1936; the Minimum Wages Act, 1948; the Payment of Bonus Act, 1965; and the Equal Remuneration Act, 1976. Under the Code, all workers to receive a statutory right minimum wage payment. Minimum wages and timely payment will ensure financial security. It aims to strengthen workers' rights while promoting simplicity and uniformity in wage-related compliance for employers.

(ii) *The Industrial Relations Code, 2020* (enacted by the Parliament of India and assented to by the President of India on September 28, 2020) has been prepared after amalgamating, simplifying and rationalizing the relevant provisions of the Trade Unions Act, 1926, the Industrial Employment (Standing Orders) Act, 1946 and the Industrial Disputes Act, 1947. The Code acknowledges the fact that survival of worker depends upon survival of industry. In this backdrop, it simplifies laws related to trade unions, conditions of employment in industrial establishment or undertaking, investigation and settlement of industrial disputes.

(iii) *The Code on Social Security, 2020* (enacted by the Parliament of India and assented to by the President of India on September 28, 2020) incorporates existing nine Social Security Acts which are; the Employee's Compensation Act, 1923; the Employees' State Insurance Act, 1948; the Employees' Provident Funds and Miscellaneous Provisions Act, 1952; the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959; the Maternity Benefit Act, 1961; the Payment of Gratuity Act, 1972; the Cine-Workers Welfare Fund Act, 1981; the Building and Other Construction Workers' Welfare Cess Act, 1996 and; the Unorganised Workers' Social Security Act, 2008. The Code extends social security to all workers-including unorganized, gig, and platform workers-covering life, health, maternity, and provident fund benefits, while introducing digital systems and facilitator-based compliance for greater efficiency.

(iv) *The Occupational Safety, health and Working Conditions Code, 2020* (enacted by the Parliament of India and assented to by the President of India on September 28, 2020) has been drafted after amalgamation, simplification and rationalization of the relevant provisions of the 13 Central Labour Acts- the Factories Act, 1948; the Plantations Labour Act, 1951; the Mines Act, 1952; the Working Journalists and other Newspaper Employees (Conditions of Service and Miscellaneous Provisions) Act, 1955; the Working Journalists (Fixation of Rates of Wages) Act, 1958; the Motor Transport Workers Act, 1961; the Beedi and Cigar Workers (Conditions of Employment) Act, 1966; the Contract Labour (Regulation and Abolition) Act, 1970; the Sales Promotion Employees (Conditions of Service) Act, 1976; the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979; the Cine-Workers and Cinema Theatre Workers (Regulation of Employment) Act, 1981; the Dock Workers (Safety, Health and Welfare) Act, 1986 and; the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The Code balances the twin objectives of safeguarding worker rights and safe working conditions, and creating a business-friendly regulatory environment. This will spur economic growth and employment thereby, making India's labour market more efficient, fair, and future-ready.

DATA PROTECTION LAWS

The Digital Personal Data Protection Act, 2023 (the "DPDP Act")

The DPDP Act received the assent of the President of India on August 11, 2023. It seeks to provide for the processing of digital personal data in a manner that recognises both the right of individuals to protect their personal data and the need to process such personal data for lawful and other incidental purposes. It defines personal data to mean any data about an individual who is identifiable by or in relation to such data ("**Personal Data**"). It further defines a data fiduciary to mean any person who alone or in conjunction with other persons determines the purpose and means of processing of personal data ("**Data Fiduciary**"), and a data principal to mean an individual to whom the Personal Data relates ("**Data Principal**").

The DPDP Act applies to the processing of digital Personal Data within India where the Personal Data is collected in digital form or where it is collected in a non-digital form and is subsequently digitised. It also applies to processing of digital Personal Data outside of India, if such processing is in connection with any activity related to offering of goods or services to Data Principals within India. The DPDP Act does not apply to Personal Data processed by an individual for any personal or domestic purpose, and Personal Data that is made publicly available by the Data Principal to whom such personal data relates or any other person who is under an obligation under any law for the time being in force in India to make such Personal Data publicly available. As per the DPDP Act, a person may process the Personal Data of a Data Principal for a lawful purpose, for which the Data Principal has given her consent or for certain legitimate uses. It also provides for the establishment of a Data Protection Board of India for taking remedial actions and imposing penalties for breach of the provisions of the DPDP Act. It imposes restrictions and obligations on Data Fiduciaries in relation to dealing with personal data and levies penalties for breach of obligations prescribed under the DPDP Act.

The Ministry of Electronics and Information Technology ("**MeitY**") vide notification dated November 13, 2025, has published the Digital Personal Data Protection Rules, 2025 ("**Rules**") in the Official Gazette. The Rules facilitate the implementation of the DPDP Act. It aims to strengthen the legal framework for the protection of digital personal data by providing necessary details and an actionable framework. The Rules lay down various implementation aspects such as the notice by the Data Fiduciary to the individuals, registration and obligations of consent manager, processing of personal data for issuance of subsidy, benefit, services by State, applicability of reasonable security safeguards, intimation of personal data breach, providing details about availing of the rights by the individuals, processing of personal data of child or of person with disability, setting up the Data Protection Board, appointment and service conditions of the chairperson and other members of the Data Protection Board, functioning of the Data Protection Board as digital office, and procedure to appeal to appellate tribunal, among others. The Rules shall come into force in a phased manner, with certain provisions under the Rules coming into force on the date of their publication on November 13, 2025 in the Official Gazette while the balance will be effectuated between one year to eighteen months from the date of publication.

OTHER REGULATIONS

In addition to the above, the Trust and its Schemes might be required to comply with the provisions of the Foreign Exchange Management Act, 1999, which was enacted to consolidate and amend the law relating to foreign exchange with the object of facilitating external trade and payments for promoting the orderly development and maintenance of foreign exchange market in India.

The Trust and its Schemes will also be governed by the provisions of various acts, rules and policies such as the Copyright Act, 1957 and the Copyright Rules, 2013, Professional Tax registration, fire prevention laws, various lift and escalators legislations, shops and establishment legislation of relevant states and other applicable statutes for its day-to-day operations.

INDEPENDENT AUDITOR'S REPORT ON STATEMENT OF POSSIBLE TAX BENEFITS AVAILABLE TO PROPSHARE CELESTIA ("SCHEME") OF THE PROPERTY SHARE INVESTMENT TRUST (THE "TRUST") AND ITS UNITHOLDERS UNDER THE APPLICABLE INCOME TAX LAWS IN INDIA

To
The Board of Directors,
PropShare Investment Manager Private Limited (the "**Investment Manager**") in its capacity as the Investment Manager of the Property Share Investment Trust
10th Floor, SKAV Seethalakshmi,
21/22 Kasturba Road,
Bengaluru, Karnataka 560 001

Dear Sirs,

Sub: Statement of possible tax benefits ('the Statement') available to the Scheme of the Trust and its unitholders

We hereby confirm that the enclosed Annexure to the Statement, prepared by PropShare Investment Manager Private Limited states the possible tax benefits available to the Scheme of the Trust and its unitholders under the Income-tax Act, 1961 ('the **Act'**) as amended by the Finance Act (No. 2), 2025 read with the Income tax Rules, 1962, i.e. applicable for the Financial Year 2025-26 relevant to the assessment year 2026-27 (referred to as 'the Direct Tax Law'), presently in force in India.

Several of these benefits are dependent on the Scheme of the Trust or its unitholders fulfilling the conditions prescribed under the relevant provisions of the Direct Tax Law. Hence, the ability of the Scheme of the Trust or its unitholders to derive the tax benefits is dependent upon fulfilling such conditions, which are based on business imperatives the Scheme of the Trust may face in the future, which the Scheme of the Trust or its unitholders may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure are not exhaustive and the preparation of the contents stated in the Annexure is the responsibility of the Investment Manager. We are informed that this statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice.

In view of the individual nature of the tax consequences and the changing Direct Tax Laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of units of the Scheme of the Trust (the "**Offer**") in accordance with the provisions of Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended and the guidelines and circulars issued thereunder (the "**REIT Regulations**"). We are neither suggesting nor advising the investors to invest in the Offer relying on this statement.

We do not express any opinion or provide any assurance as to whether:

I. The Scheme of the Trust or its unitholders will obtain/continue to obtain these tax benefits in future;

II. The conditions prescribed for availing the tax benefits have been/would be met with; and

III. The revenue authorities/courts will concur with the views expressed herein.

We assume no obligation to update the Annexure on any events subsequent to this date, which may have a material effect on the discussions herein.

The contents of the enclosed Annexure are based on information, explanations and representations obtained from the Investment Manager and on the basis of our understanding of the business activities and operations of the Scheme of the Trust.

This Statement is prepared solely for the purpose of inclusion in the Draft Key Information of the Scheme, Key Information of the Scheme and Final Key Information of the Scheme, or any other material prepared solely in connection with the Offer, and is not to be used, referred to or distributed for any other purpose.

We have no responsibility to update this report for events and circumstances occurring after the date of this report.

ANNEXURE TO STATEMENT OF POSSIBLE TAX BENEFITS APPLICABLE TO SCHEME OF THE TRUST AND ITS UNITHOLDERS UNDER THE APPLICABLE INCOME-TAX LAWS IN INDIA

TAX REGIME FOR THE SCHEME OF THE TRUST AND UNITHOLDERS UNDER THE PROVISIONS OF THE INCOME-TAX ACT, 1961 ('ITA')

The ITA has set-out a special regime for taxation of income arising to REIT and its unitholders under Chapter XII-FA of the ITA.

We have summarized below relevant income-tax provisions as applicable to Scheme of the Trust and its unitholders, under the ITA, as amended by the Finance Act (No. 2), 2025. The tax provisions listed below are available to Scheme of the Trust and its unitholders subject to compliance with the applicable provisions and/or the conditions laid out in the ITA and the regulations as prescribed under the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, made under the Securities and Exchange Board of India Act, 1992 (15 of 1992) ('REIT Regulations') as amended including regulations under Chapter VIB of the REIT Regulations applicable to small and medium real estate investment trust.

A. Tax provisions applicable to the Scheme of the Trust

1. Tax benefits in the hands of Scheme of the Trust in respect of interest and dividend income received from special purpose vehicles

1.1 Interest Income

Interest income received or receivable by the Scheme of the Trust from an Indian company in which the Scheme of the Trust holds a controlling interest and any specific percentage of shareholding or Interest, as required under the REIT Regulations ('SPV') shall be exempt from tax in the hands of the Scheme of the Trust under section 10(23FC)(a) of the ITA.

1.2 Dividend Income

Dividend income received or receivable by the Scheme of the Trust from a SPV shall be exempt in the hands of the Scheme of the Trust under section 10(23FC)(b) of the ITA.

2. Taxation of income, other than income referred to in paragraphs 1 above, in the hands of the Scheme of the Trust – Section 115UA(2) read with section 111A, section 112 and section 112A of the ITA

2.1 Income from capital gains

(i) Capital gains arising in the hands of the Scheme of the Trust shall be chargeable to tax as under:

Assets #	**Calculation of Period of holding[1]**	**Nature of capital gains**	**Applicable tax rates[2]**
Unlisted debentures and bonds	Not applicable[3]	Short Term Capital Gains ('STCG')	30%

Unlisted securities (other than unlisted debentures)	More than 24 months	Long Term Capital Gains ('LTCG')	12.5%
	Less than or equal to 24 months	STCG	30%

*#A tax rate of 12.5% * (in case of LTCG i.e., held for a period more than 12 months) and 20%* (in case of STCG i.e., held for a period less than or equal to 12 months) may be applicable if the capital gains arises from transfer of listed equity shares or units of an equity-oriented fund and securities transaction tax ('STT') has been paid on purchase and sale of equity shares or on transfer of units of equity-oriented fund, as the case may be.*

1. *Section 2(29AA) read with section 2(42A) of ITA*
2. *Excluding applicable surcharge and health and education cess*
3. *Deemed short term capital gains under section 50AA of ITA with effect from 23 July 2024*

(ii) Any income other than income referred to in paragraph (i) above shall be taxed at the maximum marginal rate in the hands of the Scheme of the Trust in accordance with section 115UA(2) of the ITA.

(iii) Section 74 of the ITA allows short-term capital loss arising during a financial year to be set-off against income, if any, from capital gains (short term or long-term), arising in the same financial year. However, long-term capital loss arising during a financial year is allowed to be set-off only against long-term capital gains. Balance loss, if any, is allowed to be carried forward and set-off against income from capital gains, arising during subsequent eight assessment years, as follows: (i) balance short-term capital loss can be carried forward and set-off against capital gains (short term or long-term); and (ii) balance long-term capital loss can be carried forward and set-off only against long-term capital gains.

2.2 Income from buy back of shares.

(i) With effect from 1st day of October 2024, the amount distributed by the SPV by way of buyback would be deemed to be dividend under section 2(22)(f) of ITA in the hands of the Scheme of the Trust. The actual cost of acquisition of the shares would be deemed to be the capital loss for the Scheme of the Trust.

(ii) Further, the proceeds distributed by way of buyback would be taxed as dividends as per the section 2(22)(f) of ITA and such dividend should be exempt in the hands of the Scheme of the Trust under section 10(23FC)(b) of ITA.

B. Tax provisions applicable to the unitholders of the Scheme of the Trust

3. Income arising from Scheme of the Trust

As per provisions section 115UA(1) of the ITA, income distributed by the scheme of trust in the nature of interest, dividend and rental income directly received by the scheme of trust is taxable in the hands of the unitholders in the same manner and proportion as the underlying income stream received by the scheme of Trust.

We have discussed below the taxability of the income in the hands of unitholders based on their residential status:

Residential status of unitholders	**Nature of income**	**Tax Rates**
Resident unitholders	Interest income	At applicable rates^

	Qualified dividend income**	Tax exempt (Refer Note below)
	Disqualified dividend income**	At applicable rates^ (Refer Note below).
	Any other income taxable in the hands of the Scheme of the Trust	Tax exempt
	Any distributions other than the above (specified sum as per section 56(2)(xii) of the ITA)	Taxable once such distributions exceed the issue price of unit#
Non-resident unitholders	Interest income	5%*^
	Qualified dividend income**	Tax exempt (Refer Note below)
	Disqualified dividend income**	At applicable rates^@ (Refer Note below)
	Any other income taxable in the hands of Scheme of the Trust	Tax exempt
	Any distributions other than the above (specified sum as per section 56(2)(xii) of the ITA)	Taxable once such distributions exceed the issue price of unit#

** Excluding applicable surcharge and cess*

*** Qualified/Disqualified dividend income will include income arising from buy-back of shares by an SPV deemed to be dividend in line with paragraph 2.2 above*

^ The income shall be subject to deduction of tax at source (for details see paragraph 7 below)

Any amount distributed by us to a unitholder which is not in the nature of dividends or interest, or any other income shall be reduced from the cost of acquisition of such unitholder, till such time that the aggregate of such distributions does not exceed the original issue price of our units. Distributions in excess of the original issue price of our units shall be taxed in the hands of the unitholder at applicable tax rate per section 56(2)(xii) of the ITA, i.e., Specified sum received by a unitholder from a Business Trust/Scheme of the trust shall be charged to tax as:

A (-) B (-) C;

A = Aggregate of sum distributed by the Business Trust/Scheme of the trust other than interest, dividend, rental and exempt income to any investor on every unit

B = Issue price of a unit of the Business Trust/Scheme of the trust

C = Amount charged to tax under these provisions in earlier years

Further, specified sum shall be deemed to be zero, if sum of B and C is greater than A

@ Under the provisions of section 90(2) of the ITA, non-resident unitholders may seek to avail beneficial provisions under the applicable Double Taxation Avoidance Agreement ('DTAA') that India may have entered into with their respective country of residence

Note: As per section 10(23FD) of ITA, taxability of income in the nature of dividend distributed by Scheme of the Trust to unitholders is dependent on the taxation regime adopted by the SPV(s), which distributes the dividend to Scheme of the Trust. If the SPV(s) has not opted for a concessional corporate tax rate under section 115BAA of the ITA ('Qualifying SPV'), dividend received from such Qualifying SPV ('Qualified Dividend') and distributed by Scheme of the Trust is exempt in the hands of the unitholders. Any dividend other than Qualified Dividend distributed by Scheme of the Trust ('Disqualified Dividend') is taxable in the hands of the unitholders.

4. Tax provisions applicable to unitholders on sale of units

For resident, non-resident and Foreign Portfolio Investor ('FPIs') / Foreign institutional Investors ('FIIs') unit holders

(i) In case units of the Scheme of the Trust are held as capital asset by the unitholder, gains arising on sale of units of the Scheme of the Trust on a recognized stock exchange, which have been subjected to STT, shall be liable to tax as under:

Period of Holding	Nature of Capital Gains	Applicable Tax rates $
More than 12 months	LTCG	12.5%^* on gains exceeding INR 0.125 million
Less than or equal to 12 months	STCG	20%**

---

^ without indexation benefit

** Excluding applicable surcharge and cess under section 112A of the ITA*

*** Excluding applicable surcharge and cess under section 111A of the ITA*

Note: Gains arising on sale of units of the Scheme of the Trust, where sale is not pursued through a recognised stock exchange and not subject to STT, shall be chargeable to tax as under:

- *at 12.5% plus applicable surcharge and cess in case of LTCG*
- *at applicable tax rate, plus applicable surcharge and cess in case of STCG*

For calculating gains cost of acquisition of units to stand reduced to the extent of distributions received which is not in the nature of:

- *not in the nature of interest or dividend from SPV covered by section 10(23FC) of the ITA*
- *not in the nature of rental income covered under section 10(23FCA) of the ITA*
- *sum not chargeable to tax for the unit holders under section 56(2)(xii) of the ITA*
- *sum not chargeable to tax for the business trust under section 115UA(2) of the ITA*

$ Under the provisions of section 90(2) of the ITA, a non-resident will be governed by the provisions of the DTAA between India and the country of tax residence of the non-resident, and the provisions of the ITA apply to the extent they are more beneficial to the assessee.

5. Applicability of Minimum Alternate Tax ("MAT") under section 115JB of ITA for domestic companies who earn income from units held in REIT

- In case of domestic companies that are liable to pay MAT under provisions of section 115JB of the ITA (unless such domestic company has opted to be governed by the concessional tax regime provided under section 115BAA of the ITA), the gains arising, if any, on sale of units of Scheme of the Trust are to be included as part of book profits for the purposes of computing MAT lability. MAT paid by such companies shall be available as credit for set-off against future tax liability, provided such companies do not subsequently opt to be governed by the concessional tax rate under section 115BAA of the ITA.

- As per Explanation 4 to section 115JB(2) of the ITA, the provisions of section 115JB shall not be applicable to a foreign company if the foreign company is a resident of a country having DTAA with India and such foreign company does not have a permanent establishment within the definition of the term in the relevant DTAA, or the foreign company is a resident of a country with which India does not have a DTAA with India and such foreign company is not required to seek registration in India under any laws relating to companies for the time being in force.

- Pursuant to Central Board of Direct Tax press release dated September 24, 2015, the Government has clarified the inapplicability of Minimum Alternate Tax provisions to FIIs/FPIs.

6. For Mutual Funds investing in units of REITs

Under section 10(23D) of the Act, any income earned by a Mutual Fund registered under the Securities and Exchange Board of India Act, 1992, or a Mutual Fund set up by a public sector bank or a public financial institution, or a Mutual Fund authorized by the Reserve Bank of India would be exempt from income-tax, subject to such conditions as the Central Government may, by notification in the Official Gazette, specify in this behalf.

C. Withholding tax provisions

7. Applicable withholding tax implications on income distributions to the Scheme of the Trust and its unitholders are set out below:

7.1 On income distributions made to Scheme of the Trust by SPVs

(i) As per section 194A(3)(xi) of the ITA, any income by way of interest (other than 'interest on securities') received/receivable by the Scheme of the Trust from SPV is not subject to withholding tax.

(ii) As per clause (ix) of first proviso to section 193 of the ITA, any income by way of interest on securities received/receivable by the Scheme of the Trust from SPV is not subject to withholding tax.

(iii) Any dividends received by the Scheme of the Trust from SPV is not subject to withholding tax as per clause (d) of second proviso of section 194 of the ITA.

7.2 On income distributions made to Unitholders by the Scheme of the Trust

As per section 194LBA of the ITA, taxes shall be required to be deducted at source at the time of payment/credit (whichever is earlier) from following income distributions by the Scheme of the Trust to its unitholders:

Income recipient	Nature of income	Applicable tax rates
Resident unitholders	Interest income Disqualified dividend income Qualified dividend income Any distributions other than the above	10% 10% Not subject to withholding tax Not subject to withholding tax
Non-resident unitholders	Interest income Disqualified dividend income** Qualified dividend income	5%* 10%* Not subject to withholding tax

	Any distributions other than the Above	Not subject to withholding tax
Category I and II Alternative Investment Funds	Any distribution of nature referred to in section 10(23FBA) of the ITA	Not subject to withholding tax
Mutual funds	Any distribution	Not subject to withholding tax

** Excluding applicable surcharge and cess*

*** If the ITA provides withholding tax rate for any specific category of non-resident unitholders, then the same needs to be considered.*

Non-resident unitholders may seek to avail any beneficial provisions under applicable DTAA that India may have entered into with its country of residence.

8. On sale of units of the Scheme of the Trust

(i) No withholding tax applies in respect of capital gains arising from transfer of units to a resident or a non-resident which is a Foreign Portfolio Investor ('FPI') registered with the Securities and Exchange Board of India.

(ii) Withholding tax under section 195 of ITA may apply on capital gains arising to a non-resident who is not an FPI. Where such non-resident is entitled to benefits, including capital gains tax exemptions, under the applicable DTAA, it will have to furnish all the relevant documents / information to demonstrate his claim of taking DTAA benefits.

D. General tax rates

The income-tax rates specified in this statement are as applicable for the financial year 2025-26 under the provisions of the ITA, and are exclusive of surcharge and education cess, if any. The rates of surcharge and cess are provided below:

Note:

- *Highest surcharge rate applicable shall be 25% if the category of investors has opted to exercise option under section 115BAC of the ITA.*
- *The surcharge on dividend income, long term capital gains and short-term capital gains under section 111A of the ITA arising from disposal of REIT units shall not exceed 15%, even if the income exceeds INR 20 million.*
- *Health and education cess: In all cases, health and education cess will be levied at the rate of 4% of the income tax and surcharge.*

E. Notes:

1) The information provided in this statement sets out the possible tax benefits available to the unitholders in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of units of the Scheme of the Trust, under the current tax laws presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the units particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation impacting the provisions/benefits if any, which an investor can avail.

2) The stated possible tax benefits will apply only to the sole/first named holder in case the units are held by joint holders.

3) In respect of non-residents, the tax rates and the consequent taxation mentioned above shall be further subject to benefits available, if any, under the applicable DTAA, if any, between India and the country in which the non-resident has fiscal domicile.

4) This statement of tax provisions enumerated above is as per the ITA as amended by the Finance Act (No. 2) 2025. This statement sets out the provisions applicable to the Scheme of the Trust and its unitholders under the current tax laws presently in force in India for FY 2025-26. Several of these provisions and benefits if any, are dependent on the Scheme of the Trust or its unitholders fulfilling the conditions prescribed under the relevant tax laws.

5) The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefit under any other law.

6) No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes

ISSUE INFORMATION

Below is a summary, intended to provide a general outline of the procedures for the bidding, application, payment, Allocation and Allotment of the Celestia Units to be issued pursuant to the Issue. The procedure followed in the Issue may differ from the one mentioned below, and investors are presumed to have apprised themselves of the same from the Investment Manager or the Lead Manager.

The Bidders were advised to inform themselves of any restrictions or limitations that may be applicable to them and were required to consult their respective advisers in this regard. Investors those have applied in the Issue were required to confirm and were deemed to have represented to the Trustee, the Investment Manager, the Lead Manager and their respective directors, officers, agents, affiliates and representatives that they are eligible under all applicable laws, rules, regulations, guidelines and approvals to acquire the Celestia Units. The Investment Manager and the Lead Manager and their respective directors, officers, agents, affiliates and representatives accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire the Celestia Units. The Investment Manager, the Trustee, the Lead Manager and Syndicate Members, if any, do not accept any responsibility for the completeness and accuracy of the information stated in this section and are not liable for any amendment, modification or change in the applicable law which may occur after the date hereof.

Authority for the Issue

The Issue was authorised and approved by the board of directors of the Investment Manager on January 8, 2026.

The Investment Manager has received the in-principle approval dated February 5, 2026 from the BSE for the listing of the Celestia Units on the BSE. The Investment Manager has filed a copy of the Draft Key Information of the Scheme, Key Information of the Scheme and this Final Key Information of the Scheme with SEBI and the Stock Exchange.

The Celestia Units have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Issue Procedure

This section applies to all Bidders. All Bidders mandatorily participated in the Issue through the ASBA process. Bidders who have applied for Celestia Units in this Issue have carefully read the provisions applicable to them before submitting a Bid. All Bidders were required to pay the full Bid Amount at the time of Bidding, by way of instructing the relevant SCSB to block the full Bid Amount at the time of Bidding.

Book Building Process

As of the date of this Final Key Information of the Scheme, the Trust is eligible for the Issue in accordance with the REIT Regulations. This Net Issue was made through the Book Building Process, wherein not more than 75% of the Net Issue was made available for Allocation to Institutional Investors on a proportionate basis and balance 25% of the Net Issue was made available for Allocation to Non-Institutional Investors in accordance with the REIT Regulations and the SEBI Guidelines. In case of undersubscription in any category, the unsubscribed portion in either category may be Allotted to Bidders in the other category at the discretion of our Investment Manager, in consultation with the Lead Manager and the Designated Stock Exchange.

ASBA Bidders, were required to submit their Bids through the Designated Intermediaries including the SCSBs with whom the ASBA Account is maintained.

Bidders do not have the right to withdraw or lower their Bid (in terms of number of Celestia Units or Bid Amount) at any stage. Bidders can only make upward revisions in their Bids, subject to applicable law.

Allotment to successful Bidders will be only in the dematerialized form. Bid cum Application Forms which did not have the details of the Bidders' depository accounts including DP ID, PAN and Client ID have been treated as incomplete and rejected. Bidders will not have the option of receiving Allotment in physical form. On Allotment, the Celestia Units will be traded only on the dematerialized segment of the Stock Exchange.

Bid cum Application Form

Copies of the Bid cum Application Form and the abridged Key Information of the Scheme were available at the offices of the Lead Manager, the Syndicate Member, the principal place of business of the Trust and the Designated Intermediaries at the

Bidding Centres. An electronic copy of the Bid cum Application Form was also available on the websites of the SCSBs and the BSE (www.bseindia.com).

Bidders were required to use only the specified Bid cum Application Form bearing the stamp of a Designated Intermediary submitted at Bidding Centres (except in case of electronic Bid cum Application Forms), for the purpose of making a Bid in terms of the Key Information of the Scheme. Bid cum Application Forms (other than electronic Bid cum Application Forms), not bearing such stamps were liable to be rejected. Before being issued to Bidders, the Bid cum Application Form were serially numbered.

All Bidders shall mandatorily participate in the Issue only through the ASBA process.

An ASBA Bidder have used the ASBA Form obtained from the Designated Intermediaries for the purpose of making a Bid. In case of application in physical mode, the ASBA Bidder have submitted the ASBA Form with the relevant Designated Intermediary. In case of application in electronic form, the ASBA Bidder have submitted the ASBA Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for bidding and blocking funds in the ASBA Account held with SCSB, and accordingly registered such Bids. The SCSB has blocked an amount in the ASBA Account equal to the Bid Amount specified in the ASBA Form.

The Bid cum Application Form contained information about the Bidder and the price and number of Celestia Units that the Bidder wished to Bid for. Bidders had the option to make a maximum of three Bids in the Bid cum Application Form and such options were not considered multiple Bids.

On filing of this Final Key Information of the Scheme with SEBI and the Stock Exchange, the Bid cum Application Form has been treated as a valid application form for Allotment of the Celestia Units. On submission of the completed Bid cum Application Form to a Designated Intermediary, the Bidder was deemed to have authorized the Investment Manager to make the necessary changes in this Final Key Information of the Scheme as may be required under the REIT Regulations, SEBI Guidelines and other applicable laws, for filing this Final Key Information of the Scheme with SEBI and the Stock Exchange without prior or subsequent notice of such changes to the Bidder.

The prescribed colour of the Bid cum Application Forms for various categories is as follows:

Category	Colour of Bid cum Application Form
Resident Indians	White
Non-Residents including Eligible NRIs and FPIs and multilateral and bilateral development financial institutions, applying on a repatriation basis	Blue

Designated Intermediaries had submitted/delivered the Bid cum Application Forms of Bidders to the respective SCSBs where the Bidders had a bank account and did not submit it to any non-SCSB Bank or Escrow Collection Bank (unless such Escrow Collection Bank is also an SCSB).

Who could Bid?

Each Bidder had to check if it was eligible to apply under applicable law. Furthermore, certain categories of Bidders may not have been permitted to bid in the Issue or hold Celestia Units in excess of the limits specified under applicable law. Each Bidder was required to Bid for a Minimum Bid Size of ₹ 1 million.

The Parties to the Trust and the Members of the Syndicate are not liable for any amendment or modification or change to applicable law, which may occur after the date of this Final Key Information of the Scheme. Bidders were advised to make their independent investigations and satisfy themselves that they were eligible to apply. Bidders were advised to ensure that application from them does not exceed the applicable investment limits or maximum number of Celestia Units that can be held by them under applicable law.

The Trustee, the Valuer and the employees of the Valuer who were involved in the valuation of Project Celestia were not permitted to Bid in this Issue.

The Celestia Units have not been and will not be registered under the U.S. Securities Act of 1933, as amended, (the "Securities Act") or with any securities regulatory authority of any state or other jurisdiction of the United States and, unless so registered, may not be offered or sold within the United States or to, or for the account or benefit of, "U.S. persons" (as defined in Regulation S under the Securities Act), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. Accordingly, the Units are being offered or sold only to persons outside the United States in offshore transactions to non-U.S. persons in reliance on Regulation S under the Securities Act ("Regulations S") and the applicable laws of the jurisdiction where those offers and sales occur.

All Other Celestia Units Issued and Sold in this Issue

Each purchaser that is acquiring the Celestia Units offered pursuant to this Issue outside the United States, by its acceptance of the Key Information of the Scheme and of the Celestia Units offered pursuant to this Issue, is deemed to have acknowledged, represented to and agreed with the Trust and the Lead Manager that it has received a copy of the Key Information of the Scheme and such other information as it deems necessary to make an informed investment decision and that:

(i) the purchaser is authorized to consummate the purchase of the Celestia Units offered pursuant to this Issue in compliance with all applicable laws and regulations;

(ii) the purchaser acknowledges that the Celestia Units offered pursuant to this Issue have not been and will not be registered under the Securities Act or with any securities regulatory authority of any state of the United States and accordingly may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act;

(iii) the purchaser is purchasing the Celestia Units offered pursuant to this Issue in an offshore transaction meeting the requirements of Rule 903 of Regulation S under the Securities Act;

(iv) the purchaser and the person, if any, for whose account or benefit the purchaser is acquiring the Celestia Units offered pursuant to this Issue, was located outside the United States at the time (i) the offer was made to it and (ii) when the buy order for such Celestia Units was originated and continues to be located outside the United States and has not purchased such Celestia Units for the account or benefit of any person in the United Sates or entered into any arrangement for the transfer of such Celestia Units or any economic interest therein to any person in the United States;

(v) the purchaser is not an affiliate of the Trust or a person acting on behalf of an affiliate;

(vi) if, in the future, the purchaser decides to offer, resell, pledge or otherwise transfer such Celestia Units, or any economic interest therein, such Celestia Units or any economic interest therein may be offered, sold, pledged or otherwise transferred only (A) in an offshore transaction complying with Rule 903 or Rule 904 of Regulation S under the Securities Act and (B) in accordance with all applicable laws, including the securities laws of the States of the United States. The purchaser understands that the transfer restrictions will remain in effect until the Trust determines, in its sole discretion, to remove them;

(vii) the purchaser agrees that neither the purchaser, nor any of its affiliates, nor any person acting on behalf of the purchaser or any of its affiliates, will make any "directed selling efforts" as defined in Regulation S under the Securities Act in the United States with respect to the Celestia Units;

(viii) the purchaser understands that such Celestia Units (to the extent they are in certificated form), unless the Trust determines otherwise in accordance with applicable law, will bear a legend substantially to the following effect:

THE CELESTIA UNITS REPRESENTED HEREBY HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR WITH ANY SECURITIES REGULATORY AUTHORITY OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED EXCEPT IN AN OFFSHORE TRANSACTION COMPLYING WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES.

(ix) The Trust will not recognize any offer, sale, pledge or other transfer of such Celestia Units made other than in compliance with the above-stated restrictions; and

(x) the purchaser acknowledges that the Trust, the Lead Manager, their respective affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgements, representations and agreements and agrees that, if any of such acknowledgements, representations and agreements deemed to have been made by virtue of its purchase of such Celestia Units are no longer accurate, it will promptly notify the Trust, and if it is acquiring any of such Celestia Units as a fiduciary or agent for one or more accounts, it represents that it has sole investment discretion with respect to each such account and that it has full power to make the foregoing acknowledgements, representations and agreements on behalf of such account.

European Economic Area

In relation to each Member State of the European Economic Area (each an "**EEA Member State**"), no Celestia Units have been offered or will be offered pursuant to the Issue to the public in that EEA Member State prior to the publication of a prospectus in relation to the Celestia Units which has been approved by the competent authority in that EEA Member State or, where appropriate, approved in another EEA Member State and notified to the competent authority in that EEA Member State, all in accordance with the EU Prospectus Regulation, except that it may make an offer to the public in that EEA Member State of any Celestia Units at any time under the following exemptions under the EU Prospectus Regulation:

(a) to any legal entity which is a qualified investor as defined under the EU Prospectus Regulation;

(b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the EU Prospectus Regulation), subject to obtaining the prior consent of the Lead Manager for any such offer; or

(c) in any other circumstances falling within Article 1(4) of the EU Prospectus Regulation

provided that no such offer of the Celestia Units shall require the PropShare Celestia or Investment Manager to publish a prospectus pursuant to Article 3 of the EU Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the EU Prospectus Regulation.

For the purposes of this provision, the expression an "offer to the public" in relation to the Celestia Units in any EEA Member State means the communication in any form and by any means of sufficient information on the terms of the offer and any Celestia Units to be offered so as to enable an investor to decide to purchase or subscribe for any Celestia Units, and the expression "**EU Prospectus Regulation**" means Regulation (EU) 2017/1129.

United Kingdom

In relation to the United Kingdom, no Celestia Units have been offered or will be offered pursuant to the Issue to the public in the United Kingdom prior to the publication of a prospectus in relation to the Celestia Units which has been approved by the Financial Conduct Authority in accordance with the UK Prospectus Regulation, except that it may make an offer to the public in the United Kingdom of any Celestia Units at any time under the following exemptions under the UK Prospectus Regulation:

(a) to any legal entity which is a qualified investor as defined under the UK Prospectus Regulation;

(b) to fewer than 150 natural or legal persons (other than qualified investors as defined under the UK Prospectus Regulation), subject to obtaining the prior consent of the Lead Manager for any such offer; or

(c) in any other circumstances falling within Article 1(4) of the UK Prospectus Regulation,

provided that no such offer of the Celestia Units shall require the Trust or Investment Manager to publish a prospectus pursuant to Article 3 of the UK Prospectus Regulation or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

In the United Kingdom, the Issue is only addressed to, and is directed only at, "qualified investors" within the meaning of Article 2(e) of the UK Prospectus Regulation, who are also (i) persons having professional experience in matters relating to investments who fall within the definition of "investment professionals" in Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "**Order**"); (ii) high net worth bodies corporate, unincorporated associations and partnerships and trustees of high value trusts as described in Article 49(2) of the Order; or (iii) persons to whom it may otherwise lawfully be communicated (all such persons being referred to as "**relevant persons**"). This document must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this document relates is available only to relevant persons and will be engaged in only with relevant persons.

For the purposes of this provision, the expression an "offer to the public" in relation to the Celestia Units in the United Kingdom means the communication in any form and by any means of sufficient information on the terms of the Issue and any Celestia Units to be offered so as to enable an investor to decide to purchase or subscribe for any Celestia Units, and the expression "**UK Prospectus Regulation**" means the UK version of Regulation (EU) No 2017/1129 as amended by The Prospectus (Amendment etc.) (EU Exit) Regulations 2019, which is part of UK law by virtue of the European Union (Withdrawal) Act 2018.

The Trust, the Underwriters and their affiliates, and others will rely upon the truth and accuracy of the foregoing representation, acknowledgement and agreement.

Participation by associates and affiliates of the Lead Manager and Syndicate Members

The Lead Manager and the Syndicate Member were not entitled to Bid for Celestia Units in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Lead Manager and the Syndicate Members may have Bid for Celestia Units in the Issue, in the Institutional Investor Portion to such Bidders, where the Allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of the Lead Manager and Syndicate Members, shall be treated equally for the purpose of Allocation to be made on a proportionate basis.

Bids by Eligible NRIs

Eligible NRIs were permitted to participate in the Issue subject to compliance with the applicable restrictions and conditions which may be prescribed by the GoI from time to time.

(i) Bid cum Application Forms for Eligible NRIs applying were available at the office of the Trust, the registered office of the Investment Manager and with the Designated Intermediaries, as the case may be;

In accordance with the SEBI FPI Regulations, an FPI means a person who has been registered under Chapter II of the SEBI FPI Regulations and shall be deemed to be an intermediary in terms of the provisions of the SEBI Act.

In case of Bids by FPIs the payment should have been made out of funds held in a Special Non-Resident Rupee Account by an inward remittance through normal banking channels including debit to an NRE account or FCNR account along with documentary evidence in support of the remittance. In case of Bids made by FPIs, a verified true copy of the certificate of registration issued by the designated depository participant under the SEBI FPI Regulations was required to be attached along with the Bid cum Application Form, failing which, the Investment Manager in consultation with the Lead Manager, reserved the right to reject the Bid without assigning any reasons thereof.

All Non-Resident Investors including Eligible NRIs and FPIs were required to note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and/ or commission.

There is no reservation for NRIs, FPIs and FVCIs and all Bidders have been treated on the same basis with other categories for the purpose of Allocation.

Bids by SEBI registered VCFs and AIFs

The SEBI VCF Regulations prescribe, amongst others, the investment restrictions on VCFs registered with SEBI under the said regulations. Further, the SEBI AIF Regulations prescribe, amongst others, the investment restrictions on AIFs. Further, VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations. Additionally, VCFs and AIFs are subject to certain investment restrictions, including with respect to the percentage of investible funds held in each investee entity. Under the SEBI AIF Regulations, Category I and II AIFs are permitted to invest not less than 25% of the investible funds in one "investee company" (which includes a REIT) and Category III AIFs are permitted to invest not more than 10% of the investible funds in one "investee company" (which includes a REIT). Allotments made to VCFs and AIFs in the Issue shall be subject to the rules and regulations that are applicable to each of them, respectively. There is no reservation for NRIs, FPIs and FVCIs and all Bidders were treated on the same basis with other categories for the purpose of Allocation.

The Bid cum Application Form was liable to be rejected if the above instructions, as applicable, were not complied with.

Method and Process of Bidding

(i) The Investment Manager and the Lead Manager declared the Bid/ Issue Opening Date and Bid/ Issue Closing Date at the time of filing the Key Information of the Scheme with SEBI and the Stock Exchange.

(ii) Post filing of the Key Information of the Scheme with SEBI and the Stock Exchange, the Investment Manager made a pre-Issue advertisement on the websites of the Trust, the Investment Manager and the Stock Exchange. Further, such pre-Issue advertisements were also published in all editions of Financial Express (a widely circulated English national daily newspaper), in all editions of Jansatta (a widely circulated Hindi national daily newspaper) and in Bangalore edition of Vishwavani (a widely circulated Kannada national daily newspaper with wide circulation in Bangalore).

(iii) The Price Band was decided by the Investment Manager in consultation with the Lead Manager and was disclosed at least two Working Days prior to the Bid/ Issue Opening Date on the websites of the Trust, the Investment Manager and the Stock Exchange and in the newspapers where the pre-Issue advertisement was published.

(iv) Bidders who were interested in subscribing to the Celestia Units were required to approach any of the Designated Intermediaries to register their Bids during the Bid/ Issue Period. The Designated Intermediaries have accepted Bids from all Bidders and had the right to vet the Bids during the Bid/ Issue Period in accordance with the terms of the Syndicate Agreement and/or the Key Information of the Scheme. The Bid/ Issue Period was for at least three Working Days and did not exceed 30 Working Days.

(v) Each Bid cum Application Form gave the Bidder the choice to Bid for up to three optional prices within the Price Band and specify the demand (i.e., the number of Celestia Units Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form were treated as optional demands from the Bidder and will not be cumulated. The Bidder could Bid at any price within the Price Band. The Bidder had to Bid for the desired number of Celestia Units at a specific price. No Bidder could either withdraw or lower its Bid at any stage.

(vi) After determination of the Issue Price, the maximum number of Celestia Units Bid for by a Bidder at or above the Issue Price was considered for Allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, became automatically invalid.

(vii) The Designated Intermediary has entered each Bid option into the electronic Bidding system as a separate Bid and generate an Acknowledgement Slip, and SCSBs have generated an Acknowledgement Slip for each price and demand option and have, on demand, given the same to the Bidder. Therefore, a Bidder could have received up to three Acknowledgement Slips for each Bid cum Application Form.

(viii) On receipt of the Bid cum Application Form (whether in physical or electronic mode), the Designated Branch of the SCSB had verified if sufficient funds equal to the Bid Amount were available in the ASBA Account, as mentioned in the ASBA Form, prior to uploading such Bids with the Stock Exchange. If sufficient funds were not available in the ASBA Account, the Designated Branch of the SCSB had rejected such Bids and had not uploaded such Bids with the Stock Exchange. If sufficient funds were available in the ASBA Account, the SCSB had blocked an amount equivalent to the Bid Amount mentioned in the ASBA Form and had entered each Bid option into the electronic bidding system as a separate Bid.

(ix) Along with the Bid cum Application Form, all Bidders have made payment in the manner described under the paragraph titled "*Issue Information – Payment Instructions*" on page 178.

Bidders' Depository Account and Bank Account Details

On the basis of Bidders' PAN, DP ID, and Client ID provided by them in the Bid cum Application Form and as entered into the electronic bidding system of the Stock Exchange by the Members of the Syndicate and the SCSBs, as the case may be, the Registrar has obtained from the Depository the demographic details including the Bidders' address, occupation and bank account details, including the nine-digit magnetic ink character recognition ("**MICR**") code as appearing on the cheque leaf ("**Demographic Details**"), from the Depository. The Demographic Details will be used for giving refunds and Allocation advice (including through physical refund warrants, direct credit, NACH, NEFT and RTGS) to the Bidders. Hence, Bidders were advised to immediately update their bank account details, PAN and Demographic Details as appearing on the records of the Depository Participant and ensure that they were true and correct. Failure to do so could result in delays in dispatch/credit of refunds to Bidders at the Bidders sole risk and none of the Lead Manager, the Registrar, the Escrow Collection Bank, the SCSBs, the Investment Manager or the Trustee would have any responsibility or undertake any liability for this. Accordingly, Bidders were required to carefully fill in their depository account details in the Bid cum Application Form.

By signing the Bid cum Application Form, the Bidder was deemed to have authorized the Depositories to provide to the Registrar, on request, the required Demographic Details as available in their records.

Bids with no corresponding record available with the Depositories matching the three parameters (namely, Bidders PAN (in case of joint Bids, PAN of first Bidder), the DP ID, and Client ID), were liable to be rejected.

Payment mechanism for ASBA Bidders

The ASBA Bidders have specified the ASBA Account in the Bid cum Application Form and the SCSB has blocked an amount equivalent to the Bid Amount in the ASBA Account so specified. The SCSB has kept the Bid Amount in the relevant ASBA Account blocked until finalization of the Basis of Allotment and consequent transfer of the Bid Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Bid, as the case may be.

In the event of rejection of the Bid cum Application Form, failure of the Issue or for unsuccessful Bid cum Application Forms, the Registrar had given instructions to the SCSB to unblock the Bid Amount in the relevant ASBA Account and the SCSBs have unblocked the Bid Amount on receipt of such instruction.

Payment Instructions

The Bidders were required to note that the escrow mechanism was not prescribed by SEBI and was established as an arrangement amongst the Investment Manager, the Trustee (acting on behalf of the Trust), the Syndicate, the Escrow Collection Bank and the Registrar to facilitate collections from Bidders.

The Escrow Collection Bank will act in terms of the Key Information of the Scheme and the Cash Escrow Agreement. On the Designated Date, the Escrow Collection Bank will transfer the funds from the Escrow Account(s) as per the terms of the Cash Escrow Agreement into the Public Issue Account with the Escrow Collection Bank. The balance amount after transfer to the Public Issue Account will be transferred to the Refund Account.

Cheques or bank drafts, cash, stockinvest, money orders or postal orders have not been accepted and were liable to be rejected.

Other Instructions

Joint Bids in case of Individuals

Bids may have been made in single or joint names (not more than three). In the case of joint Bids, all payments were made out in favour of the Bidder whose name appears first in the Bid cum Application Form or Revision Form. All communications will be addressed to the First Bidder and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Bids

A Bidder was required to submit only one Bid for the total number of the Celestia Units required. Two or more Bids would be deemed to be multiple Bids if the sole or first Bidder is the same. However, a Bidder could revise the Bid through the Revision Form.

In case of a mutual fund, subject to investment conditions as per applicable law, a separate Bid could be made in respect of each scheme of the mutual fund registered with SEBI and such Bids in respect of more than one scheme of the mutual fund would not be treated as multiple Bids, provided that the Bids clearly indicate the scheme concerned for which the Bid is made.

After Bidding on an ASBA Form either in physical or electronic mode, where such ASBA Bid was submitted to the Designated Intermediaries and uploaded with the Stock Exchange, an ASBA Bidder could not Bid, either in physical or electronic mode, on another ASBA Form or a non – ASBA Form. Submission of a second Bid cum Application Form, whether an ASBA Form, to either the same or to another Designated Intermediary, or a non-ASBA Form, would be treated as multiple Bids and would be liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the Allocation or Allotment of Celestia Units in this Issue. However, the ASBA Bidder could revise the Bid through the Revision Form.

More than one ASBA Bidder may have Bid for Celestia Units using the same ASBA Account, provided that the SCSBs would not accept a total of more than five ASBA from such ASBA Bidders with respect to any single ASBA Account.

The Investment Manager, in consultation with the Lead Manager, reserved the right to reject, in its absolute discretion, all or any multiple Bids in any or all categories. A check was carried out for the same PAN. In cases where the PAN is same, such Bids were treated as multiple applications.

Right to Reject Bids

In case of QIBs Bidding in the Institutional Investor Portion, the Members of the Syndicate may have rejected Bids provided that such rejection was made at the time of acceptance of the Bid and the reasons for rejecting such Bids were provided to such Bidder in writing. The Members of the Syndicate may have also rejected Bids if all information required were not provided and the Bid cum Application Form was incomplete in any respect.

Grounds for Technical Rejections

Bidders were advised that incomplete or illegible Bid cum Application Forms would be rejected by the Designated Intermediaries. Bidders were advised to note that Bids were liable to be rejected on technical grounds including the following:

(i) The Bid Amount mentioned in the Bid cum Application Form did not tally with the amount payable for the value of the Celestia Units Bid for;
(ii) Application on plain paper;
(iii) In case of partnership firms (excluding LLPs), Celestia Units may be registered in the names of the individual partners and no firm as such would be entitled to apply;
(iv) Bid by persons not competent to contract under the Indian Contract Act, 1872, as amended, including minors. However, minors could Bid through their guardians;
(v) PAN not stated (except for Bids on behalf of the Central or State Government, residents of Sikkim and the officials appointed by the courts);
(vi) GIR number furnished instead of PAN;
(vii) Where PAN details were not verified by demat accounts, i.e. where the demat account was "suspended for credit";
(viii) Bids for lower value of Celestia Units than specified for that category of Bidders;
(ix) Bids at a price less than the Floor Price;
(x) Bids at a price over the Cap Price;
(xi) Submission of more than five ASBA Forms per ASBA Account;
(xii) Bids for a value of less than ₹1 million;
(xiii) Bidder category not specified;
(xiv) Multiple Bids as described in the Key Information of the Scheme;
(xv) In case of Bids under power of attorney or by limited companies, corporate, trust etc., relevant documents not being submitted;
(xvi) Bids accompanied by cash, stockinvest, money order or postal order;

(xvii) Signature of sole and/or the First Bidder (in case of joint Bids) was missing.
(xviii) Bid cum Application Form did not have the stamp of the Designated Intermediaries (except for electronic ASBA Bids), as the case may be;
(xix) Bid cum Application Forms were not delivered by the Bidders within the time prescribed as per the Bid cum Application Form, Bid/ Issue Opening Date advertisement and the Key Information of the Scheme and as per the instructions in the Key Information of the Scheme and the Bid cum Application Forms;
(xx) Inadequate funds in the ASBA Account to block the Bid Amount specified in the ASBA Form at the time of blocking such Bid Amount in the ASBA Account;
(xxi) Authorisation for blocking funds in the ASBA Account not provided;
(xxii) Bids for amounts greater than the maximum permissible amounts prescribed by applicable law;
(xxiii) Bids by OCBs;
(xxiv) Bids by persons in EEA Member States where the marketing of units had been registered or authorized (as applicable) under the relevant national implementation of Article 42 of AIFMD, other than "Professional Investors" or any other category of person to which such marketing permitted under the national laws of such EEA Member State. For further details, please see "*Notice to Investors – Notice to Prospective Investors in the European Economic Area*" on page 8;
(xxv) Bank account details for the refund not given;
(xxvi) Bids by persons prohibited from buying, selling or dealing in the Celestia Units directly or indirectly by SEBI or any other regulatory authority;
(xxvii) Bids by persons who were not eligible to acquire Celestia Units under applicable law or their relevant constitutional documents or otherwise; and
(xxviii) Bids that did not comply with the securities laws of their respective jurisdictions;

IN CASE THE DP ID, CLIENT ID AND PAN MENTIONED IN THE BID CUM APPLICATION FORM AND ENTERED INTO THE ELECTRONIC BIDDING SYSTEM OF THE STOCK EXCHANGE DID NOT MATCH WITH THE DP ID, CLIENT ID AND PAN AVAILABLE IN THE RECORDS WITH THE DEPOSITORIES THE APPLICATION WAS LIABLE TO BE REJECTED.

Electronic Registration of Bids

(i) The Designated Intermediaries had registered the Bids received, using the online facilities of the Stock Exchange. The Lead Manager, the Investment Manager and the Registrar were not responsible for any acts, mistakes or errors or omission and commissions in relation to (i) the Bids accepted by the Designated Intermediaries, (ii) the Bids uploaded by the Designated Intermediaries, (iii) the Bids accepted but not uploaded by the Designated Intermediaries or (iv) Bids accepted and uploaded without blocking funds in the ASBA Accounts. It was presumed that for the Bids uploaded by the SCSBs, the Bid Amount had been blocked in the relevant ASBA Account.

(ii) The Stock Exchange had offered a screen-based facility for registering such Bids for the Issue. This facility was available on the terminals of the Designated Intermediaries and the SCSBs during the Bid/ Issue Period. The Designated Intermediaries could also set up facilities for offline electronic registration of Bids subject to the condition that it would have uploaded the offline data file into the on-line facilities for book building on a regular basis.

(iii) On the Bid/ Issue Closing Date, the Designated Intermediaries had uploaded the Bids until such time as may be permitted by the Stock Exchange. In order to ensure that the data uploaded was accurate, the Designated Intermediaries would have been permitted one Working Day after the Bid/ Issue Closing Date to amend some of the data fields (currently DP ID, Client ID and PAN) entered by them in the electronic bidding system, after which the Registrar proceeded with the Allotment of the Celestia Units. Bidders were cautioned that a high inflow of Bids is typically experienced on the last Working Day of the Bidding, which may lead to some Bids received on the last Working Day, not being uploaded due to lack of sufficient uploading time. Such Bids that could not be uploaded were considered for Allocation. Bids were only accepted on Working Days (excluding any public holiday).

(iv) Based on the aggregate demand and price for Bids registered on the electronic facilities of the Stock Exchange a graphical representation of consolidated demand and price was made available at the Bidding centres and on the websites of each of the Stock Exchange during the Bid/ Issue Period on regular intervals as per applicable law.

(v) At the time of registering each Bid, the Designated Intermediaries in case of ASBA Bids have entered the following details of the Bidder in the electronic system:

- Name of the small and medium real estate investment trust;
- Bid cum Application Form/ASBA Form number;
- Investor Category;
- PAN of the first applicant;

- DP ID;
- Client ID;
- Number of Celestia Units Bid for; and
- Price option

(vi) A system generated Acknowledgment Slip was given to the Bidder (only on demand) as a proof of the registration of each of the Bidding options. It was the Bidders' responsibility to obtain the Acknowledgement Slip from the Designated Intermediaries. The registration of the Bid by the Designated Intermediary does not guarantee that the Celestia Units will be allocated/ Allotted. Such Acknowledgment Slip is non-negotiable and by itself would not create any obligation of any kind.

(vii) The permission given by the Stock Exchange to use their network and software of the online IPO system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by the Investment Manager and/ or the Lead Manager is cleared or approved by the Stock Exchange; neither does it in any manner warrant, certify or endorse the correctness or completeness of any of the compliance with the statutory and other requirements nor does it take any responsibility for the financial or other soundness of the Trust, the management of the Investment Manager or the Trustee or any property of the Trust nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Final Key Information of the Scheme; nor does it warrant that the Celestia Units will be listed or will continue to be listed on the Stock Exchange.

Build-up of the book and revision of Bids

(i) Bids received from various Bidders through the Designated Intermediaries were electronically uploaded to the Stock Exchange mainframe on a regular basis.

(ii) The book got built up at various price levels. This information was available with the Lead Manager at the end of the Bidding Period.

(iii) During the Bid/ Issue Period, any Bidder who had registered his or her interest in the Celestia Units at a particular price level was free to revise the Bid upwards within the Price Band using the printed Revision Form, which was a part of the Bid cum Application Form.

(iv) Upward revisions could be made in both the desired number of Celestia Units and the Bid Amount by using the Revision Form. Apart from mentioning the revised options in the Revision Form, the Bidder was required to also mention the details of all the options in his or her Bid cum Application Form or its previous Revision Form. For example, if a Bidder had Bid for three options in the Bid cum Application Form and such Bidder was changing only one of the options in the Revision Form, he was still required to fill the details of the other two options that are not being revised, in the Revision Form. The Designated Intermediaries have not accepted incomplete or inaccurate Revision Forms.

(v) The Bidder could make this upward revision any number of times during the Bid/ Issue Period. However, for any revision(s) in the Bid, the Bidders were required to use the services of the same Designated Intermediary through whom such Bidder had placed the original Bid. Bidders were advised to retain copies of the blank Revision Form and the revised Bid was required to be made only in such Revision Form or copies thereof.

(vi) If revision of the Bids resulted in an incremental amount, the relevant SCSB had blocked the additional Bid Amount. The Registrar had reconciled the Bid data and considered the revised Bid data for preparing the Basis of Allotment.

(vii) When a Bidder revised his or her Bid, he or she would have surrendered the earlier Acknowledgement Slip and would have, on demand, received a revised Acknowledgment Slip from the Designated Intermediaries. It was the responsibility of the Bidder to request for and obtain the revised Acknowledgment Slip, which would act as proof of his or her having revised the previous Bid.

Price Discovery and Allocation

(i) Based on the Bids received and the demand generated at various price levels, the Investment Manager, in consultation with the Lead Manager, had finalized the Issue Price.

(ii) In case of under-subscription in any category, the unsubscribed portion in either the Institutional Investor category or the Non-Institutional Investor category may be allotted to applicants in the other category.

(iii) Allocation to Non-Residents, including Eligible NRIs and FPIs was subject to applicable law.

(iv) The Investment Manager, in consultation with the Lead Manager, reserved the right to cancel the Issue any time after the Bid/ Issue Opening Date, but before the Allotment without assigning any reasons whatsoever.

(v) No Bidders could withdraw or lower their Bids at any time.

Illustration of Book Building and Price Discovery Process

Bidders were required to note that the following example was solely for illustrative purposes and was not specific to the Issue.

Bidders could bid at any price within the price band. For instance, assume a price band of ₹20 to ₹24 per unit, issue size of 3,000 units and receipt of five bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the units of the issuer small and medium real estate investment trust at various prices and is collated from bids received from various investors.

Bid Quantity	Bid Price (₹)	Cumulative Quantity	Subscription
500	24	500	16.70%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.70%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to issue the desired number of units is the price at which the book cuts off, i.e. ₹22.00 in the above example. The issuer, in consultation with the lead manager, will finalise the issue price at or below such Cut-off price, i.e., at or below ₹22.00. All bids at or above this issue price and cut-off bids are valid bids and are considered for Allocation in the respective categories.

Signing of Underwriting Agreement

(i) The Trustee (acting on behalf of the Trust), the Investment Manager, the Lead Manager and the Syndicate Member have entered into an Underwriting Agreement on or immediately after the finalization of the Issue Price.

(ii) After signing the Underwriting Agreement, the Investment Manager has updated and filed the updated Key Information of the Scheme with SEBI and the Stock Exchange in terms of the REIT Regulations, REIT Master Circular and the SEBI Guidelines, which is termed the "*Final Key Information of the Scheme*". This Final Key Information of the Scheme contains details of the Issue Price and Issue size, underwriting arrangements and is complete in all material respects.

Pursuant to the terms of the Underwriting Agreement, the Lead Manager shall procure subscribers or purchasers for or, failing which, subscribe for or purchase themselves, the Celestia Units offered in the Issue, subject to certain exclusions as set forth in the Underwriting Agreement. The Underwriting Agreement is dated April 17, 2026. Pursuant to the terms of the Underwriting Agreement, the obligations of the Underwriters will be several and will be subject to certain conditions and in the manner specified therein. The Underwriters have indicated their intention to underwrite the following number of Celestia Units:

Name, address, telephone number, and e-mail address of the Underwriters	Indicative Number of Celestia Units to be Underwritten	Indicative Amount Underwritten (₹ in million)
Ambit Private Limited Ambit House, 449 Senapati Bapat Marg, Lower Parel Mumbai 400 013 **Tel**: + 91 22 6623 3030 **E-mail**: propsharecelestia.ipo@ambit.co	2,203	2,313.15
Ambit Capital Private Limited Ambit House, 449 Senapati Bapat Marg, Lower Parel Mumbai 400 013 Maharashtra, India **Tel**: + 91 22 6623 3269 **E-mail**: ketan.chaurasia@ambit.co	10	10.50

Allocation among the Underwriters may not necessarily be in proportion to their underwriting commitment. The above-mentioned Underwriters are registered with SEBI under Section 12(1) of the SEBI Act or are registered as brokers with the

Stock Exchange. The board of directors of the Investment Manager, at its meeting held on April 17, 2026, has accepted and entered into the Underwriting Agreement on behalf of the Investment Manager.

Notwithstanding the above table, the Underwriters shall be severally responsible for ensuring payment with respect to the Celestia Units allocated to Bidders procured by them and whose Bids have been uploaded by such Underwriter. In the event of any default in payment with respect to such Celestia Units, the respective Underwriter, in addition to other obligations described in the Underwriting Agreement, will also be required to procure subscribers for or subscribe to Celestia Units to the extent of such defaulted amount subject to the terms of the Underwriting Agreement.

Issuance of Allotment Advice

(i) Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Syndicate a list of the Bidders who have been allotted Celestia Units in the Issue.

(ii) The Registrar will then dispatch an Allotment Advice to the Bidders who have been allotted Celestia Units in the Issue. The dispatch of an Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Bidder.

Designated Date and Allotment of Celestia Units

On the Designated Date, the Registrar shall instruct the SCSBs to transfer funds represented by Allocation of Celestia Units from ASBA Accounts into Public Issue Account. The balance amount after transfer to the Public Issue Account shall be unblocked by the relevant SCSB. Whilst the Investment Manager shall ensure all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Celestia Units on the Stock Exchange are completed within six Working Days of the Bid/ Issue Closing Date, the timetable may be extended due to various factors, such as extension of the Bid/ Issue Period by the Investment Manager, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchange. The commencement of trading of the Celestia Units will be entirely at the discretion of the Stock Exchange and in accordance with the Applicable Laws.

Bidders are advised to instruct their Depository Participant to accept the Celestia Units that may be Allotted to them in this Issue.

Basis of Allotment

For Bidders

(i) The allotment of Celestia Units to Bidders shall be on proportionate basis within the specified investor categories and the number of Celestia Units Allotted shall be rounded off to the nearest integer, subject to minimum Allotment as per REIT Regulations, REIT Master Circular and the SEBI Guidelines.

(ii) In case of under-subscription in any investor category, the unsubscribed portion in the Institutional Investor category may be allotted to applicants in the other category.

(iii) The aggregate Allotment to Institutional Investors will not exceed 75% of the Net Issue Size and balance 25% of the Net Issue shall be available for Allocation to Non-Institutional Investors in accordance with the REIT Regulations, REIT Master Circular and the SEBI Guidelines.

(iv) The identity of Institutional Investors shall not be made public.

Method of Proportionate Basis of Allotment in the Issue

In the event of the Issue being over-subscribed, the Investment Manager will finalize the Basis of Allotment in consultation with the Designated Stock Exchange. The Designated Stock Exchange along with the Lead Manager, the Investment Manager and the Registrar will be responsible for ensuring that the Basis of Allotment is finalized as per REIT Regulations and SEBI Guidelines.

The Allotment will be made on a proportionate basis as explained below:

(i) Bidders will be categorized according to the number of Celestia Units applied for.

(ii) The total number of Celestia Units to be allotted to each category as a whole will be arrived at on a proportionate basis, which is the total number of Celestia Units applied for in that category (number of Investors in the category multiplied by the number of Celestia Units applied for) multiplied by the inverse of the over-subscription ratio.

Number of Celestia Units to be allotted to the successful Bidders will be arrived at on a proportionate basis, which is total number of Celestia Units applied for by each Bidder in that category multiplied by the inverse of the over-subscription ratio.

Celestia Units in Dematerialized Form with NSDL or CDSL

As per the REIT Regulations, the Allotment of Celestia Units in the Issue will be only in dematerialized form.

In this context, two agreements have been signed amongst the Trustee (acting on behalf of the Trust), the respective Depositories and the Registrar:

(i) Agreement dated October 22, 2024, between NSDL, the Trustee (acting on behalf of the Trust) and the Registrar; and

(ii) Agreement dated November 7, 2024, between CDSL, the Trustee (acting on behalf of the Trust) and the Registrar.

Bids from any Bidder without relevant details of his or her depository account are liable to be rejected.

(i) A Bidder applying for Celestia Units must have at least one valid beneficiary account with either of the Depository Participants of either NSDL or CDSL prior to making the Bid.

(ii) Allotment to a successful Bidder will be credited in electronic form directly to the beneficiary account (with the Depository Participant) of the Bidder.

(iii) Bid cum Application Forms or Revision Forms containing incomplete or incorrect details under the heading "Bidder's Depository Account Details" are liable to be rejected.

(iv) Celestia Units in electronic form can be traded only on the Stock Exchange having electronic connectivity with NSDL and CDSL. The Stock Exchange where the Celestia Units are proposed to be listed have electronic connectivity with CDSL and NSDL.

Communications

All future communications in connection with Bids made in this Issue should be addressed to the Registrar quoting the full name of the sole or First Bidder, Bid cum Application Form number, PAN, Bidders depository account details, number of Celestia Units applied for, date of Bid cum Application Form, name and address of the member of the Syndicate where the Bid was submitted and cheque or draft number and issuing bank thereof or with respect to ASBA Bids, the bank account number in which an amount equivalent to the Bid Amount was blocked.

Bidders can contact the Compliance Officer or the Registrar in case of any pre-Issue or post-Issue related problems such as non-receipt of letters of allotment, credit of allotted Celestia Units in the respective beneficiary accounts, refund orders etc. In case of ASBA Bids submitted with the Designated Branches, Bidders can contact the relevant Designated Branch.

The Trust has obtained authentication on the SEBI SCORES platform and shall comply with the relevant circulars issued by SEBI in relation to redressal of investor grievances through SCORES.

Payment of Refunds

In the case of Bidders other than ASBA Bidders, the Registrar will obtain from the Depositories the Bidders' bank account details, including the MICR code, on the basis of the DP ID and the Client ID provided by the Bidders in their Bid cum Application Forms.

In the case of Bids from Eligible NRIs and FPIs, any refunds, and other distributions, will normally be payable in Indian Rupees only and net of bank charges and/ or commission. Where desired, such payments in Indian Rupees will be converted into US Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and will be dispatched by registered post. Neither the Investment Manager nor the Trustee will be responsible for any loss incurred by Bidders on account of conversion of foreign currency.

Mode of Refunds

Refunds for ASBA Bidders

In the case of ASBA Bidders, the Registrar will instruct the relevant SCSBs to unblock the funds in the relevant ASBA Accounts to the extent of the Bid Amounts specified in the ASBA Forms for withdrawn, rejected or unsuccessful or partially successful ASBA Bids, within 6 Working Days of the Bid/ Issue Closing Date.

Disposal of Applications and Application Moneys and Interest in Case of Delay

With respect to Bidders other than ASBA Bidders, the Investment Manager will ensure dispatch of Allotment advice, refund orders (except for Bidders who receive refunds through electronic transfer of funds) and give benefit to the beneficiary account with Depository Participants and submit the documents pertaining to the Allotment to the Stock Exchange after the Allotment of Celestia Units.

In case of Bidders who receive refunds through NACH, NEFT, direct credit or RTGS, the refund instructions will be given to the clearing system within 6 (six) Working Days from the Bid/ Issue Closing Date. A suitable communication will be sent to the Bidders receiving refunds through this mode within 6 (six) Working Days from the Bid/ Issue Closing Date, giving details of the bank where refunds will be credited along with amount and expected date of electronic credit of refund.

Refund Orders or instructions to the SCSBs

In the case of ASBA Bidders, the Registrar will instruct the relevant SCSBs to unblock the funds in the relevant ASBA Accounts to the extent of the Bid Amounts specified in the Bid cum Application Forms for withdrawn, rejected or unsuccessful or partially successful ASBA Bids, within 6 Working Days of the Bid/ Issue Closing Date.

Interest in case of delay in dispatch of Allotment Advice or refund orders/ instruction to SCSB by the Registrar

Allotment, including the credit of Allotted Celestia Units to the beneficiary accounts of the Depository Participants, will be made not later than 6 (six) Working Days of the Bid/ Issue Closing Date. If Allotment letters/ refund orders have not been dispatched to the Bidders or if, in a case where the refund or portion thereof is made in electronic manner through direct credit, NEFT, RTGS or NACH, the refund instructions have not been issued to the clearing system in the disclosed manner and/ or demat credits are not made to investors within 6 Working Days from the Bid/ Issue Closing Date, the Investment Manager will be liable to pay interest at 15% per annum, as prescribed under the REIT Regulations and other applicable laws.

The Trustee, the Investment Manager shall not have recourse to the Issue Proceeds until the final approval for listing and trading of the Celestia Units from all the Stock Exchange where listing is sought has been received.

Withdrawal of the Issue

The Investment Manager, in consultation with the Trustee and the Lead Manager, reserves the right not to proceed with the Issue at any time after the Bid/ Issue Opening Date but before Allotment. If the Investment Manager withdraws the Issue, it will issue a public notice within two days or such other time as may be prescribed by SEBI in this regard, providing reasons for not proceeding with the Issue. The Lead Manager, through the Registrar, will notify the SCSBs to unblock the ASBA Accounts within one Working Day from the day of receipt of such notification. The notice of withdrawal will be made available on our website and the websites of the Stock Exchange and will also be issued in the same newspapers where the pre-Issue advertisements have appeared.

If the Investment Manager withdraws the Issue after the Bid/ Issue Closing Date and thereafter determines that they will proceed with a further public offering of Celestia Units, it will file a fresh draft key information of the scheme with SEBI or the Stock Exchange, as the case may be.

Notwithstanding the foregoing, the Issue is also subject to obtaining (i) the final listing and trading approvals of the Stock Exchange; and (ii) the final approval of this Final Key Information of the Scheme after this is filed with SEBI and the Stock Exchange.

Minimum Subscription and Minimum Allotment

In case the Trust does not receive (i) the minimum subscriptions of 100% of the Fresh Issue; or (ii) subscription for the minimum public unitholding stipulated under the REIT Regulations, or (iii) if the number of prospective investors is less than 200, the Investment Manager shall refund the entire subscription money received.

BASIS FOR ISSUE PRICE

The Issue Price was determined by the Investment Manager, in consultation with the Lead Manager, on the basis of assessment of market demand for the Celestia Units offered through the Book Building Process and on the basis of quantitative and qualitative factors as described below.

Bidders were requested to also refer to "*Risk Factors*", and "*Our Business and Property"* on pages 49 and 25, respectively, of the Key Information of the Scheme to make an informed investment decision.

The Price Band was ₹ 10,00,000 to ₹ 10,50,000.

Based on the evaluation of the qualitative and quantitative factors listed below, the equity value at the floor price, the cap price and the Issue Price is as follows:

Particulars	At Floor Price	At Cap Price	At Issue Price
Celestia Unit Value	10,00,000	10,50,000	10,50,000
Number of Celestia Units Issued*	2,446	2,330	2,330

**Subject to finalization of Basis of Allotment*

Qualitative Factors

We believe that some of the qualitative factors which form the basis for computing the Issue Price are as follows:

- Project Celestia is a part of Stratum @ Venus Grounds, a landmark IGBC Platinum-certified, Grade A+ mixed-use commercial building, featuring a unique atrium.
- Sound business model with embedded rental growth and stable cash flows backed by a long WALE of 6.72 years.
- 100% occupancy by a diversified underlying tenant and end user portfolio comprising of 3 Fortune Global 500 companies, one Fortune 500 company and other notable tenants.
- Located within prime Nehru Nagar, between CBD & SBD and in proximity to major infrastructure developments like the BRTS, metro and upcoming bullet train, with low vacancy and no upcoming Grade A+ supply.
- Experienced investment and asset management team with oversight and strong corporate governance through an experienced Board and marquee investors.

For further details, see "*Our Business and Property*" on page 25.

Quantitative Factors

We believe that some of the quantitative factors which may form the basis for computing the Issue Price are as follows:

- ***Valuation provided by the Valuer***

  The Valuer has followed the income approach, wherein the value of the Project Celestia has been assessed through the discounted cash flow method (basis term plus reversion) and is likely to reveal the market value estimate of the Project Celestia. The assumptions based on which the value of the Project Celestia has been arrived at, have been disclosed in the section entitled "*Valuation Report*" at *Annexure 2*.

- ***Projections***

  The Investment Manager has provided the projected revenue from operations, statement of projected net operating income, statement of projected earnings before finance cost, tax, depreciation and amortization, statement of projected cash flows from operating activities and statement of projected net distributable cash flows of the Scheme for the financial years 2026*, 2027, 2028 and 2029. For details of the Projections and notes thereto, see "*Projections*" at *Annexure 1*.

  ** Projections of income for the year ending March 31, 2026 (i.e., current financial year) includes projections beginning from January 1, 2026 to March 31, 2026.*

- ***Price/ Net Asset Value per Celestia Unit ratio in relation to Issue Price:***

Particulars	Amount (in ₹)	Price/ Net Asset Value per Unit		
		At Floor Price	At Cap Price	At Issue Price
Net Asset Value per Celestia Unit as of December 31, 2025	NA[(1)]	NA	NA	NA

(1) There are no audited financial statements as of date. Therefore, NAV cannot be determined.

- ***Comparison with Industry Peers***

As on date of this Final Key Information of the Scheme there are no other listed schemes under the small and medium real estate investment trusts in India except PropShare Platina (first scheme under Property Share Investment Trust) and PropShare Titania (second scheme under Property Share Investment Trust). Accordingly, comparison with other scheme of small and medium real estate investment trust is not included.

RIGHTS OF CELESTIA UNITHOLDERS

The rights and interests of Celestia Unitholders are contained in this Final Key Information of the Scheme and the REIT Regulations. Each Celestia Unit allotted to the Celestia Unitholders shall have one vote for any decisions requiring a vote of the Celestia Unitholders.

Redressal of grievances

The Trustee shall periodically review the status of Celestia Unitholder's complaints and their redressal undertaken by the Investment Manager. The Stakeholders' Relationship Committee of the Investment Manager shall consider and resolve the grievances of the Celestia Unitholders as per applicable laws. For details, see "*Corporate Governance*" in Key Information of the Trust.

Distribution

The Celestia Unitholders shall have the right to receive distribution in the manner set forth in this Final Key Information of the Scheme, Key Information of the Trust and/ or the Trust Deed, subject to the REIT Regulations.

Limitation to the Liability of Celestia Unitholders

The liability of each Celestia Unitholder of the PropShare Celestia (third scheme of the Trust) shall be limited to making the capital contributions payable by it in respect of the Celestia Units subscribed by it. The Celestia Unitholders shall not be responsible or liable, directly or indirectly, for acts, omissions or commissions of the Trustee, the Investment Manager or any other person, whether or not such act, omission or commission, has been approved by the Celestia Unitholders in accordance with the REIT Regulations or not.

Meeting of Celestia Unitholders

Meetings of Celestia Unitholders will be conducted in accordance with the REIT Regulations.

(iv) any issue for which SEBI or the stock exchanges requires approval of the Celestia Unitholders; and

(v) increasing the period for compliance with investment conditions to one year in accordance with Regulation 26T(2A) of the REIT Regulations.

4. In case of the following, approval from Celestia Unitholders shall be required where votes cast in favour of the resolution shall be at least 60% of the total votes cast for the resolution:

(i) any change in the Investment Manager, including removal of the Investment Manager or change in control of the Investment Manager;

(ii) any material change in investment strategy or any change in the fees payable to the Investment Manager by the Trust;

(iii) any issue of Celestia Units after initial offer by PropShare Celestia of the Trust, in whatever form;

(iv) the Trustee and Investment Manager proposing to seek voluntary delisting of Celestia Units;

(v) any issue, not in the ordinary course of business, which in the opinion of Investment Manager or Trustee requires approval of the Celestia Unitholders;

(vi) any issue for which SEBI or the stock exchanges requires approval of the Celestia Unitholders;

(vii) removal of the auditor or valuer and appointment of another auditor or valuer to the Trust;

(viii) change in the Trustee;

(ix) delisting of the PropShare Celestia if the Celestia Unitholders have sufficient reason to believe that such delisting would act in the interest of the Celestia Unitholders; and

(x) extension of time period as specified under Regulation 26ZI(1)(b) of the REIT Regulations.

The Celestia Unitholders may request any matter to be taken up in the Celestia Unitholders' meeting if 10% of the Celestia Unitholders by value, apply in writing, to the Trustee and the Trustee shall require the Investment Manager to place the matter for voting in the manner as specified in the REIT Regulations:

Provided that the request of the Celestia Unitholders for change in the trustee shall be sent, in writing, to the Investment Manager, who shall, on receipt of such a request, place the matter for voting in the manner as specified in accordance with the REIT Regulations.

Information rights

The PropShare Celestia (a scheme of the Trust) and the Investment Manager shall also submit such information to the Stock Exchange and Celestia Unitholders on a periodical basis as may be required under the REIT Regulations and the Listing Agreement. The Trust and the Investment Manager shall disclose to the Stock Exchanges, Celestia Unitholders and SEBI, such information and in such manner as per applicable law.

Buyback and Delisting of Celestia Units

Any buyback, redemption, return of capital or delisting of Celestia Units, will be in accordance with the REIT Regulations.

SECURITIES MARKET OF INDIA

The information in this section has been extracted from documents available on the website of SEBI and the stock exchanges and has not been prepared or independently verified by the Parties to the Trust or the Lead Manager or any of their respective affiliates or advisors. The information below is given for the benefit of investors in the Issue. Investors are advised to make their independent investigations and ensure that they are eligible to subscribe to, purchase or otherwise acquire the units they bid for under Indian laws or regulations.

The Indian Securities Market

India has a long history of organized securities trading. In 1875, the first stock exchange was established in Mumbai. The BSE and the NSE, together hold a dominant position among the stock exchanges in terms of the number of listed companies, market capitalisation and trading activity.

Stock Exchange Regulation

Indian stock exchanges are regulated primarily by SEBI, as well as by the Government acting through the Ministry of Finance, Capital Markets Division, under the Securities Contracts (Regulation) Act, 1956 ("**SCRA**") and the Securities Contracts (Regulation) Rules, 1957 ("**SCRR**"). SEBI, in exercise of its powers under the SCRA and the SEBI Act, notified the Securities Contracts (Regulation) (Stock Exchanges and Clearing Corporations) Regulations, 2018 ("**SCR (SECC) Regulations**"), which regulate *inter alia* the recognition, ownership and governance of stock exchanges and clearing corporations in India together with providing for minimum capitalisation requirements for stock exchanges. The SCRA, the SCRR and the SCR (SECC) Regulations along with various rules, bye-laws and regulations of the respective stock exchanges, regulate the recognition of stock exchanges, the qualifications for membership thereof and the manner, in which contracts are entered into, settled and enforced between members of the stock exchanges.

The SEBI Act empowers SEBI to regulate the Indian securities markets, including stock exchanges and intermediaries in the capital markets, promote and monitor self-regulatory organisations and prohibit fraudulent and unfair trade practices. Regulations concerning minimum disclosure requirements by public companies, rules and regulations concerning investor protection, insider trading, substantial acquisitions of shares and takeover of companies, buy-backs of securities, employee stock option schemes, stockbrokers, merchant bankers, underwriters, mutual funds, foreign portfolio investors, credit rating agencies and other capital market participants have been notified by SEBI.

Listing and Delisting of units

The REIT Regulations provide for listing and delisting of units of small and medium real estate investment trusts on the stock exchanges.

NSE

NSE was established by financial institutions and banks to provide nationwide online, satellite-linked, screen-based trading facilities with market-makers and electronic clearing and settlement for securities including government securities, debentures, public sector bonds and units. It has evolved over the years into its present status as one of the premier stock exchanges of India. NSE was recognised as a stock exchange under the SCRA in April 1993 and commenced operations in the wholesale debt market segment in June 1994. The capital market (equities) segment commenced operations in November 1994 and operations in the derivatives segment commenced in June 2000.

BSE

Established in 1875, it is the oldest stock exchange in India. In 1957, it became the first stock exchange in India to obtain permanent recognition from the Government under the SCRA. It has evolved over the years into its present status as one of the premier stock exchanges of India. BSE is also the first stock exchange in India to get listed and operates in various segments, including equities, derivatives, mutual funds, debt instruments, commodities, and currency trading.

Internet-based Securities Trading and Services

Internet trading takes place through order routing systems, which route client orders to exchange trading systems for execution. Stockbrokers interested in providing this service are required to apply for permission to the relevant stock exchange and also have to comply with certain minimum conditions stipulated by SEBI. The NSE became the first exchange to grant approval to its members for providing internet-based trading services. Internet trading is possible on both the "equities" as well as the "derivatives" segments of the NSE.

Trading Hours

Trading on the NSE and BSE occur from Monday to Friday, between 9:15 a.m. and 3:30 p.m. IST (excluding the 15 minutes pre-open session from 9:00 a.m. to 9:15 a.m. that has been introduced). The NSE and BSE are closed on public holidays. The recognised stock exchanges have been permitted to set their own trading hours (in the cash and equity derivatives segments) subject to certain conditions.

Trading Procedure

NSE has introduced a fully automated trading system called National Exchange for Automated Trading ("**NEAT**"), which operates on strict time/price priority besides enabling efficient trade. NEAT has provided depth in the market by enabling large number of members all over India to trade simultaneously, narrowing the spreads. BSE has introduced BSE Online Trading ("**BOLT**"), an electronic trading platform that enables real-time, automated buying and selling of securities. It ensures faster trade execution, transparency and seamless order matching for investors.

Depositories

The Depositories Act provides a legal framework for the regulation of depositories in securities and for matters connected therewith or incidental thereto. Further, SEBI has framed regulations in relation to the registration of such depositories, the registration of participants as well as the rights and obligations of the depositories, participants, companies and beneficial owners. In India, the two primary depositories are National Securities Depository Limited and Central Depository Services Limited.

Independent Auditor's Report on projections of revenue from operations, net operating income, earnings before interest, tax, depreciation and amortization, cash flow from operating activities and net distributable cash flows and underlying assumptions

To,

The Board of Directors,
PropShare Investment Manager Private Limited
in its capacity as an investment manager of the Property Share Investment Trust
10th Floor, SKAV Seethalakshmi
21/22, Kasturba Road
Bangalore 560 001
Karnataka, India

1. We have examined the accompanying statement of projected revenue from operations, statement of projected net operating income, statement of projected earnings before finance cost, tax, depreciation and amortization, statement of projected cash flows from operating activities and statement of projected net distributable cash flows of PropShare Celestia (the **"Scheme**") and its proposed subsidiaries Samvrid Realty Private Limited ("SRPL"), Magnivio Private Limited ("MPL"), Stathos Private Limited ("SPL"), Cendrix Realty Private Limited ("CRPL"), Crestmont Realty Private Limited ("CMRPL"), Dhrivya Estates Private Limited ("DEPL") (the **"Celestia SPVs"**) (the Scheme and Celestia SPVs together referred to as the **"Celestia Group"**), for the years ending March 31, 2026, March 31, 2027, March 31, 2028 and March 31, 2029 along with the basis of preparation and the significant assumptions (Statement of projections along with the related assumptions for the Celestia Group are hereinafter referred to as the "Projection Information"), annexed to this report for the purpose of inclusion in the Draft Key Information of the Scheme, Key Information of the Scheme and Final Key Information of the Scheme ("Offering Documents") prepared by PropShare Investment Manager Private Limited (the "Manager") in connection with the proposed Initial Public Offering of Units of the Scheme (the "Offering"). Celestia SPVs are proposed to be acquired by the Scheme from each of their respective existing shareholders.

2. The preparation and presentation of the Projection Information, including the underlying assumptions, is in accordance with the requirements of the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended, and the circulars and guidance issued thereunder ("REIT Regulations"), is the responsibility of the Manager.

3. The Projection Information has been prepared by the Manager for inclusion in the Offering Documents using a set of assumptions including hypothetical assumptions about future events and management's actions that are not necessarily expected to occur, as set out in Note II (A) to the Projection Information and has been approved by the Board of Directors of the Manager. Consequently, users are cautioned that the Projection Information may not be appropriate for any purpose other than that described above.

4. We have examined the Projection Information taking into consideration:

   (a) the terms of our engagement agreed with you vide our engagement letter dated December 22, 2025, requesting us to carry out work on the Projection Information, proposed to be included in the Offering; and

(b) Standard on Assurance Engagement 3400, "The Examination of Prospective Financial Information", issued by the Institute of Chartered Accountants of India.

5. We have examined the evidence supporting the assumptions and other information in the Projection Information on a test basis. Our responsibility is to examine the evidence supporting the assumptions (excluding the hypothetical assumptions) and other information in the Projection Information. Our responsibility does not include verification of the accuracy of the projections. Therefore, we do not vouch for the accuracy of the Projection Information.

6. Based on our examination of the evidence supporting the assumptions (excluding the hypothetical assumptions mentioned in Note II (A) to the Projection Information), read with para 8 (a) and (b) below, nothing has come to our attention which causes us to believe that these assumptions (other than the hypothetical assumptions mentioned in Note II (A) to the Projection Information) do not provide a reasonable basis for the Projection Information.

7. Further, nothing has come to our attention that causes us to believe, that the Projection Information read with the basis of preparation and notes therein, has not been properly prepared on the basis of the assumptions as set out in Note I to IX to the Projection Information and on a consistent basis.

8. We draw attention to the following:

(a) As more fully explained in Note II (A) to the Projection Information, PropShare Celestia has assumed hypothetical assumptions including that the post offer capital structure and corporate structure were in existence since January 01, 2026.

(b) As more fully explained in Note I to the Projection Information, projections of income for the year ending March 31, 2026 (i.e., current financial year) includes projections commencing from January 01, 2026.

9. Events and circumstances frequently do not occur as expected. Even if the events anticipated under the hypothetical assumptions described above occur, actual results are still likely to be different from the Projection Information since other anticipated events frequently do not occur as expected and the variation may be material. The actual results may therefore differ materially from those forecasted and projected. For the reasons set out above, we do not express any opinion as to the possibility of achievement of the Projection Information.

10. REIT Regulations require the independent auditor to issue a report on the Projection Information and this report is issued for the sole purpose of the Offering in accordance with REIT Regulations. Our work has not been carried out in accordance with auditing or other standards and practices generally accepted in jurisdictions outside India, including in the United States of America, and accordingly should not be relied upon as if it had been carried out in accordance with those standards and practices. US securities regulations do not require profit forecasts to be reported on by a third party. This report should not be relied upon by prospective investors in the United States of America, including persons who are Qualified Institutional Buyers as defined under Rule 144A under the United States Securities Act of 1933 participating in the Offering. We accept no responsibility and deny any liability to any person who seeks to rely on this report and who may seek to make a claim in connection with any offering of securities on the basis that they had acted in reliance on such information under the protections afforded by United States of America law and regulation.

11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.

12. This report is intended solely for your information and for inclusion in the Offering Documents and is not to be used, referred to or distributed for any other purpose.

Notes:

(1) EBITDA and EBITDA margin are not recognized measures under Ind AS. EBITDA and EBITDA margin should not be considered by themselves or as substitutes for net income, operating income or cash flows from operations or related margins or other measures of operating performance, liquidity or ability to pay dividends. EBITDA does not have a standardized definition under Ind AS, and the method of calculating EBITDA may be different from the method used by most other companies to calculate EBITDA (which usually involves adding interest, taxes, depreciation and amortization to a company's net income). Although, the Manager believes that the method of calculating EBITDA for PropShare Celestia Group does not result in material differences from the way that most companies calculate EBITDA, it cannot be assured that EBITDA calculation for PropShare Celestia Group will always be comparable with similarly named measures presented by other companies.

(2) NDCF is a significant performance metric, the framework for which is adopted by the Manager in line with the Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 issued by SEBI, as amended from time to time and any circulars and guidelines issued thereunder. The Manager believes this metric serves as a useful indicator of the Scheme of REIT's expected ability to provide a cash return on investment. NDCF should not be considered by itself or as a substitute for net income, operating income or Cash flows from operating activities or related margins or other measures of operating performance, liquidity or ability to pay dividends.

(3) NOI and NOI margin are significant performance metrics used by the Manager as a primary driver of performance evaluation and allocation of resources. The Manager believes that NOI and NOI margin provide useful information to investors regarding the financial performance and results of operations because it provides a direct measure of the operating results of the business segments. NOI and NOI margin are not recognized measures under Ind AS and may not be comparable with measures with similar names presented by other companies. NOI and NOI margin should not be considered by themselves or as substitutes for net income, operating income or Cash flow from operations or related margins or other measures of operating performance, liquidity or ability to pay dividends.

Basis and notes to Projections

I. ***Purpose and basis of preparation***

The Projections have been prepared by the Manager solely for inclusion in the Offer Documents in connection with the proposed IPO in accordance with the requirements of The Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended by SEBI (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated on March 08, 2024 and any circulars and guidelines issued thereunder (the "SM REIT Regulations"). Therefore, the use of the Projections may not be appropriate and should not be used or relied upon for any purpose other than that described above.

The Projections are prepared based on the measurement and recognition principles of Ind AS as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 prescribed under Section 133 of the Companies Act, 2013 read with the REIT Regulations (including the SEBI master circular number SEBI/HO/DDHS-PoD-2/P/CIR/2025/99 dated July 11, 2025. Though the aforesaid Projections are prepared under the Ind AS framework, they do not provide for all the detailed disclosures as required under Ind AS.

It is noted that Projections for all entities refer to standalone assets / entities and do not include any impact of synergies, income or expenses due to consolidation of other entities or investments.

The Projections are proforma for the capital structure and corporate structure as if the PropShare Celestia Scheme was in existence at January 01, 2026.The Manager has decided to provide the projections beginning from the current financial year (Q4 – FY26, i.e. January 01, 2026 to March 31, 2026) and for the period over next three fiscal years (FY 27, FY28, FY29) . The break-up of the amount as actual and projection for the current financial year is not applicable as PropShare Celestia is proposed to own Project Celestia by initial offering of Celestia Units.

II. ***Significant assumptions for the Projections***

(A) The Projections contain assumptions about future events and management actions which may or may not necessarily occur and which are by their nature, subject to significant risks and uncertainties. The future events referred to involve risks, uncertainties and other factors which may cause the actual results or performance to be materially different from the Projections. Some of such key assumptions are:

- Post completion of the proposed IPO, PropShare Celestia is proposing to subscribe equity and optionally convertible debentures; and infuse scheme loan into the Celestia SPVs from a portion of the IPO proceeds. This amount will be used for acquisition of Project Celestia and general corporate purpose.
- Formation transaction is assumed as of January 01, 2026 to prepare these projections.

(B) The Projections and assumptions are based on estimates as deemed appropriate and reasonable by the Manager at the date of the Projections and has been adopted by the Board of Directors of the Manager on **January 08, 2026**. However, the investors should consider these estimates, assumptions as well as the Projections and make their own assessment of the future performance of PropShare Celestia Group. Investors should be aware that future events cannot be predicted with any certainty and there may be deviations from the figures reflected in the Projections.

It is clarified that the Projections have been prepared on the basis of a mixture of best-estimate (i.e., assumptions as to future events which are expected to take place and the actions expected to take place as of the date the information is prepared) and hypothetical assumptions (about future events and actions which may or may not necessarily take place). Selected material assumptions are identified as a part of the report and the resulting sensitivity of those results have been disclosed in *Annexure A: Sensitivity Analysis on Material Assumptions.*

The Manager has entered into a Binding Letter of Intent dated January 05, 2026 for the purpose of acquisition of Project Celestia on behalf of Scheme, the Manager has considered the Binding Letter of Intent as a basis of projections assuming to commence from January 01, 2026.

For the purposes of this report, JLL has been appointed as an independent industry expert and has conducted detailed analysis of the office real estate industry including macro-economic conditions, city fundamentals, office demand drivers, demand supply fundamentals and outlook. Wherever applicable and appropriate based on the Manager's judgment, certain estimates and analysis undertaken by the industry expert have been used to form an assessment of market fundamentals, industry drivers and outlook amongst other things. It is, however, noted that the assumptions used in the Projections by the Manager might differ from the information and assumptions as per the analysis of the industry expert.

IV. ***Revenue drivers and assumptions***

Summary Observations

During FY27 to FY29, subject to the assumptions stated herein and limitations inherent in these Projections, PropShare Celestia Group is projected to generate a 2.78% CAGR in Revenue from operations, driven by contractual growth and other adjustments. The impact of key growth drivers is reflected in the table below:

₹ Mn

	FY28	FY29	Total (FY27-29)	% growth contribution to growth (FY27-29)
Revenue from Operations for the previous year	203.99	207.12	411.11	
Total growth for the year	3.13	7.94	11.07	100%
Contractual rent growth	7.33	8.18	15.51	140.1%
Other adjustments	(4.20)	(0.24)	(4.44)	(40ss.1%)
Revenue from Operations for the current year	207.12	215.06	422.18	

(1) For details in relation to Revenue from Operations, refer to General Terms, Definitions and Abbreviations

(2) Others include impact on revenue from Ind-AS adjustments.

1. Lease Rentals

Revenue from Operations growth drivers include only Contractual Rental growth as the lease agreements are generally for a term of 9 years - 9 years 11 months including a lock-in period of 3-5 years.

i. Contractual Rental growth

For the escalation in the proposed leases, the Manager has used subsisting lease agreement entered with the lessees by the seller. The Manager assumes continuation of leases, post lock-in expiry for all the floors.

ii. Other Adjustments

Other adjustments are on account of Ind AS adjustments.

V. ***Drivers and assumptions for NOI and EBITDA***

NOI = Revenue from operations less: Direct operating expenses

EBITDA = NOI less: Indirect Operating expenses add: Interest and other income less: Scheme level expenses

Refer Indicative Profit and Loss Statement Framework Used for the Purposes of Projections for additional details on calculation of NOI and EBITDA.

NOI, EBITDA, NOI margin and EBITDA margin do not have standardized meaning, and not recognized measures under Ind AS, and they may not be comparable with measures with similar names presented by other companies. These metrics should not be considered by themselves or as substitutes for comparable measures under Ind AS or other measures of operating performance, liquidity or ability to pay dividends. For further details, refer to *General Terms, Definitions and Abbreviations.*

1. NOI

During the Projections Period, subject to the assumptions stated herein and limitations inherent in these Projections, PropShare Celestia Group is assumed to generate growth in NOI driven by contractual growth. The impact of growth drivers is reflected in the table below:

₹ Mn

	FY28	FY29	Total (FY27-29)	% Growth contribution to growth (FY27-29)
NOI for the previous year	203.99	207.12	411.11

ii. Indirect Operating expenses:

a) Indirect operating expenses includes annual reports & related costs, fund accounting charges, annual valuation fees, trustee fees, stock exchange fees, dematerialization charges, legal and professional fees, director fees, audit fees, other expenses(unforeseen) and it is approximated at 1.20% of the Gross rental receipts at the SPV level and 0.67% of the Gross rental receipts at the Scheme level.

b) Other administrative expenses such as employee related expenses are not considered at the Scheme and SPV level since the Scheme will be managed by the Manager and recovered through the management charges.

iii. The Investment manager fees at the SPV level is assumed to be 0%, 0.50%, 0.50% and 0.50% of the Gross proceeds for Q4 - FY 26, FY 27, FY 28 and FY 29 respectively. The Investment manager is assumed to charge a 2.4% acquisition fee during the Q4 - FY 26 at SPV level. Also, Investment manager is assumed to charge a 3.90% capital arrangement fee during the Q4 - FY 26 at SPV level.

iv. The issue expenses at the Scheme level are assumed to be Rs. 23.50 million.

VI. ***Drivers and assumptions for cash flows from operating activities***

1. Income Taxes: Income taxes have been computed at income tax rates applicable for FY 26 which are expected to apply for the entire Projections Period. The taxes have been computed as per the provisions of Chapter IV of the IT Act. Unabsorbed depreciation of earlier years and expected losses of future years, if any, have been carried forward and considered for set-off as per the provisions of Chapter VI of the IT Act. Whilst interest paid on debt is generally tax deductible, its treatment depends on the specific facts of entity. During the Projections Period, the PropShare Celestia Scheme is estimated to receive cash flows from the SPVs in the form of interest income, and potential repayment of shareholder loan by Celestia SPV which are considered exempt under IT Act.

VII. ***Drivers and assumptions for NDCF***

Summary Observations

NDCF receivable by the PropShare Celestia Scheme may be in the form of interest income and repayment of scheme loan from the Celestia SPV.

As per the SM REITs Regulations, not less than 95% of the NDCF of the Celestia SPVs are required to be distributed to the PropShare Celestia Scheme in proportion of their shareholding in the Celestia SPVs, subject to applicable provisions of the Companies Act, 2013. For the purpose of Projection, Manager has assumed that 100% of NDCF during the year after accounting for all outflows will be distributed for the Projections Period. Additionally, Investment Manager retains the option to distribute any surplus amounts, unless such surplus is required to create reserves for any subsequent period (as per note 2 and 5 of Clause (F) Framework for calculation of Net Distributable Cash Flows (NDCFs) of Chapter 3.Disclosure of financial information in offer document for REITs of SEBI/HO/DDHS-PoD-2/P/CIR/2025/99).

Presently, the Manager proposes to calculate the NDCF for PropShare Celestia Scheme in the manner laid out in *Annexure B: NDCF framework for the PropShare Celestia Scheme.*

VIII. ***Other key assumptions (relevant for cash outflow from income tax payments for computing cash flows from operating activities and the calculations of NDCF):***

1. Depreciation and Amortization: Depreciation is calculated on the depreciable amount of Investment Property over their estimated useful lives. Depreciable amount is the cost of the assets or other amount substituted for cost, less its estimated residual value. Depreciation for income tax purpose has been considered at the applicable rates of depreciation under the IT Act for FY 26 which are expected to apply for the Projections Period.
2. Finance Costs: The Manager intends to maintain an optimal mix of debt and equity to provide flexibility to PropShare Celestia Scheme to manage its risk exposure, implement its strategies and provide total returns to Unitholders.

   Based on the market environment and Manager's ongoing discussions with various financial institutions, the Manager has made the following assumptions for the purpose of Projections:

(i) Post completion of the proposed IPO, PropShare Celestia is proposing to subscribe equity and optionally convertible debentures and; infuse scheme loan into the Celestia SPVs from a portion of the IPO proceeds. The proceeds will be used for acquisition of Project Celestia and general corporate purpose.

(ii) The Unsecured Scheme loan advanced to Celestia SPVs shall bear an interest of 8.0% p.a. and the repayment terms are as on basis availability of surplus funds with the maximum tenure of 10 years.

(iii) The Optionally convertible debentures carry a coupon rate of 0.01% with face value of OCD is Rs. 1,000, term of 10 years and the conversion right attached to OCDs may be exercised by the Scheme, in one or more tranches, at any time during the term thereof as agreed, by issuing a written notice to the SPVs, specifying the number of OCDs proposed to be converted based on the valuation on conversion date.

Additionally, Ind AS adjustment in relation to unwinding of security deposits from tenants are expected to lead to additional notional finance costs during the Projections Period.

IX. ***Additional assumptions***

The Manager has made the following additional assumptions in preparing the Projections as on the date of this report:

1. No further assets (apart from the SM REIT Asset) are assumed to be acquired, and no assets are assumed to be divested during the Projections Period.
2. The Manager has assumed that 100% of cash generated during the year after accounting for all outflows and cash balance to meet working capital requirements will be distributed for the Projections Period.
3. Sensitivity analysis in Annexure B to the Projections is prepared based on the movements from the agreed rents.
4. All leases will be enforceable and will be performed in accordance with their terms in the Lease Agreement.
5. No further equity capital or buyback is assumed to be raised during the Projections Period.
6. It is assumed that there will be no material change in taxation legislations or other applicable legislations during the Projection Period
7. The Projections have been prepared using Ind AS standards and interpretations that are effective for the Ind AS financial statements as at March 31, 2025. The Projections do not take into account the impact of any new Ind AS standard or interpretation not effective as at March 31, 2025, as the impact of the same is not expected to be significant.
8. No additional outflow and inflow have been assumed on account of any litigation related matters, which also includes any direct tax, indirect tax and property tax matters, based on the seller's indemnity to the Manager.

Annexure C: NDCF framework for the PropShare Celestia Scheme

SEBI Master Circular dated 11 July 2025 (SEBI/HO/DDHS-PoD-2/P/CIR/2025/99) - Master Circular for Real Estate Investment Trusts (REITs) {Chapter 3 and clause (F) Framework for calculation of Net Distributable Cash Flows (NDCFs)}

I. Calculation of Net distributable cash flows at each Asset SPV:

Cash flow from operating activities as per Cash Flow Statement of SPV

(+) Treasury income / income from investing activities (interest income received from FD, tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Further clarified that these amounts will be considered on a cash receipt basis)

(+) Proceeds from sale of real estate investments, real estate assets adjusted for the following:
- Applicable capital gains and other taxes
- Related debts settled or due to be settled from sale proceeds
- Directly attributable transaction costs

(-) Finance cost on Borrowings, excluding amortisation of any transaction costs as per Profit and Loss Account and any shareholder debt / loan from Scheme of REIT

(-) Debt repayment (to include principal repayments as per scheduled EMI's except if refinanced through new debt including overdraft facilities and to exclude any debt repayments / debt refinanced through new debt, in any form or equity raise as well as repayment of any shareholder debt / loan from Scheme of Trust)

(-) any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any:
(i). loan agreement entered with banks / financial institution from whom the Scheme of Trust or any of its SPVs have availed debt, or
(ii). Terms and conditions, covenants or any other stipulations applicable to debt securities issued by the Scheme of Trust or any of its SPVs, or
(iii). terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the Scheme of Trust or any of its SPVs, or
(iv). agreement pursuant to which the SPV operates or owns the real estate asset, or generates revenue or cashflows from such asset (such as, concession agreement, transmission services agreement, power purchase agreement, lease agreement, and any other agreement of a like nature, by whatever name called); or
(v). statutory, judicial, regulatory, or governmental stipulations;

(-) any capital expenditure on existing assets owned / leased by the SPV, to the extent not funded by debt / equity or from reserves created in the earlier years

NDCF for SPV

Note:

In accordance with the SM REIT Regulations, not less than 95% of net distributable cash flows of the Asset SPV shall be distributed to the PropShare Celestia Scheme, by way of (i) interest on Shareholder Debt; (ii) repayment of Shareholder Debt; (iii) dividends in proportion of its holding in the Asset SPV; or (iv) share buyback and capital reduction, etc., all of which are subject to compliance with relevant provisions under the Companies Act, 2013 and any other applicable law and in any other form permitted under applicable

II. Calculation of Net distributable cash flows at the PropShare Celestia Scheme Level:

Cashflows from operating activities of the scheme of REIT

(+) Cash flows received from SPV which represent distributions of NDCF computed as per relevant framework

(+) Treasury income/ income from investing activities (interest income received from FD, tax refund, any other income in the nature of interest, profit on sale of Mutual funds, investments, assets etc., dividend income etc., excluding any Ind AS adjustments. Further clarified that these amounts will be considered on a cash receipt basis)

(+) Proceeds from sale of real estate investments, real estate assets adjusted for the following:
- Applicable capital gains and other taxes
- Related debts settled or due to be settled from sale proceeds
- Directly attributable transaction costs

(-) Finance cost on Borrowings, excluding amortisation of any transaction costs as per Profit and Loss Account and any shareholder debt / loan from Scheme of REIT.

(-) Debt repayment at schemes of the Scheme of REIT level (to include principal repayments as per scheduled EMI's except if refinanced through new debt including overdraft facilities and to exclude any debt repayments / debt refinanced through new debt in any form or funds raised through issuance of units)

(-) Any reserve required to be created under the terms of, or pursuant to the obligations arising in accordance with, any:

(i). loan agreement entered with financial institution, or

(ii). terms and conditions, covenants or any other stipulations applicable to debt securities issued by the schemes of the REIT or any of its SPVs, or

(iii). terms and conditions, covenants or any other stipulations applicable to external commercial borrowings availed by the schemes of the REIT or any of its SPVs, or

(iv). agreement pursuant to which the scheme of the REIT operates or owns the real estate asset, or generates revenue or cashflows from such asset (such as, sale deed, lease agreement, and any other agreement of a like nature, by whatever name called), or

(v). statutory, judicial, regulatory, or governmental stipulations

(-) Any capital expenditure on existing assets owned/ leased by the scheme of REIT, to the extent not funded by debt/ equity or from contractual reserves created in the earlier years

NDCF at scheme of trust level

Note:

Investment Manager retains the option to distribute any surplus amounts, unless such surplus is required to create reserves for any subsequent period, as per note 2 and 5 of Chapter 3 and clause (F) Framework for calculation of Net Distributable Cash Flows (NDCFs).

Surplus cash available in SPV due to:

(i) 5% of NDCF withheld in line with the Regulations in any earlier year or quarter; or

(ii) Such surplus being available in a new SPV on acquisition of such SPV by SM REIT;

(iii) Any other reason, excluding if such surplus cash is available due to any debt raise could be considered for distribution by the SPV to the Scheme of REIT, or by the Scheme to its Unitholders in part or in full, but needs to be disclosed separately in the NDCF computation and Distribution.

III. Indicative Profit and Loss statement framework used for the purpose of Projections:

Sr. No.	Key Components	Additional Description
A	Lease Rentals	Sum of rentals for the relevant period
B	Ind AS adjustments	Includes impact of straight lining of lease rentals and unwinding of security deposit from tenants and its corresponding adjustment in lease rentals
C=A+/-B	**Revenue from leases/ operations**	
D	Direct Operating expenses	Expenses include • Property tax • Insurance • Operating and maintenance expenses (CAM expenses)
E=C-D	**Net Operating income**	Net Operating income
F	Indirect Operating expenses	Expenses include: • Annual report related charges • Fund accounting charges • Annual valuation fees • Dematerialization charges • Legal & Professional fees • Director fees • Audit fees • Investment Manager fees • Other expenses
G=D+F	**Total operating expenses**	
H	Interest and other income	
I	Scheme level expenses	Expenses include: • Trustee fees • Stock exchange fees • Audit fees • Unitholder meeting expenses • Other expenses
J=E-F+H-I	**EBITDA**	

Notes:

(1) Operating expenses (Direct as well as Indirect Operating Expenses) for Projections years have been calculated on the assumptions set forth in this report. Direct and indirect expenses have been determined by the Manager based on internal/ management reporting.

(2) NOI and EBITDA are not a recognized measure under Ind AS and may not be comparable with measures with similar names presented by other companies. NOI or EBITDA should not be considered by itself or as a substitute for other measures of operating performance, liquidity or ability to pay dividends. For further details, refer to *General Terms, Definitions and Abbreviation.*

(3) Ind AS Adjustments in accordance with applicable accounting policies

It is clarified that in addition to the line items reflected *in Indicative Profit and Loss Statement Framework Used for the Purposes of Projections*, Revenue from operations is impacted by applicable Ind AS adjustments.

Select key Ind AS adjustments made to arrive at Revenue from operations for Celestia SPVs include:

• Straight lining of contractual rent escalation on lease contracts over period of lock-in term of lease.

• Fair valuation of lease deposits wherein the deposit liability has been recognised at fair value using a discounting rate. The difference between the transaction price and the fair value of lease deposits is recognised as deferred lease rental and recognised as an income over the lock-in term of lease.

Opinion on Market Value as on 30th September 2025

INR2,503,460,000/- (Indian Rupees Two Billion Five Hundred Three Million Four Hundred Sixty Thousand)

***Note**: Opinion on market value presented in this report is subject to following facts and Special and Significant Assumptions, and is based conditionally on Legal Opinion Report dated 06 January 2026 ("**LO**") issued by Cyril Amarchand Mangaldas ("CAM") to Client and Valuer (please refer Annexure – 7 to this Report), and LOI including Addendum dated 05 January 2026 (please refer Annexure – 1 to this Report for relevant excerpts of the LOI including the Addendum) which LO and Client have confirmed to be binding on both Client and CO, and will allow Propshare Celestia SMREIT to have 100% rights and interests in the Subject Asset in future:*

a) *LO and Client have confirmed that Client and/or Propshare Celestia SMREIT are not the owners of Subject Asset as on the date of this opinion on market value,*
b) *LO and Client have represented that LOI including the Addendum has been signed between the CO and Client which sets out the broad terms and conditions of the transaction/sale of Subject Property and Subject Asset, which will happen at a future date,*

c) *LO and Client have further represented that basis this LOI, Client or Propshare Celestia SMREIT, will become the complete owner of the Subject Property, and will have 100% (one hundred percent) rights, ownership, and interests in the Subject Property, conditional on signing of subsequent "Transaction Documents", which in this LOI have been indicated to be:*
   i. *Sale Deed for conveying ownership of Subject Asset from CO to Client,*
   ii. *Tripartite Deed of Attornment / Deed of Adherence to be signed between CO, Client, and current tenants on the Subject Asset (if applicable), and*
   iii. *Any other documents, etc.*

d) *LO and Client have additionally represented that post execution of the aforesaid Transaction Documents, Propshare Celestia SMREIT / Client will become the sole, undisputed, primary, and exclusive beneficiary of all cash flows from the Subject Property and Subject Asset.*

e) *LO and Client have confirmed that no fresh leases will be signed with the existing tenants and that post signing of the Tripartite Deed of Attornment / Deed of Adherence between CO, Client, and current tenants, all cash flows, including rentals, CAM, property maintenance expenses, etc. will all flow to the Client / Propshare Celestia SMREIT and nothing to the CO.*

f) *LO and Client have also confirmed that the current lease details as provided in LOI and the current lease agreements, which are currently in force with respect to the Subject Property and Subject Asset, will continue unchanged after Client / Propshare Celestia SMREIT has become the sole owner of the Subject Asset post execution of the Transaction Documents.*

g) *Client has confirmed that that there are currently two loans existing on the Subject Property, one from HDFC Bank and the other from Kotak Mahindra Bank, which will be retired before Propshare Celestia SMREIT is listed. Client and LO have further confirmed that there are no other arrears and/or payments due to any entity and/or individual, anywhere in the world, and neither government authority(ies) nor banks nor financial institutions nor any other creditor(s) have any charge on the title, ownership, rights, and interests of the reference-cited Subject Property, it can be freely transacted without any encumbrances and/or restrictions in the open market, and there are no onerous aspects that may pertain to the legal ownership of Client / Propshare Celestia SMREIT in future with respect to the reference-cited Subject Property that may hinder and/or obstruct its free and unrestricted sale in the open market.*

Readers of the report are hereby advised that the aforementioned opinion on market value of the Subject Asset is contingent and based on LO and LOI, which the Valuer has considered upon Client's confirmation, with respect to Client's / Propshare Celestia SMREIT's future ownership, rights, and interests in the Subject Property, among other aspects stated in the LO and LOI, such as persistence of existing leases and lease covenants. In the event that the LO and LOI with respect to ownership, rights, and interests, liens, encumbrances, debt, and persistence of existing leases and lease covenants among other aspects related to and in the Subject Property along with Client's representation(s) on LOI, is not valid and/or defective as on the date of this opinion on market value and Client / Propshare Celestia SMREIT will have no or limited ownership, rights, and/or interests in the Subject Property as on date of this opinion on market value, then this opinion on market value of Subject Asset will be rendered invalid, voided, and will stand cancelled, and is not to be considered for any purposes, including those as indicated in this report.

Readers of this report are also advised that these Special and Significant Assumptions indicated in this report are not exhaustive in nature and are to be read in conjunction with and context of this entire report. Opinion on market value of Subject Asset presented in this report is subject to the all Special and Significant Assumptions along with other caveats, disclaimers, disclosures, among other commentary, presented in various parts of this Report.

1 INTRODUCTION

1.1 INSTRUCTIONS

PropShare Investment Manager Private Limited (hereinafter referred to as the "**Client**" and/or "**Manager**"), in its capacity as Manager of the small and medium real estate investment trust, namely **Propshare Celestia SMREIT**, 3rd Scheme of Property Share Investment Trust, has appointed **KZEN VALTECH PRIVATE LIMITED**, Registered Valuer Entity with Insolvency and Bankruptcy Board of India ("**IBBI**") bearing registration no. IBBI/RV-E/05/2022/164 (hereinafter referred to as the "**Valuer**") to provide an independent opinion on Market Value of commercial office space located at Subject Project (defined later in this report), vide Letter of Engagement dated 26 December 2025 ("**LOE**"). Client intends to seek an independent opinion on Market Value for the disclosure of valuation of assets, forming part of Propshare Celestia SMREIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated 8th March 2024 and Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended, together with clarifications, guidelines and notifications thereunder in the Indian stock exchange.

This report presents Valuer's opinion on Market Value of commercial office space located on seven floors, namely Floor 2 (R209 to R214), 4 (426 to 430), 10 (C1016 to C1030), 13 (C1301 to C1315), 14 (C1401 to C1414), 15 (Entire Floor), 16 (C1616 to C1630) (hereinafter referred to as the "**Subject Property**") in the overall development namely Stratum@Venus Grounds located at FP/CS/Plot No: 644/2 (R.S. No. 182/P, 183/P, 185), Nehru Nagar, Ahmedabad – 380015, Gujarat, India (hereinafter referred to as the "**Subject Project**").

Client has represented that, as on the date of this opinion on market value, they have signed a **Letter of Intent** ("**LoI**") that includes an Addendum dated 05 January 2026 with Venus Infrastructure and Developers Private Limited ("**CO**"), current owner of the Subject Project, which LO has confirmed to be binding on both the Client and the CO, who have signed both these documents (please refer Annexure – 1 for relevant excerpts of this LOI along with the Addendum).

Client has further indicated that they will have unconditional 100% (one hundred percent) ownership, rights and interests in Subject Property in future subject to execution of additional documents as indicated in the LoI, which may also be construed as being the sole, exclusive, entire, and primary beneficiary and recipient of **all cash flows from the Subject Property** at a future date, which are referred to as "**Subject Asset**" for the purpose of this opinion on market value report.

1.2 PURPOSE OF VALUATION

The purpose of this valuation is to estimate the market value of the Subject Asset as part of Propshare Celestia SMREIT for disclosure of valuation of assets, forming part of the portfolio of Propshare Celestia SMREIT, in accordance with the Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated 8th March 2024, and Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014, as amended together with clarifications, guidelines and notifications thereunder in the Indian stock exchange. In addition, other documents in relation to the regulatory filings such as publicity material, research reports, presentations and press releases will also be prepared, wherein copies, summary or extracts of the Valuation Report are intended to be included.

1.3 RELIANT PARTIES

The reliance on the Valuation Report prepared as part of this engagement is extended to the Manager, Propshare Celestia SMREIT and other parties including the trustee of Propshare

Celestia SMREIT, debenture trustee(s), stock exchanges, unitholders of Propshare Celestia SMREIT, Securities and Exchange Board of India ('SEBI'), credit rating agencies, lenders to the Propshare Celestia SMREIT and/or its special purpose vehicles or any other person within or outside India as the Manager may deem fit for the purpose as highlighted in this report (valuation). The Valuer, however, would extend no liability to such reliant parties save and except for gross and willful negligence. The valuation exercise is conducted strictly and only for the use of the parties as stated above who need to rely on such valuation ("**Reliant Party**") and for the Purpose specifically stated. The Client shall make all reliant parties aware of the terms and conditions of the engagement under which this exercise is being undertaken and take due acknowledgements to the same effect.

1.4 VALUER'S CAPABILITY

KZEN VALTECH PRIVATE LIMITED, bearing Registered Valuer Entity number IBBI/RV-E/05/2022/164 with IBBI has been appointed as the Valuer for providing opinions on market value of the respective Subject Properties. Mr. Sachin Gulaty, Director, KZEN VALTECH PRIVATE LIMITED, is registered as a valuer with IBBI for the asset class Land and Building under the provisions of The Companies (Registered Valuers and Valuation) Rules, 2017 since 13 August 2021. He qualified for the degree of Bachelor of Architecture from School of Planning and Architecture, New Delhi in 1997, and qualified for the degree of Master in Planning with specialization in Urban Planning from School of Planning and Architecture, New Delhi in 2002. He, subsequently, undertook distance learning from SVKM's Narsee Monjee Institute of Management Studies ("NMIMS") Global Access – School for Continuing Education, qualified for the two-years Post Graduate Diploma in Banking & Financial Management and was awarded this Post Graduate Diploma in July 2018. Mr. Gulaty has almost 28 years of experience, including one and a half years of post-graduate education, spread over domains of architecture, urban planning, urban infrastructure, real estate advisory, and real estate asset valuation. He was the National Head of Valuations for Jones Lang LaSalle Property Consultants (India) Private Limited ("JLL India"), a leading International Property Consulting firm in India, from 2010 to 2021. Prior to this role, Mr. Gulaty gained practical experience in providing architecture services, town and city planning, and research related to regulatory studies and urban governance covering urban infrastructure such as water supply, sanitation, solid waste management, and urban transport, among other aspects. In the early part of his career, he worked with renowned architectural services firm, Kuldip Singh & Associates, and The Energy and Resources Institute ("TERI"). His last employment was with JLL as Senior Director and National Head for Valuations.

As the National Head of Valuations at JLL India, he led numerous valuation exercises for multiple financial institutions, private equity/real estate funds, corporates, industrial houses, government departments, and developers across multiple real estate asset classes of commercial, retail, residential, industrial, healthcare, and hospitality, among others. Clientele served by him across his entire career till date, under various employments, includes Brookfield, GIC, Qatar Investment Authority, JP Morgan, BlackRock, CapitaLand, Citibank, Standard Chartered Bank, Yes Bank, Kotak Mahindra, Maruti Suzuki, Indiabulls, Dubai Port World, World Bank, DLF, RMZ, Shriram Properties, DIPAM, NHAI, NBCC, AAI, and RLDA, among others. Mr. Gulaty, who carries IBBI Registration Number: IBBI/RV/02/2021/14284, is enrolled with the Institute of Valuers Registered Valuers Foundation ("**IOVRVF**"), is a Fellow of Royal Institution of Chartered Surveyors ("**RICS**"), Fellow and Lifetime Member of Institute of Valuers, India ("**IOV**"), admitted as an Arbitrator (India) on the RICS Panel of Dispute Resolvers & Expert Witnesses, empaneled as an Arbitrator on the India International Arbitration Centre ("**IIAC**") Panel of Arbitrators for Domestic and International Arbitration as an Eminent Person, RICS Accredited Mediator, and features in the global list of RICS Trained Assessors, has prepared and signed this report on behalf of RV-E.

1.5 INDEPENDENCE, CONFLICT OF INTEREST AND VALUER'S INTEREST

The Valuer confirms that there are no conflicts of interest in so far as discharging his duties as a valuer for the Subject Asset is concerned. The Valuer has undertaken the valuation exercise without the presence of any bias, coercion, or undue influence of any party, whether directly connected to the valuation assignment. There has not been any professional association with the Client (except as valuer of the underlying real estate interest in Propshare Platina REIT and Propshare Titania REIT) and/or the Subject Project and/or the Subject Asset in past five years from his engagement as the Valuer, except as valuer under the SEBI (REIT) Regulations, 2014, and Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated 8th March 2024. The Valuer certifies that he/she does not have a pecuniary interest, financial or otherwise, that could conflict with the proper valuation of the Subject Asset (including the parties with whom the Client is dealing, including the lender or selling agent, if any) and has accepted instructions to opine on market value the Subject Asset only from the Client.

1.6 ASSUMPTIONS, DEPARTURES AND RESERVATIONS

This Valuation Report has been prepared on the basis of the assumptions indicated and detailed within this report. The leasable area, undivided share in land area and lease details such as lease rent, lease commencement, rent commencement and lease end dates, lock-in period, escalation terms, among other covenants pertaining to the Subject Property, and, consequently Subject Asset, is based on the appropriate relevant documents, which have been provided by the Client and the same have been adopted for the purpose of this opinion on market value.

1.7 INSPECTION OF THE SUBJECT PROPERTY

Subject Property was last visually inspected on 04 December 2025 by the Valuer in the presence of Client-nominated representatives and subsequently no site visits have been conducted. No measurement or building survey has been carried out as part of the valuation exercise. The Valuer has relied entirely on the site and built areas provided by the Client, which have been assumed to be correct. Based on discussions with Client, it has been assumed that no material change in the condition of the Subject Property has taken place in accordance with the information shared post Valuer's last visit to and visual inspection of Subject Property and in the intervening period from the valuation date of this report and Valuer's last visit to and visual inspection of Subject Property.

1.8 GENERAL COMMENT

A valuation is an estimation of price, not a guarantee. By necessity, it requires the Valuer to make subjective judgments that, even if logical and appropriate, may differ from those made by a purchaser, or another valuer. Historically it has been considered that valuers may properly conclude within a range of possible values. The purpose of the valuation does not alter the approach to the valuation. Property values can change substantially, even over short periods of time, and thus the valuation of the Subject Asset herein could differ significantly if the date of valuation was to change. This report should not be relied upon for any other purpose other than for which this valuation exercise has been undertaken.

1.9 CONFIDENTIALITY

The contents of this Valuation Report are intended for the specific purpose stated. Consequently, and in accordance with current practice, no responsibility is accepted to any other party in respect of the whole or any part of its contents, except as maybe required in connection with the disclosure of valuation of assets, forming part of the portfolio of Propshare Celestia SMREIT, under the applicable law.

1.10 AUTHORITY

Client acknowledges and agrees that the valuation exercise undertaken (including, without limitation, the Reports itself and the contents thereof) is solely for the purpose set out in Section 1.2 herein. If Client desires to use this Report in any offering or other investment material for purpose other than as mentioned in the Section 1.2 herein, then (a) Valuer will require, and the Client must provide or cause to be provided, an indemnification agreement in Valuer's favor, given by parties reasonably satisfactory to Valuer, and (b) Client will obtain Valuer's consent to the references to this Report in such materials.

1.11 LIMITATION OF LIABILITY

Valuer has provided these services exercising due care and skill but does not accept any legal liability arising from negligence or otherwise to any person in relation to possible environmental site contamination or any failure to comply with environmental legislation which may affect the opinion on market value of the Subject Property and/or Subject Asset. Further, the Valuer shall not accept liability for any errors, misstatements, omissions in the report caused due to false, misleading or incomplete information or documentation provided to Valuer by the Client. Valuer's maximum aggregate liability for claims arising out of or in connection with the Valuation, under this engagement shall not exceed the professional fee paid to Valuer under the engagement. In the event that the Manager, the sponsors, the trustee(s) of Propshare Celestia SMREIT, or other intermediaries appointed by the Manager and/or Propshare Celestia SMREIT and/or its SPVs be subject to any claim ("**Claim Parties**") in connection with, arising out of or attributable to the Report, the Claim Parties will be entitled to require the Valuer to be a necessary party/respondent to such claim and Valuer shall not object to its inclusion as a necessary party/respondent. In all such cases, the Manager, on behalf of Propshare Celestia SMREIT, agrees to bear upfront the actual cost (which shall include legal fees and external counsel's fee) incurred by the Valuer while becoming a necessary party/respondent. If the Valuer does not cooperate to be named as a party/respondent to such claims in providing adequate/successful defense in defending such claims, the Claim Parties jointly or severally will be entitled to initiate a separate claim against the Valuer in this regard. The Valuer will neither be responsible for any legal due diligence, title search, and physical measurements nor undertake any verification / validation of the zoning regulations / development controls with any government departments/authorities, among other aspects.

1.12 RESTRICTIONS ON DISCLOSURE AND PUBLICATION

The Valuer must not disclose the contents of this Valuation Report to a third party in any way, except as allowed under the Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated 8th March 2024, Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars. As per the terms and regulation 2(1) of the Securities Exchange Board of India (Real Estate Investment Trust) Regulations, 2014 along with SEBI (Real Estate Investment Trusts) (Amendment) Regulations 2016 and subsequent amendments and circulars and Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 dated 8th March 2024, it may be noted that the Valuation report is prepared in accordance with said REIT regulations.

1.13 ANTI-BRIBERY AND ANTI-CORRUPTION

Valuer represents, warrants and undertakes that the Valuer is familiar with applicable Anti-Corruption Laws under this Agreement including but not limited to Prevention of Corruption Act 1988 and will ensure that neither it nor any of its officers, directors, shareholders, employees and agents or any other person acting under its implied or express authority will engage in any activity, practice or conduct which would constitute an offence under, or expose

or potentially expose either Party to any direct or indirect liability, under Applicable Anti-Corruption Laws. It is further agreed that breach of any of the above undertakings shall be deemed to be a material breach of the Agreement and in case the Valuer is insisted upon or asserted by Client to violate any of the above said undertakings including Anti-Corruption regulations in any form or manner, on pretext of business relationship or otherwise, the Valuer shall have a discretionary right to terminate this Agreement without any liability or obligation on his part. Such termination of this Agreement shall not in any way prejudice the rights and obligations (including payment for the services delivered under this Agreement) already accrued to the Valuer, prior to such termination.

KEY ASSUMPTIONS, QUALIFICATIONS, LIMITATIONS AND DISCLAIMERS

1.	**Type of Estimate**	The scope of the assignment covers only estimating Market Value of the Subject Asset and not a business valuation for either the Client or any of their subsidiaries or associated companies, etc. The estimate is based on extent of data/information provided by the Client and estimate has limited coverage wherever full data/information is not made available by the Client.
2.	**Legal Due-Diligence**	Legal due diligence for establishing clarity of title, ownership, encumbrances if any, notices and/or disputes if any, among other legal-related issues are not part of scope of work for this assignment. In all likelihood, an independent legal agency would be covering this aspect, details of which can be obtained from the Client. CAM has shared LO (please refer Annexure – 7 to this report) which Valuer has relied upon assuming it to be correct, authentic, and reliable, basis Client's instructions.
3.	**Information Provided by the Client and Others**	The Valuer has relied on the information provided by the Client and the same has been assumed to be correct and has been used in the valuation. Where it is stated that another party has supplied information to the Valuer, this information is believed to be reliable. The Valuer cannot accept any responsibility for accuracy and non-reliability of such information.
4.	**Regulatory Due-Diligence**	Regulatory due diligence is not part of scope of work for this assignment. In all likelihood, an independent legal agency would be covering this aspect, details of which can be obtained from the Client.
5.	**Subject Project Status, Schedule and Subject Project Costing**	Review of the Subject Asset and Subject Property is based on information provided by the Client and does not consider any unforeseeable developments which could impact the same in the future. The estimate does not account for any capital expenses incurred by the Client on the existing and/or ongoing development works in the Subject Property, if any. Auditing any figures is not part of the scope of work under this assignment. In all likelihood, an independent auditing agency would be covering this aspect, details of which can be obtained from the Client.
6.	**Market Conditions and Trends**	The Valuer has taken into consideration the general conditions in the market with respect to broad demand and supply while opining on market value of the Subject Asset. The Valuer has compared other comparable properties on the basis of many factors and as far as possible tried to remove / account for the differences in type, location and quality of the properties.
7.	**Information on Leases Performance**	The Valuer has relied on the rent roll including lease terms & conditions of the existing and one proposed lease, as given by the Client. Valuer has also been provided with a scanned copy of the LOI that appears to be signed and executed by Client and CO (please refer Annexure – 1 for relevant excerpts of this LOI along with the Addendum). The Valuer has, consequently, upon Client's instruction, opined on market value of Subject Asset considering the existing lease deeds and one proposed lease deed, which Client has represented and confirmed will devolve without any changes to Client post execution documents indicated in the LOI. Valuer has relied on all information provided to them by the Client as complete,

		authentic, correct, and reliable. The Valuer has relied on current ongoing leasing details to the extent data/information made available by the Client.
8.	**Site Investigations and Illustrations**	The Valuer has visited and only visually inspected the Subject Property and based on the information made available by the Client the opinion on market value of Subject Asset has been formed on the basis that Subject Property and Subject Asset are free from any encroachments and encumbrances as on the date of valuation. The Valuer has not carried out any structural survey nor tested the building services. No geographical or geo-physical survey was carried out. No environmental assessment has been carried out. Any sketch, plan or map in the report is included to assist reader while visualizing the Subject Property and Valuer assumes no responsibility in connection with such matters.
9.	**Development Cost Estimates**	No project cost estimates have been provided by the Client. Development/fit-out progress, if any, including capital expenditure progress reported is based on the cost incurred data as shared by the Client.
10.	**Environmental Compliance**	Based on Client's confirmation, Valuer has assumed that the Subject Project, and Subject Property are not contaminated and are not adversely affected by any existing and/or proposed environmental law and/or any processes which may be carried out on the Subject Property, and Subject Project.
11.	**Present Ground Conditions**	In the absence of any information to the contrary, the Valuer has assumed that there are no abnormal ground conditions, nor archaeological remains present, which might adversely affect the current or future occupation, and/or development and/or fit-outs, if any, at the Subject Property and Subject Project. The estimate assumes that the Subject Property, and Subject Project are free from rot, infestation, structural or latent defect and no currently known deleterious or hazardous materials or suspect techniques have been used in the construction of or subsequent alterations or additions to the Subject Project, and Subject Property and comments made in the Subject Property details do not purport to express an opinion about, or advice upon, the condition of uninspected parts and should not be taken as making an implied representation or statement about such parts.
12.	**Town Planning and Statutory Considerations**	The Valuer has not made formal search but has generally relied on readily available information to general public. Valuation Report is on the premise of existing use of the Subject Property and Subject Project and the Valuer has not considered any government proposals for road widening or compulsory purchase/ acquisition, or any other statute in force that might affect the Subject Project and/or Subject Property.
13.	**Future Market Development and Prospects**	The Valuer has not accounted for any future market development and prospects that have not been announced in the market yet, and market information has been considered to the extent information is known to the Valuer as on the date of valuation. The Valuer does not warrant that such statements are accurate or correct.
14.	**Disclaimer**	The estimate of Market Value is based on documents/information shared by the Client. The Valuer has not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the Subject Asset. The Valuer has relied on the measurements and information provided at all times, whether from public and private sources, and has ensured to the best of their ability the correctness and the validity of the same, by cross checking from various sources. Whilst every effort has been taken to provide authentic data and analysis, the Valuer, and/or any of their associated companies and/or their employees are not responsible for any loss, major or minor incurred on the basis of the information and analyses provided, nor are liable to any damages in any form or shape. Given the confidential nature of real estate transactions, transaction details for most properties, which are privately actually transacted, are not in the public domain. Consequently, there is reliance on information from market sources, which may not be completely accurate. Thus, information has been crosschecked independently from other market sources to ascertain the broad credibility of information being provided by the market sources. This assignment has been done on best effort and knowledge basis. For ease and simplicity of representation, certain figures may have been rounded.

15.	**Significant Assumptions / Major factors considered while opining on market value of Subject Asset**	1. Client has shared scanned copy of LOI along with Addendum dated 05 January 2026, which LO has confirmed to be binding on both the Client and the CO, and confirmed that Subject Property, while it is currently not owned by the Client as of the date of this opinion on market value, but Client will have 100% rights and interests in the Subject Property in future conditional on execution of additional documents as indicated in the LOI. Given that Valuer possesses neither the education and qualification nor the necessary tools and is not allowed to provide title due diligence which establishes ownership, rights and interests in real properties, Valuer has relied upon Client's representation that Client will have 100% (one hundred percent) ownership, rights and interests in the Subject Property on a future date but before listing of Propshare Celestia SMREIT, and Client will then become the sole, exclusive, and entire beneficiary and recipient of all cash flows from the Subject Property. Basis Client's instruction and representations, Valuer has considered that Client will be the sole, exclusive, and entire beneficiary and recipient of all cash flows from Subject Property while providing this opinion on market value of the Subject Asset. Valuer disclaims any and all liabilities, financial and/or otherwise, to all entities and/or individuals, including the Client, for any losses, etc. that may be caused on account of these aspects. Readers of this report are advised to commission their own title and ownership due diligence, including establishing Client's rights and interests, with respect to the Subject Property, by engaging a reputed and specialist law firm/lawyers. 2. Client has further confirmed that current lease deeds will devolve to Client as the owner on a future date but prior to listing of Propshare Celestia SMREIT, and 1 (one) recent lease deed that has been signed as of October 2025 as confirmed by the Client. Valuer has assumed, upon Client's instructions, that there will be no change in the relevant covenants and terms and conditions stated in the current lease deeds, to be correct, authentic, and reliable, and has proceeded to opine on the market value of the Subject Asset considering the covenants, and terms and conditions indicated in these existing lease deeds and LOI. This review of the current lease deeds and one proposed lease deed by the Valuer is not to be construed as a legal opinion on and/or approval of the current ongoing lease deeds and one proposed lease deed shared by Client. Valuer disclaims any and all liabilities, financial and/or otherwise, to all entities and/or individuals, including the Client, for any losses, etc. that may be caused in the event that there are any changes in future projected cash flows on account of any future changes. 3. Further, Client has stated that there are currently two loans on the Subject Project, one from HDFC Bank and the other from Kotak Mahindra Bank. Client has further confirmed that these prior outstanding loan facilities from HDFC Bank and Kotak Mahindra Bank as availed by the CO of Subject Property will be settled and HDFC Bank's and Kotak Mahindra Bank's charges will be released immediately after execution of all documents as indicated in the LOI and prior to listing of Propshare Celestia SMREIT. Client has additionally confirmed that there are no other prior debt and/or dues and/or arrears pending against the Subject Property. Client has also confirmed and represented that Subject Property is not encumbered in any manner as of the valuation date. Valuer, basis Client's representation letter and aforementioned LO, has assumed that no such debt and/or dues and/or arrears and/or any encumbrances, including any charge of any type and manner, will exist on Subject Property before listing of Propshare Celestia SMREIT, and that it can be freely transacted in the open market. Adoption of Significant and Special Assumptions by the Valuer is not to be construed as a legal opinion on and/or confirmation that no encumbrances of any manner and/or any amounts pending whatsoever as indicated above. Valuer disclaims any and all liabilities, financial and/or otherwise, to all entities and/or individuals, including the Client, for any losses, etc. that may be caused in the event that this information and assumptions by Valuer are discovered to be incorrect.

2 VALUATION APPROACH AND METHODOLOGY

2.1 VALUATION STANDARDS ADOPTED

This Report is prepared in accordance and compliance with:

1. Securities and Exchange Board of India (Real Estate Investment Trusts) (Amendment) Regulations, 2024 ("**SMREIT Regulations**") dated 8th March 2024
2. Securities and Exchange Board of India (Real Estate Investment Trusts) Regulations, 2014 as amended from time to time ("**SEBI Regulations 2014**"), including Regulation 21 Sub-Regulation (3) and mandatory minimum disclosures as specified in Schedule V of these SEBI Regulation 2014,
3. Companies (Registered Valuers and Valuation) Rules, 2017 as amended from time to time ("**Valuer Rules 2017**"), including reporting requirements as specified in Rule 18 to these rules,
4. International Valuation Standards 2025 ("**IVS2025**") effective 31 January 2025 as set out by International Valuation Standards Council ("**IVSC**") and adopted by Royal Institution of Chartered Surveyors ("**RICS**") presented in the RICS Valuation Standards and Guidelines 2025 ("**RICS Red Book 2025**") effective 31 January 2025, subject to variation to meet local established law, custom, practice, and market conditions.

2.2 BASIS OF VALUATION

Basis of valuation of the Subject Property is **Market Value** as defined in IVS2025 and adopted by Royal Institution of Chartered Surveyors (RICS) to be: *"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's-length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion".*

2.3 APPROACH AND METHODOLOGY

The purpose of this valuation exercise is to estimate the Market Value of the Subject Asset, which emerges from a real estate asset. Market Value of real estate assets can be estimated using different approaches and methodologies.

Income Approach: Under this valuation approach, the income generating potential of the real estate asset is estimated while opining on its market value. This approach is typically adopted for real properties that are income-generating (completed and operational with multiple tenancies, multiple strata units that can be sold with phased/milestone-based revenue collections, among others), such as the Subject Property. For income-generating properties, with single/multiple tenancies, the discounted cash flow entailing term and reversion method is most commonly adopted.

Market Approach: Under this valuation approach, the price that an asset could fetch in an open market is estimated. This approach is typically adopted for homogeneous assets in their micro-market and are typically traded on a unit basis. The most commonly adopted valuation method under this valuation approach is the Comparable Transaction / Listed Instances Method, also commonly known as the Direct Comparison or the Comparable Sales/Quoted Instances Method.

Cost Approach: Under this valuation approach, the cost required to create an asset of similar or equal utility is estimated. This valuation approach is typically adopted for real estate assets that can be clearly broken down into constituent elements, namely land and built structures. The most commonly adopted valuation method under this valuation approach is the Physical Method, also commonly known as Land and Building Method, which typically entails estimation of the underlying land value (while normally adopting the Market Approach) and the built structures (while adopting the Depreciated Replacement Cost Method) separately.
Table on the following page presents different valuation methods and their brief description.

Table 2.1: Different Valuation Methods and Description

Sl. No.	Valuation Method	Description
1.	Comparable Sales / Quoted Instances Method	This method is based on comparing the Subject Property directly with other comparable property pre-leased strata transactions (actually been sold in the vicinity or are offered for sale). Efforts would be made to collect transacted instances. In case of non-availability of transacted instances in the micro-market, the opinion will be offered based on the available asking/quoted instances, if available, in the market with appropriate adjustments for margin for negotiation and other aspects. Given the homogeneous nature of real estate properties, appropriate adjustments are usually required to allow for any qualitative and quantitative differences that may affect the price likely to be achieved by the Subject Property under consideration. These adjustments are typically made in the form of premium and/or discount factors for various property attributes, which affect the value. This method demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis. This method is a fair estimate of the prevailing prices.
2.	Depreciated Replacement Cost Method	Replacement cost method is based on the construction cost of assets. The cost to be estimated is the cost of construction as per the construction status at the valuation date. This is based on inspection of the facility. Appropriate depreciation rates are applied based on schedules given under the Indian Companies Act. This is generally used for estimating the Market Value of only the built components.
4.	Discounted Cash Flow Method	This method is based on the present value of the future receivable net income from the current operational leases / revenues. The current revenues and the future achievable revenues derived from the operational project components of the Subject Asset would be adjusted for the outgoing expenses to derive 10-year cash flows. The same is then discounted at an appropriate discounting rate linked with risk adjusted discounting factor to estimate the market value for the operational project components. This method is sometimes referred to as 'Rent Roll' method as well.

Approach and Method Adopted for Estimating Market Value of the Subject Asset

Client has indicated that they will have 100% (one hundred percent) ownership, rights and interests in Subject Property and all existing leases on the Subject Property will continue without any changes, and one proposed lease to be confirmed in the normal course of business, as confirmed by Client, on a future date conditional on execution of all documents as indicated in the LOI and prior to listing of Propshare Celestia SMREIT. Since the real estate industry is dynamic and is influenced by various factors (such as existing supply, demand-supply dynamics, quality of spaces, overall health of the economy, existing rent, future growth plans, etc.) at a particular point in time, negotiated rent may tend to move away from the prevalent market rent over a period of time. It has also been observed that the market rent for some properties or submarkets increases or decreases at a significantly different rate from those agreed to in initial leases. These factors reinforce the need to review each of these pending leases in isolation to estimate the intrinsic value of the Subject Property under review.

Considering the objective of this engagement and the nature of the real property involved (completed & operational commercial office space), Income Approach entailing Discounted Cash Flow Method (basis term plus reversion) is likely to reveal the market value estimate of the Subject Asset and has therefore been adopted while opining on market value of the Subject Property. Market Approach has not been considered as there are no known recent transactions, and/or instances of pre-leased commercial office spaces, at the scale and levels of rentals considering the current ongoing leases in Subject Property. Cost Approach has not been considered as it is typically adopted in the case of specialized real estate assets (such as industrial buildings) and replacement value estimate of the built component is unlikely to capture the revenue generation potential of the Subject Asset. In addition, IVS 2025 advises the use of Cost Approach only in cases where it is not possible to adopt the Market Approach and/or Income Approach, which is not the case with Subject Property.

3 INVESTIGATION, NATURE AND SOURCES OF INFORMATION

The Valuer physically visited the Subject Project, and Subject Property on 04 December 2025, wherein the interiors and fit-outs were only visually inspected to review the condition of the built component and the apparent state of their maintenance / upkeep.

Information related to state and structure of the relevant real estate market for the Subject Property was sourced from the industry and market report prepared by Jones Lang LaSalle Property Consultants (India) Private Limited ("**JLL**"), who were appointed by the Client to undertake market research and portfolio analysis of the properties that are part of Propshare Celestia SMREIT.

Subject Property-related information referred to for the valuation exercise has been provided by the Client unless otherwise mentioned. The Valuer has assumed the documents to be a true copy of the original. The proposed rent roll provided by Client has been cross-checked with the typical current ongoing lease agreements provided by the Client to broadly check for the lease covenants.

In addition, the Valuer relied on the following information and documents shared by the Client with respect to the Subject Project and Subject Property:

- Scanned copy of Legal Opinion report prepared by CAM covering various aspects related to title and dispute due diligence, review of LOI, and material litigations, among other aspects
- Scanned copy of LOI along with Addendum dated 05 January 2026 that LO has confirmed to be binding on both the Client and the CO, and which LO has confirmed will allow future transfer of 100% ownership, rights, and interests in Subject Property to Client conditional on execution of Transaction Documents indicated in the LOI, and current tenancies and various lease deeds, including one proposed lease deed and mentioning site areas and leasable areas.
- Latest Rent Roll for the Subject Property
- Scanned copies of current lease deeds and one proposed lease deed
- Scanned copies of sanctioned built-up plans, Fire NOC, and Environment Clearance, among others (Please refer to Annexure – 4 for NOCs and Approvals received for the Subject Project, Annexure – 2 for scanned copy of one of the sanctioned approved-for-development building plans, and Annexures 2A – 2G for broadly identifying units of Subject Property on each floor within the Subject Project.

Sources of Information that form the basis of Key Assumptions / Inputs used in the valuation calculations: Information provided by Client, JLL Research, communications by industry veterans (from JLL), market intelligence, Bloomberg, discussion with market participants, market survey, site visits, and Management Representation.

5.3 DESCRIPTION OF THE SUBJECT PROJECT AND ITS SURROUNDINGS

Subject Property is strategically positioned in Ambawadi, a prominent and centrally located commercial and residential hub in Ahmedabad. Its prime location, being near Chimanlal Girdharlal Road (C.G. Road), provides exceptional connectivity to Ahmedabad's Central Business District (CBD) and other key commercial zones like the S.G. Highway corridor.

As a modern landmark commercial office development, the property is designed to cater to premium corporate clients seeking a prestigious address. The immediate vicinity is characterized by a high density of commercial establishments, financial institutions, and high-street retail, thereby strengthening its position as a core business location. The area is well-served by the Ahmedabad Municipal Transport Service (AMTS) and the Janmarg BRTS network, with the operational Ahmedabad Metro further enhancing connectivity across the city.

The property benefits immensely from the well-established and affluent social infrastructure of Ambawadi. It is surrounded by premium restaurants, major banks, luxury hotels, and reputable healthcare facilities. This robust ecosystem makes it a highly desirable location for businesses aiming to provide convenience for both employees and clients. Venus Stratum stands as a prime commercial asset within Ahmedabad's dynamic real estate landscape, appealing to companies looking for modern amenities within a mature, high-value micro-market.

5.5 SUBJECT PROPERTY INSPECTION

Subject Project is the larger campus spread across one tower that is completed and operational, as on the date of inspection by the Valuer. Subject Project, and Subject Property were inspected by the Valuer on 04 December 2025 during which time Valuer was accompanied by Client's representatives, Mr. Suraj Amin (+919769779346), and Mr. Sahil Vamija (+919408848118; sahil.vamija@jll.com); and Mr. Nikunj Vasani (+919601676919; nikunj.vasani@betterhomemgmt.in), who was the CO's representative. The inspection comprised limited and restricted visual inspection of the interior space of Subject Property, fit-outs and fixtures, and key utility areas like HT and LT Electric Room, DG Power Back up, Fire and Water Pump Rooms, and STP, among others that are supporting the Subject Project and Subject Property. Client has confirmed that they have undivided share in the ownership of various plant and machinery utilities (as indicated in Annexure – 3 to this report) and utility areas that support the Subject Property. Common areas within Subject Project and open areas associated with Subject Project were also visited. Limited visual and restricted inspection of the Subject Property did not reveal any cause of concern with no visible signs of any disrepair or poor maintenance. Utility areas also appeared to be well maintained. No instances of any

waterlogging or water accumulation were observed during this limited visual inspection. This limited visual inspection of Subject Property and Subject Project did not comprise any structural survey, technical/engineering review or safety audit and the assessment of the condition of Subject Project, of which Subject Property is a part, as this is not within Valuer's scope of work under this engagement. This and subsequent pages in this report presents visuals/photographs of various parts of the Subject Project and Subject Property.

5.6 Other Relevant Information: Subject Project and Subject Property

Site Services and Finishes

Subject Property, including common areas and key utility areas such as LT Electric Room, Water and Fire Pump Rooms, STP, Lift Panel (no Lift Machine Room as indicated by Client and CO Representatives on site), were visually inspected though in a limited and restricted manner. During the property visit, CO Representative indicated, and confirmed by Client, that only a small area of the Subject Project is airconditioned by CO with tenants relying on their own air-conditioning equipment, and there is no central air-conditioning / HVAC chiller plants and/or water/air-cooling towers in the Subject Project. As per visual survey, there was no concern related to finishes and site services. The campus is well maintained with proper landscaping in common areas.

Condition and Repairs

Subject Property, and open areas within the Subject Project were observed to be in good condition. The inspection of key utility areas was done on a sample basis, and it did not reveal any cause of concern or poor maintenance in any of the areas. Hence, no major building repair works are expected to be required except periodic general testing of plants and machineries.

Environmental Considerations

Valuer has not carried out any investigations or tests or been supplied with any information from the Client or from any relevant expert that determines the presence or otherwise of pollution or contaminative substances in the Subject Property and/or in any other part of the Subject Project (including any ground water).

For the purpose of assessing the vulnerability of the Subject Project and Subject Property to any natural or induced disaster, the location of the Subject Project, of which Subject Property is a part, with respect to risks pertaining to earthquakes, high winds/cyclone and flooding was studied. Bureau of Indian Standards ("BIS"), in November 2025, has revised Ahmedabad city (where the Subject Project is located) to be in Seismic Zone – IV (earlier Seismic Zone – III), which is considered an earthquake-sensitive zone. At this point of time, Client has not provided any structural engineer's report that indicates need for structural upgradation of Subject Project. Valuer has, therefore, on Client's instruction, not considered any potential costs that may be entailed with respect to this structural upgradation of Subject Project, if necessary and required. Ahmedabad faces low risk in terms of high winds or cyclones too. Subject Project is not likely to face any higher risk than the overall risk profile of the city. Subject Project and Subject Property appear to be topographically located at a relatively higher elevation compared to their immediate surroundings, indicating low risk of micro-flooding and/or sustained water logging. Further, no hazardous activity was noted in vicinity of the Subject Project and Subject Property, which may expose it to any man-made disaster.

Option or Pre-Emption Rights and Encumbrances

Unless disclosed and recorded by the Client, the Subject Project and Subject Property are considered to possess a good and marketable title and are free from any unusually onerous encumbrances with no option or pre-emption rights in relation to them except for those created in favor of the lenders or as specified below, based on Client's representation. Valuer has not checked and verified the title of the Subject Project, Subject Property, and Subject Asset, as this is not within the purview and scope of Valuer's work under this engagement.

Revenue Pendencies

On the basis of LO and discussion with the Client, there are no revenue pendencies including local authority taxes and/or any compounding charges associated with the Subject Project, and Subject Property. No independent verification of this has been made from revenue authorities and reliance has been made on the Client information for the same.

Material Litigation

Based on discussions with the Client and LO, there are no major material litigation including tax disputes other than the litigation disclosed to the Valuer, relating to the Subject Project, and Subject Property that may adversely impact the opinion on market value of the Subject Asset. Please refer to Annexure – 9 to this report for more information with respect to material litigations with respect to Subject Property as provided by Client to Valuer.

5.7 TENANCY ANALYSIS

Tenant Profile of Tenants in Subject Project

6 MARKET SCAN OF THE CITY AND THE MICRO-MARKET

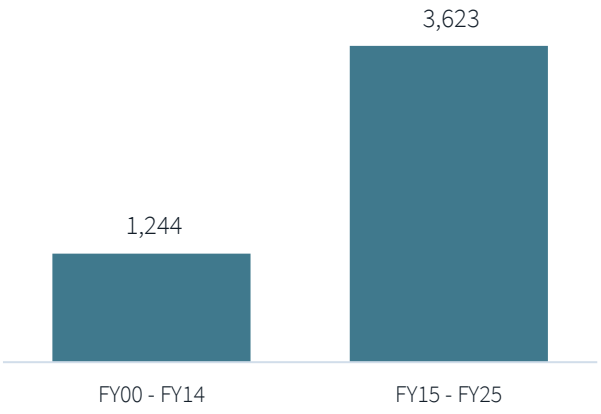

6.1 INTRODUCTION

The valuation exercise takes into account the market performance and various other indicators that are relied upon the industry report which has been prepared by Jones Lang LaSalle India Property Consultants, who are appointed as an independent consultant by the Client.

6.2 EVOLUTION OF AHMEDABAD OFFICE MARKET

Ahmedabad, the largest city in Gujarat with a population of ~8.85 million, stands as a dynamic economic powerhouse in Western India. Renowned for its entrepreneurial spirit and rich cultural heritage, Ahmedabad is rapidly gaining recognition as a key business, education, and real estate destination. Within Gujarat, Ahmedabad has emerged as one of India's fastest-growing urban and commercial centres, supported by a strong and well-planned infrastructure ecosystem. This growth trajectory has been significantly enabled by 25 years of stable governance in Gujarat, which has powered a 2.9x rise in government investment and cumulative FDI equity inflows of USD 44.9 bn from October 2019 to March 2025 – establishing Gujarat as one of India's most business-ready state.

Figure 1 Capex in Gujarat, INR bn

Source: DPIIT, RBI, JLL Research

Over the past decade, the city has benefited from sustained investment in roads, transit systems, industrial corridors, and urban amenities, positioning it as a highly attractive destination for businesses, global capability centres (GCCs), and Grade A+/A real estate development. As a prominent city developing into a major metropolitan hub, Ahmedabad offers the perfect blend of urban amenities and growth potential that appeals to both businesses and residents seeking opportunities beyond India's top seven office markets.

The city's transformation has been anchored by strategic infrastructure development that has created multiple growth corridors. The major commercial arteries include SG Highway (Sarkhej-Gandhinagar Highway), which emerged as the primary IT and commercial spine, CG Road serving as the retail and commercial heart, and Ashram Road connecting key business districts. SG Highway's evolution as Ahmedabad's premier office destination began in the early 2000s, driven by the availability of large land parcels suitable for campus-style developments and continuously improving connectivity infrastructure.

Ahmedabad is home to GIFT City (Gujarat International Finance Tec-City), India's first operational smart city, spread across approximately 886 acres and serving as the

headquarters for IFSCA (International Financial Services Centres Authority). Launched in 2015, GIFT City was envisioned as a global financial and IT services hub offering world-class infrastructure, regulatory support, and tax incentives. This development has attracted multinational corporations, banks, and financial institutions, positioning Ahmedabad as an emerging fintech destination.

Gujarat's IT Policy initiatives have transformed Ahmedabad from a textile-centric economy to a diversified commercial hub. The current IT/ITeS Policy Gujarat (2022-27), effective until March 31, 2027, offers monthly incentives for IT/ITeS establishment setup, creating competitive advantages for companies setting up offices in the city. The sustained policy support has positioned Ahmedabad as an increasingly attractive destination for technology companies, driving robust occupier interest in the city's office market.

Table 6.1: Key financial incentives under Gujarat IT-ITeS Policy (2022-2027)

Incentive Type	What Companies Get	Benefit Amount	Eligibility & Limits
Flex/co-working space rental support	Financial assistance for office rental costs when using co-working/flex spaces	Years 1-2: Government pays 50% of monthly rent Years 3-5: Government pays 25% of monthly rent	Maximum Support: INR 10,000 per employee seat/month (Years 1-2) INR 5,000 per employee seat/month (Years 3-5)
New hire bonus	One-time cash incentive for each new local employee hired and retained for a minimum period of 1 year	50% of the employee's one month CTC	Maximum per employee: INR 50,000 for male employees INR 60,000 for female employees
Employee benefits reimbursement	For eligible units, government reimburses company's mandatory EPF contribution for employees	Female employees: 100% of company EPF contribution reimbursed Male employees: 75% of company EPF contribution reimbursed	Calculation basis: Up to 12% of employee's basic salary + DA + retentions

Infrastructure development has been a key catalyst, with projects like the Ahmedabad Metro (operational since 2019), BRTS (Bus Rapid Transit System), ring road development, and airport expansion significantly improving connectivity. The upcoming bullet train project connecting Ahmedabad to Mumbai is expected to further enhance the city's commercial attractiveness. Additionally, Ahmedabad is one of India's most affordable major cities, which combined with quality institutions like IIM Ahmedabad and growing job opportunities, is driving strong talent migration and fuelling demand in the office real estate market.

In parallel, the 2030 Commonwealth Games has triggered a massive build-out of world-class sports and civic infrastructure. The proposed Sardar Vallabhbhai Patel Sports Enclave (SVPSE), along with associated venues (aquatics, indoor arenas, athlete village, training facilities), hotel & hospitality expansion, improved airport terminal capacity, and city-wide urban upgrades, are expected to accelerate economic activity, job creation and urban liveability, further enhancing the city’s appeal for both businesses and residents.

6.3 AHMEDABAD INFRASTRUCTURE OVERVIEW

Ahmedabad's infrastructure provides a competitive advantage, centred on an integrated multi-modal transport ecosystem that mitigates the congestion challenges common in India's top seven office markets. The city offers connectivity through an arterial and ring road network, anchored by the SP Ring Road and the Sarkhej–Gandhinagar (SG) Highway. This road network is enhanced by flyovers that ensure smooth traffic flow and predictable travel times, evidenced by the consistent 40-minute commute between Ahmedabad and Gandhinagar. Ahmedabad was the first Indian city to implement a Bus Rapid Transit System (BRTS) at scale, which is now integrated with the Ahmedabad Metro's east-west and north-south lines, enhancing intra-city mobility and decongesting major commercial corridors. The upcoming Mumbai–Ahmedabad High-Speed Rail Corridor (Bullet Train) will establish the Sabarmati terminal as a multi-modal hub integrating high-speed rail, metro, BRTS, and regional networks. This development is expected to improve regional connectivity, unlock new commercial districts, and catalyse long-term economic activity across the city, positioning Ahmedabad as a business hub attractive to both corporations and residents.

6.4 CLASSIFICATION OF OFFICE STOCK

Ahmedabad has established itself as a significant commercial centre in Western India, with Grade A office stock of 16.1 mn sq ft that underscores the city's evolution as a business destination. The market demonstrates healthy fundamentals with a vacancy rate of 10.5%, reflecting consistent occupier demand supported by a diverse property mix of traditional strata developments and an expanding portfolio of non-strata buildings that cater to varied corporate requirements. A significant acceleration in development activity is underway across submarkets with large-scale projects scheduled for delivery from 2026 onwards, representing a marked departure from the modest annual additions witnessed historically.
The emergence of Gujarat International Finance Tec-City (GIFT City) has become a key catalyst, enhancing Ahmedabad's commercial profile and contributing to sustained growth in office infrastructure and occupier interest. The city presents compelling expansion opportunities, driven by its established industrial foundation, access to skilled workforce, and business-friendly environment, positioning Ahmedabad as an attractive destination for domestic and multinational companies seeking to establish or expand their regional operations.

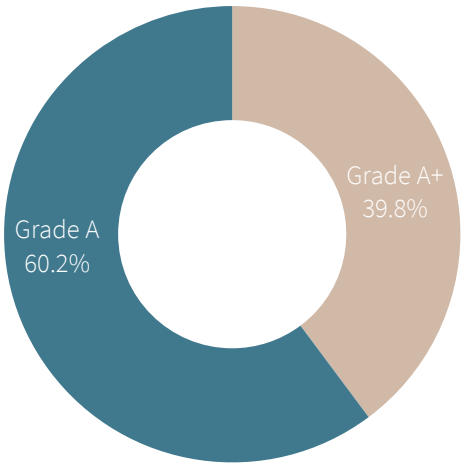

Figure 3 Ahmedabad overall Grade A office stock (mn sq ft)

Based on Quality

The Grade A+ segment represents 6.41 mn sq ft of Ahmedabad's total office inventory, with a clear geographical concentration pattern. GIFT City accounts for most of this premium category at 4.67 mn sq ft, while the remaining 1.74 mn sq ft of Grade A+ space is positioned within the SBD micro-market. This distribution reflects the market's evolution toward institutional-quality developments that meet the standards of sophisticated occupiers. The Grade A+ segment is poised for continued expansion as occupier preferences increasingly favour premium, technology-enabled office environments. This trend is being reinforced by the ongoing pipeline of high-specification developments in GIFT City and other strategic locations, underscoring Ahmedabad's growing attractiveness to corporations seeking modern, high-quality office facilities.

Ahmedabad's Secondary Business District (SBD) encompassing Nehru Nagar, SG Road, Prahladnagar, Sindhubhavan Road, Bodakdev, Vastrapur, and Satellite commands higher rentals than the city's CBD and East SBD, with average rents at INR 57.3 per sq ft/month basis overall stock. The SBD's strong occupier demand and concentration of high-quality developments support this premium. However, SBD rents remain below PBD (INR 63.8 per sq ft/month), primarily due to the presence of GIFT City within the PBD, which has a larger concentration of top-tier, internationally benchmarked supply to the market. When comparing the subset of Grade A+ developments, average rentals in SBD are marginally higher than PBD.

Grade A+ vacancy in SBD Ahmedabad stands at a notably low 1.7%, which is ~1,250 basis points lower than the PBD's vacancy rate of 14.2%. This pronounced gap highlights the strong occupier demand and limited availability of premium office space within the SBD compared to other competing submarkets.

6.6 MARKET DYNAMICS - DEMAND, SUPPLY, VACANCY & RENTAL TRENDS

Ahmedabad's office market has exhibited consistent momentum and resilience. Net absorption reached 2.0 mn sq ft in 2022, outpacing new supply additions and driving vacancy rates down from 12.6% in 2022 to 8.8% in 2024. This performance reflects strong underlying demand fundamentals, supported by sustained leasing activity across key sectors including IT/ITeS, BFSI, consultancy, and co-working operators.

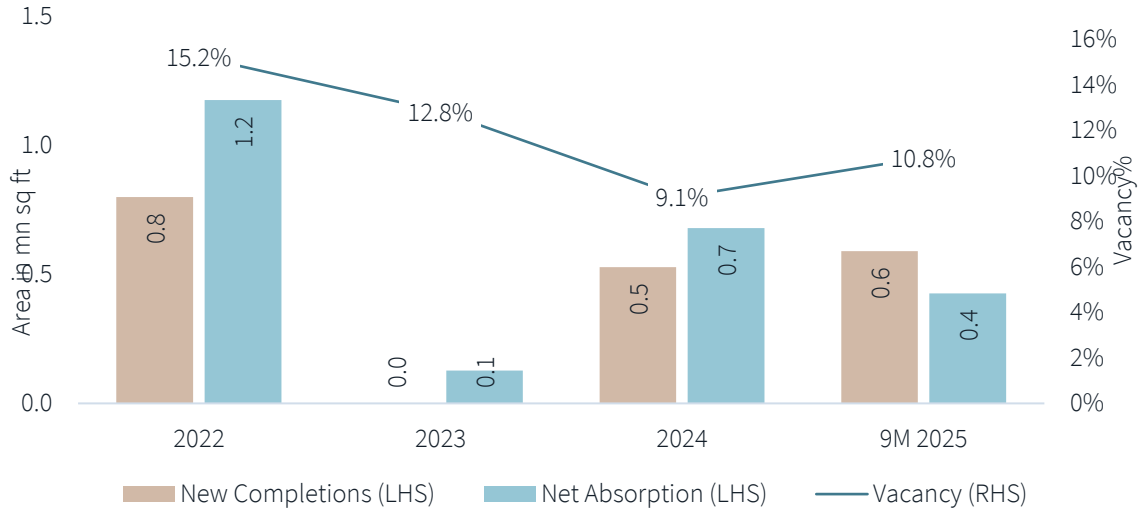

Despite moderated supply additions in 2023 and 2024, occupier demand remained robust, maintaining market equilibrium and preventing significant vacancy fluctuations. Through the first nine months of 2025, the market successfully absorbed 1.1 mn sq ft against 1.5 mn sq ft of new completions, resulting in a stable vacancy rate of 10.5%. This balanced supply-demand dynamic, particularly during a period of continued development activity, demonstrates Ahmedabad's sustained appeal across diverse industry segments and reinforces its position as an emerging commercial destination.

Note: Grade A+ stock is a subset of the Grade A universe and are office assets of the highest quality. These have been identified based on project quality assessment, project age & upkeep, tenant quality, current rent and rental growth, sustainability certifications and other relevant factors

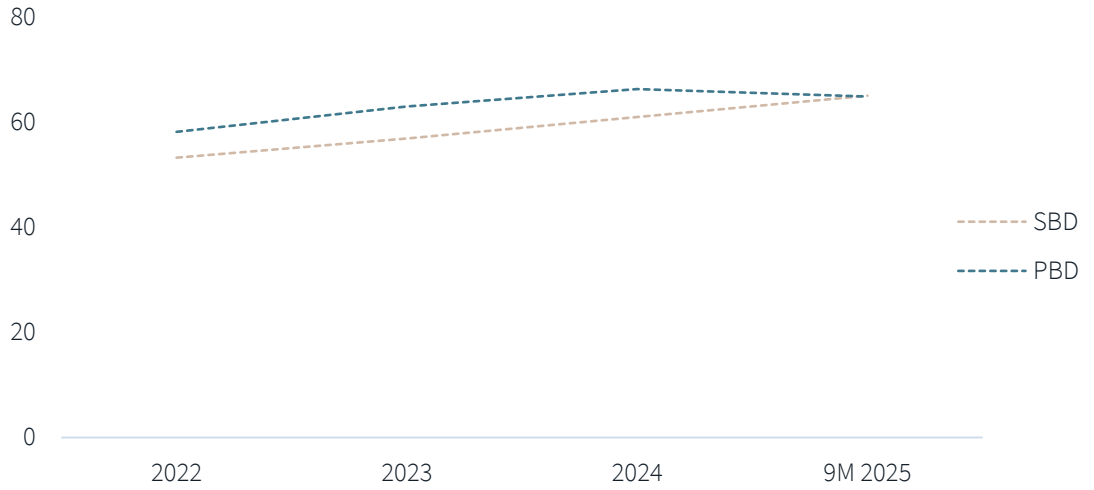

Rental growth in Ahmedabad's office market during 2024 and into 2025 has been primarily driven by the delivery of high-quality new supply in strategic locations. The SBD and CBD submarkets recorded the most significant annual rent increases, reflecting strong occupier demand for premium Grade A assets amid constrained availability in these established business districts. From 2022 to 9M 2025, SBD rentals advanced from INR 45.4 to INR 57.3 per sq ft per month, while CBD rents increased from INR 38.0 to INR 49.4 per sq ft per month. Extended SBD and PBD submarkets also experienced steady rent appreciation, supported by persistent tenant demand for modern office spaces with enhanced amenities. Average PBD rents remained elevated, underpinned by GIFT City's presence and consistent absorption of high-specification supply, though growth has moderated in recent quarters.

Grade A+	NA	7.5%	NA	4.0%
Overall Grade A	10%	8.8%	5.6%	4.0%

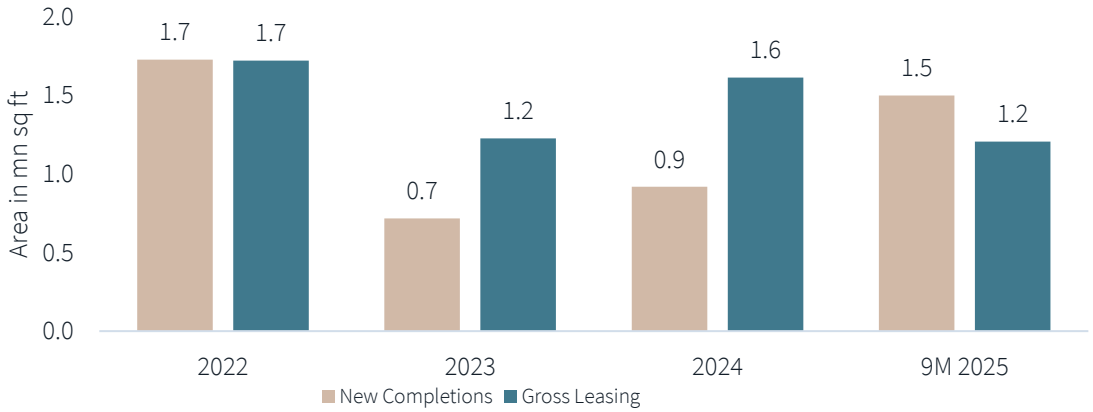

Source: JLL Research, Q3 2025

SBD Ahmedabad has demonstrated one of the most robust rental growth trends in the city's office market. Overall SBD rentals have grown at a robust 8.8% CAGR from 2022 to 9M 2025, outpacing other major submarkets. Grade A+ assets in the SBD have recorded a 7.5% CAGR over the same period - the highest among Ahmedabad's Grade A+ corridors. This rental growth reflects sustained demand for institutional-quality office spaces, tight vacancy levels, and occupiers' growing preference for modern, amenity-rich developments within the SBD corridor.

6.7 TRENDS IN GROSS LEASING ACTIVITY

Ahmedabad's office market demonstrated strong leasing momentum in 2024, achieving gross leasing volumes of ~1.6 mn sq ft. This positive trajectory has been sustained through the first nine months of 2025, with gross leasing activity reaching 1.2 mn sq ft, indicating continued occupier confidence and market vitality.

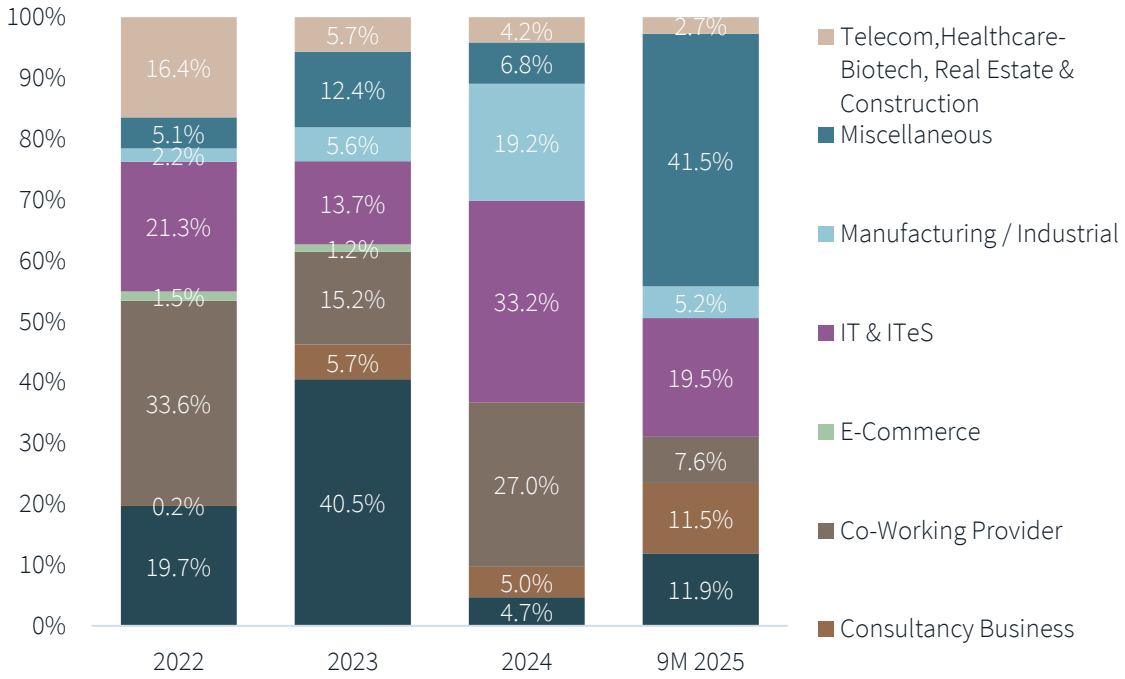

Figure 12 Gross leasing trends

Source: JLL Research, Q3 2025

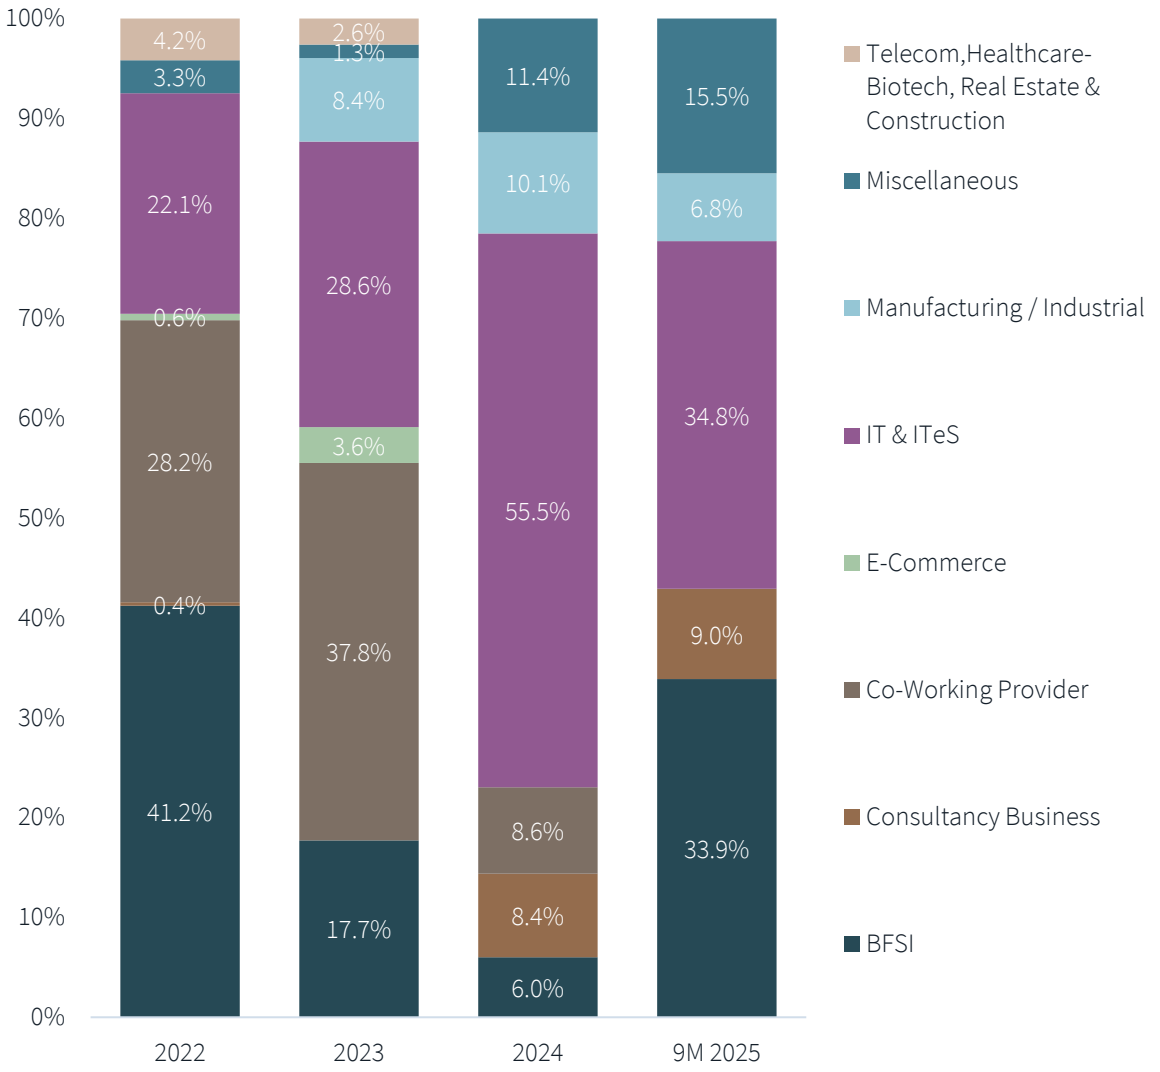

Ahmedabad's leasing activity has demonstrated significant sectoral diversification, reflecting the market's evolving appeal across industries. In 2022, co-working providers led at 33.6%, followed by tech (21.3%) and BFSI (19.7%). The market shifted notably in 2023 with BFSI dominating at 40.5%, while 2024 saw tech reclaim leadership at 33.2% alongside co-working's resurgence to 27.0%. Manufacturing/industrial sectors also gained traction at 19.2% in 2024. Through 9M 2025, tech has maintained a solid 19.5% presence. This dynamic composition highlights Ahmedabad's capacity to attract diverse occupier categories, from traditional sectors like BFSI to emerging segments such as co-working, positioning the city as an adaptable commercial market.

6.8 OVERVIEW OF THE FLEX MARKET IN AHMEDABAD

Ahmedabad's flexible workspace sector has emerged as a significant component of the city's commercial real estate landscape. The market has demonstrated robust growth momentum, with total flex stock reaching ~1.83 mn sq ft across 23,648 seats. This expansion represents a substantial evolution from the nascent flex offerings available just a few years ago, positioning Ahmedabad as an increasingly important flex destination within India's top eight office markets.

The growth trajectory has been particularly pronounced in recent years, with flex operators expanding their footprint to capture enterprise demand for agile workspace solutions. Corporate preferences for flex workspace solutions over traditional direct leasing arrangements stem from multiple operational and financial advantages.

- **Cost Savings:** Leasing with a flex space operator often translates to lower costs with reduced administrative costs and other overhead expenses. Pre-built, move-in ready space can reduce initial out-of-pocket expenses, enable greater efficiency, and potentially drive down total occupancy costs.
- **Zero capital expenditure:** The key benefit for occupiers opting for customised spaces over traditionally leased spaces is the savings on the upfront expenditure for fit outs. In simple terms, while the operational costs are mostly higher because occupiers end up paying a composite rent for a bouquet of services, there are significant savings on capital expenditure.
- **Lease tenure flexibility:** Flexible space helps organizations "buy time" as they launch new initiatives, establish growth projections, and develop longer-term space strategies. Tenants with space requirement for a shorter duration face certain challenges in leasing out space with space owners as the minimum lock-in period for organized office spaces is typically three or more years. Flexible workspaces allow the tenants to take up spaces as per their requirement in terms of lease tenures / lock-ins, thus allowing for greater flexibility.
- **Increased portfolio flexibility:** Companies can scale up or down easily based on changing business needs. The flexibility to increase or decrease seat take-up is a key attraction for start-ups and SMEs, many of whom are faced with uncertain growth and cash flow expectations.
- **Innovation and collaboration opportunities:** Flex arrangements foster innovation through increased employee interaction, exposure to new business concepts and cross-pollination of ideas. Employees share the space with professionals from diverse industries which provides them with networking opportunities and can lead to valuable partnerships.
- **Customization and convenience:** For large corporates, the possibility of getting spaces customised to their requirements, a low gestation period and the convenience of managed flex spaces are important factors. Corporates today view their workplace environment as an instrument to drive business performance and enhance engagement, empowerment, and fulfilment among staff. The furtherance of this agenda requires an element of specialisation, and flex space operators are filling this gap, thereby yielding tangible benefits to the occupier.

  However, it is pertinent to note that the associated benefits vary, depending on the type of occupiers and their scale of operations. Start-ups and SMEs, many of whom are faced with uncertain growth and cash flow expectations are primarily attracted to the cost and flexibility factor. For large corporates, the savings on upfront expenditure for fit outs as well as the customization and convenience are major pull factors. Large corporates are enticed by the savings on upfront expenditure for fit outs, as well as the enhanced customization options and unparalleled convenience provided by flex space operators. Thus, flex office space is a viable real estate option for all types of office occupiers—from freelancers and start-ups to large corporates. Varied in-house amenities like gym, spa, food court, gaming zones, sleeping pods, crèche services, etc., and perks such as seamless access to the operator's flex spaces across locations only add to the attractiveness of the deal.

SBD is the dominant hub for flex operations. Market dynamics indicate that flexible workspace providers have been actively securing prime locations across key submarkets, with the Secondary Business District (SBD) emerging as the dominant hub for flex operations. The distribution pattern reflects distinct preferences among flex operators and their corporate clients for established business corridors with superior infrastructure and connectivity.

Table 6.8: Distribution of flex stock across submarkets

	STOCK, SEATS	VACANCY, %	INDICATIVE RENTAL RANGE, INR/SEAT/MONTH
CBD	2,040	~3	7,000 – 8,500
SBD	20,288	~12	8,000 – 15,000
Extended SBD	680	0	8,000 – 9,000
PBD	640	~48	9,000 – 18,000

Source: JLL Research, Q3 2025

SBD commands 86% of Ahmedabad's flex stock due to its strategic position at the intersection of talent availability and corporate demand. SBD's superior metro and BRTS connectivity makes it easily accessible for employees living across key residential areas, while its concentration of Grade A office buildings provides the large, quality spaces that flex operators need to serve enterprise clients effectively. The submarket's established corporate ecosystem creates consistent demand for flexible workspace, enabling operators to achieve both scale and premium pricing. This combination of talent accessibility, quality infrastructure, and corporate presence makes SBD the natural choice for flex operators seeking to build sustainable, profitable operations.

Managed space model has gained traction

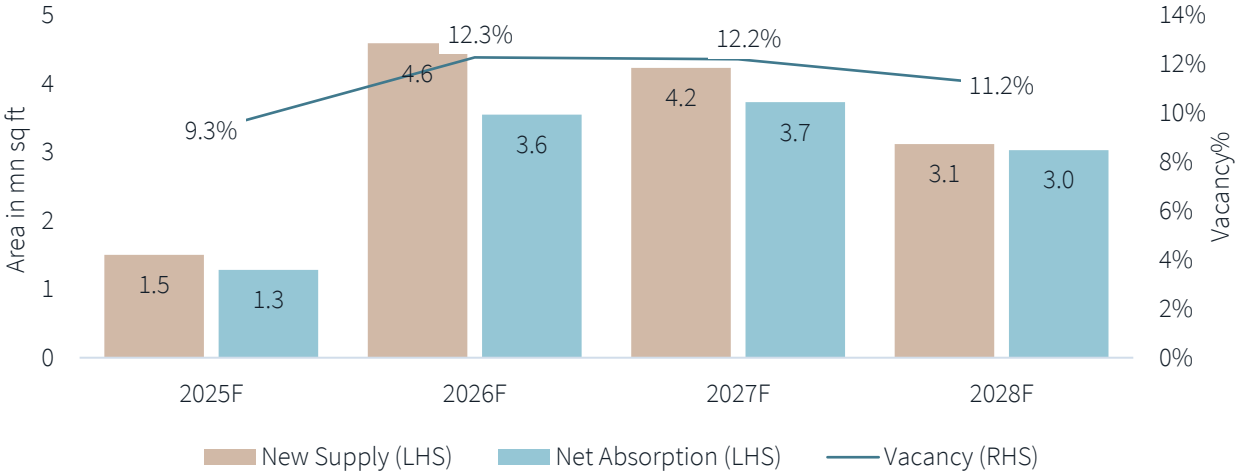

Pure-play managed space operators have experienced the fastest growth compared to other flex space operators. The managed office space model has gained traction in Ahmedabad as corporations seek turnkey solutions that address evolving workplace requirements. Flex operators typically enter into medium to long-term lease agreements with landlords, then design and fit-out spaces according to specific tenant requirements, absorbing the capital expenditure while providing fully serviced environments. This model enables rapid deployment of customized workspace solutions, with operators handling everything from interior design and technology infrastructure to facilities management and administrative service. It is worth noting that managed space, as a subset of the larger flex space market, is expected to continue witnessing significant expansion.

6.9 OUTLOOK – AHMEDABAD OFFICE SECTOR

Over 2026 to 2028, Ahmedabad’s office market is set to see a substantial addition of nearly 12 mn sq ft of new supply, with the Peripheral Business District (PBD) forecasted to contribute the largest share, followed by the SBD and Extended SBD. Within this pipeline, SBD alone is expected to deliver ~3.8 mn sq ft by 2028, solidifying its role as a core growth engine for the city’s commercial real estate sector.

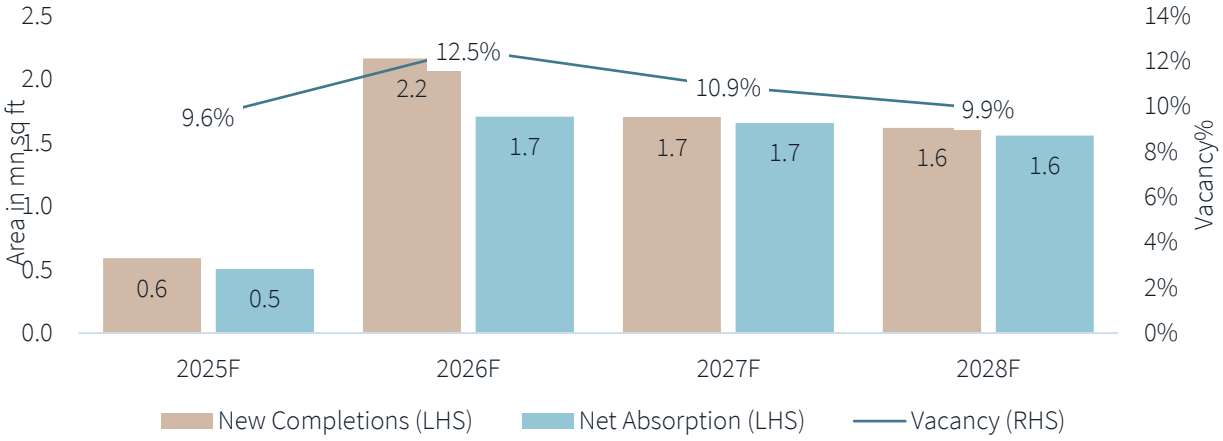

Sustained demand is expected from sectors such as IT/ITeS, BFSI, consulting, co-working, manufacturing, and e-commerce, as companies continue to seek high-quality, well-connected offices for both expansion and consolidation. Growing preference for sustainable and wellness-oriented buildings is shaping new supply, with occupiers prioritizing green certifications, modern amenities, and robust facility management. As new projects in SBD, Extended SBD, and PBD come on-stream, Ahmedabad’s office market is poised for an active phase of development, with SBD continuing to attract a diverse mix of occupiers owing to its strategic location, premium quality stock, and comprehensive social infrastructure.

6.10 SBD Office Market Overview

Evolution of SBD Office Market

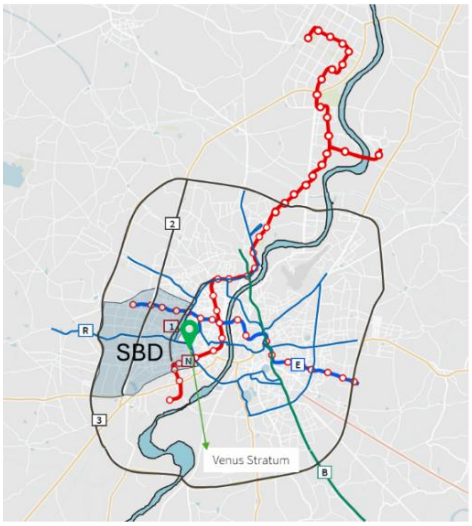

Ahmedabad's SBD, encompassing Nehru Nagar, SG Road, Prahladnagar, Sindhubhavan Road, Bodakdev, Vastrapur, and Satellite, has transformed dramatically from predominantly residential and retail neighbourhoods into a major office destination. Rapid urban expansion and infrastructure development, including enhanced road connectivity and comprehensive public amenities, have established the SBD as a favoured location for modern commercial developments. Large land parcels along SG Road enabled the creation of expansive office campuses and Grade A buildings, attracting major corporations seeking scalable, high-quality workspaces outside the congested CBD core. This evolution was accelerated by policy support for IT/ITeS and commercial real estate, driving demand from technology, consulting, financial services, and co-working operators. The area's rise as a business corridor is reinforced by its flourishing social infrastructure. SBD hosts prominent malls, global and local retail chains, mid- and high-end residential projects, luxury hotels, and educational institutions, alongside the prestigious 'Billionaire's Street', creating a vibrant, round-the-clock business and lifestyle district. From affordable to premium office rental options, extensive campus-style developments, and green-certified buildings provide corporates and startups with choices tailored to varying operational needs.

The SBD now commands substantial office inventory in Ahmedabad and consistently leads in new supply, absorption, and rental appreciation, reinforcing its position as a key office market. Its diverse occupier profile, spanning domestic corporations to international enterprises, reflects the area's compelling appeal anchored by accessibility and proximity to growth corridors in western Ahmedabad. As SBD continues evolving with ongoing developments, it stands as both Ahmedabad's commercial hub and a comprehensive destination supporting business growth and urban living.

SBD Ahmedabad – The City's Prime Commercial Corridor

With robust infrastructure already in place, SBD Ahmedabad stands out for its superior connectivity and accessibility. The district benefits from east-to-west metro connectivity and an extensive, efficient BRTS network, seamlessly linking key commercial and residential zones. SG Highway and SP Ring Road form the backbone of transportation in the SBD, ensuring direct routes to major business corridors and overall ease of movement.
Within the SBD, Nehru Nagar represents a prime example of this exceptional connectivity infrastructure. As a strategic location within the submarket, Nehru Nagar boasts unparalleled access through key arterial roads including Satellite Road, the 132 ft ring road, and the 120 ft ring road, linking it to all major city sectors. Most importantly, Nehru Nagar's position as a gateway between the CBD and the SBD provides direct access to the city's core commercial hubs, making it an ideal location for premium office developments.
The area's accessibility is further enhanced by its proximity to Vastrapur Road and Ambali Road, ensuring seamless travel from various parts of the city. Integrated public transportation includes multiple BRTS stations and the largest State Transport control point west of Sabarmati, supporting robust commuter movement and logistics. Nehru Nagar is also connected to Ahmedabad's expanding Metro network, with stations along the north-south corridor offering direct connectivity to Gandhinagar and GIFT City, the region's fastest-growing financial and technology cluster.
Surrounded by high-value commercial and residential neighbourhoods like Satellite, Vastrapur, Bodakdev, and Ramdevnagar, Nehru Nagar provides a vibrant ecosystem for both living and business, while maintaining convenient access to Ahmedabad International Airport (~16 km) and Railway Junction (~11 km). This well-planned infrastructure strengthens the SBD's ties not only within the core market but also to Extended SBD areas and the PBD, with Nehru Nagar serving as a critical connectivity hub that cements the SBD's status as Ahmedabad's premier destination for business growth and corporate investments.

Figure 17 Major infrastructure projects impacting the SBD submarket

Projects		Impact
North – South Metro	N	• Facilitates easy commuting between northern and southern parts of Ahmedabad, improving employee accessibility to SBD offices. • Enhances the catchment area for talent, allowing companies in SBD to hire from a broader pool within the city.
East – West Metro	E	• Connects residential hubs in the west to the business centers in SBD, making daily commutes faster and more convenient for office employees. • Supports future office expansion in SBD by improving connectivity to emerging residential zones.
Bus Rapid Transport System (BRTS)	R	• Provides efficient public transport linkages from all parts of Ahmedabad, increasing employee mobility and reducing traffic congestion around SBD. • Encourages sustainable commuting options for professionals, potentially improving occupier attractiveness for companies prioritizing ESG.
Ahmedabad – Gandhinagar Metro		• Integrates SBD with Gandhinagar, expanding business opportunities and connectivity with government and corporate offices.
132 ft ring road	1	• Serves as a vital arterial route, connecting SBD to major residential and commercial neighborhoods across Ahmedabad, enhancing overall accessibility and reducing travel time for employees and visitors.
SG Highway	2	• Acts as a major economic corridor, driving commercial real estate development and supporting SBD's growth as a prime office market. • Streamlines logistics and business operations with direct access for goods, clients, and employees.
SP Ring road	3	• Facilitates smoother intra-city movement, connecting SBD to various residential, industrial, and commercial areas.
Upcoming Ahmedabad Mumbai Bullet train	B	• Dramatically reduced travel time to Mumbai will strengthen economic linkages and attract more MNCs to establish operations in Ahmedabad • Sabarmati terminal will integrate high-speed rail, metro, BRTS, and regional networks, unlocking new commercial districts and catalyzing urban expansion around the terminal area

Classification of Office Stock

SBD Ahmedabad has experienced a consistent increase in office stock over the past few years, with total supply growing from ~7.8 mn sq ft in 2021 to ~8.7 mn sq ft by the first nine months of 2025. Notably, 2022 marked a substantial addition with over 1.7 mn sq ft of new supply, followed by steady new completions in subsequent years.

Based on quality

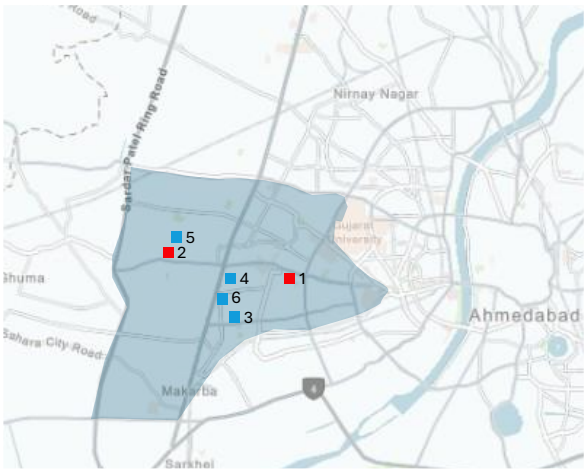

SBD accounts for 53.9% of the total office stock in Ahmedabad, firmly establishing itself as the city's largest and most prominent commercial micro market. Within SBD, ~20% of the stock is classified as Grade A+, concentrated in two marquee projects that set the benchmark for quality in the city. The remaining 80% consists of high-quality Grade A assets, reflecting the submarket's focus on offering premium office environments.

SBD Office Market Dynamics - Demand, Supply, Vacancy & Rental Trends

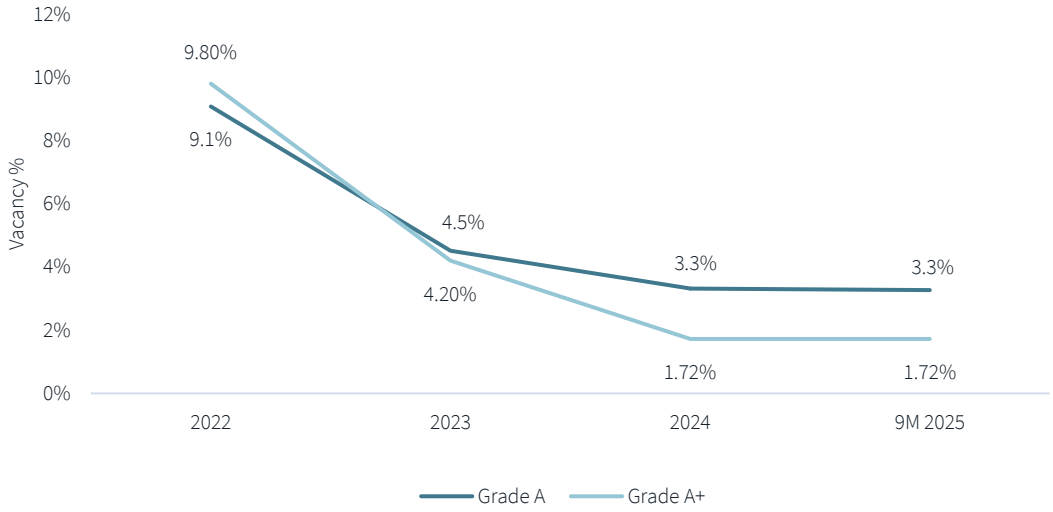

Net absorption in the submarket has consistently been healthy, with SBD recording major take-up in years of strong supply influx. Even as new supply persisted, rents have demonstrated steady growth, rising from 45.4 INR per sq ft per month in 2022 to 57.3 INR per sq ft per month by 9M 2025. With demand keeping pace and at times outstripping supply, SBD has established itself as the city's prime business destination, offering a competitive edge for future commercial expansion. Occupier demand has closely tracked this supply growth, ensuring vacancy levels remain on a sustained downward trajectory. Vacancy in SBD fell from 9.1% in 2022 to just 3.3% in the first nine months of 2025, underlining strong absorption and market resilience.

Trends in Gross Leasing Activity

Earlier years saw distinct sectoral patterns, such as BFSI's dominance in 2023 (nearly 40%) and a significant uptick in manufacturing/industrial leasing in 2024 (33.3%). These dynamics underscore SBD's versatility in meeting the requirements of varied occupiers, from start-ups and flexible workspace operators to consulting, technology, and industrial firms.

Leasing activity in Ahmedabad's SBD micro market has witnessed notable shifts in sectoral demand over the last four years. While co-working providers have consistently maintained a strong presence, with their share ranging from 17% to 39%, the last two years witnessed a marked rise in contributions from consultancy businesses and IT/ITeS firms. In 2025, consultancy businesses led gross leasing activity in SBD, accounting for 34%, followed by IT & ITES at nearly 29% and co-working providers at 27%.

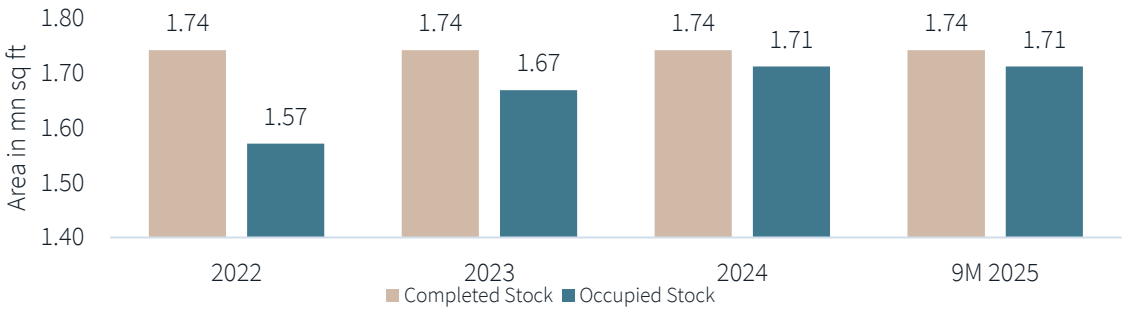

Figure 23 Sector-wise share of gross leasing - SBD

Source: JLL Research, Q3 2025

The Grade A+ office segment in SBD Ahmedabad has maintained a fully stable supply of 1.74 mn sq ft from 2022 through 9M 2025. Occupied stock has steadily increased each year, reaching 1.71 mn sq ft in 9M 2025 and pushing vacancy to minimal levels. This consistent occupancy growth, amid zero new supply, underscores sustained demand for premium office spaces in the market.

Outlook - SBD Office Market

With its strategic location, advanced connectivity, and vibrant urban lifestyle, Ahmedabad's SBD has established itself as a key office destination, consistently attracting diverse occupiers. The submarket's appeal for IT/ITeS, consulting, co-working, BFSI, and e-commerce operations continues to grow, fostering robust demand for quality office space and driving steady rental appreciation. SBD is set to undergo expansion, with ~3.8 mn sq ft of new supply projected across 2026 to 2028. Of the 3.8 mn sq ft of upcoming Grade A supply, only Keshavbaug Capital is located in the vicinity of Stratum @ Venus Grounds, ensuring limited direct competition in the immediate micromarket.

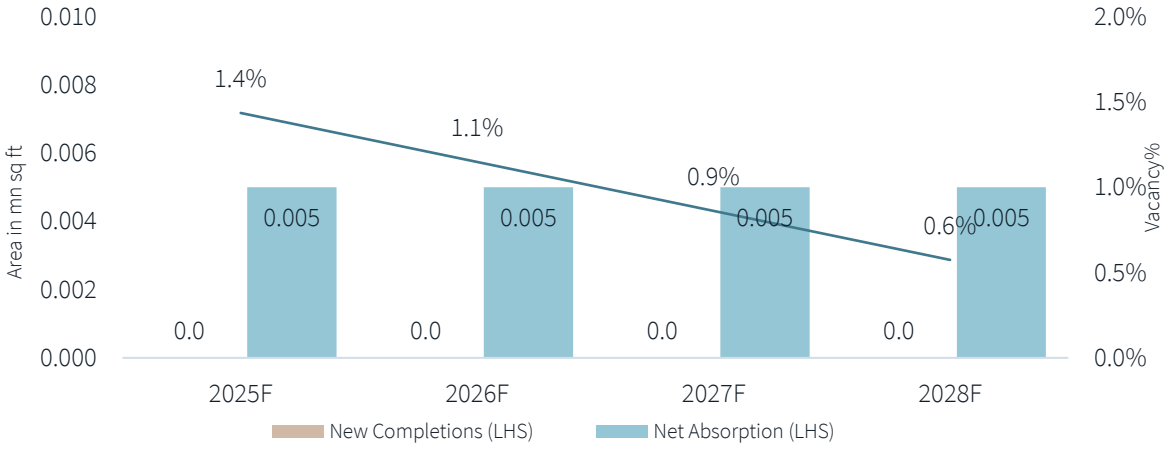

Figure 25 Outlook on new supply, net absorption, and vacancy trends – Overall SBD

Source: JLL Research, Q3 2025

SBD maintains one of the lowest vacancy rates in Ahmedabad, with particularly tight conditions in the Grade A+ segment. Limited availability and sustained occupier demand have driven Grade A+ vacancy sharply lower, from 9.8% in 2022 to just 1.7% by 9M 2025. With no new Grade A+ supply projected over the next three years, vacancy is expected to fall further, potentially below 1% by 2028. With limited upcoming supply in the micro-market, demand momentum is expected to remain strong.

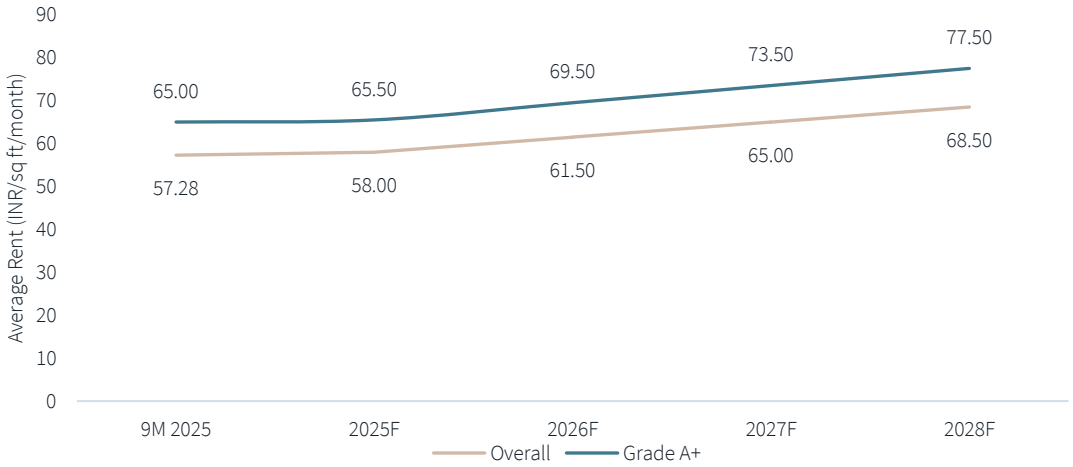

Figure 26 Outlook on new supply, net absorption, and vacancy trends – Grade A+ SBD

Source: JLL Research, Q3 2025

This supply constraint is driving significant rental appreciation in the Grade A+ segment. From 2022 to 9M 2025, Grade A+ rents in SBD increased from INR 53.2 to INR 65.0 per sq ft per month, with projected growth reaching INR 77.5 per sq ft per month by 2028. Over the next few years, Grade A+ office space in SBD is expected to command a sustained rental premium of around 12–15% over the broader market, driven by limited supply and strong occupier demand for quality, future-ready office assets.

Figure 27 Rental forecast for SBD overall and Grade A+ projects

Source: JLL Research, Q3 2025

Within SBD, Nehru Nagar's combination of strategic location, connectivity, proximity to key urban infrastructure, and strong social amenities creates an attractive investment proposition. As Ahmedabad continues to grow as a commercial, educational, and technology hub, Nehru Nagar is positioned to benefit from increased demand, robust capital appreciation, and consistent rental yields, particularly given the constrained supply environment in the immediate area.

7 MARKET VALUE ESTIMATE

7.1 ADOPTED PROCEDURE

The market practice in most commercial office developments involves contracting tenants / occupiers in the form of pre-commitments at sub-market rent to increase attractiveness of the property to prospective tenants - typically extended to anchor tenants. Additionally, there are instances of tenants paying above-market rent for certain properties as well (primarily owing to market conditions at the time of contracting the lease). In order to arrive at a unit value for these tenancies, the Valuer has considered the impact of such sub/above market rents on the opinion on market value of the Subject Asset.

For the purpose of this valuation exercise, the Valuer has analyzed the existing tenancy details provided by the Client, to identify variances vis-à-vis prevailing market/marginal rent. Each lease agreement is assessed separately for below aspects, for the rent over a 10-year time horizon:

- Rent roll (and the corresponding current and yet-to-be-signed lease deeds) were reviewed to identify tenancy characteristics for the Subject Property. However, this review of current and yet-to-be-signed lease deeds is not to be construed as a legal review of the current and yet-to-be-signed lease deeds by the Valuer.
- LO and other related documents as mentioned in relevant sections of the report were reviewed for validation of area details, and ownership interests in the Subject Property.
- Limited visual inspection at the time of physical site visit was undertaken to review the status of the Subject Project and Subject Property.

7.2 CASH FLOW PROJECTIONS

Cash flows for the Subject Property have been projected separately for each lease agreement, to opine on their respective value estimates.

Net Operating Income (NOI) has primarily been used to estimate the value of the Subject Asset. Projected future cash flows from the Subject Property are based on existing and yet-to-be-signed lease deeds' terms for the operational lease deeds till the expiry of the leases or re-negotiation, whichever is earlier. In the case of Subject Property, where lease deeds' terms are observed to end prior to the 10-year time horizon, reversion to market rent is required.

These cash flows have been projected for 10-year duration from the date of valuation and for 11th year (for estimation of terminal value based on NOI). These future cash flows are then discounted to present-day value (valuation date) at an appropriate discount rate. Each current and yet-to-be-signed lease deed is reviewed separately for below aspects, for the rent over a 10-year time horizon:

- Projecting the rental income for identified tenancies up to the period of respective lease deed expiry, lock-in expiry, escalation milestones, among other aspects, whichever are applicable.
- Computing the monthly income based on rent projected above and translating the same to quarterly income (for the next 10 years and 11th year is considered for estimation of terminal value).

7.3 MARKET ASSUMPTIONS

The table below presents key market assumptions used for providing Valuation of the Project

Table 7:1 Key Market Assumptions

Parameters	
Market Rent	Valuer has relied on market research prepared by Jones Lang LaSalle (India), a leading international property consultancy operating in India since 1995, for the Ambawadi micro-market. Analyses of this market research revealed that majority of office spaces in Ambawadi (Grade A+ assets) micro-market have been recently leased in the range of INR 65 - 75 per sq.ft. per month depending on location, scale, and type of property within which these spaces have been leased. Valuer has, subsequently, applied further adjustments to this predominant rental range as the Subject Property has the advantage of providing better quality of work spaces, and excellent location being immediately accessible from Surendra Mangaldas Road, the major city-level road. In addition, Valuer has adopted the Market Approach to estimate achievable rent at the Subject Property while performing the rent benchmarking exercise (please refer Annexure – 8 for details). Keeping all aspects in perspective, Valuer has estimated the achievable market rent for Subject Property to be approx. **INR 74.0 per sq.ft. per month.**
Rent Escalation	Given that Subject Property has multiple on-going existing leases with no new leases, Valuer does not have latest market feedback on its perceived demand for escalated rental at Subject Property. Consequently, Valuer has looked at commercial office real estate demand-supply dynamics in detail to estimate achievable market rent escalation in context of the Subject Property. JLL's market research anticipates overall Grade B+ projects in Ahmedabad to experience modest annual rental value growth of 1-1.5%, while, in contrast, it forecasts Grade A+ projects, such as the Subject Project, of which Subject Property is a part, in Ahmedabad are projected to see a more substantial yearly rental appreciation, more in line with average annual contractual escalations of 5-6% y-o-y in the coming years. They anticipate rental growth to be also supported by limited Grade A+ supply coming in the years ahead in the Subject Project micro-market, aiding more rental premium to be attached to quality assets. As per JLL, Subject Project is the only solitary Grade A+ project in Subject Project micro-market and most micro-markets of Ahmedabad city. In this context, given that there is very limited future planned supply of Grade A+ IT office space in the Subject Property micro-market and low single-digit vacancy levels in most of the office buildings, this micro-market is likely to continue to face demand pressures for a significantly long period of time. In this context, given that rental leases are typically set at 15% escalation every three years (~5% every year) or 5% annual escalations, Valuer has considered and assumed annual market rent escalation to be at least 5% annually on a long-term basis. This is supported by observations of JLL's leasing team, that interacts with potential occupiers of spaces in Ahmedabad on a continual basis, who, too, consider an annual market rent escalation of 5% in the Ambawadi micro-market over a long-term period to be reasonable.
Estimated Rent-Free Period	Valuer has reviewed the micro-market in detail to estimate the market preference for rent-free periods, both for fresh leases and re-leases of existing tenancies. Market research provided by JLL indicates that rent-free periods in the Ambawadi micro-market ranges from 2 - 3 months for fresh leases with the average rent free period for fresh leases being approx. 2.5 months, with usually no rent-free periods in the cases of re-leases. The case for no rent-free period in the case of re-leases is generally observed in India, as most occupiers end up spending a significant amount of money on interiors which is amortized over the tenure of the lease agreements and enter into lease agreements with option to renew. This creates tenant-stickiness with occupiers unlikely to move out and continue with their operations with minimal or no further office upgradation. In this scenario, since less or no time is required for refurbishment of existing spaces, if planned by existing

	occupiers, typically no rent-free period is likely to be offered by landlords. JLL's leasing team, that interacts continuously with existing and prospective occupiers of office spaces, have also observed that market's preferences are in the range of 2-3 months for fresh leases, with rent-free period for re-leases at the discretion of landlords. Some occupiers may nonetheless move out despite spending on interiors. Consequently, Valuer has assumed a rent-free period of 3 months in the case of new leasing and no rent free period in case of re-leases.
Capitalization Rate	The capitalization rate adopted for valuing the assets has been based on various factors such as: • Historical entry yields (going in cap rates) for commercial / office asset transactions across various key markets in India, which have steadily shown a downward trend from 10.5% - 11.5% to about 7.5% - 8.5%. These cap rates have been specified in the table below. The cap rates have been stable around these levels in the recent past. • The increased appetite for income generating assets and availability of various modes of finance (real estate credit flows) backing such acquisitions. • The demand supply situation in the respective city and expected dynamics of demand leading supply - given entry challenges such as land availability, higher initial cost outlays etc. developers are expected to focus on fully built to suit or semi-speculative projects (with key tenants tied in prior to launch of construction). • Inflation (and interest rates) expected to be maintained in check with interventions from the Reserve Bank of India, in case of significant change. Specifically for the Subject Property and Subject Asset, Valuer has, in addition, considered risks pertaining to relatively smaller size of assets in small and medium real estate investment trusts with lesser number of tenancies, which puts the cash flows at a higher level of risk in the event that potential tenants exit the assets for reasons beyond their control. However, the upside and ability of smaller assets to be re-leased faster given the smaller size of the asset and evolving nature of services sector, particularly IT/ITeS, that typically requires smaller investments and relatively smaller asset sizes but larger number of potential entrepreneurs, cannot be ignored. Valuer has considered specific transactions of commercial real estate assets, which Client has provided to Valuer and confirmed that these quoted instances for capital transactions of commercial office space in Ahmedabad have been provided to them by Capital Markets team of JLL India. Valuer has estimated capitalization rate from cap rates for sale transactions for comparable assets of similar risk profile to determine capitalization rate for the project. Cap rates also factors in investor expectations for comparable assets of similar risk profile. For estimating the capitalization rate for the Subject Property, Valuer has adopted the Comparable Transaction Instances Method under the Market Approach to valuation as indicated in IVS2025, and estimated the current capitalization rate for Subject Property to be 8.00% as indicated in the table on the following page. The said cap rate has been applied on the 1 year forward net operating income after 10 years and is utilized for the purpose of calculating of exit value / terminal cash flow. Although, historically the cap rates have compressed in India, the Valuer does not have any data to forecast the cap rate compression post 10 years. Hence, the Valuer has conservatively kept terminal capitalization rate to be 8.00%. Readers of this report are advised that these transactions of built real estate space are usually confidential in nature, with usually buyers and sellers being the only entities privy to the complete contours of these transactions. Valuer has relied on information attributed to JLL India Capital Markets by Client assuming this to be correct, authentic, and reliable. **Based on the calculations in Annexure 9 and estimates, Valuer has adopted an exit cap rate of 8.00% for the Subject Asset, for the purposes of estimating the Market Value, considering the 1 year forward net operating income after 10 years, is utilized for the purpose of calculation of exit value / terminal cash flow.**

Estimated Brokerage	JLL's market research indicates that typical leasing brokerage charges for fresh leases and re-leases in Ambawadi micro-market, being charged by institutional brokerages such as JLL, are in the range of 1 to 2 months of agreed upon rent payable by occupier to landlord. In addition, Valuer has reviewed the quotation provided by JLL's leasing team to Client for fresh leases and subsequent re-leasing of space(s) within the Subject Project to be 2 months of rent for fresh leasing and 1 month of rent for re-leasing by existing occupiers. Consequently, Valuer has considered these brokerages while opining on market value of Subject Property.
Perpetual Vacancy	Structural vacancy, or perpetual vacancy, is inherent to office spaces where there is current and anticipated supply of competing space. As long as supply exists in the market, it is highly unlikely that any building will be 100% leased (unless it is a built to suit building built for a single-tenant with significantly longer lease agreements tenure than average lease agreements tenures in the market or the entire building is leased to a single tenant), as rental price movements will ensure competition, and, consequently, vacancy. Further, tenant turnover, an inherent aspect of the commercial real estate market, naturally results in interim vacancy periods before spaces are re-leased, followed by rent-free periods (which have been factored for separately by the Valuer). Consequently, at any point of time, it is expected that there will be some degree of vacancy existing in any building where competing supply exists. Keeping the above in perspective, Valuer has considered 100% occupancy in the case of Subject Property, where such occupancy levels exist till expiry of their contracted term period. Subsequently, for such re-leases and fresh leases, Valuer has assumed a maximum occupancy level of 98%, with 2% of leasable space always being vacant on account of competition, leasing downtime and timing mismatch between space available vs demand.
Lease Deeds Tenure	Lease agreements tenures for office spaces in India have been observed to be typically 5 years, structured with rent escalations of ~15% once every three years or ~5% annually. The reason for this tenure duration is that occupiers typically make significant investments in interiors of their office spaces that are amortized over the lease deeds' tenure period, with the average annual amortized cost being lesser over the longer lease deeds' tenure period. Further, a longer lease deed tenure affords stability to the occupier who doesn't have to start looking for space or renegotiating soon after leasing the space and allows the occupier to "create" its address for its customers. Landlords, on the other hand, while preferring long leases for similar reasons as occupiers in that they don't have to renegotiate after shorter time durations, also don't want to miss out on the real estate cycle peaks that allow for significant rental jumps. Historically, these peaks have been observed to occur once every 8-10 years. In light of the above, market preference for lease deeds' tenures is for a period of ~5 + 5 years. This is also confirmed by JLL's leasing team and market research that indicates occupiers and landlords preference for lease deeds' tenures to converge to ~5 + 5 years. Valuer has, therefore, assumed lease deeds' tenure of ~5 + 5 years, both for fresh leases and re-leases.
Transaction Cost on Sale	JLL's market research indicates that brokerage paid for capital transactions of commercial real estate assets in the range from 0.5%-2%, with the average brokerage being ~1% of the capital transaction value. Further, quotation received by Client from JLL's capital markets team indicates that they will charge 1% of the capital value transacted for any space within the Subject Property. With the above aspects in perspective, Valuer has considered and assumed transaction brokerage fee of 1% of the terminal value assuming a hypothetical sale at that point of time for the Subject Project.
WACC [Discount Rate]	**Discount Rate** This discount rate used for discounting the available cash flows represents cost of equity (the opportunity cost for shareholders) and cost of debt (the opportunity cost for creditors), weighted by their respective contribution to the total capital of the company, which is the weighted average cost of capital ("**WACC**"). As the equity holders get the residual cash flow, the cost of equity is always higher than the cost of debt.

Given that Propshare Celestia SMREIT will be listed as a single-entity, unitholders of Propshare Celestia SMREIT will get benefits of the entire REIT. In the instant case, we have been represented by Client that there is no external debt in the Propshare Celestia SMREIT and the money that will be received from unitholders is split into debt and equity for better tax planning. Considering that the unitholders risk overall is an equity risk we have assumed the WACC to equate with Cost of Equity.

Cost of Equity

Based on discussion with investors and market participants, by capital markets team of JLL, a leading international property consultant who have frequent and continuing discussions with financial institutions and market participants, particularly investors in and investees in projects similar to those in Mindspace REIT, the Valuer has observed that for REITs, the market return expectations consists of yield of 6%-7% and an annual capital appreciation of 6%-7% for completed assets, with total annual return expectations being around 12% to 14% with some variance, depending on location (with properties in major cities having lesser risk, such as Subject Property) and scale of the assets, with expectation towards larger assets being on the higher end and smaller assets, such as the Subject Property, being on the lower end of the spectrum. Valuer has, therefore, accorded a premium of 25 basis points over the lower spectrum of market expectations (~12%) to account for the advantage of Subject Property being:

a) located on one of the most prime roads in Ahmedabad city,
b) probably the only Grade A+ building in Ahmedabad city, and
c) absence of any competing developments in Subject Property micro-market (which is evident from the extremely low vacancy rate within the Subject Property even though its only 3.5 years old).

In light of these points, Valuer has estimated the cost of equity of **~11.75%** taking into consideration these investor expectations and inherent advantages possessed by the Subject Property. The same has been validated via Capital Asset Pricing Model ("CAPM") also.

The inputs considered for the CAPM are as illustrated below:

- We have considered risk free rate of 6.89% based on average 10-year treasury bond yield
- Average annual market returns of 11.96% based on the returns of Nifty 50 Index over the past 10 years (Equity risk premium of 5.07%)
- Beta of 1.45 has been calculated using constituents of Nifty Realty Index as well as five listed REITs which have been benchmarked against Nifty 50

CAPM is a financial model used to calculate the expected return of an asset or investment, considering risk and market conditions. Market expectations, on the other hand, refer to the collective beliefs and anticipations of market participants regarding future economic conditions and asset prices. While CAPM provides a theoretical framework for estimating returns, market expectations are the actual, subjective beliefs that influence investment decisions and market behaviour. While CAPM can be a useful tool, it is crucial to consider market expectations when making investment decisions, as these can deviate from the theoretical predictions of the model and may not be able to capture various nuances of the market which the market participants are constantly exposed to and aware of while deciding on their return expectations. Valuer has, consequently, considered market expectations of cost of equity.

Debt to Equity Ratio

Client has indicated that there is no existing debt in the Propshare Celestia SMREIT, and no further debt will be issued once Propshare Celestia SMREIT has been listed. Consequently, debt/equity ratio for this Subject Property has been considered to be **0** (zero).

	WACC Using the formula: WACC = [C(d) x W(d)] + C(e) x W(e)], where C(d) = cost of debt, W(d) = weight of debt (nil in this case), C(e) = cost of equity, and W(e) = weight of equity (100% in this case), and incorporating inputs as indicated earlier in this section, WACC for Propshare Celestia REIT is calculated to be approx. **11.75%**. This derived discount rate was found to be aligned with the expectations of investors investing in similar assets.

Further, to estimate the total value of revenue (from base rentals as the current leases state that rentals are all inclusive of parking, etc.) from Subject Property, which is the Subject Asset, appropriate revenues and operational expenses are projected on quarterly basis. Some of such adjustments on revenue and operational expenses are presented in the following table:

Table 7.2: Adjustments on Revenues and Operational Expenses

Parameters	Description / Basis
Parking and Fit-out Income	Not considered as confirmed by Client.
Miscellaneous Income	Not considered as confirmed by Client
Annual Insurance Premium Payable	As indicated by Client, this part of CAM, and is paid directly by the current lessees.
Annual Property Taxes	As indicated by Client, this part of CAM, and is paid directly by the current lessees.

7.7 CONCLUSION: OPINION ON MARKET VALUE

The Valuer is of the opinion that subject to the overriding stipulations contained within the body of this report and to there being no onerous restrictions or unusual encumbrances of which the Valuer has no knowledge, the Market Value of the complete rights and interests in the Subject Property, which is the Subject Asset, including undivided share of land and improvements thereon, as explained earlier in this report, on the below mentioned date, is as follows:

Table 7.4: Opinion on Market Value of the Subject Asset

Component	Leasable Area (sq. ft.)	Opinion on Market Value (INR Million)	Percentage Share
Commercial office space - Completed	2,07,838	2,503.46	100%

Note: The above-mentioned value includes proportionate undivided ownership in the garden, utility area, internal roads, and total open spaces of the entire Subject Project

With all assumptions as mentioned in this report, we are of the opinion that the Market Value of the Subject Asset, which are all cash flows due to the Client, from Subject Property comprising total leasable area of 2,07,838 sq.ft. on Floors 2 (R209 to R214), 4 (426 to 430), 10 (C1016 to C1030), 13 (C1301 to C1315), 14 (C1401 to C1414), 15 (Entire Floor), 16 (C1616 to C1630), which is part of Stratum @ Venus Grounds, FP/CS/Plot No: 644/2 (R.S. No. 182/P, 183/P, 185), Nehru Nagar, Ahmedabad – 380015, Gujarat, INDIA, as on **30th September 2025** is estimated to be approx. **INR2,503,460,000/- (Indian Rupees Two Billion Five Hundred Three Million Four Hundred Sixty Thousand).**

Please refer to Annexure – 6 for calculations basis which opinion on market value of Subject Asset has been formed.

***Note**: Opinion on market value presented in this report is subject to following facts and Special and Significant Assumptions, and is based conditionally on LO (please refer Annexure – 7 to this Report), and LOI including Addendum (please refer Annexure – 1 to this Report for relevant excerpts of the LOI including the Addendum) which LO and Client have confirmed to be binding on both Client and CO, and will allow Propshare Celestia SMREIT to have 100% rights and interests in the Subject Asset in future:*

a) *LO and Client have confirmed that Client and/or Propshare Celestia SMREIT are not the owners of Subject Asset as on the date of this opinion on market value,*
b) *LO and Client have represented that LOI including the Addendum has been signed between the CO and Client which sets out the broad terms and conditions of the transaction/sale of Subject Property and Subject Asset, which will happen at a future date,*
c) *LO and Client have further represented that basis this LOI, Client or Propshare Celestia SMREIT, will become the complete owner of the Subject Property, and will have 100% (one hundred percent) rights, ownership, and interests in the Subject Property, conditional on signing of subsequent "Transaction Documents", which in this LOI have been indicated to be:*
    i. *Sale Deed for conveying ownership of Subject Asset from CO to Client,*
    ii. *Tripartite Deed of Attornment / Deed of Adherence to be signed between CO, Client, and current tenants on the Subject Asset (if applicable), and*
    iii. *Any other documents, etc.*
d) *LO and Client have additionally represented that post execution of the aforesaid Transaction Documents, Propshare Celestia SMREIT / Client will become the sole, undisputed, primary, and exclusive beneficiary of all cash flows from the Subject Property and Subject Asset.*
e) *LO and Client have confirmed that no fresh leases will be signed with the existing tenants and that post signing of the Tripartite Deed of Attornment / Deed of Adherence between CO, Client, and current tenants, all cash flows, including rentals, CAM, property maintenance expenses, etc. will all flow to the Client / Propshare Celestia SMREIT and nothing to the CO.*
f) *LO and Client have also confirmed that the current lease details as provided in LOI and the current lease agreements, which are currently in force with respect to the Subject Property and Subject Asset, will continue unchanged after Client / Propshare Celestia SMREIT has become the sole owner of the Subject Asset post execution of the Transaction Documents.*
g) *Client has confirmed that that there are currently two loans existing on the Subject Property, one from HDFC Bank and the other from Kotak Mahindra Bank, which will be retired before Propshare Celestia SMREIT is listed. Client and LO have further confirmed that there are no other arrears and/or payments due to any entity and/or individual, anywhere in the world, and neither government authority(ies) nor banks nor financial institutions nor any other creditor(s) have any charge on the title, ownership, rights, and interests of the reference-cited Subject Property, it can be freely transacted without any encumbrances and/or restrictions in the open market, and there are no onerous aspects that may pertain to the legal ownership of Client / Propshare Celestia SMREIT in future with respect to the reference-cited Subject Property that may hinder and/or obstruct its free and unrestricted sale in the open market.*

Readers of the report are hereby advised that the aforementioned opinion on market value of the Subject Asset is contingent and based on LO and LOI, which the Valuer has considered upon Client's confirmation, with respect to Client's / Propshare Celestia SMREIT's future ownership, rights, and interests in the Subject Property, among other aspects stated in the LO and LOI, such as persistence of existing leases and lease covenants. In the event that the LO and LOI

with respect to ownership, rights, and interests, liens, encumbrances, debt, and persistence of existing leases and lease covenants among other aspects related to and in the Subject Property along with Client's representation(s) on LOI, is not valid and/or defective as on the date of this opinion on market value and Client / Propshare Celestia SMREIT will have no or limited ownership, rights, and/or interests in the Subject Property as on date of this opinion on market value, then this opinion on market value of Subject Asset will be rendered invalid, voided, and will stand cancelled, and is not to be considered for any purposes, including those as indicated in this report.

Readers of this report are also advised that these Special and Significant Assumptions indicated in this report are not exhaustive in nature and are to be read in conjunction with and context of this entire report. Opinion on market value of Subject Asset presented in this report is subject to the all Special and Significant Assumptions along with other caveats, disclaimers, disclosures, among other commentary, presented in various parts of this Report.

We are pleased to provide you with this addendum to non-binding letter of intent dated November 28, 2025 (**"Non-Binding LOI"**) which outlines the certain amendments to key terms and conditions under Non-Binding LOI under which we, Propshare Investment Manager Private Limited, either on behalf of the subsequent scheme under the Property Share Investment Trust or through our affiliates or group companies or any person or entity nominated by us (collectively, **"Purchaser"**), has agreed to acquire the freehold interest in and across Unit Nos. C1616 to C1630, C1016 to C1030, R209 to R214, C1501 to C1528, C1301 to C1315, C1401 to C1414 and 426 to 430 in the commercial building known as "Stratum @ Venus Grounds" situated at Nehru Nagar, Ahmedabad, Gujarat – 380015 (**"Property"**), from Venus Infrastructure and Developers Private Limited (**"Seller"**), subject to the existing lease deeds and leasehold rights of the Paragraph Khajanchi Business Centre LLP, EFC Limited, Smartworks Coworking Spaces Private Limited, and Ericsson India Private Limited (**"Lessees"**), and existing charge of HDFC Bank Limited and Kotak Mahindra Bank Limited (**"Charges"**) more particularly described in the Non-Binding LOI.

The "Purchaser" and the "Seller" are hereinafter individually referred to as "Party" and jointly referred to as "Parties" hereinafter.

Addendum to Non-Binding LOI

The Parties herein under to this Addendum to LOI have explicitly agreed to convert the terms and conditions of the **Non-Binding LOI as Binding** between Parties and all other terms and conditions agreed between the Parties under the Non-Binding LOI shall remain valid and subsisting between the Parties.

Total Consideration

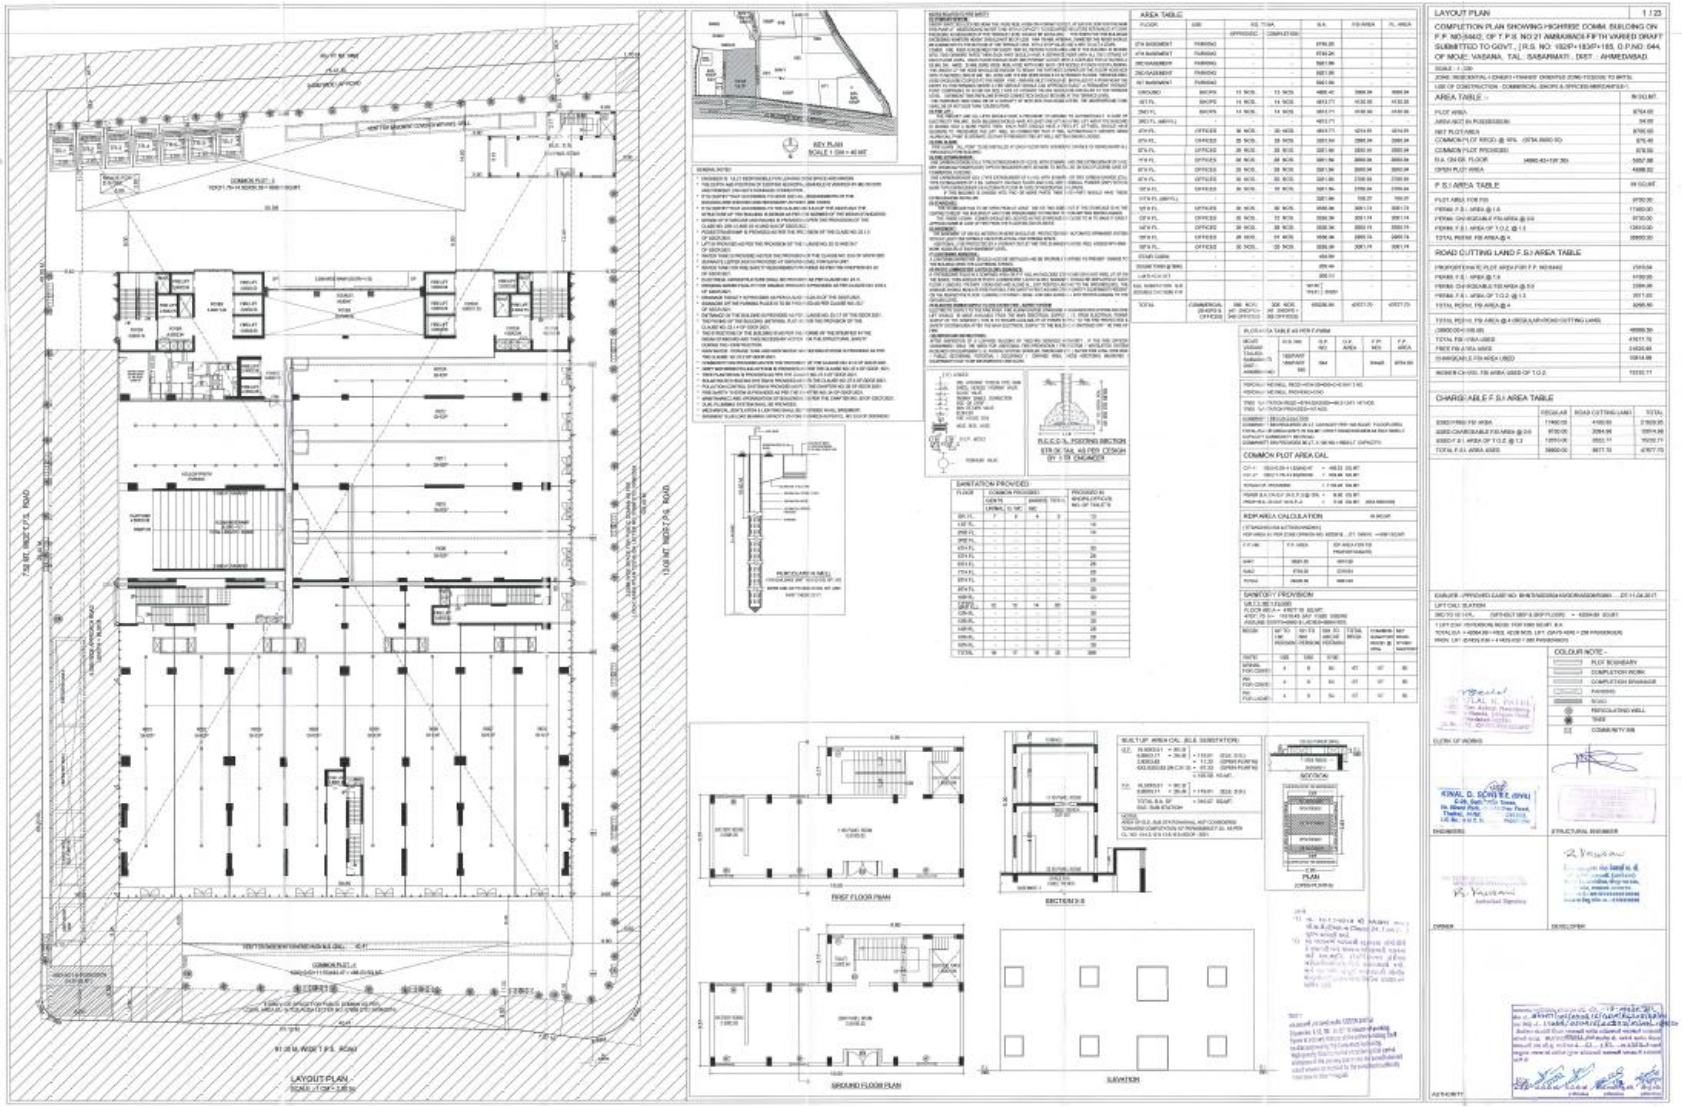

The total consideration to be paid for the Proposed Transaction is agreed as INR 2,07,83,80,000 (Indian Rupees Two Hundred and Seven Crores Eighty-Three Lakhs and Eighty Thousand only) (**"Total Consideration"**), which is exclusive of the applicable stamp duty, registration fee, Registration Expenses, Advocates' Fees and other statutory charges payable on the Transaction Documents. The [redacted] Venus Stratum Commercial Co-Operative Service Society Limited having Reg. No. [redacted] a co-operative society formed under the Gujarat Co-operative Societies Act, 1961(**"Society"**).

The Total Consideration is subject to, *inter alia*, the adjustments as on the closing date, *i.e.*, reduced / adjusted by an amount equal to the sum of the outstanding amounts as agreed under the Non-Binding LOI.

ANNEXURE – 10: MATERIAL LITIGATIONS

This excerpt has been extracted from ***Draft of Title and Litigation Disclosures*** dated *29 December 2025* prepared by **Cyril Amarchand Mangaldas** as shared by the Client with the Valuer. Readers of this section and report are advised to connect with the Client for more information and details on this aspect.

Material litigation and regulatory action pending against the Project Celestia:

1. ***Civil Suit No. 1242 of 2015***

The Girirajsinh Natvarsinh Parmar ("**Plaintiff**") has filed Civil Suit No. 1242 of 2015 ("**Suit**") before the City Civil Court, Ahmedabad ("**Civil Court**") against Jayendrakumar Nathalal alias Nathabhai Patel and others **("Respondent**"). The Plaintiff under the Suit has claimed permanent injunction, cancellation of sale deeds executed in favour of the Soviet Park Co-Operative Housing Society Limited ("**Society**") and has also claimed partition of 1/4th share of lands bearing survey No. 183, 182 and 185 ("**Lands**") that originally belonged to Jayendrakumar Nathalal alias Nathabhai Patel ("**Erstwhile Landowner**"). The Plaintiff has filed the present Suit under virtue of specific performance and enforcement of a notarised agreement to sell dated January 15, 1994 ("**Agreement**") executed by Erstwhile Landowner through his constituted power of attorney Prakashbhai Ramchandra Brahmbhatt ("**Attorney**") in favour of the Plaintiff.
The Society has filed application under order 7 rule 11 ("**Application**") before the Civil Court for dismissal of Suit on grounds of limitation and non-payment of appropriate court fees. The Civil Court vide its order dated July 12, 2017 ("**Order**") rejected the Application of the Society and directed the plaintiff to pay deficit court fees within a span of 15 days.

In reference to the aforesaid Order dated July 12, 2017 passed by the Civil Court rejecting the Application of the Society under order 7 rule 11, the Society has instituted Civil Revision Application No. 483 of 2017 before the High Court of Gujarat ("**High Court**"), wherein the High Court has passed interim order in favour of the Society granting stay until final hearing of the present Suit. The deficit court fees have not been paid by the Plaintiff till date and the proceedings of the Suit are stayed vide order dated December 12, 2017 passed by High Court in Civil Revision Application No. 483 of 2017. The proceedings of the Suit are presently pending before the Civil Court for plaintiff evidence.

2. ***Civil Revision Application No. 483 of 2017***

The Soviet Park Co-Operative Housing Society Limited ("**Society**") has filed Civil Revision Application No. 483 of 2017 ("**CRA**") against Girirajsinh Natvarsinh Parmar ("**Respondent**") before the Hon'ble High Court of Gujarat ("**High Court**") being aggrieved by the Order dated July 12, 2017 ("**Order**") passed by Civil Court, Ahmedabad, rejecting the application of the Society filed for dismissal of civil suit on grounds of limitation and non-payment of appropriate court fees. The High Court vide its order dated December 12, 2017, has passed interim order in favour of the Society granting stay until final hearing in the Civil Suit No. 1242/2015. The proceedings of CRA are presently pending before the High Court.

3. ***Special Civil Application No. 7151 of 2023***

The Saiyed Mukhtarhussain Khilafathussain Bukhari ("**Complainant**") has filed Special Civil Application No. 7151 of 2023 ("**SCA**") against Venus Infrastructure and Developers Private Limited ("**Respondent**") before the Hon'ble High Court of Gujarat ("**High Court**") against the order passed by the Gujarat Real Estate Regulatory Authority ("**RERA Authority**") dated October 9, 2022 ("**Order**") dismissing the offline complaint (*bearing No. CMP/Offline/Ahmedabad/220517/000144*) and online complaint (*bearing No. CMP/A/Offline/Ahmedabad/140720022/00081*) filed by the Complainant claiming his rights and interest under the Evacuee Interest (Separation) Act. 1951 ("**Evacuee Act**"), to the lands bearing Survey No. 182, 183 and 185 on which commercial building known as "Stratum @ Venus Grounds" (**"Building"**) comprising of shops and office ("**Project**") is constructed and developed by the Respondent. The RERA Authority has granted registration of the Project under the provisions of Real Estate (Regulation and Development) Act, 2016 ("**RERA Act**"). The SCA is filed before the High Court in absence of a constituted tribunal to refer appeals against the orders passed by the RERA Authority. The High Court has issued notice in the SCA. The proceedings of SCA are presently pending before the High Court.

ANNEXURE – 11: CAVEATS, LIMITATIONS, AND DISCLAIMERS

1. **External Consultant**: The Valuation Report (hereafter referred to as the 'Report') covers specific markets and situations that are highlighted in the Report based on independent market report prepared by JLL and does not entail any comprehensive analysis of the market and the industry given the nature of the scope of the assignment.
2. **Select limitations**: The opinions expressed in the Report are subject to the limitations expressed below.
    a) The valuation method adopted is based on the Valuer's expertise and knowledge considering the forecasts on demand, supply and pricing as undertaken by JLL as part of an independent market/ industry research and considered to be relevant and reasonable at that point of time. The Report and the opinions therein do not constitute any recommendation to PropShare Investment Manager Private Limited and/or the Client and/or Manager and/or its affiliates and/or subsidiaries and/or its customers and/or any other party to adopt a particular course of action. The use of the Report at a later date may invalidate the assumptions and bases on which this opinion has been expressed and is not recommended as an input to any financial decision.
    b) It should be noted that the valuation is based upon the facts and evidence available, and assumptions made at the time of conduct of the valuation and applicable on the date of valuation. It is therefore recommended that these valuations be periodically reviewed.
    c) Changes in socio-economic and political conditions could result in a substantially different situation than those presented herein. The Valuer assumes no responsibility for changes in such external conditions.
    d) The Valuer has considered the independent market report prepared by JLL and macro understanding of the market through readily available information in public domain. Hence, no direct link is sought to be established between the macro-level understandings on the market with the assumptions estimated for the analysis herein.
    e) The services provided is limited to valuation of the Subject Asset primarily comprising developed and operational built space and any part thereof along with undivided share in land and does not constitute any audit, survey, due diligence, tax related services etc. Accordingly, no opinion has been expressed on the financial information of the business of any party, including the Client and its affiliates and subsidiaries. The Report is prepared solely for the purpose stated and should not be used for any other purpose.
    f) While the information included in the Report is accurate and reliable to the best of the knowledge of the Valuer, no representations or warranties, expressed or implied, as to the completeness of such information is being made. The Valuer shall not undertake any obligation to update or supplement any information contained in the Report save as provided for in the LOE.
    g) Apart from the sources already mentioned in the report, the Valuer has relied on readily available public information for the purpose of preparing this report.
3. **Current Matters**: The Report reflects matters as they currently exist. Any changes thereon may materially affect the information contained in the Report.
4. **Context to Assumptions**: All assumptions made in order to determine the valuation of the Subject Asset are based on information or opinions as current. In the course of analyses, Valuer has relied on information or opinions, both written and verbal, as obtained from the Client as well as from third parties provided with, including limited information on the market, financial and operating data, which has been accepted as accurate in bona-fide belief. No responsibility is assumed for technical or specialized information furnished by the third-party organizations, and this is believed bona-fide to be reliable.
5. **Tenant(s) ability to pay rent**: Review of tenants' ability and willingness to continually pay lease rents as per their respective contractual terms is not within the scope of work of Valuer. Valuer has assumed that (all) tenant(s) will be able to pay their rents on time as and when demanded as per their contractual terms and that no arrears exist with respect to any tenancy.
6. **Limitation of Valuer's Liability**: The Valuer's total aggregate liability to the Client including that of any third-party claims, in contract, tort including negligence or breach of statutory duty, misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the services is limited to an aggregate sum as agreed in the LOE. The Valuer shall not be liable for any pure economic loss, loss of profit, loss of business, depletion of goodwill, in each case whether direct or indirect or consequential or any claims for consequential loss compensation whatsoever which, arise out of or in connection with services provided under this engagement.
7. **Confidentiality**: The Client including its agents, affiliates and employees, must not use, reproduce or divulge to any third party any information it receives from the Valuer for any purpose except set out herein.
8. **Jurisdiction**: This Report is governed by and construed in accordance with Indian laws and any dispute arising out of or in connection with the engagement, including the interpretation thereof, shall be submitted to the exclusive jurisdiction of courts in New Delhi.

9. **Restriction on use of Valuation Report**: This document has been prepared for the purposes stated herein and should not be relied upon for any other purpose. Client is the only authorized user of this report and is restricted for the purpose indicated in the LOE. This restriction does not preclude the Client from providing a copy of the report to third-party advisors whose review would be consistent with the intended use. Valuer does not take any responsibility for the unauthorized use of this report.
10. **Responsibility of Valuer**: Valuer owes responsibility to only to the Client that has appointed it under the terms of the LOE. Valuer will not be liable for any losses, claims, damages or liabilities arising out of the actions taken, omissions or advice given by any other person. In no event shall Valuer be liable for any loss, damages, cost or expenses arising in any way from fraudulent acts, misrepresentations or wilful default on part of the Client, their directors, employees or agents.
11. **Accuracy of Information**: While Valuer's work has involved an analysis of information, Valuers engagement under the LOE does not include an audit in accordance with generally accepted auditing standards of the Clients existing business records. Accordingly, Valuer expresses no audit opinion or any other form of assurance on this information.
12. **Achievability of forecast results**: Valuer does not provide assurance on the achievability of the results forecast by the Client as events and circumstances do not occur as expected; differences between actual and expected results may be material. Valuer expresses no opinion as to how closely the actual results will correspond to those projected/forecast as the achievement of the forecast results is dependent on actions, plans and assumptions of Client's management.
13. **Post Valuation Date Events**: The user to which this opinion on market value is addressed should read the basis upon which this opinion on market value of Subject Asset has been formed and be aware of the potential for later variations in value due to factors that are unforeseen at the valuation date. Due to possible changes in market forces and circumstances, this valuation report can only be regarded as relevant as at the valuation date.
14. **Range of Value Estimate**: Valuation of companies and assets is made based on the available facts and circumstances and the conclusions arrived at in many cases will be subjective and dependent on the exercise of individual judgment. Although every scientific method has been employed in systematically arriving at the value, there is no indisputable single value and the estimate of the value is normally expressed as falling within a likely range. To comply with Client's request, Valuer has provided a single value for the overall opinion on market value of Subject Asset. Whilst, Valuer considers the opinion on market value of Subject Asset to be both reasonable and defensible based on the information available, others may place a different value.
15. **No Responsibility to the Actual Price of the Subject Asset if sold or transferred/ exchanged**: The actual market price achieved may be higher or lower than Valuer's estimate of market value depending upon the circumstances of the transaction (for example the competitive bidding environment), the nature of the business (for example the purchaser's perception of potential synergies). The knowledge, negotiating ability and motivation of the buyers and sellers and the applicability of a discount or premium for control will also affect actual market price achieved. Accordingly, Valuer's conclusion will not necessarily be the price at which actual transaction will take place.
16. **Reliance on the representations of the owners/clients, their management and other third parties**: The Client and its management/representatives warranted to Valuer that the information they supplied was complete, accurate and true and correct to the best of their knowledge. Valuer has relied upon the representations of the Client, their management and other third parties concerning the data and maintenance schedule of all plant- machinery-equipment-tools-vehicles, real estate investments and any other investments in tangible assets except as specifically stated to the contrary in the report. Valuer shall not be liable for any loss, damages, cost or expenses arising from fraudulent acts, misrepresentations, or wilful default on part of the Client, their directors, employee or agents.
17. **No procedure performed to corroborate information taken from reliable external sources**: Valuer has relied on data from external sources also to conclude the opinion on market value of Subject Asset. These sources are believed to be reliable and therefore, Valuer assumes no liability for the truth or accuracy of any data, opinions or estimates furnished by others that have been used in this analysis. Where Valuer has relied on data, opinions or estimates from external sources, reasonable care has been taken to ensure that such data has been correctly extracted from those sources and/or reproduced in its proper form and context.
18. **Compliance with relevant laws**: The report assumes that the Subject Property complies fully with relevant laws and regulations applicable in its area of operations and usage unless otherwise stated, and that the Subject Property will be managed in a competent and responsible manner. Further, unless stated to the contrary, this report has given no consideration to matters of a legal nature, including issues of legal title and compliance with local laws, and litigations and other contingent liabilities that are not recorded/reflected in the balance sheet/fixed assets register, which has not been provided to the Valuer.
19. **Multiple factors affecting the Valuation Report**: This opinion on market value report is tempered by the exercise of judicious discretion by the Valuer, taking into account the relevant factors. There will always be several factors, e.g. management capability, present and prospective competition, yield on comparable income-generating commercial

properties, market sentiment, among other aspects, which may not be apparent from the documents shared by Client but could strongly influence the value.

20. **Future services including but not limited to Testimony or attendance in courts/ tribunals/ authorities for the opinion on market value in the Valuation Report**: Valuer is fully aware that based on the opinion on market value expressed in this report, Valuer may be required to give testimony or attend court / judicial proceedings with regard to the Subject Asset, although it is out of scope of the assignment, unless specific arrangements to do so have been made in advance, or as otherwise required by law. In such event, the party seeking Valuer's evidence in the proceedings shall bear the cost/professional fee of attending court / judicial proceedings and Valuer tendering evidence before such authority shall be under the applicable laws.
21. **Title deeds of properties**: Valuer has not verified the title deeds of the Subject Property with the records of Registrar's office as this is beyond the agreed scope of services stated in the LOE. Valuer assumes no responsibility for all legal matters including, but not limited to, legal or title concerns. No investigation of the title of the Subject Property has been made and Client's claims to 100% (one hundred percent) rights and interests in the Subject Property are assumed to be valid unless anything contrary is mentioned in this report. Subject Property and interests therein, namely Subject Asset, have been valued free and clear of any liens or encumbrances unless stated otherwise. No hidden or apparent conditions regarding the Subject Property and/or its ownership are assumed to exist. No opinion of title is rendered by this report and a good title is assumed.
22. **Legal and other issues**: This opinion on market value is primarily from a real estate perspective and has not considered various legal and other corporate structures beyond the limited information made available. The scope of work has been limited both in terms of the areas of the business and operations which have been reviewed. There may be matters, other than those noted in this report, which might be relevant in the context of the transaction and which a wider scope might uncover.
23. **Sketch plans and photographs**: Valuer has endeavoured to visually identify the Subject Property land boundaries and dimensions. However, Valuer is not a surveyor. So, where there is a doubt about the precise position of the Subject Property, it is recommended that a Licensed Surveyor be contacted.
24. **Latent defects affecting the Value**: Physical condition in most instances has been determined by observation of Valuer. Any unknown conditions existing at the time of inspection could alter the value. No responsibility is assumed for latent defects of any nature whatsoever, which may affect value, or for any expertise required to disclose such conditions.
25. **Valuer's observations are not a warranty**: Valuer has examined the Subject Property described herein exclusively for the purposes of identification and description of the Subject Property. Valuer's observations and reporting of the subject improvements are for the valuation process and purposes only and should not be considered as a warranty of any component of the Subject Property. This valuation assumes, unless otherwise specifically stated, that the Subject Property is structurally sound, and all components are in working condition.
26. **Hazardous conditions/material**: In the absence of a statement to the contrary, Valuer has assumed that no hazardous conditions or materials exist which could affect the Subject Property or any business operations on it. Valuer is not qualified to establish the absence of such conditions or materials, nor does the Valuer assume the responsibility for discovering the same. This opinion on market value takes no such liabilities into account, except as they have been reported to the Valuer by the Client and/or by an environmental consultant of the Client, and then only to the extent that the liability was reported to Valuer in an actual or estimated amount. To the extent such information has been reported to Valuer, Valuer has relied on it without verification and offers no warranty or representation as to its accuracy or completeness.
27. **Accuracy of architectural plans**: Where a sketched plan is attached to this report, it does not purport to represent accurate architectural plans. Sketch plans and photographs are provided as general illustrations only.
28. **Validity of permits and licenses**: Unless otherwise stated as part of the LOE, Valuer has not made a specific compliance survey or analysis of the various permits and licenses under central, state and local laws / regulations applicable to the operation and use of the Subject Property, and this opinion on market value does not consider the effect, if any, of non-compliance.
29. **Continuation of subject business**: Valuer has assumed that the business continues normally without any disruptions due to statutory or other external/internal occurrences.
30. **Independent Third Party**: Valuer has acted as an independent third party and, as such, shall not be considered an advocate for any concerned party for any dispute. This opinion on market value has been carried out independently. Valuer has no present or planned future interest in PropShare Investment Manager Private Limited or any of its group companies and the fee for this report is not contingent upon outcome of any transaction. Valuer's opinion on market value of Subject Asset should not be construed as investment advice; specifically, Valuer does not express any opinion on the suitability or otherwise of entering into any transaction with PropShare Investment Manager Private Limited.
31. **Valuation assumptions made by Valuer**: Valuer has made certain assumptions in relation to facts, conditions or situations affecting the subject of, or approach to, this exercise that has not been verified as part of the LOE rather,

treated as "a supposition taken to be true". If any of these assumptions prove to be incorrect then Valuer's opinion on market value of Subject Asset will need to be reviewed.

32. **Site Survey**: Valuers are generally not qualified as surveyors. Valuers are often expected to state that the improvements on a property are located within the boundaries of the site. Generally, valuers are not qualified to make that certification, unless also qualified and registered as a Surveyor. Valuer is not a qualified and/or registered as a Surveyor. Valuer has not been provided any land survey report, and Valuer's opinion on market value of Subject Asset is made on the basis that there are no encroachments by or upon the Subject Property and this should be confirmed by a current survey report and/or advice from a Registered Surveyor. If any encroachments are noted subsequently by the survey report, Valuer should be consulted to reassess any effect on the opinion on market value stated in this report.
33. **Town Planning/Resource Management**: Town planning information was verbally obtained from offices of the Town Planning Department, however, Valuer recommends that this zoning or planning area should be verified by application to appropriate authority for the issue of a zoning certificate.
34. **Environmental / Contamination Issues**: Valuer's enquiries at the town planning department indicate that the Subject Property has not previously been utilized for any industrial or manufacturing use or for the storage (either above ground or underground) of any chemical substance. Valuer's verbal enquiries indicate that the town planning department is unaware of the existence of any site contamination. Further, limited visual survey of Subject Property did not reveal the use of asbestos products in the building. We must point out that we are not experts in this area and therefore, in the absence of an environmental consultant's report concerning the presence of any asbestos fibre within the Subject Property, this opinion on market value of Subject Asset is formed on the assumption that there is no health risk from asbestos within the Subject Property. Should it subsequently transpire that an expert report establishes that there is an asbestos related health risk, Valuer reserves the right to review this opinion on market value. The cost of removing any contamination(s) and/or environmental hazard(s) have not been incorporated in the report. An environmental consultant's report concerning such costs may be separately obtained. This Opinion on market value of Subject Property is formed on the assumption that there are no such costs involved in the Subject Property. Limited visual survey and inspection of the Subject Property did not reveal any apparent pest infestation. This should, however, be confirmed by a certified pest control firm. Whilst Valuer's inspection of the Subject Property surface confirms the results of these enquiries, Valuer has not investigated the site beneath the surface or undertaken vegetation or soil sampling. This opinion on market value of Subject Asset is, therefore, subject to a satisfactory contaminated site assessment report from environmental consultants. Valuer's right is reserved to review and, if necessary, vary, the opinion on market value figure for the Subject Property if any contamination(s) and/or other environmental hazard(s) is(are) found to exist
35. **Extent of Investigations in respect of structural integrity**: An inspection of all readily accessible parts of the Subject Property has been carried out by Valuer. Valuer did not have access to a qualified engineer's structural survey of the Subject Property, or its plant and equipment, nor has Valuer inspected unexposed or inaccessible portions of the premises. Valuer is not a building construction and/or structural expert and is, therefore, unable to certify the structural soundness of the Subject Property. Users of the report would need to make their own enquiries in this regard.
36. **Tenancy Details**: This opinion on market value of Subject Asset is subject to satisfactory conclusion of lease negotiations and is based on the assumption that the current lease agreements outlined earlier in this report are all executed, signed and stamped. These stamped Lease Agreements should be referred to the Valuer to confirm that the particulars of the Lease Agreements concur with those set out in this report.
37. **Transaction structure**: Sale of Subject Property is assumed to be on an all-cheque basis. Financial arrangements would affect the price at which the Subject Property may sell for if placed on the market.
38. **Value varies with the purpose and date**: This report is not to be referred if the purpose is different other than mentioned. This report is meant for the purpose mentioned earlier and should not be used for any purpose other than the purpose mentioned therein.
39. **Restrictions on Use**: This report should not be copied or reproduced without obtaining Valuer's prior written approval for any purpose other than the purpose for which it is prepared.
40. **Actual realizable value**: that is likely to be fetched upon sale of the Subject Property under consideration shall entirely depend on the demand and supply of the same in the market at the time of sale.
41. **Reliance on information**: In the course of opining on market value of Subject Property, valuer was provided with both written and verbal information. Valuer has, however, evaluated the information provided to them by the Client through broad inquiry, analysis and review but have not carried out a due diligence or audit of the information provided for the purpose under this LOE. Valuer's conclusions are based on the assumptions, forecasts and other information given by/on behalf of the Client.
42. **Independence**: Vauer is independent of the Client and has no current and/or expected interest in the Client or its assets. Fee paid for Valuer's services is in no way influenced by the results of Valuer's analysis.
